The **NOC President and Secretary General** will be accredited as VIPs and will not fall under the quota of NOC Officials (unless they have an operational role within the official NOC delegation and are required to reside in the Athletes' Village). In this case, they will be included in the GO contingent.

Team Official (Ao) are entitled to enter all sports facilities - training competition areas.

The **figure skating judges** are provided and paid by the NOCs - a system of cost sharing between all NOCs participating in figure skating is applied - the judges pay the same participation fee as an NOC delegation member.

A NOC may apply for the specific number of **working passes** if it registers at least one athlete per only snow sports concerned. WP holders are entitled to use the EYOF shuttle system and can enter the respective sport venue - team area. The NOCs are also financially responsible for the international travel, accommodation and stay of the WP holders. Working passes cost is €150 per person per day. Working passes holders will be accommodated in the same Hotel as their National Teams.

5. CONDITION OF PARTICIPATION - QUALIFICATION

(As per the EYOF Charter)

Participation in the European Youth Olympic Festival is open to all European young athletes nominated by their National Olympic Committee, subject to the current EYOF Charter and EOC regulations on age categories and quotas published for each EYOF edition. The criteria for the qualification of athletes/teams are in the remit of the respective NOCs with the exception of team sports where the qualification systems/criteria are set up by the respective IF/EFs.

Any competitor in the EYOF must be a national or citizen of the country or territory of the NOC that is entering him/her or have the right of being a national or citizen of such country when the competitor reaches the legal age of majority. In any case, the NOC must, on the request of the Organising Committee (OC) or the EOC, duly approve the nationality, citizenship or right to obtain the one or the other by the competitor.

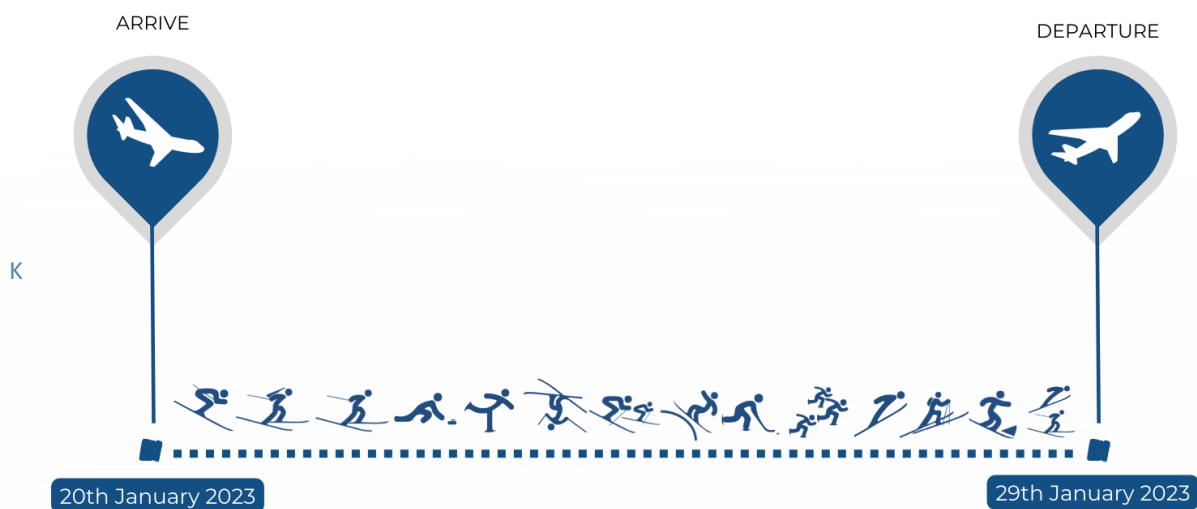

An NOC that wishes to enter an athlete who does not meet these criteria, must submit a written and detailed request to the EYOF COCOM not later than four months before the date of the Opening Ceremony. The EYOF COCOM will make a recommendation to the EOC Executive Committee, which will at its sole discretion decide whether the request can be accepted or not.

6. STAY AT EYOF2023

All EYOF2023 athletes shall remain at the European Youth Olympic Festival for the duration of the Festival at least from the day of the Opening Ceremony (21st January) until the day of the Closing Ceremony (28th January 2023). Athletes are encouraged to attend as many sport competitions as possible as spectators and take part in EYOF2023 side events.

- Official day of arrival: 20th January 2023
- Official day of departure: 29th January 2023

7. EVENTS AND VENUES PROGRAMME

The Opening Ceremony will be held on 21st January in Trieste, while the Closing Ceremony is scheduled for 28th January 2023 in Udine.

The specific competition and training programme of each sport is indicated in the relative sport manual (see Chapter Sport manuals)

7.2 VICTORY CEREMONIES

Victory Ceremonies will consist of a Flower/Mascot Ceremony at Competition sites, followed by a Medal Ceremony at the relative Medal Plaza along with the raising of flags and playing of the national anthem of the winner.

In some cases, a complete Victory Ceremony will be held at the venue awarding both Flower/Mascot and Victory Ceremonies. This will be the case for Ice Sports.

In compliance to Rule 50 of the Olympic Charter, athletes must wear their appropriate NOC team uniform (competition or ceremony, depending on the type of Victory Ceremony), and may not carry nor wear any additional flags, banners or other merchandise on the podium.

FLOWER CEREMONIES

Flower Ceremonies will be held at the relative Sport Venue and completed after the competition has finished.

Location: at the Sport Venue staging area.

Program: Athletes will be presented in the following order: third, second, first place. Athletes will wear the correct uniform as described in the EOC guidelines for Athletes' uniform at Victory Ceremonies and in line with Rule 50.

MEDAL CEREMONIES

The Victory ceremonies will be held in different Medal Plazas.

Date/ Hours: according to the Sport program.

Location: see the schedule below

Program: During the Victory Ceremony, athletes from the 1st to 3rd places will be announced in reverse order and will receive their medals. The national Flags of the medallists' NOCs will be raised as the national anthem of the gold medallist is played.

The number of tests for the EYOF2023 are 75 about 10 of which should contain blood also and will be analysed by the laboratory accredited by the International Testing Agency.

The following key points in the doping control procedure are to be highlighted:

- The notification process will be conducted without any advance notice. It is recommended that notification of the athlete who is a minor is conducted in the presence of an adult/guardian.
- If the athlete would like to have a representative present during the notification and/or throughout the sample collection procedure, the chaperone must escort the athlete to locate a representative who can accompany him/her at notification and/or throughout the sample collection procedure. In line with the international regulations and in order to protect the rights of minors, an adult chaperone from the national team of each under-age athlete has to be present.
- The doping controls will be carried out in and out-of-competition with no advance notice. Upon notification of a doping control, the athlete will be required to present himself/herself immediately at the DCS, unless the Doping-control officer (DCO) gives the athlete permission to postpone the doping control for the reasons set out in the International Standard for Testing and Investigations (ISTI).
- All doping controls will be conducted in separate processing rooms set up exclusively for doping control purposes providing the required privacy and confidentiality for athletes as well as security for the sample collection procedures. DCS will comply with all provisions set out in the EOC Anti-Doping rules, the World Anti-Doping Code and its accompanying International Standards. The organisers will ensure the optimal temperature of the rooms, a sufficient number of sealed drinks and snacks.

TUE procedure will be performed according to the WADA International Standard for Therapeutic Use Exemption applicable for EYOF. Please kindly note that all updated information related to the TUE process can be found on <https://ita.sport/tue-winter-EYOF-2023>.

- **Timelines:** You can contact the ITA regarding TUE enquiries starting 20 December 2022 up to 28 January 2023 (tue@ita.sport).
- **Before 20 December 2022:** You should follow the normal process and submit new requests to your IF or NADO. Pre-existing TUEs will be recognized provided they are entered in ADAMS.

(More information: refer to the EYOF FVG 2023 Medical&Anti-doping Handbook

9. SPORT INFORMATION

All information concerning sports will be also available on the website www.eyof2023.it and at the competition venues. Printed copies will be available only upon request or only electronic versions will be available.

SPECIFIC TRAINING	The type and number of scheduled training sessions in each sport discipline are determined in consultation with the respective IFs. The Venue

Description

Tarvisio is one of the most important ski centres and mountain resorts in Friuli Venezia Giulia. Surrounded by the Julian Alps and rich in wide valleys and woods – the Tarvisio Forest, with its 24,000 hectares, is the largest state forest in Italy – the town has a modern appearance but also an ancient soul, full of traditions to be discovered. Thanks to its particular location on the border, it is a crossroads of languages and cultures where Italy, Slovenia and Austria meet. Tarvisio is also a destination for many pilgrims thanks to the suggestive Sanctuary of the Madonna del Lussari, a place where, according to tradition, an apparition of the Madonna took place.

The Anti-Doping tests will be conducted by the International Anti-Doping Agency (ITA) in accordance with the World Anti-doping Agency's Code and International Standard for Testing. Based on and the European Olympic Committees.

To conduct the doping tests in Biathlon, there will be doping control station at International Biathlon centre "Carnia Arena".

Condition of Participation

Only athletes nominated by their National Olympic Committee and with a valid IBU code are allowed to participate. The athletes must fall within the age range established for EYOF2023. ([See the Sport Data Overview](#)).

Equipment control

Competitors' materials/equipment and clothing will be inspected according to the IBU Rules before the start and after the finish of a competition. Additionally, a preliminary equipment check will be held according to the IBU Rules at the International Biathlon centre "Carnia arena".

The EOC EYOF Rules on Advertising on clothes applies.

More detailed information will be given during the first Team Captains' Meeting.

Preliminary equipment check will be conducted during official training days at the Venue. Please notice that no equipment, materials or clothing may be used unless they have been approved.

Final Entries Check

One day before the competition at the TCM.

Bibs

The organising committee will provide all athletes with a training bib. The training bibs that will be handed out at the first TCM on 20th January are personal and must be used during all official training sessions.

Competition Bibs and timing transponders will be handed over the day before each competition.

Timing transponders will be distributed at the starting area.

Team Captains Meeting (TCM)

The 1st TCM will be held at the Sala Cinema Teatro, c.so Italia 22 – Forni Avoltri.

The 2nd TCM will take place ON LINE. Further Information will be given during the 1st TCM.

DAY	TIME	EVENT
Sunday 20.01	17.00	1st TCM
Monday 23.01	17.00	2nd TCM

Race Office

The race office is located at International Biathlon Centre "Carnia Arena".

Ski Storage/Waxing Cabins

Storage/waxing Boxes are available for participating NOC teams at the International Biathlon centre "Carnia Arena". NOCs with fewer athletes participating might have to share storage/waxing cabins with other NOC(s).

Access is only allowed for people with valid accreditation. Only waxing tables are provided within waxing rooms. It is prohibited to put any nails and/or screws into the walls, floor or ceiling in the dedicated waxing rooms. Any caused damages of the cabins will be deducted from Deposit, which was paid by NOCs before their arrivals.

Catering

For the athletes and staff members at the relative Cabins will be offered snacks and water.

Biathlon Rifles and Ammunition

According to the laws and regulations of ITALY that regulate the entry of weapons and ammunition it is necessary that individuals or groups are authorized to carry rifles and ammunition issued by the competent institution of the country of origin and **Biathlon rifle and ammunition List – Invitation Letter** of the organizers of the competition. Upon entering Italy, Border Service will check the documents required to enter, or for the introduction of weapons and ammunition in Italy.

Biathlon rifle and ammunition List – Invitation Letter

In order to facilitate the arrival and departure at customs regarding rifle and ammunition, please find on Extranet the document “**Biathlon rifle and ammunition List – Invitation Letter**” containing fields to enter the travel data, accommodation, data of the athletes, weapons and ammunition which must be completed in all its parts and returned to the nocservices@eyof2023.it by 21st December 2022. The OC will provide indication of the allotment of the room in due time to fill the document (end of November).

After filling in the form, the validated document will be returned to all delegations. They are required to carry with to cross the Italian border (whether they arrive by car or by plane).

Arrival by air: On arrival at the international airport of Trieste/Venice the sports equipment for Biathlon (rifles and ammunition) will be collected by the delegation leader who will have with him the authorisation to transport the rifles and ammunition. The rifles and ammunition must be stowed in the bus with which the delegation leader will be transported directly to the Biathlon Centre in Forni Avoltri. Rifles and ammunition will be deposited in the armoury specially prepared by EYOF2023 by the person in charge, who will receive a special receipt.

Rifles and ammunition have to be packed into bags, boxes or chests, specifically provided for this purpose, **IN SUCH A WAY THAT THEY CANNOT BE USED IMMEDIATELY.**

In order to prevent any damage during storing they must be tagged accordingly in order to be able to claim the correct rifle and ammunition in the competition venue.

It is mandatory that rifles and ammunitions will be transported exclusively from the airport of arrival, or from the customs point of entry into Italy, to the Biathlon Centre armoury where they will remain for the entire period of the competitions. No overnight storage in the accommodation or car is allowed.

Arrival by own vehicles: must hand over their rifles and ammunition in the dedicated Armoury at the International Biathlon Centre. On the date of arrival (20TH January) until 23:00 and collect them again at the date of departure. For further info, please contact the race office **TBD**.

The rifles and ammunition will remain at the storage facility Armoury in the International Biathlon Centre “Carnia Arena” during the entire training and competition period.

The Venue

Description

For lovers of Nordic disciplines, Forni Avoltri is home to the Carnia Arena Federal Centre for cross-country skiing and biathlon, an important facility where various teams of athletes' train and where international events are hosted. The facility can be used both in winter, with seven snow points for artificial snow, and in summer, thanks to the 4 km ski roll track. The cross-country circuit is 15 km long and winds through fir, larch and beech woods, offering various tracks, from the simplest to the most challenging. A polygon for international competitions and an illuminated track are the facility's masterpiece.

The Venue

Description

Surrounded by the Dolomites, Sappada (*Plodn* in the local dialect) is a **well-known winter and summer tourist destination**. Cross-country skiing has a long tradition here: it is the land of Olympic champions such as Silvio Fauner, Pietro Piller Cottler and Marina Piller and the biathlete Lisa Vitozzi.

Cross-country skiing in Sappada can be practiced on a track that reaches a total of 15 km through the woods and on rings for beginners; there is a Cross-Country Stadium where competitions are held, even at international level.

World Curling Federation (WCF) rules apply, unless otherwise indicated below or explained at the Team Meeting Sunday, 13.30h

The 14 teams have been divided into two groups (A & B) and each group will play a round robin series. At the end of the round robins there will be a ranking established for places 1 and 2 in each group. The team ranked 1st in each Group will play the second ranked team from the other Group in the semi-finals. The winners of the semi-finals advance to the Gold medal game. Losers of the semi-finals play in the Bronze medal game.

All games will be eight (8) ends, with extra end(s) to break tied games.

There will be a five (5) minute practice for each team before each round robin game. The practice starts 15 minutes before the scheduled game time. The team with the first practice during the round robin will be the team with dark-colored stones.

At the conclusion of the team’s pre-game practice, two players each deliver a stone to the tee at the home end; the first stone with a clockwise rotation, and the second stone with a counter-clockwise rotation. The distances are combined to determine the Last Stone Draw (LSD) for that game. The team with the lesser LSD distance has the choice of delivering first or second stone in the first end. If the LSD totals for both teams are the same, the individual LSD stones are compared and the best non-equal LSD has the choice of delivering first or second stone in the first end. When both teams have the exact same individual LSD stone distances, a coin toss will be used to determine that choice.

First named teams in each draw play the stones with the dark-colored handles, and wear dark-colored upper playing garments. Second named teams in each draw play the stones with the light-colored handles, and wear light-colored upper playing garments.

The Chief Umpire will determine the schedule and ice for all post round robin games as soon as the opponents have been determined.

Equipment control

The teams must bring their own jerseys. Two sets with different colours (bright and dark). Home teams have the right to choose the jersey colour and bench allocation. The EOC EYOF Rules on advertising on clothes applies.

Final Entries Check

One day before the competition at the TCM.

FREESKI SLOPESTYLE FORMAT

- Qualification: 2 runs, best run counts. 2 heats girls, and 2 heats boys. To finals: Top 4 girls, and Top 5 boys from each heat.
- Finals: 3 runs, best runs count.

FREESKI BIG AIR FORMAT

The big air competition is a judged sport. The competitors perform tricks on the BA jump by taking off from a kicker and aiming to attain sizable airtime, well executed tricks all while securing a clean solid landing. The BA kicker will be the exact same one as the first kicker from the Slopestyle course.

- Qualification: 2 runs, best runs counts. 2 heats girls, and 2 heats boys. To finals: Top 4 girls, and Top 5 boys from each heat.
- Finals: 3 runs. They will be ranked according to their two best (different) jumps of three.
- Alternate formats: In the unlikely case that the event must be run faster (e.g. due to weather conditions or force majeure), alternate formats could be used (for example there will be no Qualification, the Final could be reduced to two jumps, Qualification with two heats and double-up judging).

Working Passes

Each NOC has the opportunity to apply for 2 Working Passes if it enters at least one athlete. NOCs will be charged the sum of 150€ per working pass to cover the cost of arrival & departure service, full board at the hotel with the possibility to ask for lunch boxes directly at the hotel the day before the need. NOCs are financially responsible for the international travel, accommodation and stay of the WP holders. Prior to the competition, a trial jump (round) will be held, which is not mandatory for the competitors. The competition itself consists of a first round and a final round. All competitors take part in the first round.

The start interval between two competitors is approximately 45-50 seconds. The green starting signal indicates to competitors that the hill is clear, and that they must start within the next 10 seconds (start control time). A competitor who does not leave the starting gate within the 10 second period will be disqualified. The starting order for the training, trial and first competition rounds is drawn randomly. In the final round, competitors start in reverse order of the results from the first round.

TEAM EVENTS

In the team competition there are four groups for both the trial round and the two competition rounds. One competitor from each team is entered into each of the groups.

The competitors must remain in the same group for the trial round and both competition rounds. If necessary, due to external conditions, the length of the in-run can be changed after each group or round. Only one specific group or round can be cancelled and restarted. The start order is drawn randomly. All teams participate in the final round. During the final round, the last group will start in reverse order of the team's rank after the third group.

Working Passes

Each NOC has the opportunity to apply for 2 Working Passes if it enters at least one athlete. NOCs will be charged the sum of 150€ per working pass to cover the cost of arrival & departure service, daily lunch at

Venues, snacks and refreshments at Venues, Wi-Fi in different locations. NOCs are financially responsible for the international travel, accommodation and stay of the WP holders. WP holders are entitled to use the EYOF shuttle system and can enter the respective sport Venue - team area.

The Venue

Description

One valley, two important milestones in history of ski jumping. We can say it with certainty, **Planica** can be to blame for the biggest shift in our mentality – thinking that a man can fly on skis. This is where two legends jumped over 100 and 200 metres for the first time in history. But if we want to understand the story and the evolution of Planica, we have to start at the very beginning.

From Bloudek giant hill to Flying hill by brothers Gorišek. From the first ski shack to the innovative Nordic Centre.

BOYS	GIRLS
SPRINT A varied, short course with ascent, descent, and a walking portion with skis attached to backpack, which will take place in qualifying phases, quarter-finals, semi-finals and final. Race held by heats of 6 runners from quarter-finals to final. COMPETITORS: 4 B/4G Course inspection time: 15min Positive ascent: 70 m max	
MIXED RELAY 2 distinct ascents and descents raced by each member of the relay team, with a part on foot in the 2nd ascent. The first uphill should be at least 60 m. Each relay leg must include 2 distinct ascents and descents. A part of the second ascent requires a portion to be climbed on foot with skis strapped on the backpack. Each relay leg is run by a member of the relay team. Each competitor can participate in only ONE relay. For safety reasons it is compulsory to include a short uphill (with skins on) before the handover, except for the last athlete of the Relay, who must proceed directly to the finish line. If there are more than 12 teams, there will be a qualifying phase. The final will be with a maximum of 12 teams. No quota for the Qualification and quota of 2 teams cannot change from the qualification phase to the final one. Qualification system, with timed start. One Round. Only the 12 qualified teams go into the final: the female team starts first. The team is made up of the athletes with the best time. 2 competitors: Order: G/B/G/B Positive ascent: 120m to 150m Course inspection time: 20min	
INDIVIDUAL Minimum three (3) ascents/descents on mountain slopes. The longest ascent must not exceed 50% of the total positive difference in height. Out of the total difference in height (positive + negative): - at least 85% must be raced with skis on feet; - at the most 10% - at the most 10% should be technical sections raced carrying skis on the backpack (ridges, couloirs, etc.). The Venue

Description

Forni di Sopra is at the heart of a wide and sunny valley surrounded by the wonderful summits of the Eastern Friulian Dolomites, a UNESCO World Heritage Site. Snow-covered snowboard, cross-country ski and alpine ski runs are just a taste of the rich offer of the Forni di Sopra ski area. Great fun for children with a baby snow park and the ski school to spend pleasant days on the snow. Climbing, hiking, mountain biking and nordic walking are some of the sports you can practice in summer; this territory, in fact, offers an extremely wide range of itineraries.

CONTEST VENUE - SLOPESTYLE & BIG AIR

23-24-26-27 JANUARY 2023

SNOWBOARD SLOPESTYLE FORMAT

- Qualification: 2 runs, best run counts. 2 heats girls, and 2 heats boys. To finals: Top 4 girls, and Top 5 boys from each heat.
- Finals: 3 runs, best run count.

SNOWBOARD BIG AIR FORMAT

The big air competition is a judged sport. The competitors perform tricks on the BA jump by taking off from a kicker and aiming to attain sizable airtime, well executed tricks all while securing a clean solid landing. The BA kicker will be the exact same one as the first kicker from the Slopestyle course.

- Qualification: 2 runs, best runs counts. 2 heats girls, and 2 heats boys. To finals: Top 4 girls, and Top 5 boys from each heat.
- Finals: 3 runs. They will be ranked according to their two best (different) jumps of three.
- Alternate formats: In the unlikely case that the event must be run faster (e.g. due to weather conditions or force majeure), alternate formats could be used (for example there will be no Qualification, the Final could be reduced to two jumps, Qualification with two heats and double-up judging).

Medical Services

On-site medical services will be provided for the official training and competition days.

- Official Training: one medical and an ambulance
- Competitions: one medical, one nurse and two ambulances
- Rescue staff on the slope during official trainings and competitions

Medical Meeting will be held at the HQ Amaro on 21st January or possible to attend online. More information will be given through the medical and anti-doping handbook.

- ➔ For information about Pharmacies and Public Hospital and Health Care Center please refer to the Medical and anti-doping handbook.
