■ Precise identification
■ Floating identification

All General Principles apply unless expressly mentioned otherwise hereafter (in particular in relation to size, frequency or location). Please refer to the “Identifications on NOC Team Apparel Practical Guidelines”, and General Guidelines (released Summer 2023) to obtain the general principles of Authorised Identifications on NOC uniforms at the Olympic Games. This section provides visual illustrations regarding the placement and size of Sport Specific Implementation for any items.

SUBMISSION PROCESS

The IOC has set up a new tool for items to be reviewed and offer assistance. The new Uniform Submission tool is now live on [RELAY](#), where uniforms can be submitted to the IOC for review.

If you are an NOC who does not have access to RELAY and needs access to submit the uniforms, please email nocnet@olympic.org

As in previous Games, while the process is not mandatory for this sport, it is still highly encouraged to submit uniform for review to minimise any possible Games-time issues. Once a submission has been made through the IOC’s online submission tool, NOCs will be notified of the “reviewed” or “non-compliant” status of their submitted items.

No additional obligatory submission process required by the IF, [section 14](#) of the General Guidelines applies.
