## 1.7. Competition Format

Description of Competition Format.

### 1.7.1. Ranking Round

The Archery competition will begin with the Men's and Women's Ranking Rounds, which will determine the seeding. In the Ranking Rounds, each Athlete will shoot 72 arrows at a distance of 70m (Recurve bow) and 50m (Compound bow). The Athlete with the highest score in their Individual Event will be awarded the number one seeding, the Athlete with the second highest score will be awarded the number two seeding, and so on until All athletes have been seeded. In case of any ties, the numbers of tens and Xs will be used as tiebreakers. After this, athletes still tied shall be declared equal. But for the position in the match play chart, a disk toss shall decide the position of those declared equal.

Except for position number eight which will solve the tie with the shoot-off.

The Ranking Round scores will also be used to determine the seeding for the Team (Mixed Team) events. The individual scores of the three (3) athletes in each team (two (2) athletes for each mixed team) will be combined to give a total team (mixed team) score, which will be ranked against the scores of other teams (mixed teams).

After the Ranking Rounds, all eight (8) Medal Events will be conducted in a single elimination format, with individual athletes and teams (Mixed Teams) competing in a series of head-to-head matches. The losers of the two (2) Semi-Finals in each event will compete in matches to determine the winners of the Bronze Medals.

The winners of the two (2) Semi-Finals in each event will compete in matches to determine the winners of the Gold Medals.

### **1.7.2. Individual Elimination and final Rounds**

In Recurve (Men's and Women's) 48 ranked athletes will be placed in a Single Elimination and Final Rounds head-to-head pairing chart, according to their ranking achieved in the Ranking Round.

All male and female Recurve athletes shoot their elimination and final matches at a distance of 70m. Athletes take turns to shoot their arrows, alternating, one (1) arrow at a time in a time limit of 20 seconds each.

The winner of each set will be awarded two (2) set points or one (1) point each if the scores for the set are tied. The first Athlete to achieve six (6) set points wins the match. For a tied match five to five (5-5), there shall be a shoot-off to break the tie. Individuals shoot a single arrow. If the score is the same the arrow closest to the centre of the target face shall resolve the tie and if the distance is the same, successive single arrow shoot-offs until the tie is resolved. The winner of the shoot-off will be awarded one (1) set point, taking the match six to five (6-5).

In the Compound Elimination Round, where 16 men and 16 women are seeded according to their positions in the Ranking Round, they shoot a series of head-to-head matches, each match consisting of five (5) ends with cumulative scoring.

In case of a tie score at the end of five (5) ends a single arrow shoot-off will break the tie. If the score is the same the arrow closest to the centre of the target face shall resolve the tie and if the distance is the same, successive single arrow shoot-offs until the tie is resolved.

### **1.7.3. Team Elimination and Final Rounds**

Eight (8) ranked Men's and Women's Teams will be placed in a Single Elimination and Final Rounds head-to-head pairing chart, according to their ranking achieved in the Ranking Round.

The Team Event is “the best of four” sets with the teams shooting alternately six (6) arrows in each set (two (2) arrows per athlete) in a two-minute time limit.

The teams shoot three (3) arrows alternately, one team after the other team. When a team has shot three (3) arrows, their time pauses, and the other team starts to shoot their three (3) arrows. The procedure is repeated until both teams have shot six (6) arrows.

Each team has to alternate members after each shot so that each member has shot one (1) arrow in each phase of the rotation. The team with the highest cumulative score in the set wins and is awarded two (2) set points. One (1) point is awarded to each team if the scores are tied.

The first team to achieve five (5) set points wins the match. However, if team set points are tied at four to four (4-4) after the fourth set, a shoot-off will be required.

Each of the three (3) team members shoots one (1) arrow in rotation, in a time limit of one (1) minute, and alternation between the teams shall take place after every shot arrow. The team with the highest cumulative score wins the match five to four (5-4). However, if the cumulative shoot-off score is tied, the team with the arrow closest to the centre of the target wins the match.

#### **1.7.4. Mixed Team Elimination and Final Rounds**

The top twenty-four (24) Recurve mixed teams and nine (9) Compound mixed teams each composed of the top-ranked men and women athletes (one (1) of each gender per team) from the same NOC are seeded according to their positions as determined by their Total score in the Ranking Round. If there is a tie for the 24th or 25th place, there will be a shoot-off.

Recurve competition will proceed in a single elimination format, which will be the best of four (4) sets, with four (4) sets including four (4) arrows in each set (two (2) arrows per athlete) in an 80-second time limit. However, if the cumulative shoot-off score is tied, the mixed team with the arrow closest to the centre of the target wins the match.

The compound competition will proceed in a single elimination format, mixed teams shoot a series of head-to-head matches, each match consisting of four (4) ends of four (4) arrows per team with cumulative scoring. In case of a tie score at the end of four (4) ends a shoot-off will be required.

Each of the two (2) mixed team members shoots one (1) arrow in rotation, in a time limit of forty (40) seconds. The mixed team with the highest cumulative score wins the match five to four (5-4). However, if the cumulative shoot-off score is tied, the mixed team with the arrow closest to the centre of the target wins the match.

The Call Room will be located in close proximity to FoP. Athletes and Team Officials should be in the Call Room around five (5) minutes before the scheduled start time of their match. Around one (1) or two (2) minutes before the scheduled start time of their match, athletes and Team Officials will be escorted to the Athletes' entrance. When a signal is given, athletes must follow the Line Judge onto FoP and to their target positions.

Athletes should be aware that there will be introductions and fanfare during the march-out. Athletes will be asked to greet spectators.

### **3.3.Post-Competition Procedures**

#### **Doping Control**

Athletes selected for doping control will be notified in person and escorted to the Doping Control Station by a Doping Control Chaperone as soon as possible after the former have finished competing. It is the responsibility of the Athlete to remain under continuous observation of the Doping Control Chaperone after notification. The notified Athlete may invite a team representative or team doctor to Doping Control Station along with them.

During doping control, competitors will be instructed by the doping control officer about the procedure and rights and obligations related to the control. All tests should be carried out without advanced notice, the athlete should be the first person to be informed about the selection for doping control. During doping control, athletes should report what medicines they have used in the last 7 days and should submit their comments on the testing process.

#### **Broadcast Mixed Zone and Flash-Zone**

All the Athletes must exit FoP via the Mixed Zone.

After the competition or Medal Ceremony, all the Athletes will be guided through the Mixed Zone as they leave FoP, but they are not obliged to speak. Volunteers will take care of the interview time in each section of the Mixed Zone. Team Coaches who are normally positioned on FoP may also be asked to pass through the Mixed Zone for interview possibilities.

After passing through the Mixed Zone, Athletes will be free to return to the Changing Room or go to Medical/Doping procedures unless they are requested for interviews in the Interview Zone (outside the Mixed Zone) or press conference.

Journalists wanting to interview someone would make a request to Press Operations Volunteers who will escort the athlete. By default, all three medalists and all Polish Athletes will be accompanied by volunteers for interviews. Press Attaches, DCOs, and LANS Team members will be able to escort Athletes into the Mixed Zone if needed. Once in the Mixed Zone, the Athlete would be interviewed by the member of the press who requested the interview.

There will be a time limit for the interviews that will be clearly explained by the volunteer before the start of the interview. The volunteer has the right to interrupt the interview if it significantly exceeds the time. There will be no guarantee that it would be exclusive, meaning one (1) or two (2) journalists might want to interview the same Athlete.

The Mixed Zone will be managed by Press Operations Volunteers to help facilitate introductions or questions and ensure the Interview Zone remains an informal area and that no media "scrum" is created.

All the medalists will be asked to attend a short press conference after the Medal Ceremony and pass through the Mixed Zone. Volunteers or Press Operations representatives will make their way to the official transport which will take them to City or Main Press Centre. After the press conference, athletes will not come back to the FoP.

### **Result Distribution**

Competition-related information for all sports, including results reports, will be available on the Games-time website [www.european-games.org](http://www.european-games.org).

Delivery of printed results information is available only at Competition Venues and time-critical services. Selected reports will be available for collection from SID at the Venue and SIC in AVL.

After the completion of all competitions, all results will be compiled in PDF files and will be available for downloading from [www.european-games.org](http://www.european-games.org).

### **Medal Ceremonies**

All Medal Ceremonies at the European Games Krakow-Malopolska 2023 will occur on or next to FoP. Before each Medal Ceremony, all the medalists are gathered in the waiting area accompanied by volunteers (people responsible for each kind of sport assigned by Competition Managers).

Medal Ceremony Staff will be on hand to advise and guide all Athletes before, during, and after their Medal Ceremony.

As a rule, Medal Ceremony is held right after the sports session is finished.

All announcements for the Medal Ceremony will be made in two languages – English and Polish.

It is not allowed to ascend the podium wearing hats, sunglasses, carrying national flags, or any other symbols or memorabilia apart from the Games' mascots. Signs, mobile phones, cameras, electronic devices, bottles, items of sports equipment, and items with political statements are prohibited on the podium. If any Athlete is in possession of any of these items, the latter is handed to the Medal Ceremonies Manager for the duration of the Ceremony. During the Ceremony, no commercial, political, religious, or racial propaganda or demonstration is permitted. Any action of this kind entails penalties foreseen by the EOC.

No one, but the winners can be awarded medals or allowed to ascend the podium.

Athletes will be required to wear their NOC official uniform throughout the Medal Ceremony.

It is the responsibility of each Athlete/Coach to ensure that the Athlete has their full tracksuit with them and that it is ready to be worn at the Venue in time for the start of the Medal Ceremony.

Failure to adhere to this rule may result in the delay or postponement of the Medal Ceremony.

During the Medal Ceremony, in addition to the medals, K&MEGOC plans to present the winning Athletes with official mascots of the 3rd European Games Krakow-Malopolska 2023.

Athletes ranked :

- first,

- 
- second,
  - and third

respectively (as well as those sharing the places, if it is outlined by the competition rules) take their places behind the podium.

The rewarding the prize-winners goes as follows:

The ceremony begins with the medal(-s) and the mascot(-s) awarded to the Athlete (team) ranked third.

Diplomas for the Athletes ranked from 1<sup>st</sup> to 3<sup>rd</sup> will be distributed in the AVL NOC Services Centre.

- 41-60 athletes 3 TAP per day
- 61-80 athletes 4 TAP per day
- 81-100 athletes 5 TAP per day
