- Racket Control
- Schedule of Racket Controls
- Voluntary racket control: 21 June – 1 July 2023
- Compulsory racket control: 23 June – 1 July 2023

Location of Racket Controls

The Racket Control Centre will be located in a tent out of the Hutnik Arena. For detailed information, please see Appendix 2.

Note: Only the players whose racket is being tested and/or their delegate/coach may be present during the testing.

Timing and Matches to be tested

- Before the match – tests for randomly selected matches;

- From Quarter-Finals, before the match tests for all matches of Singles events;
- From Quarter-Finals, before the match tests for three randomly selected individual matches in a team match in Team and Mixed Doubles events;
- The Referee may, at any time, choose any other matches to be tested; After-match tests will take place only in the following cases:
 - Players fail to present their racket for the before-match tests or
 - The racket(s) presented before the match tests failed any of the racket control tests or
 - The Player needs to change his/her other racket during the match as allowed by the rules.

Voluntary Tests

Each player is entitled to have a maximum of two (2) voluntary tests each day of the event.

The Racket Control Centre will have a dedicated station for voluntary tests, which will be offered during the Games.

Players are allowed to have a voluntary test up to one (1) hour before their match.

Compulsory Controls

For before-match tests of Singles events as above, it is recommended for players to present two (2) rackets.

For before-match tests of Singles matches in Team events and in Mixed Doubles events, players can only present one (1) racket.

Procedures for the Tests

For after-match tests

- All players subject to an after-match test should leave their racket on the table (similar to the time between games).
- Rackets will be collected by the match umpires immediately after the last point is completed.

- The Players can take their rackets approximately 10 minutes later from the Racket Control Centre.

For before-match tests

- For Singles matches and any first Singles match of Team events, Players will be informed once they arrive in the Call Room, 25 minutes before their match.
- Therefore, it is the players' responsibility to have their rackets ready at least 25 minutes before the scheduled match time.
- For Team events, players who have to play the second or any subsequent individual match must submit their rackets to the Racket Control Centre before the previous Singles match starts.

Procedures after the Tests

If the racket passes all the tests, it may be marked and will be sent to the match umpires, who will then give the racket to the player in the playing area, just before the specified practice period.

If the racket fails any test, it will be sent to and stay in the possession of the Referee until the end of that match. The player will then have to play the match with the second racket tested or another racket, which was not presented for racket control, and this racket will be tested after the match.

Any irregularity found in a racket, before or after the match, will be reported by the Racket Control Panel to the Referee, who will decide on any disciplinary action.

Disciplinary Actions and Policies

No disciplinary action will be taken for voluntary controls.

Players whose racket fails compulsory racket control tests are subject to the:

- Consequences of failing compulsory racket controls;

- Repeated failures and penalties applied after each racket control failure;
- The general policy of accumulated failures.
