General Rules

The *International Biathlon Union (IBU) Event and Competition Rules* shall apply to the Olympic Winter Games Beijing 2022 Biathlon competitions. In the event of discrepancies between different versions, the English version shall prevail.

Any issues or incidents not covered by the rules are handled as follows:

- Cases of a general nature are resolved in accordance with the Olympic Charter.
- Technical questions are resolved by the Jury according to the IBU rules.

The content of this Information Book is for information purposes only and was correct at the time of publication in January 2021. In case of discrepancies with the above-mentioned Rules and Regulations, the latest Olympic Charter and IBU rules before the Games shall apply.

Qualification System for Biathlon

Qualification systems are the regulations defined by the IFs and approved by the IOC that consist of rules, procedures and criteria for participation in competitions of the Olympic Winter Games. Due to the potential amendments of the qualification systems, NOC should always follow the latest version of the qualification systems approved by the International Olympic Committee.

Sport Entries and Qualification

Tracking and Verification of Qualification Status

The NOC's qualification status and athlete eligibility will be tracked and verified by Beijing 2022 and the IBU in accordance with the Qualification System for the Olympic Winter Games Beijing 2022.

Sport Entries

Entries for the Olympic Winter Games Beijing 2022 must be submitted by NOCs through the online entries system, eSEQ. Instructions for the eSEQ system will be distributed to NOCs in advance. All entries must be submitted to Beijing 2022 by 24 January 2022 (23:59 Beijing time, GMT+8).

Conditions of Participation Forms

All NOC categories including athletes, coaches, trainers, officials and other members of NOC delegations participating in the Olympic Winter Games Beijing 2022 will need to complete and sign a copy of the Conditions of Participation Form. This form is part of the NOC registration process.

Late Athlete Replacements

All replacements requested by NOCs after the final entries deadline on 24 January 2022 (23:59 Beijing time, GMT+8), must follow the Late Athlete Replacement policy jointly developed by the IOC and Beijing 2022. Details of the policy will be included in the Accreditation and Sport Entries Manual, which will be distributed to NOCs in May 2021.

Doping Control

During the Olympic Winter Games Beijing 2022, doping control is carried out in accordance with the IOC's anti-doping rules. Urine and blood samples may be collected before and after competition.

The IOC delegates to International Testing Agency the authority and responsibilities to implement the doping control programme of the Olympic Winter Games Beijing 2022. International Testing Agency, in consultation with the IBU and Beijing 2022, determines the number of tests to be performed. Samples can be collected anytime, anywhere.

Doping control may include testing for prohibited substances and methods referred to on the World Anti-Doping Agency (WADA) prohibited list.

Biathlon Rifles and Ammunition Management

Chinese law exercises strict control over the import and export of sports rifles and ammunition. NOCs must, therefore, strictly follow Chinese laws and relevant regulations relating to biathlon rifles and ammunition management formulated by Beijing 2022.

Import to China

A *Preliminary Information Form* and a *Final Confirmation Form of Biathlon Rifles and Ammunition* will be sent to NOCs by Beijing 2022 on 15 November 2021.

NOCs will be required to provide details of their biathlon rifles and ammunition for all possible participating athletes in the *Beijing 2022 Preliminary Information Form of Biathlon Rifles and Ammunition*, and send to the NOC Services FA of Beijing 2022 no later than 23:59 (Beijing time) on 31 December 2021. Failure to submit the form will result in the importing prohibition of biathlon rifles and ammunition.

Once the participating athletes have been confirmed, NOCs will be required to submit the *Beijing 2022 Final Confirmation Form of Biathlon Rifles and Ammunition* to the NOC Services FA of Beijing 2022 no later than 23:59 (Beijing time) on 24 January 2022. In principle, athlete and rifles and ammunition information out of the *Preliminary Information Form* is not accepted in the *Final Confirmation Form*.

Under the Chinese laws and regulations, Beijing 2022 will go through the entry formalities for the biathlon rifles and ammunition with the information provided in the Final Confirmation Form. When imported, NOCs will be assisted by a dedicated team to go through the entry formalities, and the biathlon rifles and ammunition will be transported from the airport directly to the rifles and ammunition storage at the Zhangjiakou National Biathlon Centre by designated vehicles.

Management during Games time

Biathlon rifles and ammunition will not be permitted to be carried or stored at the Olympic Villages. The biathlon rifles, ammunition and accessories can only be kept in the designated rifles and ammunition storage at the Zhangjiakou National Biathlon Centre.

Rifles and ammunition can be carried by athletes and authorized person only in the following areas within the biathlon competition venue:

- Dry shooting room and warm-up area only with rifles; and
- Training and competition area.

Prior to leaving the shooting range, athletes must ensure that no ammunition remains in the chamber of the carrying rifles. Rifles, ammunition and accessories must be registered and returned to the biathlon rifles and ammunition storage of the Zhangjiakou National Biathlon Centre prior to departures from the venue.

Export from China

The biathlon rifles and ammunition will be transported from the appointed storage at the Zhangjiakou National Biathlon Centre directly to the airports by designated vehicles. Assistance will be provided to NOCs to go through the departure formalities by dedicated teams of Beijing 2022 at both airports. Rifles and ammunition must be packaged separately and ammunition is prohibited to be packaged in the check-in luggage.

Tie break rules

- In the Individual and Sprint competitions, if two or more competitors share the same time (to the nearest 1/10 of a second), a tie will be declared. The competitor with the lower bib number will be listed first.
- In Pursuit, Mass Start and Relay competitions, ties are broken by photo-finish. If the photo-finish cannot determine the order in which two or more competitors have finished, a tie will be declared. The competitor with the lower bib number will be listed first.

Team Captains' Meetings and Draws

The Team Captains' Meetings will take place at the Zhangjiakou National Biathlon Centre. The first team captains' meeting will be held on 2 February 2022 and the second on 9 February 2022. Additional meetings are scheduled at the IF Delegate discretion. The Team Captains' Meetings and Draws are conducted in accordance with IBU Event and Competition Rules.

Protests

Protests must be submitted in writing to the competition secretary or the TD/RD, within 15 minutes of the posting of the unofficial results, along with the payment of 100 euros (or equivalent in the currency of RMB). If the protest is upheld, the fee will be refunded, and if the protest is rejected, the sum will go to the IBU, in accordance with Article 10.1 of the IBU Event and Competition Rules.

Eligibility Protests

Protests concerning the eligibility of an athlete may be submitted at any time up to the end of the protest time for the competition in question.

Protests During and After Competitions

Protest concerning a rule violation by competitors and team staff, mistakes made by officials, competition conditions and the provisional results must be submitted between the start of zeroing before the competition and 15 minutes after the posting of the provisional results.

Repetition or Annulment

If examination of a protest reveals circumstances serious enough to cast doubt on the sporting merit of the competition, or if the competition jury comes to the same conclusion from its own observation, the competition jury may repeat the competition or annul the competition without repetition.

Competition Equipment

All equipment and accessories must comply with IOC and IBU Rules (IBU Event and Competition Rules Annex A).

Timing and Scoring

Timing and Scoring is provided by OMEGA in accordance with IBU rules and Olympic Results and Information Services (ORIS).

Awards

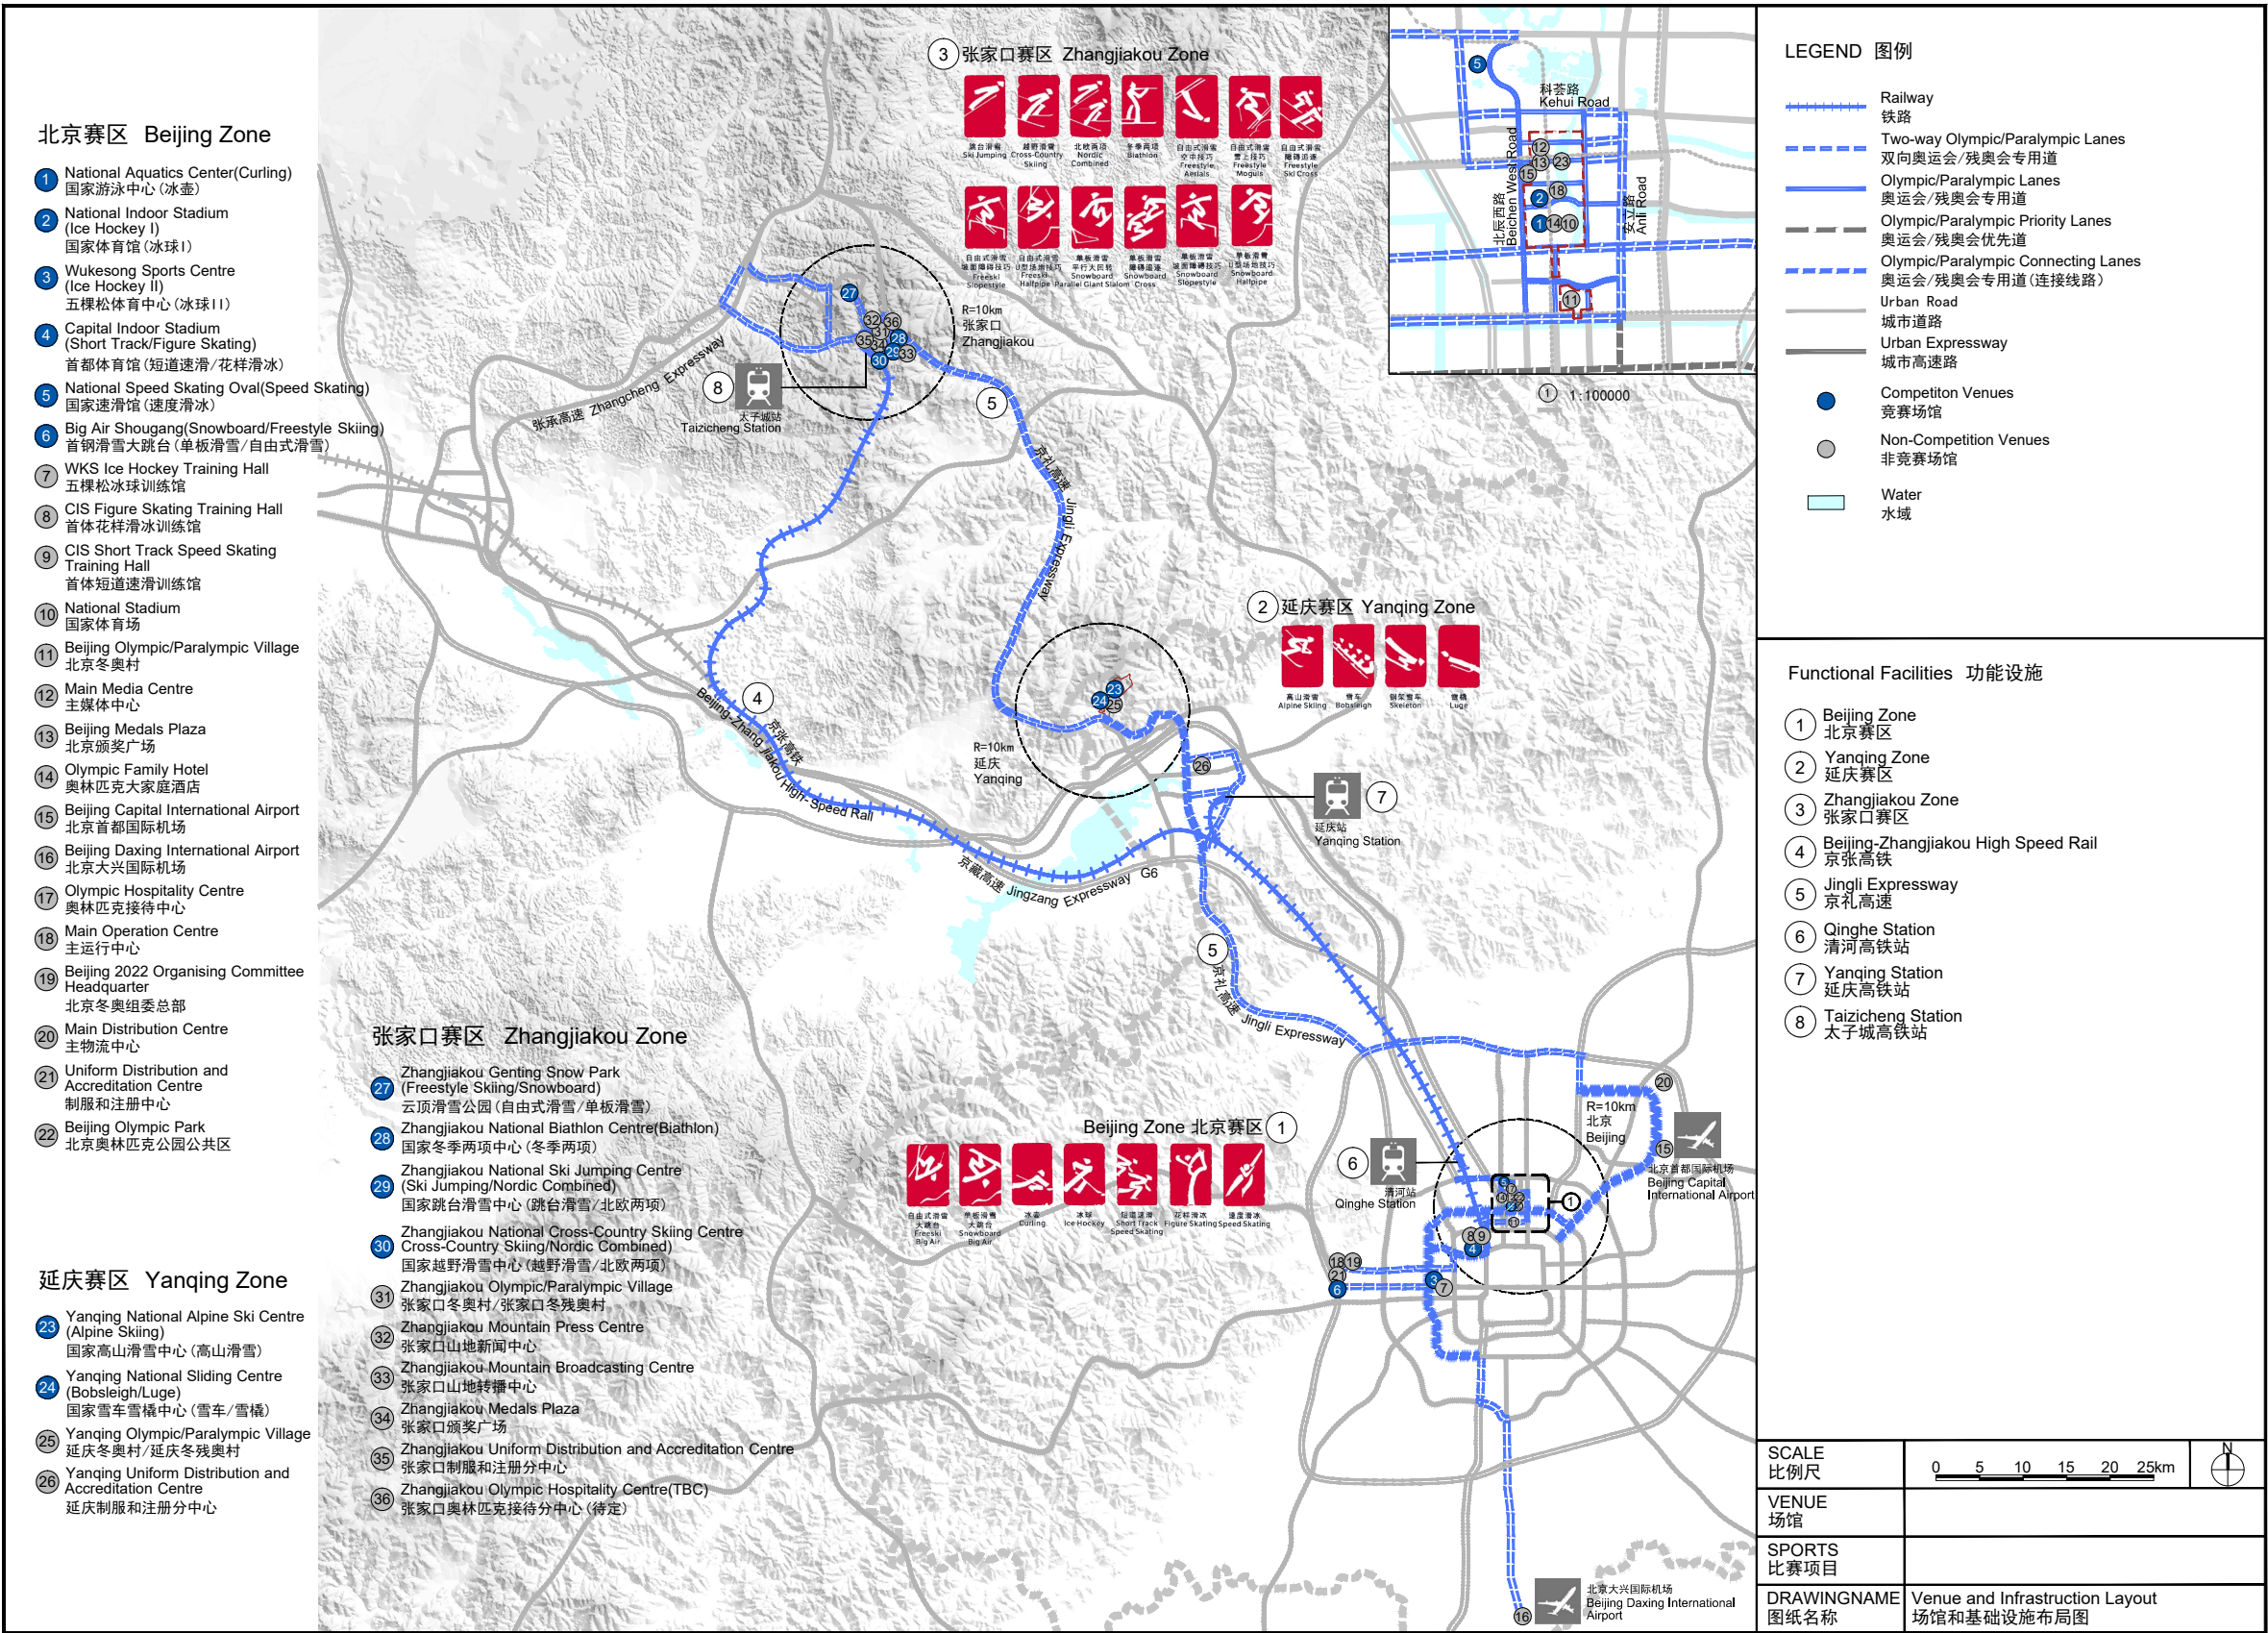

In-venue ceremonies will be taken place immediately following the completion of medal events. The ceremonies will feature the presentation of a gift to each medalist, but will not include the presentation of medals, the raising of flags or playing of the gold medalist's national anthem.

The Victory Ceremonies held at the Medals Plazas features presentations of medals by IOC representatives and commemorative gifts by IF representatives to the medalists, raising the medalist's national flag, and playing the national anthem of the gold medalists.

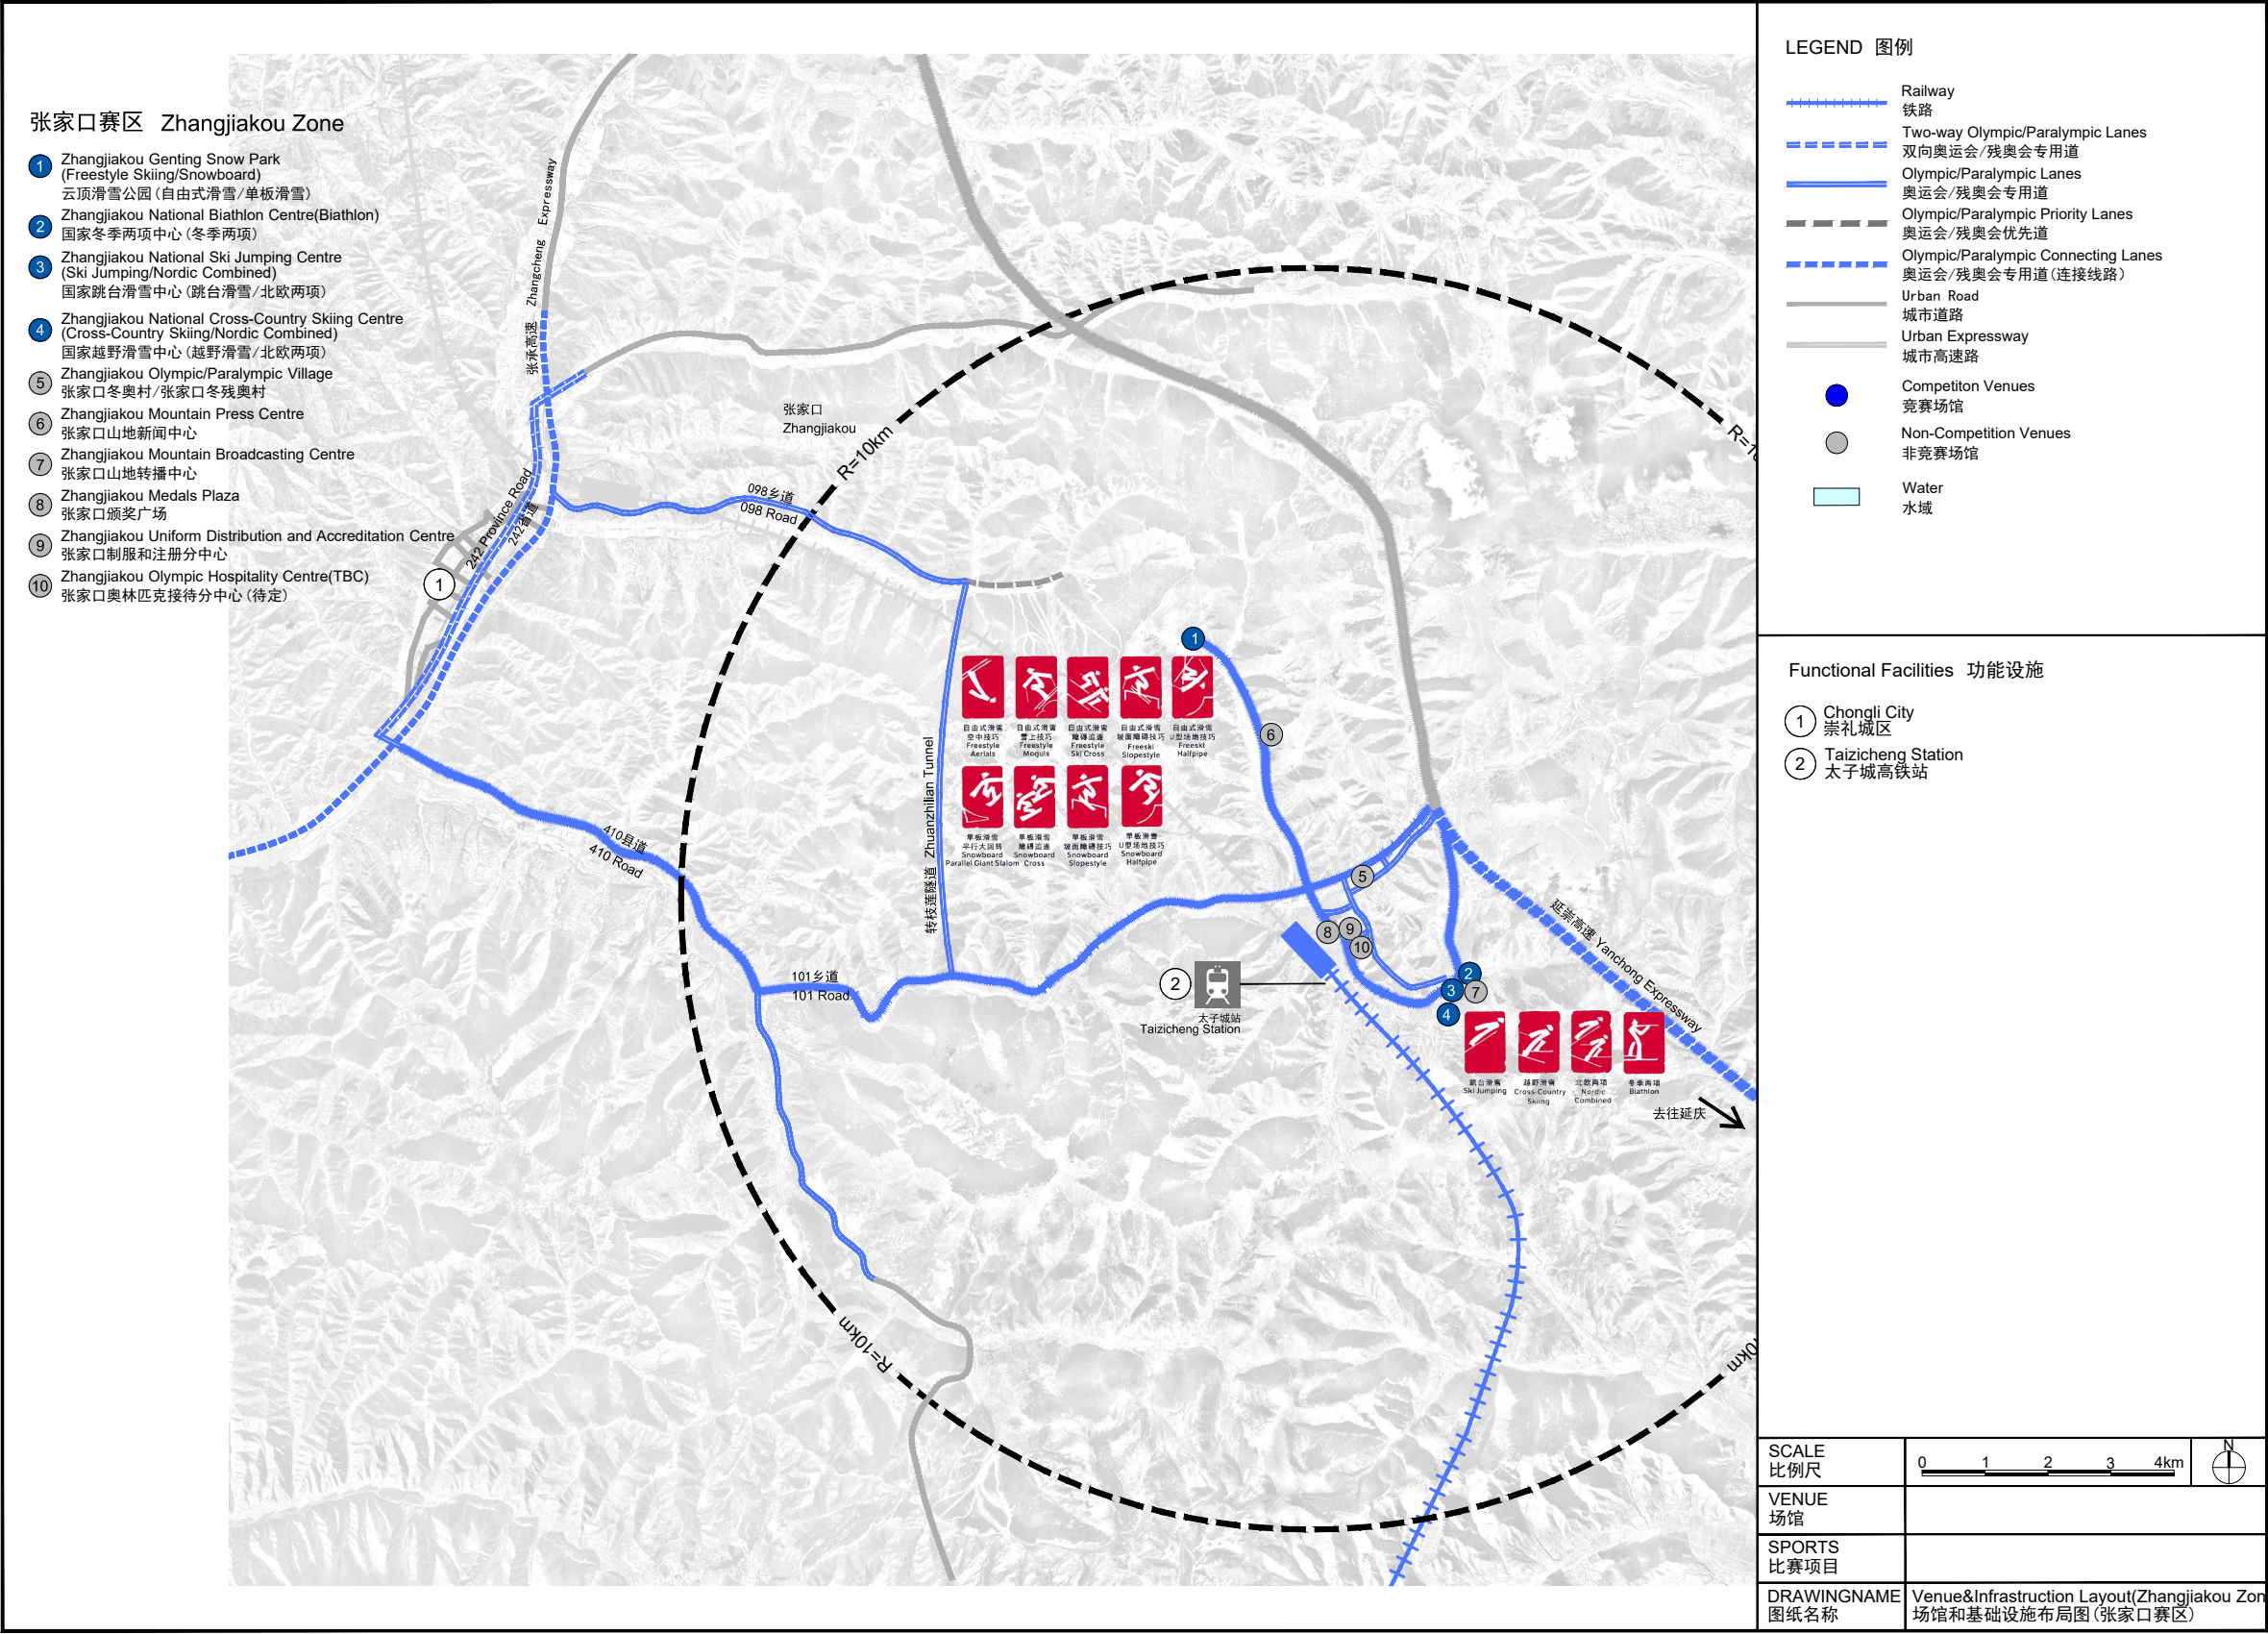

The medalist and the NOC delegate attending Victory Ceremonies should abide by Rule 50 of Olympic Charter. The uniforms of the medalist and team officials must be in line with the IOC's "Guidelines Regarding Authorised Identifications of Beijing 2022". During the ceremony, the OIAC should be hidden from sight. No medalist should have flags, items with logos, souvenirs, cameras, mobile phones or any other items on them in the ceremony area during the ceremony, as this is a breach of Rule 50.
