### SITE DESCRIPTION

The Alpensia Sliding Center is a venue located in Alpensia Sports Park in PyeongChang. It was used for sliding events during the 2018 PyeongChang Winter Olympic Games. The total length is 2,018m, which stands for the opening year of the PyeongChang Winter Olympic Games. The altitude difference is about 120m, the highest in the world. There are seven facilities including four starting houses, one finish house, and one training track. As a legacy from the PyeongChang Winter Olympic Games, the venue has been used by the general public (tourist start house) and by national athletes for training in the winter season.
