ABOUT THIS SPORTS GUIDE

Published in summer 2023, the *Sports Guide* offers an introduction to each sport and discipline at Paris 2024 and provides a variety of information to help teams in their planning and preparation for the Games.

This guide includes the following sections:

1. General information, shared by all sports

- an introduction to Paris 2024 and the Games of the XXXIII Olympiad
- general information regarding accreditation, sport entries, testing programme, accommodation, sport information, medals and diplomas, transport, logistics, ticketing, medical services, and doping control
- a directory of the main contact details
- the daily competition schedule for all sports.

2. Information for each sport

- sport-specific details such as competition format, schedule, venue descriptions, rules and training information.

All information provided in this Sports Guide is correct at the time of publication, but some details may change prior to the Games.

In line with our focus on sustainability, this guide is available in electronic format only. A list of changes/updates will be included in a future edition of the guide.

NOC representatives are advised to regularly check the IOC's [NOCnet](#) for the latest updates, especially regarding competition schedules.

Team Leaders' Guides explaining Games-time plans for sports in greater detail will be distributed to NOCs in July 2024.

WELCOME

On behalf of the Paris 2024 Organising Committee, I am delighted to present the *Sports Guide for the Games of the XXXIII Olympiad*.

At Paris 2024, we are proud to organise the first Games under the New Norm of the Olympic Agenda 2020, which focuses on economic, social and environmental efficiency and sets a precedent in the organisation of sports events. Our ambition is to present the first carbon-neutral Games, the first gender-balanced Games and the first Games open to all with the mass participation marathon. Paris 2024 aims to deliver responsible Games whether by using 95 percent of existing or temporary venues and 100 percent renewable energy during the Games, or by favouring a circular economy, sustainable food, and clean mobility, and by preserving the biodiversity on venues. By taking climate and environmental issues into account well before the event, we are breaking new ground in the history of the Games.

One hundred years since the last summer Games in France, Paris 2024 has huge ambitions for the Games in 2024. Our aim is to offer a new event model that is in tune with people's aspirations, especially those of the younger generations, for example by introducing four additional sports such as breaking, sport climbing, skateboarding or surfing.

Paris 2024 will be a spectacular celebration that takes sport into new and unexpected places: from the foot of the Eiffel Tower to the Champ-de-Mars, the Grand Palais, Invalides, Place de la Concorde, and the Château de Versailles. Beyond Paris and its region, the whole country will be the Games' playground. Surfers will master the iconic wave of Teahupo'o in Tahiti (French Polynesia), while shooting athletes will compete in a state-of-the-art facility in Châteauroux. The 27,000 spectators in the Pierre Mauroy stadium in Lille will cheer for the basketball and handball competitions, and football fans have a choice of seven exceptional stadiums across the country, including Marseille. The city will also be the spectacular backdrop for the sailing competitions.

Paris 2024 will leave a positive and lasting impact on the lives of residents by making long-anticipated investments, especially in Seine-Saint-Denis, such as the Olympic Village and the Aquatics Centre. All the facilities that will be used by athletes and delegations during the Games are designed with their legacy in mind so that they can be repurposed as public facilities, housing and offices based on local needs.

As athletes are the heart of Paris 2024 Olympic Games, we are committed to offer them an exceptional experience, with unique competition venues in iconic sites of Paris and France.

The Olympic Village itself has been designed for the athletes and by the athletes. Competitors from all continents shared their vision of the ideal Village, and it has shaped the design and the services of the Olympic Village. We want athletes to rest, recover, concentrate and prepare for their competitions, but also to celebrate, discover the city and build new friendships.

We hope that this guide, produced in collaboration with IOC Sport and International Federations, will provide you with the information you need to prepare for your Games.

We are looking forward to welcoming you to the City of Lights in the summer of 2024 for what we hope will be revolutionary Games.

Aurélie Merle
Sport Director

2.1 ACCREDITATION

OVERVIEW

Accreditation is the process of identifying individuals and their roles at the Olympic Games, whilst ensuring that they are granted appropriate access to fulfil their roles.

It is the NOC's responsibility to appropriately register its delegation, in compliance with the Olympic Charter and according to defined roles detailed in the IOC's [Detailed Specifications Accreditation at the Olympic](#).

Data submission for registration applications must be done electronically through the Paris 2024 Games Management System (GMS). Only the officially designated contact point within the NOC can submit the data on behalf of the delegation. Paris 2024 will not accept individual requests.

ACCREDITATION TIMELINE

DATE	ACTIVITY
23 October 2023	User request form for Accreditation System, and Responsible Organisation Undertaking sent to NOCs
27 November 2023	NOC accreditation application starts
28 March 2024	NOC accreditation application deadline
15 April – 28 May 2024	Pre-Delegation Registration Meeting (Pre-DRM) period
1 June – 8 July 2024	Sport Entries period
12 July – 25 July 2024	Final Delegation Registration Meeting (F-DRM) period
26 July 2024	Olympic Games Opening Ceremony

OLYMPIC IDENTITY AND ACCREDITATION CARD (OIAC)

The Olympic Identity and Accreditation Card (OIAC) is the official Paris 2024 Olympic Games document that establishes the identity of its holder and their privileges. In addition, the OIAC will provide accredited individuals with access to Olympic venues and other services during the Paris 2024 Olympic Games, according to their role.

To ensure the safety and security of all Games participants, they must pass a background check in order to receive an OIAC. The background check will be carried out by the relevant French Government agencies.

To complete the accreditation process, a validation must be completed in-person at a validation counter in any Paris 2024 accreditation facility. Before being validated the OIAC is referred to as a Pre-Valid Card (PVC). Paris 2024 will issue PVCs for all NOC participants duly registered on the GMS by 28 March 2024. PVCs will be sent to the NOC. It is the NOC responsibility to distribute the PVCs among their participants before travelling to France.

Unlike previous editions of the Olympic Games, the OIAC/PVC will not act as a visa waiver. For visa required nationals, the visa request will be done by Paris 2024 as part of the accreditation application process.

Once the visa has been granted, the visa number will be printed on the PVC (not on the passport). The PVC with a printed visa number on it together with a valid passport (same document used during the accreditation process) will serve as an entry document to France as a short-stay Schengen visa with multi-entries for the purpose of participating to the Olympic Games. The visa will be valid for 90 days within a 180-day period, within the validity period of the accreditation, that is from 26 June 2024 to 11 September 2024.

More information on the accreditation and visa request process and timeline is available in the Chefs de Mission Guide on [NOCnet](#) (please contact your NOC if you do not have access).

2.2 SPORT ENTRIES PROCESS

Sport Entries form a key part of the registration process for athletes, and the number of athletes in a delegation determines the number of accreditations that each delegation is entitled to for all other NOC categories.

Sport Entries is a crucial step for NOCs to ensure a smooth and efficient registration process for their delegation to the Paris 2024 Olympic Games. The Sport Entries process provides for the official entry/inscription of eligible and qualified athletes and teams to disciplines and events, ensuring their participation in the Olympic Games. The final step of the Sport Entries process is implemented through an online Sport Entries system (SEQ) that allows all NOCs to manage, review and submit their individual athletes' and teams' entries online.

SPORT ENTRIES QUALIFICATION MONITORING SYSTEM

The Sport Entries Qualification Monitoring System (SQM) is a sub-functionality integrated within the online Sport Entries Qualification System (SEQ) and allows Paris 2024 to track and manage qualifications efficiently across all sports/disciplines and NOCs. The tool has been made available to all NOCs, so that they can monitor, manage, and compare their qualification numbers with the ones that Paris 2024 captures, further to the conclusion of each qualification event and once they are official.

To access the SQM, each NOC needs to submit a Confirmation of Authority Form to assign the authorised users and in addition they need to submit the User Account Application Form (one for each authorised person). Both forms are available on the Sport Entries section of [NOCnet](#).

Please note that SQM is a tool provided by the Paris 2024 Sport Entries team to assist NOCs with their internal planning and monitoring and **it does not replace in any way the official process that each International Federation has established for allocating obtained team and athlete quotas to NOCs.**

ONLINE ENTRIES

The submission of sport entries by NOCs for the Paris 2024 Olympic Games will be through the SEQ, which is available in French and English only.

NOCs will be able to access the SEQ from **1 June 2024 until 8 July 2024 at 23:59**, Central European Summer Paris Standard Time (CEST), to inscribe their athletes and teams into events for which they are eligible and qualified. Only athletes registered by NOCs in the Accreditation functionality of Paris 2024 OMS (long list) will be available to be entered/inscribed in the SEQ. A dedicated Paris 2024 Sport Entries point of contact has already been assigned to each NOC to guide them through each step of the process and provide support by telephone or email.

NOCs should contact olympicsportentries@paris2024.org for assistance.

FINAL ENTRIES SUBMISSION AND DEADLINE

Once the NOC has entered all athletes and teams, ensuring that all data fields in each sport entry form is properly completed, then Final Entries Submission is required. It is each NOC's responsibility to review its entries/inscriptions prior to the Final Entries Submission and collaborate closely with each assigned SEQ representative to review all data before submission, to avoid any errors or omissions.

Once an NOC has completed the Final Entries Submission, access to the SEQ will be restricted to read-only. NOCs will still be able to view their entries and print/export reports but will no longer be able to edit their entries. All entries must be completed by **23:59 (Central European Summer Time) on 8 July 2024**. The system will no longer be accessible for editing and will be read-only for all NOCs regardless of their Final Entries Submission status. After this date and time, no further entries will be accepted.

This strict deadline is enforced to allow the Paris 2024 Sport Entries team adequate time to validate all data with the relevant IFs before the start of the Final Delegation Registration Meetings (F-DRMs).

2.3 TESTING PROGRAMME

In agreement with the IOC, the primary objective of Paris 2024's testing strategy is to limit identified operational risks. The testing programme is therefore characterised by a tailored approach according to the specificities of the sports and venues.

Paris 2024 has defined three types of testing activities:

- **Paris 2024 Test Events:** Events for which Paris 2024 is entirely responsible for the organisation including the testing of multiple operations.
- **Test activities as part of events organised by another entity** (International Federations/National Federations/third party): Events organised by another entity with which Paris 2024 will collaborate to test certain operations.
- **Operational tests:** Targeted testing activities organised by Paris 2024, including specific tests behind closed doors or by invitation to a limited number of local athletes.

At test events organised by Paris 2024, as well as events organised by third parties (e.g., National Federations) during which Paris 2024 will test operations, participating athletes/teams will have the opportunity to familiarise themselves with the environment of the venue. As these sport competitions are open to the international stage, Paris 2024 does not plan to provide an observation programme in addition to these events. Furthermore, Paris 2024 will not organise an observation programme for the operational tests, as the operations tested within this framework are strictly limited and operational.

The Testing Strategy & Calendar are available on the Sport & Venues section of [NOCnet](#) (please contact your NOC if you do not have access).

2.4 ACCOMMODATION

During the Paris 2024 Olympic Games, the Olympic Villages will accommodate 10,500 athletes and team officials. The main Olympic Village is located north of Paris and will be completed by satellite Olympic Villages in Châteauroux, Lille Métropole, Marseille and Tahiti, as well as grooms' accommodation and football accommodation.

A brief summary of the Olympic Villages and the football accommodation follows below.

OLYMPIC VILLAGE

The Olympic Village is a compact site of 52 hectares, located in three towns in the Seine-Saint-Denis area (Saint-Denis, Saint-Ouen and Île-Saint-Denis), close to Paris and on the banks of the river Seine. It will officially open at 08:00 on Thursday 18 July 2024 and close at 18:00 on Tuesday 13 August 2024.

The Olympic Village offers all the necessary athlete facilities and services so that teams can focus on training and competition. An accessible Olympic Village whose primary mission is to be a Games-time home for athletes but whose goal is a sustainable legacy for local communities. The Olympic Village is adapted to the real needs of NOCs, offering a true Parisian experience in a comfortable and secure environment on the river Seine.

Once the Final Delegation Registration Meeting (F-DRM) and Inventory & Inspections (I&Is) have been completed for an NOC, all athletes and team officials from that NOC residing in the Olympic Village can proceed to the Team Processing Centre (TPC), where luggage and equipment will be screened.

The Olympic Village has several access points for residents:

- Main Entry in the north of the Olympic Village (access to the Guest Pass Centre, Media Centre, Weigh in and the Village Plaza).
- Team Processing Centre in the north-east of the Olympic Village (entry point for all first-time arrivals and direct access to the Residential Zone throughout the Games).
- Transport Mall in the east of the Olympic Village (access point to transport for athletes [TA] services to/from competition and training venues).
- Two resident entrances providing access to the two NOC dedicated car parks, in the south of the Olympic Village and on Île-Saint-Denis.

The Village is divided into four different zones:

- The Village Plaza, accessible from Main Entry, includes various shops and leisure services. This area is bounded by an internal security perimeter, physically separating the Village Plaza from the residential area. Zone Control Points will allow authorised persons to reach the residential area from the Village Plaza.
- The Residential Zone, which includes residential buildings, offers residential services such as Resident Centres, laundries, dining halls and various services for Village residents. Access to this area is restricted to residents and non-residents with “R” on their Olympic Identity and Accreditation Card (OIAC).
- The Village Training Venues consist of eight training venues (for five sports). Access to this area is restricted to athletes and team officials of the relevant sports.
- The operational areas reserved for certain Village operations, including logistics services.

→ Accommodation

Athletes and officials will be accommodated in 86 buildings with 2 to 15 floors each, divided into five sectors.

The Residential Zone has a variety of building types that have been constructed by different developers with different legacy uses (apartments, hotels, offices, student accommodation, etc.). As such, the level of finish may be different according to each building’s legacy plans.

Apartments vary in size, with the largest units having five bedrooms and eight beds in total. Bedrooms are either single or double occupancy and all residents will have access to social spaces either within their apartment or nearby. The ratio of bathrooms to residents meets the IOC’s Olympic Village guidelines of four residents per bathroom.

Free-of-charge Wi-Fi internet access will be available in all residential apartments in the Olympic Village.

→ Resident centres

Ten Resident Centres will be conveniently located around the Olympic Village. Seven of these centres will be open from 07:00 to 23:00 and three Super Resident Centres will be open 24 hours a day.

Each Resident Centre will have a front desk to assist resolving issues related to accommodation services in the Village, including housekeeping requests, maintenance issues and lost keys. The residential centres will also provide general information services, Info+ stations, internet access, and lounge and meeting facilities. Ice for medical use will also be available at these ten resident centres.

→ Food services

Paris 2024 will provide food and beverage services that meet the performance and dietary needs of NOCs and their athletes.

As sustainability is at the core of the Paris 2024 project, a bespoke **Food Vision** has been developed to provide quality and sustainable catering.

MAIN DINING HALL

The Main Dining Hall building, also known as Cité du Cinéma, is located in the heart of the Residential Zone, close to the Transport Mall. It was built in 1933 to power the Paris metro and was later converted into film studios.

The Main Dining Hall has an approximately seating capacity of 3,500 and will be open 24 hours a day from 18 July 2024. Please note that during preopening and on the day the Olympic Village closes services may be reduced. Operational hours will be communicated later.

The Main Dining Hall will feature seven food stations which will serve food from around the world. To facilitate the flow, all stations will serve diverse, high-demand products including French, international, and halal food.

A menu, rotated on an eight-day cycle, will provide a wide range of meal choices, and will cater to all nutritional and dietary requirements, taking into consideration nutritional, vegetarian, cultural and religious requirements.

NUTRITIONAL INFORMATION AND SANITARY MEASURES

Menus will contain allergy information and nutritional values in French and English. Staff will be available at the Main Dining Hall Nutritional desk to provide advice regarding dietary options and additional information regarding the nutritional breakdown of the food on offer.

Any residents unable to eat at the dining halls due to injury or illness may have food collected from the Main Dining Hall by an NOC team member.

ALTERNATIVE DINING OPTIONS**Island Dining Hall**

A dining space will be available on Île-Saint-Denis, providing food and beverage services (such as a salad bar or outdoor grill) for residents with Knife & Fork dining privileges. This Dining Hall will be open from 6:00 until 01:00.

Grab & Go Stations

Six Grab & Go stations will be strategically located around the Residential Zone, offering residents with Knife & Fork dining privileges a variety of pastries, sandwiches, burgers, snacks, and hot/cold drinks to take away and as an alternative dining option to the Dining Halls.

The offer may vary according to the time of day and availability of items.

Village Plaza Café

There will be a Village Plaza Café in the Village Plaza which will offer paid services (VISA or cash) for both residents and visitors (e.g. media and guests). It will be open from 09:00 to 21:00 from 18 July 2024 and will serve hot/cold sandwiches, salads, hot dishes, pastries, fruit salads, snacks, and hot/cold drinks. A salad bar will allow customers to make their own salads and a barista service will also be available.

A click & collect system will be available at the entrance to the café. There will also be indoor and outdoor seating and customers will be able to eat in or take away.

Athletes' and Team Officials' Dining Privileges

At the dining halls, volunteers will check accreditation for Knife & Fork dining privileges. Athletes, Chefs de Mission, Primary Team Officials and NOC Presidents and Secretaries General will have Knife & Fork dining privileges on their OIAC and will therefore have unlimited access to all Village food and beverage services at the Main Dining Hall, Island Dining Hall, and Grab & Go stations.

“Ao” Additional Team Officials, “Ap” alternate athletes, “Ac” Olympic Attachés, and “NOC” Village administration personnel may purchase Knife & Fork dining privileges to be added to their Pre-Valid Card. The cost of Knife & Fork dining privileges is €1400 and the meal voucher costs €35 (excluding taxes).

Athlete Venue Meal

If an athlete spends more than four hours outside the Olympic Villages, and according to the specific needs of the sports, they may order Athlete Venue Meals (AVMs) and Enhanced Athlete Venue Meal (Enhanced AVMs).

AVMs must be ordered 48 hours in advance via an online form which will be available at Games Time. More information will be provided later.

Meals will be made available in the athletes' Lounges of the respective competition venues. AVMs will be a pre-packed cold lunch box or salad box, with protein, carbohydrates, fat and fibres. Special diets and cultural requirements will be catered for.

Some competition venues will offer Enhanced AVMs, consisting of a hot and cold buffet in the Athletes' Lounge, with protein, carbohydrates, fat and fibre. Special diets and cultural requirements will be catered for.

→ Fitness Centre

Located in the north of the Residential Zone, the Fitness Centre is spread over two levels of the Halle Maxwell and will be open to athletes 24 hours a day from 18 July 2024. The ground floor will house a wide selection of cardio equipment and free weights, whilst the upper level will be used for stretching, warm-up and recovery. All the equipment will be provided by our Official Supporter Technogym. Male/female showers and saunas (three per gender) will also be available in the Fitness Centre. Priority will be given to combat sports for the use of these saunas.

→ Entertainment and recreation

The following areas are available to Village residents for entertainment and recreation:

- TV lounges in Resident Centres and Super Resident Centres for small groups to meet and watch coverage of the Games and commercial TV channel content.
- Village Club, designed by and for athletes and located to the south of the Main Dining Hall. This space, which faces the river Seine, is designed as a space where residents can relax and socialise.

→ Multi-faith centre

The Multi-Faith Centre will be located in the south of the Residential Zone. In collaboration with representatives of various faiths, the Multi-Faith Centre will provide a location and suitable facilities for religious practices, such as prayer and quiet meditation. Counselling for residents of the Olympic Village(s) will be available for the following faiths: Buddhism, Christianity, Hinduism, Islam and Judaism. The centre will be open from 07:00 to 23:00 from 18 July 2024, with the possibility of accessing certain rooms 24 hours a day.

→ Village Plaza

The Village Plaza, located next to the main entrance of the Olympic Village, is designed as a communication spot for athletes, team officials, guests and media.

The Village Plaza will host a variety of services for Village residents, including Samsung Athletes' Lounge, ATM, currency exchange service, general store, hair salon, merchandise store selling official Paris 2024 products, post office, Village Plaza Café.

→ Training venues

The Olympic Village has eight training venues within its security perimeter for five sports (basketball, fencing, modern pentathlon, wrestling and weightlifting). Seven of these venues are located in the existing cinema studios next to the Main Dining Hall, and they are accessible from the Village Plaza. The other training venue, Gymnase Lallement, is in the Village operational zone, next to Workforce Entry.

Access to the training area is restricted to athletes and team officials from the relevant sports.

SATELLITE OLYMPIC VILLAGES

There will be several satellite Villages located around France and the French overseas territories. These Olympic Villages will provide accommodation for athletes and team officials who need to be located close to their competition venues in Châteauroux for shooting, Lille Métropole for basketball group phase and handball finals, Marseille for sailing, and Tahiti for surfing. In addition, there will be separate accommodation for grooms (equestrian) and for football athletes and team officials.

→ Olympic Village Châteauroux

The Olympic Village Châteauroux will accommodate NOCs participating in the shooting competition and will be open from 08:00 on 19 July 2024 until 18:00 on 7 August 2024. Châteauroux is located in the centre of France, and just under two and a half hours by train from Paris. **The Village comprises two existing sites:**

- PESI (Pôle d'Enseignement Supérieur International), located in the city of Déols, 500 metres from the competition venue,
- Lycée Blaise Pascal boarding school, located in Châteauroux, seven kilometres from the competition venue.

The Olympic Village Châteauroux will offer the following facilities and services:

- Dining hall for residents
- Fitness Centre
- Security perimeter

→ Olympic Village Lille Métropole

The Olympic Village Lille Métropole is located at Villeneuve d'Ascq Stadium, 2.8 kilometres from Pierre Mauroy Stadium, the competition venue for basketball (group phase) and handball (finals phase). It is currently under construction and is due to be completed in March 2024. It will be open from 08:00 on 19 July 2024 until 18:00 on 12 August 2024.

The Olympic Village Lille Métropole will offer the following facilities and services:

- Athletes' Lounge
- Bookable meeting rooms
- Dining hall for residents
- Grab & Go station
- Fitness Centre
- Main Entry
- Security perimeter
- Recreational area, including a lounge, with video games and a large TV
- Two car parks
- Bike storage

→ Olympic Village Marseille

The Olympic Village Marseille comprises two existing hotels which are located in the city of Marseille. It will host NOCs participating in the sailing competitions and will be open from 08:00 on 20 July 2024 until 18:00 on 12 August 2024.

→ Nhow Hotel 4* located within the security perimeter of the competition venue

→ Golden Tulip Villa Massalia Hotel 4* located 2.1 kilometres from the competition venue

NOCs with one or two sailing athletes will be accommodated at the Nhow Hotel, whereas NOCs with three or more athletes will be divided between the two hotels. Rooming lists may be determined by each NOC.

Residents of the Olympic Village Marseille will have access to both hotels.

The hotels in the Olympic Village Marseille will offer the following facilities and services:

- Bookable meeting rooms
- Dining hall for residents
- Fitness Centre
- Indoor swimming pool in Nhow Hotel
- Outdoor swimming pool in Golden Tulip Villa Massalia Hotel
- Security perimeter

A shuttle service will transport Golden Tulip Villa Massalia residents to/from the competition venue from morning to evening.

→ Olympic Village Tahiti

Accommodation for NOCs will be provided on a cruise ship which will be anchored in Vairao Bay. It will be open from 08:00 on 20 July 2024 until 18:00 on 6 August 2024.

Shuttle services will be provided between the Olympic Village Tahiti and the competition venue.

The cruise ship will offer the following facilities and services:

- Athletes' Lounge
- Bookable meeting room
- Dining hall for residents
- Fitness room
- Swimming pool
- Laundry facilities
- Medical services

→ Grooms' and Veterinarians' Accommodation

The grooms' and veterinarians' accommodation will consist of two types of housing located near the Versailles venue, where the equestrian and modern pentathlon competitions will be held.

It will be open from 08:00 on 24 July 2024 until 18:00 on 7 August 2024:

- Huttopia resort for the grooms, located in proximity to the competition venue, just outside the security perimeter, 700 metres from the stables.
- Ibis Budget Versailles Château for the veterinarians, 2.5 kilometres from Huttopia resort.

FOOTBALL HOTELS

Hotel accommodation has been secured in each of the football co-host cities to meet the needs of football athletes and team officials.

The list of football hotels in the co-host cities can be found below. Please note that hotels may be added to this list at a later stage.

Bordeaux	Hilton Garden Inn Bordeaux
	Mercure Château Chartrons
	Radisson Blu Bordeaux
Lyon	Marriott Cité Internationale
Marseille	Golden Tulip Euromed
Nantes	Westotel Atlantique
Nice	Radisson Blu Nice
	AC Hôtel by Marriott
Saint Étienne	La Charpinière & Hôtel du Golf
	Best Western Porte du Forez

The following services will be provided at football hotels:

- Free-of-charge Wi-Fi internet access
- Full-board catering in private team dining areas
- Access to a private team meeting room

Football teams competing in Paris will be accommodated at the Olympic Village in an area designated for football teams. No additional space will be allocated to NOCs at the Olympic Village for teams returning from football cities once they have been eliminated from competition.

2.5 TRAINING VENUES

→ Pre-Games Training

All Paris 2024 Games Preparation Centres (GPC) meet the necessary technical requirements in terms of sporting facilities and services (accommodation, catering, transport, security, etc.). Depending on the facilities and services required, Paris 2024 invites NOCs to refer to the [Pre-Games Training Camps Catalogue](#), which contains 990 approved facilities, in order to select the training venues that meet their needs.

→ Games-Time Training

Depending on the sport, athletes will train at competition venues (on the field of play, warm-up area or specific training area), at dedicated training venues, or at the Olympic Village. Maps of training venues are available in the Sport & Venues section of [NOCnet](#) (please contact your NOC if you do not have access).

→ Training Period

Paris 2024 and the IOC have agreed on training periods according to the competition schedule:

→ The athlete training period will begin at the earliest seven (7) days before the discipline's first day of competition in the relevant sport/discipline, but it may vary in accordance with the recommendations of the relevant International Federation (IF).

→ At the earliest, the training period will start on 18 July 2024, when the Olympic Village opens (the opening dates of the satellite Villages can be found in section 1.2 The Olympic Games in brief and in section 2.4 Accommodation).

→ At the latest, the training period will start on 27 July 2024, the first day of the Olympic Games.

The training period of each discipline is described in each Sport specific guide and can be found in the Sport & Venues section of [NOCnet](#) (please contact your NOC if you do not have access).

→ Access to Training Venues

Training venues will be accessible only to holders of a valid accreditation. NOCs will be granted access to one or more training venues, according to the sport code(s) printed on their accreditation.

The IOC has reviewed the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Games, but the requirements will be integrated into "P" accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and the [Paris 2024 NOC Accreditation Update](#) (published in April 2023) which are available on [NOCnet](#) (please contact your NOC if you do not have access). The maximum quota for "P" accredited personnel per venue per NOC, who are allowed access

at any given time, is currently being defined with the IFs. Information will be shared with the NOCs once quotas are confirmed.

For access to training venues within the Olympic Village (Village Training Venues Studios and Gymnase Lallement), "P" accredited persons for the relevant sports will be given an additional dedicated access code (not OLV) allowing them to access, for a given period of time and under strict control, the training venues in the Olympic Village.

OLYMPIC TRAINING VENUES MASTER PLAN

The training venues maps may be updated when necessary. The most recent maps are available on the Sport & Venues section of [NOCnet](#).

2.6 SPORT INFORMATION CENTRE

The Sport Information Centre (SIC) will be located in the Halle Maxwell in the Olympic Village. Each competition venue and satellite Village will also have a Sport Information Desk (SID) where NOCs can go for venue and sport-specific information.

Venue SIDs will work closely with the Sport Information Centre (SIC) at the Olympic Village.

A variety of services and information will be available at the SIC/SID, including:

- sport-related information, sports publications, event announcements, schedules, results, etc.
- training schedules
- transport, food and beverage services information
- weather information

A reception area and reception desks divided by groups of sports (one desk for several sports) will be available in the SIC to answer specific questions from NOC team officials.

Athletes will not be allowed to access the SIC. Only duly accredited NOC team officials will be allowed to enter the SIC.

A sewing room and Spectrum office (radio spectrum testing and tagging room) will also be available at the SIC. In the Spectrum Office, the team will examine wireless equipment to ensure that it meets the specifications outlined in the radio frequency authorisation certificate.

→ Info+

Info+ is the official Games-time intranet for the Olympic family. It will be available in all competition and non-competition venues from the day the Olympic Village opens on Thursday 18 July 2024 and will contain the following information in English (with limited content also available in French).

CONTENT	DETAILS
Background	Historical data, statistics, competition formats and rules, qualification criteria and venue descriptions
Biographies	Athlete biographies and team, coach, referee, umpire, judge and NOC profiles
Ceremonies	Details about Opening Ceremony, Closing Ceremony and medal ceremonies, including timings and participants
Games News	Flash quotes, press conference highlights, sport previews, news articles, statistic-driven reports, media communications and IOC news
Medals	Medal standings by sport, overall medal standings, and medallists by day, sport and events
Records	World and Olympic records, including current records, record holders and new/equalled records

CONTENT	DETAILS
Results	Competition results viewable by sport, date and NOC. Includes entry lists, start lists, results and additional sport-specific reports
Schedules	Competition and non-competition schedules, including press conferences, IOC activities and Cultural Olympiad

myInfo is the online version of Info+ and is available for users with an internet connection and login account (username and password) from anywhere in the world. **myInfo provides additional features not available on Info+, such as:**

- customisation (ability for users to create their own schedules by selecting only those sports and
- events of interest to them)
- news/events alerts via email
- bookmarking of results, reports and other Games information
- hyperlinking to other websites, such as those of the IOC and IFs
- downloadable results books
- copy and paste functionality

There will be no Info+ kiosk at the SIC, but NOCs will have a free access to Info+ on available laptops. In addition, NOCs will have access to the platform via individual access codes that will be provided during or following the F-DRM.

Info+ access will be available in each of the Resident and Super Resident Centres.

2.7 MEDALS AND DIPLOMAS

Medals and diplomas will be awarded in each event in accordance with the **IOC Olympic Charter** (Rule 56: Victory, Medal and Diploma Ceremonies) and the IOC Protocol Guide (Article 5.4).

First place: a gold (silver gilt) medal, a diploma, an Olympic medallist's pin and a medal box.

Second place: a silver medal, a diploma, an Olympic medallist's pin and a medal box.

Third place: a bronze medal, a diploma, an Olympic medallist's pin and a medal box.

Fourth, fifth, sixth, seventh and eighth places: a diploma.

Medal boxes, medallist pins and victory diplomas (for athletes ranked first to eighth) will be distributed in the NOC Services Centre at the Olympic Village. Satellite Village information will be confirmed later.

2.8 TRANSPORT

In partnership with the city of Paris, the French Government and local authorities, Paris 2024 will provide effective, reliable, and efficient transport services for athletes, team officials and members of the Olympic family. The transport services will consist of:

- Transport for Athletes (TA)
- Intercity travel
- Public transport (TP)
- Transport Connect (TC)

The Olympic Route Network (ORN) will consist of a network of roads linking all competition venues and main non-competition venues such as the Olympic Village, Porte Maillot Hub (Olympic Family Hotels 2 & 3 and Main Press Centre) as well as the International Broadcast Centre (IBC). This will ensure that athletes and officials are able to travel efficiently between the Olympic Village, competition venues and non-competition venues.

Olympic lanes will be a subset of the ORN, comprising lanes that can be reserved for Paris 2024 vehicles. Olympic paths will also be a subset of the ORN, comprising shared lanes that will serve Olympic destinations.

TA TRAINING AND COMPETITION SERVICES

The Transport for Athletes (TA) system will provide “bubble-to-bubble” transport services for athletes, NOC team officials (Aa, Ac, Ao and Ap), and their personal equipment, from 18 July until 13 August 2024 for competition and training.

The TA system comprises the following services:

- Arrivals and departures from/to Ports of Entry to/from the Olympic point
- Arrivals and departures to/from Ports of Entry in co-host cities to/from satellites Villages and official hotels.
- Transport between the Olympic Villages and official competition and training venues.
- Opening and Closing Ceremony services.

TA service is activated according to the discipline training and competition schedule for each venue.

TA services will vary depending on whether sports are individual sports or team sports. TA vehicles will include buses and coaches, which will be allocated according to the distance from the Olympic Village and/or depending on sport (e.g., individual or team sports).

→ Individual sports

Services for individual sports will be provided for athletes and team officials according to the competition and training schedule as well as needs of the sport/discipline.

→ Team Sports

To ensure that all team members can travel together, dedicated coach transfers will be provided for athletes and NOC team officials. Services will be provided between the Olympic Villages or football hotels and competition/training venues. Note that buses will not be allowed to stop anywhere en route to venues.

Services will start on the opening days of the Olympic Villages according to the needs of teams and the relevant sport.

Team sport bus schedules will be provided by the Sport Information Centre. The booking and change request process will be communicated at a later date.

→ Spectating Athletes

A distinction will be made between same discipline and different discipline spectating athletes. Same discipline spectating athletes will be entitled to use the TA service, except for team sports, but must give priority to competing athletes during peak times. For team sports, same discipline spectating athletes must use TC or TP.

INTERCITY TRAVEL

Transport services will be provided to athletes and team officials between official Paris 2024 accommodation and co-host cities for competition and training. Intercity transport services will be provided either by coach, train, or plane according to the distances and travel time between Paris and the co-host cities.

PUBLIC TRANSPORT

The integration of Agenda 2020+5 and the New Norm into the design of the Games transport plan opens new perspectives in encouraging the use of public transport for spectators and accredited stakeholders.

With one of the most extensive and efficient public transport systems in the world, during the Paris 2024 Games, accredited stakeholders will be able to experience travel times to some Games venues which may be significantly shorter than travelling by bus or car.

All accredited stakeholders will be entitled to free-of-charge access to public transport (TP) services within the Greater Paris area, from 15 July to 14 August 2024. A physical transport card (Navigo) will be provided during the accreditation validation process for each Games stakeholder with TP privileges.

In the Greater Paris area, most official venues can be reached by TP or TC. In addition, metro, RER stations and bus stops are within a short walking distance of the Olympic Village.

Approximate TP hours of operation are as follows:

- Buses from 07:00 – 00:30
- Metro from 05:30 – 01:00
- RER from 05:00/06:00 – 00:00/01:00
- Trams from 05:30 – 00:30

In the co-host cities, most competition venues can be reached by public transport. Bordeaux, Châteauroux, Lille, Lyon, Marseille, Nantes, Nice, and Saint-Etienne all have public transport systems that can be used free-of-charge by accredited stakeholders.

TRANSPORT CONNECT (TC)

The Transport Connect service (TC) will be dedicated to accredited stakeholders and its aim will be to complement public transport services. TC will be operational on the same dates as TP, from 15 July to 14 August 2024.

TC services will include regular shuttle and bus routes that connect transport hubs and public transit stations with venues, making it easier to reach venues than with public transport alone. The TP network will use various forms of transport (metro, bus, tram, RER trains) as well as TC lines. In some cases, TC lines could be replaced by TP if the journey is more direct and efficient.

The TC system will be available for all spectating athletes to reach competition venues. Spectating athletes can use the Transport app to plan their route.

VILLAGE MOBILITY**→ Internal Village Transport Service (IVTS)**

A shuttle service will operate in the Olympic Village from 18 July to 13 August 2024 and will include 5-seater accessible vehicles (or 3-seater + 1 wheelchair space). Shuttle stops will be fixed, and the service will be available to Village residents and guest pass holders.

For special events (such as peak arrivals/departures or on Opening and Closing Ceremony days) the shuttle service may be adapted to facilitate Village operations.

→ Village Bike Service

A free-of-charge bike service will be available in the Olympic Village for use within the Olympic Village only. Bikes will be available in specific areas and will have to be picked up and dropped off in these locations. They must be parked in dedicated bike parking spaces in the Olympic Village.

NOCs will be able to bring their own bikes to the Olympic Village. The number allowed and the use of NOC own bikes will also be subject to a usage agreement, which will be made available later.

TRANSPORT DESK

A Transport desk will be available in the NOC Services Centre at the Olympic Village, providing information on TA and other transportation systems.

Team sport bus schedules will be provided at the Transport desk in the Sport Information Centre, which is located in the same building as the NOC Services Centre (Halle Maxwell).

Transport desks will also be available at the satellite Villages.

TRANSPORT APP

Paris 2024 will launch a dedicated Games-time Transport app for all accredited stakeholders. This will be different to the Île-de-France Mobilités (IDFM) transport app for public transport.

The main functionalities will include:

- Journey planner to calculate the best itineraries according to user preferences.
- Multimodal app suggesting itineraries that use both public transport services (TP) and Paris 2024 transport services (each accredited stakeholder will only see the Paris 2024 transport services that they are entitled to).
- Real-time travel information (travel time updates, next departures, and alerts).

The app will be available to download from the Android Play Store and Apple App Store, and will be available in French, English, Spanish.

2.9 LOGISTICS

CUSTOMS AND FREIGHT

For information regarding customs policies, procedures and contact details, please refer to *the Paris 2024 Customs & Freight Guide*, which is available on the Logistics section of [NOCnet](#).

The guide contains detailed information regarding customs regulations in force, procedures to follow when importing and exporting goods, as well as all types of goods subject to restrictions or specific procedures: live animals, food products and foodstuffs, firearms and ammunition, medicines, narcotics, and psychotropic drugs used for human consumption, medicinal products for veterinary use, wooden packaging, and pallets.

In order to improve the customer experience at the various Ports of Entry (POE), NOCs will have access to an online customs declaration platform for travellers with accompanying baggage. This tool aims to facilitate and streamline customs clearance for NOCs.

Regarding “oversized baggage” (bikes, vaulting poles, etc.), each NOC must designate:

- An individual responsible for all oversized baggage belonging to the NOC, arriving at the same time at the POE.
- Several people, per type of oversized baggage (e.g., bikes, canoes, vaulting poles, etc.), arriving separately at the POE.

The designated NOC representatives are responsible for:

- Customs declarations on behalf of the NOC, using the online customs declaration platform.
- Management at the POE.
- Being available to customs authorities in the event of an inspection.

NOCs should be aware that completing a customs declaration implies personal legal liability, even if the person does not own the goods.

FREIGHT FORWARDER

NOCs are responsible for organising their own freight and express shipments, as well as covering all freight forwarding charges and associated costs on arrival in France as well as the return of freight to the point of origin (except horses).

The CMA CGM group has been appointed as the official freight forwarder for the Paris 2024 Olympic Games. The CMA CGM group will be able to handle customs clearance, international freight operations and transportation, as well as the reception of goods in France.

For more information or assistance regarding CMA CGM services, please contact commercial.paris2024@cevalogistics.com.

The sailing competition will take place in Marseille, and canoe kayak and rowing will take place at Vaires-sur-Marne. NOCs are responsible for organising the international transportation of boats for these sports, as well as customs formalities. NOCs may enlist the services of Paris 2024's official freight forwarder for this purpose.

ATHLETE BAGGAGE AND SPORT EQUIPMENT

Athlete baggage and sport equipment refers to the goods accompanying athletes and NOC team officials.

Baggage loaded onto logistics vehicles will be transported from the various Ports of Entry and arrival points within the Paris region, co-host cities and Tahiti to the relevant Village.

When athletes' sport equipment arrives on French territory or in French Polynesia, the final storage site will determine the types of transfers and movements during the Games.

Three main categories of movements have been identified for first-time arrivals:

- From Port of Entry or arrival point (airport or train station) to the Olympic Village, the satellite Villages and the football hotels in the co-host cities.
- From Port of Entry or arrival point (airport or train station) to competition venues.
- From Port of Entry or arrival point (airport or train station) to official training venues.

At airports, athletes' sport equipment (including oversized sport equipment) will be collected and transported to competition or training venues.

Sport equipment will be stored in one of the following locations:

- Village Residential Zone or training venues
- Competition venues for boats (canoe, rowing, sailing), firearms and ammunition
- Training venues for vaulting poles

SPORT EQUIPMENT INTER-VENUE TRANSPORT

A free-of-charge inter-venue transfer service will be available during the Olympic Games for oversized athletes' sport equipment.

- Transfers will be organised from the Olympic Village to competition and/or training venues, if different, according to the competition schedule. Equipment transfers can be requested at the Logistics desk in the Halle Maxwell.
- A drop-off and pick-up area for this equipment has been identified at the Olympic Village.
- Athletes or team officials will be able to drop off and pick up oversized equipment at this area and send it to or from the competition or training venue.

2.10 TICKETING AND ACCREDITED SEATING**GAMES-TIME TICKET SALES**

At Games time, available tickets may only be purchased through the [CTP](#).

COMPLIMENTARY SPORT TICKETS

Athletes and officials may access the athletes' stand during competition for their own discipline(s) without a ticket, upon presentation of their Olympic Identity and Accreditation Card (OIAC).

To enhance the athlete experience, Paris 2024 will offer Different Discipline Athlete (DDA) tickets. The DDA ticketing programme allows athletes to attend competitions of disciplines other than their own free of charge.

DDA tickets and dedicated seating areas have been reserved at most competition venues. DDA ticket holders are encouraged to use TP or TC transport services. Information and other rules will be communicated to NOCs at a later date.

2.11 MEDICAL SERVICES

Public health services, including disease surveillance, communicable disease control, food and water quality control and air quality monitoring will be in place throughout France during the Games.

There are no vaccination requirements for entering France, except in Tahiti, where a yellow fever vaccination will be required for people coming directly from endemic areas. However, all NOC representatives are advised to consult their local physician prior to travelling to France to ensure up-to-date vaccinations for all Vaccine-Preventable Diseases according to pre-travel advice.

A basic summary of medical services at the Games is given below. Full details will be provided in the Healthcare Guide which will be distributed to NOCs by Paris 2024 in December 2023.

OLYMPIC VILLAGE POLYCLINIC

The three-storey Danhier Institute, which was renovated in 2021, is a podiatrist, physiotherapy, and osteopathy school of 3,262 m². The institute, which is located in the south-east of the Olympic Village, will be the Polyclinic for the Paris 2024 Olympic Games. All the necessary medical services will be provided to athletes and NOC teams officials from 18 July to 13 August 2024. During the pre-opening phase and the transition phase, a reduced service will be available.

Polyclinic services will include:

- Emergency services
- Imaging, with two MRIs, X-ray, and ultrasound
- Laboratory services
- Mental health department
- Pharmacy
- Physical therapy, including cryotherapy (icing and ice bath)
- Specialised consultation (such as cardiology or podiatry):
- Orthopaedics and Sports Medicine
- Internal medicine (primary care and sports medicine for illness)
- Gynaecology (sports medicine for female athletes)
- Ophthalmology
- Dentistry
- Supply of orthopaedic products (orthotic devices & insoles)

Medical services will generally be offered during predetermined operational hours, but emergency services will be available 24 hours a day.

MEDICAL SERVICES AT SATELLITE OLYMPIC VILLAGES

The medical services at satellite Villages will be available as follows:

SATELLITE VILLAGE	DATES OF OPERATION	PRIMARY CARE	PHYSICAL THERAPY
Châteauroux	19 July - 7 August 2024	24 hours a day (at competition venue during the day and Village at night)	Daytime services
Lille Métropole	19 July - 12 August 2024	24 hours a day	Daytime services
Marseille	20 July - 12 August 2024	24 hours a day (at competition venue during the day and Village at night)	Daytime services
Tahiti	20 July - 6 August 2024	24 hours a day (at competition venue during the day and Village at night)	To be confirmed

NOC DOCTORS

NOC team doctors must register in advance with Paris 2024 to provide medical services to members of their delegation during the Games. Registration will be free of charge and will be open from the Chefs de Mission Seminar until 24 March 2024.

NOC team doctors will be able to request (services provided at the Polyclinic in the main Village, and available outside for the satellite villages):

- Pharmacy prescriptions for medications that are included in the Pharmacy
- Imaging (MRI, X-rays, ultrasound)
- Specialist consultations
- Laboratory testing
- Dental care
- Physiotherapy

In cases where it is necessary for an NOC delegate to be transferred to a hospital, an NOC doctor will be able to accompany the patient (if there is enough room in the ambulance) and discuss medical care with hospital staff. The clinical responsibility, however, remains with the admitting physician and will only revert to the NOC doctor upon the patient's discharge from hospital.

MEDICAL SERVICES AT VENUES

→ Athlete Medical Services at Venues

At least one dedicated athlete medical station will be available at all competition and training venues. Each medical station will provide medical services as previously defined with the IFs and the IOC and adapted to the discipline. A medical team (such as first aid, emergency care, sports medicine to athletes) will also be on the FOP and warm-up.

This medical station will also receive team officials and technical officials.

At most venues there will be an ambulance on site for the evacuation of athletes if needed. If not directly on site, ambulances will be available nearby.

→ Field-of-Play Response

Field-of-Play (FOP) teams will provide first aid and emergency care to athletes and team officials on the FOP should such services be required. If necessary, the patient will be taken from the FOP and transported to the athlete medical station, Olympic Village Polyclinic, or a designated Games hospital as appropriate. The order of response on the FOP and any decision-making will differ according to the sport and the rules of the respective IF.

→ Spectator Medical Services

All official Paris 2024 competition venues will have at least one spectator medical station that will provide first aid and emergency medical services to all other client groups, including spectators, workforce, media, sponsors, volunteers, contractors, VIPs and Olympic family. There will also be first responders circulating throughout venues to respond to any medical situation that occurs.

DESIGNATED GAMES HOSPITALS

If the necessary medical services cannot be provided at the Olympic Village Polyclinic or at the venue medical station, the athlete or team official will be transferred to designated Games hospitals in Paris or the co-host city. Details of Designated Games hospitals will be released at a later date.

Any patient suffering from a life-threatening condition at any of the venue zones will be taken to the nearest hospital.

The following public hospital has been designated as the official hospital for athletes and NOC team officials during the Paris 2024 Olympic Games:

GHU AP-HP Nord-Université Paris Cité
(site hospitalier Bichat – Claude Bernard)
46 rue Henri Huchard, 75018 Paris.

In co-host cities, the designated hospitals are the following:

SATELLITE OLV	HOSPITAL*
Châteauroux	Centre hospitalier de Châteauroux 216 avenue de Verdun, 36000 Châteauroux

2.12 ANTI-DOPING

ANTI-DOPING PROGRAMME

The International Testing Agency (ITA) is an independent organisation to which the IOC has delegated certain responsibilities including the management of the Doping Control programme for the Paris 2024 Olympic Games. As such, the ITA is responsible for leading the Anti-Doping programme and ensuring not only the independence but also the transparency of the programme during the Games. This is in accordance with IOC Anti-Doping Rules (IOC ADR) and the World Anti-Doping Code (WADC).

The number and timing of tests, analyses and athletes to be tested are determined in accordance with the risk assessment and test distribution plan (TDP) which are developed by the ITA in accordance with the delegation from the IOC.

Led by the International Testing Agency (ITA), the Paris 2024 Anti-Doping programme will help ensure the integrity of sport whilst protecting the rights and health of athletes.

The Paris 2024 Anti-Doping programme will include the following:

- Recruiting Doping Control Station Managers, Chaperone Coordinators, Doping Control Officers (DCOs) as well as qualified Blood Collection Officers in France and from abroad.
- Sharing relevant information with partners including the World Anti-Doping Agency (WADA), International Federations (IFs), National Anti-Doping Organisations (NADOs) and law enforcement agencies.

- Testing at any location and at any time, without prior notice, from the opening of the Olympic Village (18 July 2024) until the Closing Ceremony (11 August 2024).
- Collecting urine and/or blood samples.
- Doping control at any location including, but not limited to, Doping Control Stations at competition venues, training venues, the Olympic Villages, or other athlete accommodation.
- Sample analysis at the WADA-accredited laboratory for the Paris 2024 Games.
- Results management.

Further information regarding the Paris 2024 Anti-Doping programme will be set out in the Anti-Doping Guide which will be published by the ITA.

In addition to the guide, the IOC has published its Anti-Doping Rules. During the Olympic Games, the IOC Anti-Doping Rules (IOC ADR) will apply. These rules will be accompanied by the WADA 2024 Prohibited List and procedures for athlete whereabouts and Therapeutic Use Exemptions (TUEs).

Paris 2024 encourages each NOC to raise awareness of the fight against doping among its athletes, support staff (such as coaches) and all medical personnel, with the help of their NADO, Regional Anti-Doping Organisation (RADO) and/or their National and/or International Federations.

Each NOC should provide these individuals/organisations with the following:

- Anti-Doping rules and procedures that will be implemented during the Olympic Games
- 2024 WADA Prohibited List
- Athletes' rights and responsibilities
- Risks associated with the use of supplements
- Whereabouts requirements
- Current International Standard for Therapeutic Use Exemptions (ISTUE)
- Basic Anti-Doping principles with the aim of preserving the values of Olympism and sport

As a reminder, all NOC doctors participating in the Games will be required to complete the WADA Sports Physicians' Tool Kit, <https://adel.wada-ama.org/learn/course/external/view/elearning/19/adel-for-medical-professionals-at-major-games-english>) and adhere to the Olympic Movement Medical Code.

More information on the antidoping programme at the Olympic Games is available in the Chefs de Mission manual and can be found on [NOCNet](#) (please contact your NOC if you do not have access).

GAMES-TIME OPERATIONS

Athletes may be required to provide a sample at any time and location. For the entire period of the Olympic Games, all competing athletes are required to provide complete information about their accommodation.

In principle, doping control is carried out at competition venues or at the Olympic Villages. After undergoing doping control tests at competition venues, athletes and officials can use the usual TA services to return to the Olympic Villages. Outside of TA hours of operation, Paris 2024 will ensure that transport is available for athletes (and officials) who have undergone doping control to return to the Olympic Villages.

THERAPEUTIC USE EXEMPTIONS (TUE)

Athletes competing at the Olympic Games will be required to present a TUE certificate authorising their use of substances included on the Prohibited List for therapeutic purposes. A TUE will be granted and recognised in accordance with the IOC Anti-Doping Rules upon presentation of a valid medical certificate.

Further details are available in the *Chefs de Mission Guide* and will be available in the *Doping Control Guidebook* scheduled for publication closer to the Games.

3.1 PARIS ORGANISING COMMITTEE OF THE OLYMPIC AND PARALYMPIC GAMES (PARIS 2024)

Paris won the right to stage the Games of the XXXIII Olympiad on 13 September 2017. The Paris Organising Committee of the Olympic and Paralympic Games (Paris 2024) is a private, not-for-profit sports association that was established in January 2018. It is chaired by Tony Estanguet (three-time Olympic champion and IOC member). It is run by a Board of Directors, which brings together all the project's founding members, namely the CNOSF (French Olympic and Sports Committee), Paris City Council, the French State, the Greater Paris regional authorities, CPSF (French Paralympic and Sports Committee), the Greater Paris Metropolitan Area, Seine-Saint-Denis departmental council and representatives from the towns and cities involved in the Games.

Paris 2024 was assigned its mission by the International Olympic Committee (IOC) and International Paralympic Committee (IPC) and must follow their guidance, the Host City Contract, the Olympic Charter, the IPC Handbook, World Anti-Doping Agency (WADA) regulations and French law.

Paris 2024 works in cooperation with Olympic and Paralympic Worldwide Partners, Premium Partners, Official Partners and Official Supporters.

3.2 INTERNATIONAL OLYMPIC COMMITTEE (IOC)

The International Olympic Committee was created on 23 June 1894. Less than two years later, on 6 April 1896, the first Olympic Games of the modern era opened in Athens, and the Olympic Movement has not stopped growing ever since. The Olympic Movement encompasses organisations, athletes and other persons who agree to be guided by the principles of the Olympic Charter. The goal of the Olympic Movement is to contribute to building a peaceful and better world by educating youth through sport practised without discrimination of any kind, in a spirit of friendship, solidarity and fair play.

Closing of the Olympic Village

ARTISTIC SWIMMING COMPETITION

The artistic swimming competition at the Paris 2024 Olympic Games will be held from Monday 5 August to Saturday 10 August at the Aquatics Centre in Saint-Denis. The competition will consist of two (2) medal events, one duet comprising two (2) performances and one team event comprising three (3) performances:

The duet event consists of a free routine and a technical routine, the team event consists of a free routine, a technical routine and an acrobatic routine. The total from all events and not a single event decides the medal allocation, for duet and team events. A team is made of eight (8) athletes.

A total of 96 athletes may take part in the artistic swimming competition. For the first time in history, up to 20 men in total may take part in the team artistic swimming competition at the Paris 2024 Olympic Games with a maximum of two (2) men per team, only for team events. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The artistic swimming competition consists of two (2) events: the duets and the teams, and five (5) routines in total.

A summary of the competition schedule for the duet and team events is given below. For the detailed table, see “Competition schedule” below.

The artistic swimming competition will open with the team competition on Monday 5 August 2024 with the technical routine. It will continue on Tuesday 6 August 2024 with the free routine, and close on Wednesday 7 August with the acrobatic routine and the victory ceremony.

The duet events will open on Friday 9 August 2024 with the technical routine and will close on Saturday 10 August 2024 with the free routine and the victory ceremony.

→ Team

The team event consists of three (3) routines: a technical routine, a free routine and an acrobatic routine. Each team is composed of eight (8) athletes, limited to a maximum of two (2) male athletes.

The start order for the technical routine shall be determined by a draw conducted at the Team Leaders’ meeting with World Aquatics a few days before the first day of the competition.

The start order for the free routine shall be determined after the technical routine and the start order for the acrobatic routine shall be determined after the free routine.

Once the results from the technical routine are known and all protests have been resolved, a meeting with the team leaders/coaches of all the teams will be organised to draw the teams start order for the free routine according to the following rules:

- Teams ranked 1st to 5th after the technical routine draw for the last five (5) positions.
- Teams ranked 6th to 10th draw for the first five (5) positions.
- If two (2) teams or more are tied (unbreakable tie) for any position in a group, there will be another draw to decide who will draw first.
- If two (2) teams or more are tied (unbreakable tie) for the 5th place, they will all be put in the group that will draw the last positions.

This process will also apply after the second routine, meaning the free routine for the acrobatic routine.

The total scores for the team event determining the medallists will be calculated by adding the points scored in the technical routine to the points scored in the free routine and the acrobatic routine.

→ Duets

The duet event will consist of one phase made of two (2) routines, the free routine and the technical routine.

The start order of the technical routine will be determined by draws conducted at the Technical Meeting with World Aquatics a few days before the first day of the competition.

The results are the sum of points acquired in the free routine and points acquired in the technical routine.

Once the results of the technical routine are known and all protests have been resolved, a meeting with the team leaders/coaches of all the teams will be organised. Duets will draw their starting order for the free routine according to the following rules:

- Duets ranked 1st to 9th after the technical routine draw for the last nine (9) position.
- Duets ranked 10th to 18th draw for the first nine (9) positions.
- If two (2) duets or more are tied (unbreakable tie) for any position in a group, there will be another draw to decide who will draw first for the start order.
- If two (2) duets or more are tied (unbreakable tie) for the 9th place, they will all be put in the group that will draw the last positions.

When drawing for the last position, World Aquatics may decide to set it up into three (3) groups of six (6), instead of two (2) groups of nine (9).

The same logic as above will apply in this situation.

RULES

The artistic swimming competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Aquatics regulations applicable to artistic swimming:**
<https://www.worldaquatics.com/artistic-swimming/rules>
- **IOC Olympic Charter** available on the website
<https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Aquatics will be responsible for the control and direction of the artistic swimming competition at the Paris 2024 Olympic Games.

→ Scoring

All duets and teams will need to present a Coach Card, which will define all the elements that will be performed in each routine.

Two (2) panels of five (5) judges must officiate in all routines: one for elements and one for artistic impression.

Two (2) groups of three (3) Technical Controllers must officiate in all routines: one group to check the number, order of performance and predeclared difficulty of the free elements (hybrids and acrobatics), and the performance and predeclared order of technical required elements (technical routines), and one group to register the number and type of synchronisation errors observed.

There will be one (1) Difficulty Technical Controller (DTC) and two (2) Difficulty Assistant Technical Controllers (DATC). The purpose of the role is to verify all of the technical required elements (technical routines), and the Free Elements (hybrids and acrobatics) performed in real time as they

occur in a routine. They are also responsible for the identification of any “technical errors”, which are differences in what is declared on the coach card to what is performed in the water OR an error in a technical required element (technical routines). The Difficulty Technical Controller will have communication to the Referee.

There will be three (3) Synchronisation Technical Controllers (STC) who will record the number of synchronisation errors (unequal actions) they observe during the performance of a routine. They will be seated on deck with a clear view of the pool.

In all routines each judge shall award scores from 0-10 points each. Elements panel judges shall award one (1) score for the execution of each element (free and technical required). Artistic Impression panel judges shall award three (3) scores, one (1) score for choreography and musicality, one (1) score for performance and one (1) score for transitions. Difficulty Technical Controllers check the predeclared difficulty on the submitted coach card.

→ Clothing and equipment

Clothing and equipment used by swimmers participating in the artistic swimming competition must comply with the following documents:

→ **World Aquatics regulations applicable to artistic swimming:**

<https://www.worldaquatics.com/artistic-swimming/rules>

→ **IOC Olympic Charter (available on the website**

<https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [aquatics-specific guidelines](#).

SWA05	19:30 – 22:00	02:30	Duet Free Routine Duet Victory Ceremony

COMPETITION VENUE

→ Aquatics Centre (AQC)

Avenue du Président Wilson - 93200 Saint Denis

The Aquatics Centre is one of the only two permanent sports facilities to be built for the Paris 2024 Games, along with the Le Bourget Climbing Wall. It has a twofold aim: addressing the needs of the inhabitants of Seine-Saint-Denis, an area with a shortage of swimming pools, and the needs of the French swimming community, which will now have a facility equal to its potential and its ambitions to train the greatest French swimmers and host the biggest national and international competitions. The Aquatics Centre will be built in Saint-Denis, less than two kilometres from the Olympic Village and opposite the Stade de France, both facilities being connected by a footbridge spanning the A1 motorway. The Aquatics Centre has been designed to be low-carbon and all the building materials will be bio-based. It will lead the way in environmental and energy performance thanks in particular to its 5,000 sq m roof covered with photovoltaic panels. After the Games, the Aquatics Centre, which has the advantage of being able to adapt to different types of practices (learning, leisure, competition), will become a vast multi-sports facility, including a fitness area, a climbing wall, a paddle tennis section and pitches for team sports.

The Aquatics Centre will have a gross capacity of 5,317 spectators.

During the Olympic Games, the facilities will also be configured to host the water polo and diving competitions.

→ Field of play

The routines will be performed in one (1) competition pool 3 metres in depth, 30 metres in length and 25 metres in width (30 x 25 x 3m).

The events will take place on a minimum area of 12 metres by 30 metres, within an area of which 12 metres by 12 metres must have a minimum depth of 3.0 metres. The depth of the remaining area shall be 2.5 metres minimum. The slope from 3 metres in depth to 2.5 metres in depth shall cover a minimum distance of 8 metres.

A temporary warm-up pool 3 metres in depth, 30 metres in length and 25 metres in width will also be available (30x 25 x 3m).

All of the sports facilities in the field of play and the warm-up pool will comply with World Aquatics regulations.

→ Facilities

- changing rooms (separate showers and toilets for men and women)
- lounge for athletes
- athlete preparation area
- Internet access
- mixed zone where accredited media interview athletes after competition
- press conference room
- sport information desk
- medical facilities
- doping control station

ARTISTIC SWIMMING TRAINING

→ General information

Training for the artistic swimming competition will be held at the Colombes Olympique Municipal Pool, and at the competition venue. Both venues have a 50m pool.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Colombes Olympique Municipal Pool	Rue Paul-Bert 92700 Colombes	11km // 17 min	27/07 to 10/08
Aquatics Centre	Avenue du Président Wilson 93200 Saint Denis	3.5km // 10min	04/08 to 10/08

Training in the Colombes Olympique Municipal Pool will be open from 8:30 to 18:00.

Training at the competition venue, the Aquatics Centre, will be open as follows:

- Sunday 4 August: from 7:00 to 12:00 for all artistic swimming athletes
- From Monday 5 August, the training schedule is to be confirmed.

Note that times may change according to training days.

Training slot allocation with and without music and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

All training equipment will be approved by World Aquatics and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Facilities for athlete training will be identical to that used during the competitions.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the location of the training pool and the limited time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

Closing of the Olympic Village

DIVING COMPETITION

The diving competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 10 August 2024 at the Aquatics Centre in Saint-Denis. This competition will consist of the following eight (8) events:

→ Medal Events

Total number of medal events: 8

MEN (4)

- 10m Platform
- Synchronised 10m Platform
- 3m Springboard
- Synchronised 3m Springboard

WOMEN (4)

- 10m Platform
- Synchronised 10m Platform
- 3m Springboard
- Synchronised 3m Springboard

A total of 136 athletes, 68 men and 68 women, may take part in the diving competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The diving competition will begin with the four (4) synchronised events and end with the four (4) individual events.

→ Synchronised events

The synchronised diving events involve two (2) athletes diving simultaneously from the 3m springboard or 10m platform, eight (8) teams being represented in total per competition event.

Each synchronised diving event will consist of a final phase that will determine the awarding of medals. Each men's event will consist of six (6) rounds of dives, while each women's event will consist of five (5) rounds of dives.

The order of diving shall be determined by a draw conducted at the Technical Meeting, a few days before the first day of the diving competition.

→ Individual events

The women's and men's individual events will involve a 3m springboard event and a 10m platform event.

Each of the four (4) events will consist of three (3) phases: a preliminary phase, a semifinal and a final. Each phase in the men's events will consist of six (6) dives, while each phase in the women's events will consist of five (5) dives.

The order of diving for the preliminary phase shall be determined by a draw conducted at the Technical Meeting, a few days before the first day of the diving competition.

The order of diving for the semifinal will be the reverse order of the preliminary phase rankings. The 18 athletes with the highest scores in the preliminary phase, including any athletes tied for the last qualifying position, will progress to the semifinal.

The order of diving for the final will be the reverse order of the semifinal rankings. The 12 athletes with the highest scores in the semifinal phase, including any athletes tied for the last qualifying position, will progress to the final.

A summary of the competition is given below. For the detailed table, see "Competition schedule" below.

The competition will begin with the synchronised events, starting with the women's synchronised 3m springboard event on Saturday 27 July, followed by the men's synchronised 10m springboard on Monday 29 July, the women's synchronised 10m springboard on Wednesday 31 July and lastly the men's synchronised 3m springboard on Friday 2 August. Each event will be followed by a victory ceremony.

The individual events will begin on Monday 5 August with the preliminary rounds, followed by the women's 10m platform semifinal, with the final and medal ceremony taking place on Tuesday 6 August in the afternoon.

The men's individual 3m springboard preliminary rounds will be held on the morning of Tuesday 6 August, while the semifinal will be held on Wednesday 7 August, and the final and victory ceremony on Thursday 8 August.

The women's 3m springboard competition will start on Wednesday 7 August with the preliminary rounds, followed by the semifinal on Thursday 8 August and the final and victory ceremony on Friday 9 August.

The diving competition will end with the men's individual 10m platform preliminary rounds on Friday 9 August, and the semifinal and final taking place on Saturday 10 August, followed by a victory ceremony.

RULES

The diving competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Aquatics Diving Rules** <https://www.worldaquatics.com/diving/rules>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Aquatics will be responsible for the control and direction of the diving competition at the Paris 2024 Olympic Games.

→ Scoring

SYNCHRONISED EVENTS

A panel of 11 judges, divided into two (2) groups, will score each dive. The first two (2) dives will be assigned a degree of difficulty of 2.0, regardless of the dive.

The first group is composed of three (3) judges assessing the execution for one (1) diver and three (3) other judges assessing the execution for the other diver. The second group is composed of five (5) judges assessing the two (2) divers' synchronisation.

The highest and lowest scores of each sub-group of judges in the first group will be discarded. The scores of the remaining five (5) judges will be added to the score of the first group and then multiplied by the degree of difficulty to give the total score for each dive.

The final score is calculated by adding the scores for each dive. This score will determine the awarding of medals from 1st place with the gold medal to 2nd place with the silver medal and 3rd place with the bronze medal for each of the synchronised diving events.

INDIVIDUAL EVENTS

A panel of seven (7) judges will score each dive. In the preliminary phase there will be two (2) panels: the first panel will judge the first three (3) rounds of dives, and the second panel will judge the remaining dives. In the subsequent competition phases, only neutral judges whose NOCs are not represented in the semifinals or finals will be allowed to judge in these phases.

The two (2) highest and the two (2) lowest scores of the four (4) judges for each dive will be discarded. The scores of the remaining three (3) judges will be added and multiplied by the degree of difficulty to give the total score for each dive.

Each athlete's score for an event is the sum of each dive performed in that phase: no scores are carried over from one phase to the next. There is no limit to the degree of difficulty in individual events.

The final score is calculated by adding the scores for each dive in the final event. This score will determine the awarding of medals from 1st place with the gold medal to 2nd place with the silver medal and 3rd place with the bronze medal for each of the individual diving events.

→ Clothing and equipment

Clothing and equipment used by athletes must comply with the following documents:

- **World Aquatics Diving Rules** <https://www.worldaquatics.com/diving/rules>
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [aquatics-specific guidelines](#).

COMPETITION VENUE

→ Aquatics Centre (AQC)

Avenue du Président Wilson -93200 Saint Denis.

The Aquatics Centre is one of the only two permanent sports facilities to be built for the Paris 2024 Games, along with the Le Bourget Climbing Wall. It has a twofold aim: addressing the needs of the inhabitants of Seine-Saint-Denis, an area with a shortage of swimming pools, and the needs of the French swimming community, which will now have a facility equal to its potential and its ambitions to train the greatest French swimmers and host the biggest national and international competitions. The Aquatics Centre will be built in Saint-Denis, less than two kilometres from the Olympic Village and opposite the Stade de France, both facilities being connected by a footbridge spanning the A1 motorway. The Aquatics Centre has been designed to be low-carbon and all the building materials will be bio-based. It will lead the way in environmental and energy performance thanks in particular to its 5,000 sq m roof covered with photovoltaic panels. After the Games, the Aquatics Centre, which has the advantage of being able to adapt to different types of practices (learning, leisure, competition), will become a vast multi-sports facility, including a fitness area, a climbing wall, a paddle tennis section and pitches for team sports.

The Aquatics Centre will have a gross capacity of 5,317 spectators.

During the Olympic Games, the facilities will also be configured to host the water polo and artistic swimming competitions.

→ Field of play

The Aquatics Centre will contain one (1) competition pool 50 metres in length and 25 metres in width with a depth of three (3) metres: 50m x 25m x 3m, with a three (3)-metre springboard and a ten (10)-metre platform.

The diving competition will be held in a 20m x 25m field of play with a 5m depth.

A 350sqm dry-land warm-up space will also be available.

All of the sports facilities in the field of play and the warm-up space will comply with World Aquatics regulations.

→ Facilities

- changing rooms and showers (separate men's/women's)
- athletes' lounge
- athlete preparation area
- catering services
- Internet access
- equipment storage room
- mixed zone where accredited media interview athletes after competition
- press conference room
- sport information desk
- medical facilities
- doping control station

DIVING TRAINING

→ General information

Training for the diving competition will take place from 20 July to 10 August at the competition venue, the Aquatics Centre in Saint-Denis, in a 20x25m pool with a 5m depth.

Training at the competition venue will be open as follows:

- From 20 July to 26 July: from 8:00 to 12:00 and from 14:00 to 20:00
- From 27 July to 3 August: from 7:00 to 10:00 or from 7:00 to 10:30, every other day from 12:30 to 13:30 or from 13:30 to 14:30, every other day from 17:00 to 18:00 or from 18:00 to 19:00, every other day
- On 4 August: from 7:00 to 13:00 and from 17:00 to 18:00
- From 5 August to 10 August: 7:00 to 9:30 (except on Monday 5 August, end at 9:15), from 12:00 to 14:30 and from 17:00 to 19:00 (except on Thursday 8 August, from 17:30 to 21:30)

Note that times may change according to training days and the running of competitions in other disciplines (water polo and artistic swimming).

There will be no training on the afternoon of the Opening Ceremony, on 26 July. The training end time indicated for that day will be confirmed later.

Training slot allocation and booking conditions are yet to be determined.

All training equipment will be approved by World Aquatics and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Equipment for athlete training will be the same as used during the competitions.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs over the summer once the quotas have been confirmed.

→ Training venue service level

Given the location of the training venue and the limited time spent there by athletes at the training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

MARATHON SWIMMING COMPETITION

The marathon swimming competition at the Paris 2024 Olympic Games will be held on Thursday 8 August and Friday 9 August at the Pont Alexandre III venue in Paris. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 10km (individual)

WOMEN (1)

→ 10km (individual)

A minimum of 44 athletes, 22 men and 22 women, may take part in the marathon swimming competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The marathon swimming competition will be held in a similar format for the women's 10km individual event and the men's 10km individual event: a single race to determine the awarding of medals.

The course will be identical for both races: a 1,666m loop on the River Seine between Pont Alexandre III (start/finish) and Pont de l'Alma – this loop will be completed six (6) times to reach the regulatory total of 10km.

The women's 10km race will be held on Thursday 8 August and the men's on Friday 9 August. Both races will start at 07:30 from Pont Alexandre III.

RULES

The marathon swimming competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **World Aquatics regulations applicable to marathon swimming:**

<https://www.worldaquatics.com/open-water/rules>.

→ **IOC Olympic Charter** available on the website

<https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Aquatics will be responsible for the control and direction of the marathon swimming competition at the Paris 2024 Olympic Games.

→ Ranking

The ranking is determined based on the finish order of swimmers at the end of the race. The final ranking is determined by the Chief Referee based on the finish judges' report and the video images.

Medals are awarded as follows: the swimmer ranked first will be awarded the gold medal, the swimmer ranked second the silver medal, and the swimmer ranked third the bronze medal.

→ Clothing and equipment

Clothing and equipment used by swimmers participating in the competition must comply with the following documents:

→ **World Aquatics regulations applicable to marathon swimming:**

<https://www.worldaquatics.com/open-water/rules>

→ **IOC Olympic Charter** (available on the website

<https://olympics.com/ioc/olympic-charter>),

in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [aquatics-specific guidelines](#).

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENT
Thursday 8 August 2024 – Pont Alexandre III			
OWS01	07:30 – 10:15	2:45	Women's 10km Women's 10km Victory Ceremony
Friday 9 August 2024 – Pont Alexandre III			
OWS02	07:30 – 10:15	2:45	Men's 10km Men's 10km Victory Ceremony

COMPETITION VENUE

→ Pont Alexandre III (ALX)

Pont Alexandre III - 75008 Paris - France

At the heart of Paris, near the Grand Palais and the Esplanade des Invalides, the Pont Alexandre III venue will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer. Inaugurated for the 1900 Exposition Universelle, Pont Alexandre III is a work of art and monument in its own right. The bridge is 45 metres wide and 107 metres long, bounded by four impressive columns supporting golden bronze statues, and will provide a spectacular backdrop for several events during the Paris 2024 Games.

The venue will also be the setting for the finish line of the individual cycling time trials and the triathlon during the Olympic Games, and for the Para triathlon events during the Paralympics.

The venue is located 18 kilometres from the Olympic Village.

→ Field of play

The field of play on the river Seine will contain a course between Pont Alexandre III (start and finish) and Pont de l'Alma (downstream). The athletes will swim six (6) laps of a 1,666m course, marked by four (4) mandatory (red cylindrical) turn buoys.

The race will start from a pontoon perpendicular to the current, positioned across the entire width of the Seine, slightly downstream of Pont Alexandre III. This pontoon will also act as a feeding station for each lap. An intermediate timing archway will be placed before the feeding station to validate the provisional ranking for each lap.

At the finish, athletes will follow a channel marked by two (2) red lane lines, the entrance to which is indicated by two (2) white cylindrical buoys. This straight channel leads to the final archway, where athletes must touch the touchpad to validate their ranking.

The field of play and all equipment marking the course will be configured and installed in accordance with World Aquatics rules.

→ Facilities

The competition venue will have the following services and spaces:

- athletes' lounge (marked area for each nation represented)
- changing rooms (separate men's/women's)
- showers (separate men's/women's)
- toilets (separate men's/women's)
- first call room
- second call room (final call room)
- medical area
- reception and sport information desk
- doping control station
- mixed zone
- media zone

MARATHON SWIMMING TRAINING

Training for marathon swimming athletes will be held at the Georges Vallerey swimming pool (50m pool) and in the Centre aquatique d'Aulnay-sous-Bois.

VENUE NAME	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Georges Vallerey swimming pool	148 avenue Gambetta 75020 Paris	10km // 20min	27/07 au 10/08
Centre aquatique d'Aulnay-sous-Bois	Rue Gaspard Monge 93600 Aulnay-sous-Bois	15km//25min	27/07 au 03/08

Training in Georges Vallerey swimming pool will be open from 9:00 to 12:00 and from 16:00 to 20:00, shared with triathlon training.

Training in the Centre aquatique d'Aulnay-sous-Bois will be open from 7:00 to 12:00 and from 16:00 to 20:00.

Familiarisation sessions at the Alexandre III venue (in competition configuration: pontoon, course, archways) will be open on 6 and 7 August during Olympic racing times (07:30-09:30). Pool training will only be open on the afternoons of these days (16:00-20:00).

Note that times may change according to training days.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

All training venues will be approved by World Aquatics and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venue and the limited time spent by athletes at the training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

SWIMMING COMPETITION

The swimming competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Sunday 4 August at the Paris La Defense Arena venue. This competition will consist of the following 35 events:

→ Medal Events

Total number of medal events: 35

MEN (17)

50m Freestyle	100m Freestyle	200m Freestyle
400m Freestyle	800m Freestyle	1,500m Freestyle
100m Backstroke	200m Backstroke	100m Breaststroke
200m Breaststroke	100m Butterfly	200m Butterfly
200m Individual Medley	400m Individual Medley	4 x 100m Freestyle Relay
4 x 200m Freestyle Relay	4 x 100m Medley Relay	

WOMEN (17)

50m Freestyle	100m Freestyle	200m Freestyle
400m Freestyle	800m Freestyle	1,500m Freestyle
100m Backstroke	200m Backstroke	100m Breaststroke
200m Breaststroke	100m Butterfly	200m Butterfly
200m Individual Medley	400m Individual Medley	4 x 100m Freestyle Relay
4 x 200m Freestyle Relay	4 x 100m Medley Relay	

MIXED (1)

Mixed 4 x 100m Medley Relay

A maximum of 852 athletes shall take part in the swimming competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The events listed below consist of heats, semifinals and a final. In each event, 16 swimmers advance from the heats to the semifinals, and eight (8) swimmers advance from the semifinals to the final. If there is a tie for the last qualifying position, a swim-off may determine which swimmer(s) qualify for the next phase.

- 50m freestyle, 100m freestyle, 200m freestyle
- 100m backstroke, 200m backstroke
- 100m breaststroke, 200m breaststroke
- 100m butterfly, 200m butterfly
- 200m individual medley

The events listed below will consist of heats and a final. In each event, eight (8) swimmers or relay teams will advance from the heats to the final. If there is a tie for the last qualifying position, a swim-off may determine which swimmer(s) or relay team(s) will qualify for the next phase.

- 400m freestyle, 800m freestyle, 1,500m freestyle
- 400m individual medley
- 4 x 100m freestyle relay
- 4 x 200m freestyle relay
- 4 x 100m medley relay
- 4 x 100m mixed medley relay

The men's and women's events will be held in the same format, as will the mixed event.

SEEDING OF HEATS

All start lists are seeded according to World Aquatics rules and based on the swimmers in the final entry list. The fastest 24 swimmers entered in each event are distributed in the last three (3) heats according to World Aquatics rules, with the remaining swimmers then placed in successive heats according to their qualification times. In 400m, 800m and 1,500m events, the fastest 16 swimmers entered in each event are distributed in the last two (2) heats. Start lists will be produced following the Team Leaders' meeting.

RULES

The swimming competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ World Aquatics Regulations

(<https://www.worldaquatics.com/rules/competition-regulations>)

→ IOC Olympic Charter (<https://olympics.com/ioc/olympic-charter>)

In accordance with Rule 46 of the IOC Olympic Charter, World Aquatics will be responsible for the control and direction of the swimming competition at Paris 2024.

→ Scoring

Gold, silver and bronze medals will be awarded to the top three (3) finalists for the individual and relay events based on their time in the final.

When the preliminary rounds are swum for relays, medals are awarded to the swimmers of the medal-winning teams who participated in the heats and/or final.

→ In case of a time tie in the swimming competition, medals are awarded as follows:

- 1st place: 2 gold – no silver, 1 bronze
- 2nd place: 1 gold, 2 silver – no bronze
- 3rd place: 1 gold, 1 silver, 2 bronze

→ In case of three (3) identical times, medals are awarded as follows:

- 1st place: 3 gold – no silver, no bronze
- 2nd place: 1 gold, 3 silver – no bronze
- 3rd place: 1 gold, 1 silver, 3 bronze

→ In case of four (4) identical times, medals are awarded as follows:

- 1st place: 4 gold – no silver, no bronze
- 2nd place: 1 gold, 4 silver – no bronze
- 3rd place: 1 gold, 1 silver, 4 bronze

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the swimming competition at the Olympic Games must comply with the documents listed below:

COMPETITION VENUE

→ Paris La Défense Arena (DEF)

99 Jardin de l'Arche - 92000 Nanterre

In the heart of Paris's business district, La Defense, 19 kilometres from the Olympic Village, Paris La Defense Arena raises the profile of north-west Paris thanks to its exceptional competition venue inaugurated in 2017. A flagship project will see the usual rugby pitch replaced with two (2) Olympic-size swimming pools. This temporary venue will have a capacity of nearly 14,000 spectators (gross capacity).

Paris La Defense Arena will also be the stage for the water polo finals during the Olympic Games and the Para swimming events during the Paralympics.

→ Field of play

The competition pool will be a 10-lane 50m pool with a depth of 2.2m. The events will be conducted in the eight (8) central lanes of the pool. The competition area and all equipment will be presented in accordance with World Aquatics Rules and Regulations.

The warm-up pool will be a 10-lane 50m pool with a depth of 2.2m and will be located within the venue. The equipment in the warm-up pool – lane ropes, starting blocks (four [4] starting blocks will be identical to the competition pool), etc. – will be the same as the equipment used in the competition pool.

→ Facilities

- changing rooms and showers (separate men's/women's)
- lounges for athletes
- toilets
- athlete preparation area
- call room (first, second and final)
- call room for the 50m race
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station

SWIMMING TRAINING

→ General information

Training for swimming athletes will be held in two (2) venues, each with a 50m pool, and in the competition site where two (2) 50m pools in Olympic configuration will be available for athletes.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Centre aquatique Aulnay-sous-Bois	Rue Gaspard Monge 93600 Aulnay-sous-Bois	17km // 25min	20/07 to 03/08
Georges Vallerey swimming pool	148 avenue Gambetta 75020 Paris	10km // 20min	20/07 to 23/07
Paris La Defense Arena	99 Jardin de l'Arche 92000 Nanterre	15km // 35min	23/07 to 26/07

Training in the Centre aquatique Aulnay-sous-Bois will be open from 9:00 to 12:00 and from 16:00 to 20:00, shared with marathon swimming training.

Training in Georges Vallerey swimming pool will be open from 9:00 to 12:00 and from 16:00 to 20:00.

Training and familiarisation schedule at the competition venue, Paris La Defense Arena swimming pool, will be communicated at a later date.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony. The training end time indicated for that day will be confirmed later. Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport

Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

All training venues will be approved by World Aquatics and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venues and the time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

WATER POLO COMPETITION

The water polo competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Sunday 11 August at the Aquatics Centre for the preliminary rounds from Saturday 27 July to Sunday 4 August and at Paris La Defense Arena from Monday 5 July to Sunday 11 August. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 12-team tournament

WOMEN (1)

→ 10-team tournament

A total of 12 teams for men and 10 teams for women may take part in the water polo competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

→ Men's tournament

The men's tournament will begin with a preliminary round of 12 teams divided into two (2) groups of six (6) teams, with each team playing every other team in its group. The four (4) best-ranked teams in each group after all of the matches in the preliminary round will progress to the quarterfinals, from which point the tournament will be conducted according to a knockout format. The winners of the semifinals will play the final for the gold medal and the losers will play in the bronze medal match.

The losers of the quarterfinals will play a series of classification matches to determine the places from fifth (5th) to eighth (8th), and the four (4) teams that failed to qualify from the preliminary round will be ranked from ninth (9th) to twelfth (12th) according to World Aquatics rules.

→ Women's tournament

The women's tournament will begin with a preliminary round of 10 teams divided into two (2) groups of five (5) teams, with each team playing every other team in its group. The four (4) best-ranked teams in each group after all of the matches in the preliminary round will progress to the quarterfinals, from which point the tournament will be conducted according to a knockout format. The winners of the semifinals will play the final

for the gold medal and the losers will play in the bronze medal match.

The losers of the quarterfinals will play a series of classification matches to determine the places from fifth (5th) to eighth (8th), and the two (2) teams that failed to qualify to the round will be ranked from ninth (9th) to tenth (10th) according to World Aquatics rules.

For the detailed table, see "competition schedule" below.

RULES

The water polo competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **World Aquatics Constitution and Rules** available on the website <https://www.worldaquatics.com/>.

→ **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Aquatics will be responsible for the control and direction of the water polo competition at the Paris 2024 Olympic Games.

→ Team rankings

Team rankings within groups during the preliminary round will be determined by the number of points awarded after all games have been played in the round. All games will be held in accordance with regulations. Each game must have a winner. If a game ends in a tie in regular time, the teams must play a penalty shoot-out competition in accordance with regulations. Three (3) points will be awarded for a victory in regular time. Two (2) points will be awarded for a victory after a penalty shoot-out. One (1) point will be awarded for a defeat after a penalty shoot-out. Zero (0) points will be awarded for a defeat in regular time.

If two (2) teams have the same number of points, an additional ranking will be established as follows:

- The winning team of the game between the tied teams (including the penalty shoot-out competition) will be the highest-ranked team.
- If there is more than one (1) tie in a group, the highest-ranked tie will be determined first.

If three (3) or more teams shall have equal points, further classification shall be established as follows:

- The results among the tied teams shall determine which team is placed highest.
- The comparison shall be made: first, upon the points of the games among the tied teams; second, the goal difference (excluding the goals from the penalty shoot-out) among the tied teams; third, based upon goals scored among tied teams.

- If still tied, the games played against the highest-placed team (or teams, if tied, the team or teams not involved in the tie) shall be considered. The first comparison shall be based on goal difference, and if still tied, then based on goals scored. If still tied, the results against the next highest-placed team (or teams, if tied) shall be used in succession until all results have been considered. If still tied, and there is no practical manner to determine the ranking, the final classification between the teams in the tie shall be decided by coin toss. If there is more than one tie in a group, the highest-placed tie shall be determined first.

For the purpose of calculating either goal difference or goals scored, the goals in any penalty shoot-out will not be taken into consideration.

In the final phase, the winner of the final (gold medal match) will be declared Olympic champion and be awarded the gold medal. The loser of the final will be awarded the silver medal. The winner of the bronze medal match for third place will be awarded the bronze medal.

→ Clothing and equipment

Equipment used by water polo players and other participants (staff and officials) in the water polo competition must comply with the documents listed below:

- **World Aquatics Constitution and Rules** (available on the website <https://www.worldaquatics.com/water-polo/rules>) in the document Water Polo Rules.
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [aquatics-specific guidelines](#).

COMPETITION VENUE

→ Aquatics Centre (AQC)

Avenue du Président Wilson - 93200 Saint Denis

The Aquatics Centre is one of the only two permanent sports facilities to be built for the Paris 2024 Games, along with the Le Bourget Climbing Wall. It has a twofold aim: addressing the needs of the inhabitants of Seine-Saint-Denis, an area with a shortage of swimming pools, and the needs of the French swimming community, which will now have a facility equal to its potential and its ambitions to train the greatest French swimmers and host the biggest national and international competitions. The Aquatics Centre will be built in Saint-Denis, less than two kilometres from the Olympic Village and opposite the Stade de France, both facilities being connected by a footbridge spanning the A1 motorway. The Aquatics Centre has been designed to be low-carbon and all the building materials will be bio-based. It will lead the way in environmental and energy performance thanks in particular to its 5,000 sq m roof covered with photovoltaic panels. After the Games, the Aquatics Centre, which has the advantage of being able to adapt to different types of practices (learning, leisure, competition), will become a vast multi-sports facility, including a fitness area, a climbing wall, a paddle tennis section and pitches for team sports.

The Aquatics Centre will have a gross capacity of 5,317 spectators.

During the Olympic Games, the facilities will also be configured to host the diving and artistic swimming competitions.

→ Paris La Défense Arena (DEF)

99 Jardin de l'Arche - 92000 Nanterre

In the heart of Paris's business district, La Defense, 19 kilometres from the Olympic Village, Paris La Defense Arena raises the profile of north-west Paris thanks to its exceptional competition venue inaugurated in 2017. A flagship project will see the usual rugby pitch replaced with two (2) Olympic-size swimming pools. This temporary venue will have a capacity of nearly 14,000 spectators (gross capacity).

Paris La Defense Arena will also be the stage for the swimming events during the Olympic Games and the Para swimming events during the Paralympics.

→ Field of play

The field of play will be 30m x 20m with a depth of 2.20m for men and 25m x 20m with a depth of 2.20m for women. All of the sports facilities in the field of play and the warm-up pool will comply with World Aquatics regulations.

A 50 x 20m warm-up pool with a depth of 2.20m comprising a 30 x 20 x 2.20m field of play will also be available.

→ Facilities

The warm-up pool next to the field of play comprises a men's playing field for both venues. **The two (2) competition venues will also have the following services and equipment:**

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- secure storage room for sport equipment
- working and rest area for referees, officials, the TWPC and World Aquatics
- VAR operations zone
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

WATER POLO TRAINING

→ General information

Four (4) training venues will be operational for the water polo competition:

Equipment for athlete training will be identical to that used during the competitions. The training area can be divided into two (2) halves during the slots available to two (2) teams at the same time.

Each training venue will contain a men's playing field that can be adjusted to the women's playing field, balls, cones in regulatory colours, gym mats, changing rooms, an athletes' lounge and a medical area.

VENUE NAME	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Maurice Thorez Nautical Stadium (MTH)	21 rue du Colonel Raynal 93100 Montreuil	15km / 30min	20/07 to 11/08
Aubervilliers Aquatics Centre (FDA)	176 avenue Jean Jaurès 93300 Aubervilliers	9km / 20min	20/07 to 11/08
Marville / La Courneuve Departemental Sports Park (PDM)	Chemin de Marville 93200 Saint-Denis	6km / 20min	20/07 to 11/08
Aquatics Centre (AQC) (competition venue)	361 avenue du Président Wilson 93200 Saint-Denis	2,5km / 15min	20/07 to 26/07

Training at the training venues will be open from 08:00 to 20:00 from 20 to 26 July and from 08:00 to 20:30 from 27 July to 11 August.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony. The training end time indicated for that day will be confirmed later.

Prior to the start of the competition (from 20 to 26 July), each delegation shall have the following each day:

- A 90-minute training session at one of the training venues (excluding the Aquatics Centre)
- A 60-minute training session at the Aquatics Centre, also the competition venue.

During the competition phase (from 27 July to 11 August), each delegation shall have the following:

- Match day – a 60-minute training session at the venues presented above, except the Aquatics Centre.
- Rest day – two (2) 90-minute training sessions at the venues presented above.

Delegations should arrive 45 minutes before the start of the training session and leave 30 minutes after the end of the session.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venues, and the time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

ARCHERY COMPETITION

The archery competition at the Paris 2024 Olympic Games will be held from on Thursday 25 July and from Sunday 28 July to Sunday 4 August at the Invalides venue in Paris. This competition will consist of the following five (5) events:

→ Medal Events

Total number of medal events: 5

MEN (2)

- Men's Individual
- Men's Team

WOMEN (2)

- Women's Individual
- Women's Team

MIXED (1)

- Mixed Team

A total of 128 athletes, 64 men and 64 women, may take part in the archery competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The archery competition will begin with the women's and men's ranking rounds, which will determine the seedings for the individual and team events. After the ranking rounds, all five (5) medal events will be conducted in a single-elimination format. The losers of the two (2) semifinals shall play each other for the bronze medal and the winners will move on to the finals for gold.

A summary of the competition schedule is given below. For the detailed table, see "Competition schedule" below.

→ Thursday 25 July 2024

The two (2) ranking rounds, one (1) each for the women's and men's event, shall be held on Thursday 25 July. In the ranking rounds, each archer will shoot 72 arrows. The archer with the highest score will be awarded the number one (1) in the ranking, the archer with the second highest score will be awarded the number two (2) seeding, and so on, until all archers have been seeded from number 1 to number 64. In the event of any ties, the number of 10s and Xs will be used as tiebreakers.

The ranking round scores will also be used to determine the seedings for the men's and women's team events. The individual scores of the three (3) archers in each team will be combined to give a total team score, which will be ranked against the scores of the other teams in the event.

The ranking round scores will also be used to determine the seedings for the mixed team event. The individual scores of the top two (2) archers (one [1] woman and one [1] man) for each nation will be combined to give a total mixed team score. It is possible to change archers for the mixed competition, but the score remains the same. This score will be ranked against the scores of the other teams. If there is a tie for 16th place in the mixed team ranking, there will be a shoot-off to decide which team proceeds to the elimination round.

→ Sunday 28 July and Monday 29 July 2024

The women's team event will be held on Sunday 28 July and will be completed in a single day. The event will begin in the morning with the early elimination rounds (1/8) and will continue in the afternoon from the quarterfinals to the gold medal match and victory ceremony. The men's team event will be held on Monday 29 July, following the same format as the Women's Team event.

→ Tuesday 30 July, Wednesday 31 July and Thursday 1 August 2024

The men's and women's individual events will begin on Tuesday 30 July. The 1/32 and 1/16 rounds in each event will be held on Tuesday 30 July, Wednesday 31 July and Thursday 1 August with both morning and afternoon sessions.

→ Friday 2 August 2024

The mixed team event will be held on Friday 2 August and will be completed in a single day. The event will begin in the morning with the early elimination rounds (1/8) and will continue in the afternoon from the quarterfinals to the gold medal match and victory ceremony.

→ Saturday 3 August and Sunday 4 August 2024

The final rounds of the women's individual event will take place on Saturday 3 August. The morning session will feature the eight (8) matches in the 1/8 round, followed in the afternoon by the quarterfinals, semifinals, bronze medal match, gold medal match and victory ceremony. The final rounds of the men's individual event will take place on Sunday 4 August, following the same format.

RULES

The archery competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Archery Constitution and Rules** available on the website. <https://www.worldarchery.sport/rulebook>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Archery will be responsible for the control and direction of the archery competition at the Paris 2024 Olympic Games.

→ Scoring

After the ranking round, in which archers will each shoot 72 arrows to determine the seedings, the individual events will utilise the set-scoring system. In a set, each archer shoots three (3) arrows. The archer with the highest score in that set (by adding scores from the three (3) arrows will be awarded two (2) points and the loser zero (0) points. If the scores are tied, each archer will receive one (1) point for the set.

The first athlete to score six (6) points wins the match.

Individual matches will be played in a maximum of five (5) sets.

If the match is tied at 5-5 after the fifth (5th) set, there will be a single-arrow shoot-off, and the archer whose arrow is closest to the centre will win the match 6-5. In the event of a tie, there will be a second single-arrow shoot-off and so on until the tie is broken.

The elimination rounds of the team and mixed events will use a similar system. All team matches will be the best of four (4) sets and each archer will shoot two (2) arrows per set. The winner of each set will be awarded two (2) points and the loser zero (0) points. If the scores are tied at the end of a set, each team will receive one (1) point.

If the match is tied after the four (4) sets, each archer will shoot a single arrow. The team with the most points at the end of the shoot-off wins the match. In the event of a tie, the match will be won by the team with the closest arrow to the centre. If the ties remain, the second and third) arrows (for each team) will be acting as further tiebreakers if required.

After the semifinals, the losers will compete for the bronze medal. The winner of the match will finish third and win the bronze medal. The winners of the two (2) semifinals will compete head-to-head for the gold medal. The winner of the match will win the competition and be awarded the gold medal by virtue of their first place while the loser will finish in second place and be awarded the silver medal.

→ Clothing and equipment

Clothing and equipment used by archers and other participants in the archery competition must comply with the following documents:

- **World Archery Constitution and Rules** available on the website <https://www.worldarchery.sport/rulebook>.
 - Book 1: Constitution and Procedures
 - Book 2: Events
 - Book 3: Target Archery
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [archery-specific guidelines](#).

COMPETITION VENUE

→ Invalides (INV)

Esplanade des Invalides - 75007 Paris - France

At the heart of Paris, alongside the Grand Palais, the Eiffel Tower Stadium and Champ-de-Mars Arena, the Invalides venue will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer.

The Invalides venue is located 18 kilometres from the Olympic Village and has a gross capacity of 8,000.

The Esplanade des Invalides will also be the start line for the time trial event in the road cycling competition and the finish line for the women's and men's marathons and the mass participation marathon. The venue will also be the stage for the Para archery events and the finish line of the Para marathon during the Paralympic Games.

→ Field of play

The field of play for the ranking rounds will contain 32 targets used during competition but for the elimination rounds the field of play will contain two (2) targets. Targets and all other equipment will be presented in accordance with the World Archery Constitution and Rules.

→ Facilities

The warm-up area for the elimination rounds will be on the west side of training and ranking round field.

The competition venue will also have the following services and equipment:

- 5-metre target practice area
- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- secure storage room for Archery equipment
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

ARCHERY TRAINING

→ General information

Training for the archery competition will take place at the competition venue, Invalides, from Friday 19 July 2024 to Sunday 4 August 2024. The training facilities will be located in the north of the field of play for the finals. They will contain 32 targets.

Training will be available from 9:00 to 18:00 (except on 4 August when training will end at 15:00).

There will be no training in the afternoon of the opening ceremony and on the day of official training and ranking round.

All training equipment will be approved by World Archery and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Equipment for athlete training will be identical to that used during the competitions. Team leaders will not need to book training sessions. A procedure for reserving training slots may be put in place in the event of high attendance. Service levels during training will be identical to those provided during competition. Archers competing in the morning and afternoon sessions will have access to hot meals. Other archers training or competing in one (1) of the two (2) sessions will have lunch boxes (cold meals to be ordered in the Village 48 hours in advance) or will have to return to the Olympic Village.

On the two (2) familiarisation days, 22 July and 23 July 2024, each archer will have the opportunity to practice for 30 minutes on the finals' field of play, one day on the morning slots and one day on the evening slots. Archers will be grouped into squads of eight (8).

TRANSPORT AND STORAGE OF ARCHERY EQUIPMENT

Prior to each flight for outbound and inbound travel to and from the Games, teams are advised to inform the airline they are travelling with, that they are transporting archery equipment. Equipment must be packed and placed in protective hard-sided or flexible locked bow cases before a flight and must always be checked as hold baggage. If archers and their equipment are transported in separate vehicles between the airport, the Olympic Village, the archery competition venue and other Olympic venues, the team may appoint a representative to accompany their equipment and ensure its integrity is maintained.

The archery competition venue will have secure storage spaces where athletes can store their equipment after training or competition.

Before storage, recurve bows must be disassembled and locked in protective hard-sided or flexible cases. Bows must be de-strung, and the bow limbs must be removed.

The secure storage facilities at the venue will close at the end of the archery competition on 4 August 2024, by which point all equipment must be collected.

In the Olympic Village, archers must keep their equipment in hard-sided, locked cases, except when working on the equipment in their rooms. All archery equipment must be transported in soft- or hard-sided locked cases within the Olympic Village and during transit to and from the archery venue. Archers are not permitted to shoot arrows anywhere in the Olympic Village.

Archers and other parties who violate any of these rules may have their Olympic accreditation withdrawn immediately. If they violate these rules after the competition has ended, they may also be subjected to sanctions from World Archery, which may include exclusion from future events.

ATHLETICS COMPETITION

The Athletics competition of the Paris 2024 Olympic Games will be held from Thursday 1 August to Sunday 11 August. Track events, jumps and throws will be staged from 2 to 10 August in the Stade de France in Paris-Saint-Denis. The out-of-stadium events (race walking and marathon) will take place in the heart of Paris, in an exceptional setting. Race walk will open the programme on 1 August while the women's Marathon will close it on 11 August.

This competition will consist of the following 48 events:

→ Medal Events

Total number of medal events: 48

A total of 1,810 athletes, 905 men and 905 women, may take part in the Athletics competition.

MEN (23)

→ Track events

100m	200m	400m
800m	1500 m	5000 m

→ Field events

High Jump	Pole Vault	Long Jump
Triple Jump	Shot Put	Discus Throw
Hammer Throw	Javelin Throw	

→ Combined events

Heptathlon

→ Road events

Marathon	20km Race Walk
----------	----------------

→ Qualification system

The qualification system for the Athletics competitions will be based on a dual pathway, with about 50% of athletes qualifying through entry standards and the remaining 50% qualifying through the World Rankings.

The qualification system approved by the World Athletics Council includes details of the qualification windows, targeted number of athletes per discipline and the required entry standards. For details on the qualification system, you can consult the [IOC website](#).

World Athletics will publish the official qualification monitoring tool (“Road to Paris”) in the “Stats Zone” of its website in the latter part of 2023.

COMPETITION FORMAT

→ Track events

In principle, track events will consist of a maximum of three (3) rounds (first rounds, semi-finals and finals), with the number of rounds in each event based on the number of entrants.

There will be exceptions in the following:

- the men's and women's 10,000m events will be run as a direct final.
- For the Paris 2024 Olympic Games, and for the first time in the history of athletics a repechage round will be introduced for all the individual 200m to 1500m track events, including the Hurdles events. In this new repechage format, the athletes who do not qualify through their ranking in the first-round heats will have a second chance to qualify for the semi-finals by taking part in these repechage heats. Therefore, there will be no athletes qualified by time after the first round of the disciplines concerned by the repechage.
- A preliminary round will be held for the men's 100m and the women's 100m, which are traditionally the events with the highest number of entrants and the highest number of non-qualified athletes. This preliminary round will be held before the three (3) main rounds of the men's and women's 100m and will only be applicable for universality-place athletes. These universality places are awarded to NOCs with no qualified male or female athletes or relay teams. These NOCs will be authorised to enter their best male **or** female athlete in the 100m, 800m or Marathon. Athletes who successfully proceed through the 100m preliminary rounds will then compete in the heats and potentially in the next rounds, on the same basis and respecting the same rules as athletes who have met the qualification criteria.

→ Field events

All field events will consist of a qualifying round and a final. At the Technical Meeting on 31 July 2024 (date and time to be confirmed), World Athletics' Technical Delegates will inform all teams of the performance levels required to advance to the final. If fewer than 12 athletes reach these entry standards, the next best-ranked athletes during qualifying will compete in the final, with up to a maximum of 12 athletes in each event. Exceptions can be made in the High Jump and Pole Vault competitions if the 12th place is shared at perfect equality by several athletes. In this case, more than 12 athletes could then qualify for the final.

→ Combined events

The men's Decathlon and women's Heptathlon will each be held over two (2) days, respectively 2-3 August and 8-9 August 2024, in accordance with World Athletics' regulations.

→ Road events

The Road events will be held in full outside the Stade de France on the streets of Paris and in the departments of Yvelines and Hauts-de-Seine.

For the detailed competition schedule, see further below.

RULES

The Athletics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Athletics Constitution and Rules** available on the website <https://worldathletics.org/about-iaaf/documents/book-of-rules>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, World Athletics will be responsible for the control and direction of the Athletics competition at the Paris 2024 Olympic Games.

→ Draw

Official starting lists for the Race Walk events on 1 August 2024 and for the first day of competition in the stadium (2 August 2024) will be published in the afternoon of 31 July. On all other days, the lists will be published the afternoon of the day before the first round of the relevant event.

For the first rounds of all events, athletes will be ordered according to their seed time/performance and allocated to their heat or group in accordance with World Athletics' competition rules.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Athletics competition must comply with the following documents:

- **World Athletics Constitution and Rules** available on the website <https://worldathletics.org/about-iaaf/documents/book-of-rules>
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-Law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Athletics-specific guidelines](#).

COMPETITION SCHEDULE

Spread over 11 days and 21 sessions (17 of which at the Stade de France), the Athletics schedule will open with the 20km Race Walk events on Thursday 1 August and will end with the Women's Marathon on the last day of the Games, Sunday 11 August 2024.

All track and field event finals will take place in the evening sessions, while the road events will be held in the morning, on four (4) different days.

Athletes who aim to double up on certain events (100m-200m, 800m-1500m, 1500m-5000m or 5000m-10,000m) can do so without having to compete in several different disciplines on the same day. Other events that can be doubled up include Long Jump and Triple Jump, Long Jump and High Jump and the 20km Race Walk and the Marathon Race Walk Mixed Relay.

COMPETITION VENUES

In addition to the five (5) road events that will be held on the streets of Paris, the Athletics' competition will be held at the Stade de France which will have a gross capacity of around 66,000 people during Paris 2024.

→ Stade de France (STA)

Stade de France - 93200 Saint-Denis - France

Built for the Football World Cup in 1998, the Stade de France is situated in the municipality of Saint-Denis, on the outskirts of Paris.

With more than 80,000 covered seats, the largest French stadium has hosted the biggest sporting events, including football, rugby and athletics, as well as major shows, since its inauguration.

The Stade de France will also host the Rugby 7 and Para Athletics events as well as the Olympic Games and the Paralympic Games Closing Ceremonies.

→ Field of play

The Field of Play at the Stade de France will offer the following:

- 400m 9-lane track (with the water jump for the 3000m Steeplechase on the inside of the track)
- four (4) high jump landing areas
- four (4) pole vault landing areas
- four (4) long jump/triple jump pits
- one (1) discus throw/hammer throw circle
- two (2) javelin throw runways
- four (4) shot put circles

The field of play and all the equipment will be presented in accordance with World Athletics' competition rules.

→ Facilities

There will be two (2) warm-up areas for the Olympic competition, both next to the Stade de France: the Stade de France annex stadium and the warmup area for throws in the Plaine-Saulnier zone.

The warm-up area for the running and horizontal jump events will contain a six (6)-lane 400m track; with eight (8) lanes in the 100m straight, plus Long Jump and Triple Jump pits.

The warm-up area for throwing events will include one (1) Javelin throw runway, one (1) Discus throw/Hammer throw circle (with a shared landing area) and two (2) Shot Put circles.

The competition venue will also have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounge for athletes and officials
- catering services
- Internet access
- physiotherapy, ice bath and other services for athletes
- secure space for equipment storage
- mixed zone for accredited media to interview athletes after their competition
- Technical Information Centre
- medical facilities
- doping control station

→ Invalides (INV)

Esplanade des Invalides - 75007 Paris - France

The esplanade des Invalides is a vast green space located in the 7th arrondissement of Paris opposite the majestic Hôtel des Invalides. The elegant Alexandre III bridge links it to the Grand Palais on the right bank of the Seine. Its spectacular gardens flank the Hôtel des Invalides, built under Louis XIV in 1687 as a military hospital and retirement home for war veterans, and which now houses museums and the tomb of Napoleon Bonaparte.

In the heart of Paris, alongside the Grand Palais, the Eiffel Tower Stadium and the Champ-de-Mars Arena, the Invalides venue will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer of 2024.

The venue, where the Archery events will also be held, will host the finishing stages of the Marathon, which will start from the Paris Hôtel de Ville Esplanade and pass some of Paris's most stunning sites and monuments. The 42,195km race will be set against the backdrop of the Pyramid of the Louvre, the Grand Palais, the Château de Versailles, and the Eiffel Tower, among others.

At the end of this original and exceptional route, **the following services will be available to athletes:**

- mixed zone
- post-competition area with retrieval of personal items left in the call room
- team area and lounge for athletes and officials
- Technical Information Centre
- doping control station
- medical area

→ Trocadéro (TRO)

Situated on the right bank of the River Seine opposite the Eiffel Tower, Trocadéro (and its Esplanade) will be one of the major Olympic Games venues, hosting iconic moments - the Opening Ceremony, three (3) sport competitions with the start and finish of the Road Cycling and Race Walk events and the Marathon passing through, as well as celebrations.

The Race Walk events will be contested over a 1km loop.

The teams' areas as well as the Call Room and Post-Competition area will be set up at the Émile Anthoine Stadium, situated 500m from the start/finish area. The doping control station should also be located there.

ATHLETICS TRAINING

→ General information

The Athletics training will take place at three (3) venues.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES	EVENT
Parc des sports Auguste Delaune	5 rue du 19 mars 1962 93200 Saint-Denis	4.5km//18mn	25/07 to 11/08	Throws, Pole Vault, Combined Events
Complexe sportif Île des Vannes	11-15 boulevard Marcel Paul 93450 L'Île-Saint-Denis	2.5km//5mn	20/07 to 11/08	All disciplines except Throws and Pole Vault
Polygone de Vincennes	Anneau cyclable Raymond-Poulidor 75012 Paris	17km//30mn	25/07 to 11/08	Marathon, Race Walk

The training schedule on all venues will be communicated at a later date.

There will be no training in the afternoon of the Opening Ceremony.

All training equipment will be approved by World Athletics and will comply with Rule 50 and Byelaw to Rule 50 of the IOC.

→ Facilities

Facilities at the training venues will include:

- changing rooms and showers (separate men's/women's)
- sport equipment storage
- weight training gym (Auguste Delaune Sports Centre only)
- physiotherapy areas
- medical facilities
- lounge for athletes and officials (snacks)

The training sites will also have the following specific facilities:

AUGUSTE DELAUNE SPORTS CENTRE

- two (2) Discus/Hammer cages
- one (1) double front Pole Vault pit
- one (1) 8-lane 400m track

COMPLEXE SPORTIF ILE DES VANNES

- two (2) Long Jump/Triple Jump pits
- two (2) High Jump landing areas
- one (1) 6-lane 400m track (8-lane straight)

POLYGONE DE VINCENNES

- one (1) 3.13km secured circuit in the Bois de Vincennes.

Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (OIAC). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

À Please note that the maximum quota of «P» accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available at training venues.

TRANSPORT AND STORAGE OF ATHLETICS EQUIPMENT

The Paris 2024 logistics service will provide a free service to transfer athletes' sports equipment between the Olympic Village and the competition and training venues.

→ Pole transport

On their arrival at the airport, athletes must hand over their poles to the Paris 2024 staff for identification and transfer to the training venue (Auguste Delaune Sports Centre) where they will be stored and made available to the athletes, until their transfer to the competition venue the evening before the event.

The information relating to the delivery of poles travelling by road will be announced at a later date.

BADMINTON COMPETITION

The Badminton competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Monday 5 August at Porte de La Chapelle Arena in Paris. This competition will consist of the following five (5) events:

→ Medal Events

Total number of medal events: 5

MEN (2)

→ Singles

→ Doubles

WOMEN (2)

→ Singles

→ Doubles

MIXED (1)

→ Doubles

A total of 172 athletes, 86 men and 86 women, may take part in the Badminton competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

All five (5) events will be played in two (2) stages: a group play stage followed by a knockout stage.

→ Singles

In the singles events, players will be divided into 12 to 16 groups of three (3) or four (4) players.

The exact number of groups will vary according to the final number of entries. Players in the same group will play all opponents in the same group. The player who finishes top of the group, usually by winning the most matches, will qualify for the knockout stage.

When two (2) players are tied in the same group, the winner of the match between them will be ranked higher. If three (3) players are tied within a group, their positions will be determined by the difference between games won and lost. If three (3) players are still tied, their positions will be determined by the difference between total points won and total points lost.

If, after one (1) or more of these tiebreakers, only two (2) players are tied, the winner of the match between them will qualify. If, after both tiebreakers, all three (3) players are still tied, their positions will be then determined by drawing lots.

The group winners (between 12 and 16 players) will progress to the knockout stage, which will be run in a single-elimination format. The winners from the

semifinals will compete for the gold medal, while the semifinal losers will play for the bronze medal.

BWF officials will confirm the competition format at the initial draws. See “Draw – knockout stage (singles).”

→ Doubles

In doubles events, pairs are divided into four (4) groups of four (4) pairs each. All pairs in a group will play each other, and the group rankings will be determined using the method detailed in the singles competition.

The top two (2) pairs in each group qualify for the knockout stage, which will be run in a single-elimination format. The winning pairs in the semifinals will compete for the gold medal, while the semifinal losing pairs will play for the bronze medal.

→ Draw - group play stage

The draw for the group play stage will be conducted by BWF officials. In each singles event, up to 16 players will be seeded, with four (4) pairs seeded in each doubles event.

Players in singles will be distributed into groups as follows: seed 1, group A; seed 2, group P; seeds 3 and 4, drawn by lot for groups E and L; seeds 5 to 8 drawn by lot to groups C, G, J and N; and seeds 9 to 16 drawn by lot to the remaining groups.

If there are less than 16 groups, byes will be awarded as per table below depending on the final number of entries:

Number of groups	12	13	14	15
Positions with bye	B, O, F, K	B, O, F	B, O	B

Pairs in doubles will be distributed into groups as follows: seed 1, group A; seed 2, group D; seed 3 and 4, drawn by lots for groups B and C.

In the group stage of singles and doubles, the remaining players/pairs are drawn and distributed into the groups by lot. Players or pairs from the same NOC cannot be drawn into the same group.

→ Draw - knockout stage (singles)

The winners of each group shall be allocated pre-assigned places and shall compete against the player allocated the letter following their own. For example, player A against player B, and player C against player D, and so on.

→ Draw - knockout stage (doubles)

A random draw will be conducted to determine places in the knockout stage (quarterfinals). Pairs from the same group will be separated. Group winners will be seeded and will face the pairs who finished second who will be allocated by drawing lots.

RULES

The Badminton competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **BWF Statutes, Laws of Badminton and Competition Regulations** (www.bwfcorporate.com/statutes)
- **Olympic Charter** (<https://olympics.com/ioc/olympic-charter>)

In accordance with Rule 46 of the IOC Olympic Charter, the BWF will be responsible for the control and direction of the Badminton competition at the Paris 2024 Olympic Games.

→ Scoring

Each match is played to the best of three (3) 21-point games. Games will be won by the first player/pair to score 21 points. If the score reaches 20-20, the winner will be the player/pair to subsequently gain a lead of two (2) points. If the score reaches 29-29, the player/pair to score the next point wins the game.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Badminton competition must comply with the following documents:

- **BWF Statutes, Laws of Badminton and Competition Regulations** (www.bwfcorporate.com/statutes)
- **Olympic Charter** (<https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Badminton-specific guidelines](#).

The courts, shuttlecocks, fixed service height device, net posts and nets used during competition will be supplied by Yonex.

Athletes and delegates will be asked to change into indoor non-marking sporting shoes or competition shoes when entering competition and training areas.

→ Instant Review System

An Instant Review System will be in use during the Olympic Badminton competition at Paris 2024. Active on all three courts, the instant review tool will allow players to challenge the line judges' call or a call overruled by the umpire. The umpire may also call for a review if the line judge is unsighted and the umpire is not able to make a decision. Use of this system must abide by the BWF Statutes, Section 4.1.8.

COMPETITION SCHEDULE

Note: the match order for each session shall be decided at a later date.

COMPETITION VENUE

→ Porte de La Chapelle Arena

58 boulevard Ney - 75018 Paris - France

An eco-design venue thought out for a legacy to benefit neighbouring communities well beyond the Games, Porte de La Chapelle Arena will be a new cultural hub to the north of Paris, hosting a range of cultural and sporting events each day. This new facility is designed to be open to all, especially to people living nearby, and to offer a variety of sports activities in its complementary spaces. Its construction shall be completed in January 2024. The venue will be located nine kilometres from the Olympic and Paralympic Village. With a gross capacity of 7,052, the Arena will host the Badminton and Rhythmic Gymnastics competitions as well as the Para Badminton and Para Powerlifting events during the Paris 2024 Olympic and Paralympic Games.

→ Field of play

The field of play will contain three (3) courts then one (1) court, depending on the stage of the competition. The competition areas and all equipment will be presented in accordance with the BWF Statutes, Laws of Badminton and Competition Regulations.

Facilities

The Badminton competition and training will take place at Porte de la Chapelle Arena. The venue will contain a total of 13 courts: three (3) competition courts, four (4) warm-up courts and six (6) training courts. Training will be possible from 20 July 2024.

The competition venue will also have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- racket re-stringing services
- snack and refreshment service for athletes
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- physiotherapy facilities
- doping control station

BADMINTON TRAINING

→ General information

Training for the Badminton competition will take place at the competition venue, at Porte de la Chapelle Arena. Training will take place in three (3) areas: field of play, warm-up hall and training hall. The venue will be open for training from Saturday 20 July to Monday 5 August 2024. When the competition starts, training will only take place in the training hall.

Training will be available at the following times:

- Saturday 20 July: 09:00 – 20:00 (field of play) / 09:00 – 22:00 (warm-up and training halls)
- Sunday 21 July to Wednesday 24 July: 09:00 – 22:00
- Thursday 25 July: 09:00 – 15:00 (field of play) / 09:00 – 22:00 (warm-up and training halls)
- Friday 26 July: 08:00 – 13:00
- Saturday 27 July to Sunday 4 August: 09:00 – 20:00 (field of play) / 09:00 – 22:00 (warm-up and training halls)
- Monday 5 August: 09:00 – 12:00 (excluding field of play and warm-up hall)

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony. The training end time indicated for that day will be confirmed later.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking /

modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

All training equipment will be approved by the BWF and comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Facilities

The Badminton training facilities at Porte de la Chapelle Arena shall include:

- six (6) training courts
 - changing rooms and showers (separate facilities for men and women)
- #### The other spaces will be shared with athletes competing:
- lounges for athletes
 - physiotherapy area
 - medical services (shared with competition athletes)
 - doping control station (shared with competition athletes)

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (OIAC). NOC members will be granted access to one or more training

venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the P accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

Food and beverage services

Given the short distance between the Olympic Village and the training venue, as well as the limited time spent by the athletes on the training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

BASKETBALL COMPETITION

The Basketball competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Sunday 4 August at the Pierre Mauroy Stadium in Lille Métropole for the group phase then from Tuesday 6 to Sunday 11 August at Bercy Arena in Paris for the final phase. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 12-Team tournament

WOMEN (1)

→ 12-Team tournament

A total of 288 athletes, 144 men and 144 women, may take part in the Basketball competition, with each team composed of 12 players. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

Both the Men's and Women's Olympic Basketball tournaments will involve a Group Phase, held at Pierre Mauroy Stadium in Lille Métropole, and a Final Phase held in Paris at Bercy Arena.

→ Group Phase

The twelve (12) teams will be divided into three (3) groups (A, B and C) of four (4) teams each. Each team will play all the other teams in its own group, i.e. a total of three (3) games for each team. A total of 36 games shall be played in the Group Phase, 18 for the men's tournament and 18 for the women's tournament.

The teams placed first and second in each group and the two (2) best third-placed teams in the Group Phase will qualify for the Final Phase. The remaining four (4) teams shall be eliminated from the competition.

→ Final Phase

The draw to determine pairings of the quarterfinals shall be made after the last Group Phase game. The following rules shall be applied to the draw:

1. The qualified teams shall be divided into four (4) pots. The cumulative ranking between the three (3) groups, established according to the *FIBA Official Basketball Rules, Chapter D – Classification of Teams*, will be used to determine the teams in different pots as follows:

- pot D shall consist of the two (2) best ranked teams in the cumulative ranking;
- pot E shall consist of the 3rd and 4th ranked teams in the cumulative ranking;
- pot F shall consist of the 5th and 6th ranked teams in the cumulative ranking; and
- pot G shall consist of the 7th and 8th ranked teams in the cumulative ranking.

2. The teams from pot D will be drawn against the teams from pot G and the teams from pot E will be drawn against the teams from pot F.
3. Teams from the same group in the Group Phase cannot be drawn against each other in the quarterfinals.

The quarterfinals shall be played as follows:

- Game 19: D1 – G1
- Game 20: F1 – E1
- Game 21: E2 – F2
- Game 22: G2 – D2

The four (4) quarterfinal winners will qualify for the semifinals. The four (4) quarterfinal losers shall take no further part in the competition. The classification of teams from 5th to 8th place shall be established according to the FIBA Official Basketball Rules.

The winners of the first and second quarterfinals shall play each other in the first semifinal. The winners of the third and fourth quarterfinals shall play each other in the second semifinal.

The winners of the semifinals shall play each other in the final during the gold medal game. The losers of the semifinals shall play each other during the bronze medal game.

→ Duration

In accordance with FIBA regulations, Basketball games for both men and women at Paris 2024 consist of four (4) quarters of 10 minutes each. If the score is tied after 40 minutes, the game will continue with as many extra periods of five (5) minutes as are necessary to break the tie.

→ Draw

The draw for the Paris 2024 Olympic Games competition will take place in March 2024.

RULES

The Basketball competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **FIBA Official Basketball Rules** available on the website <https://www.fiba.basketball/basic-rules>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, FIBA will be responsible for the control and direction of the Basketball competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Basketball competition must comply with the following documents:

- **FIBA Official Basketball Rules** available on the website <https://www.fiba.basketball/documents/official-basketball-rules/current.pdf>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>, in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [basketball-specific guidelines](#).

COMPETITION VENUE

→ Pierre Mauroy Stadium (LIL)

261 boulevard de Tournai - 59650 Villeneuve d'Ascq - France

The Group Phase of the Basketball competition will be held at Pierre Mauroy Stadium in Villeneuve d'Ascq. The stadium is a modular multi-sports showcase with a spectacular design. Built in 2012, it primarily hosts the games of LOSC football club as well as a wide range of international cultural and sporting events.

Located in southeast Lille, Pierre Mauroy Stadium will have a gross capacity of 27,000 for the Group Phase of the Basketball competition.

Pierre Mauroy Stadium has already hosted an international basketball competition with the final phase of the FIBA EuroBasket 2015.

During the Olympic Games, the Pierre Mauroy Stadium will also host the final phase of handball competition.

→ Field of play

The field of play of the Pierre Mauroy Stadium competitions will contain one (1) court. All equipment will comply with the FIBA Official Basketball Rules.

Facilities

Two (2) half-size courts will be available for warm-up at the competition venue and will be located close to the competition court. **Other facilities at the competition venue will include:**

- changing rooms and showers
- lounges for athletes and officials
- catering services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

→ Bercy Arena (BCY)

8 boulevard de Bercy - 75012 Paris - France

The Final Phase of the Basketball competition will be held at Bercy Arena in Paris' 12th arrondissement. An iconic venue for culture and sport in France since 1984, Bercy Arena underwent renovation in 2015 to modernise its infrastructure to host major competitions and international cultural events.

Bercy Arena will have a gross capacity of 15,000 for the final phase of the Basketball competitions and hosts a large number of basketball events every year: LNB All Star Game, regular-season NBA games, French first division championship games, Finals of the French Basketball Cup.

During the Olympic Games, the Arena Bercy will also be the competition venue for artistic gymnastic and trampoline.

→ Field of play

The field of play of Bercy Arena will contain one (1) court. All equipment will comply with the FIBA Official Basketball Rules.

Facilities

Two (2) half-size courts will be available for warm-up at the competition venue and will be located close to the competition court. **Other facilities at the competition venue will include:**

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- anti-doping control station

TRAINING VENUES

→ General information

Training for the Basketball competition will take place at seven (7) venues, four (4) in Lille Métropole and three (3) in Paris.

Each venue has a regulation-sized basketball court. The Maurice Herzog and Pierre Mazeaud stadiums are contiguous and have one (1) court each but are considered a single venue by Paris 2024.

All training equipment provided by Paris 2024 will be approved by FIBA and will comply with Rule 50 and By-law to Rule 50 of the Olympic Charter.

HOST CITY	VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
LILLE	Palais des Sports Saint-Sauveur	78 avenue du Président John F. Kennedy 59800 Lille	6km // 15min	20/07 to 04/08
	Stade Palacium	2 rue Breughel 59650 Villeneuve-d'Ascq	1km//5min	20/07 to 04/08 morning
	Stade Maurice Herzog	11 rue des Entrepreneurs 59700 Marcq-en-Barœul	7km // 15min	20/07 to 03/08
	Stade Pierre Mazeaud	9 rue des Entrepreneurs 59700 Marcq-en-Barœul	7km // 15min	20/07 to 03/08 morning
PARIS	Studio 5	In the Olympic Village.		20/07 to 11/08 morning
	Studio 9			
	Gymnase Aimée Lallement			20/07 to 09/08

Training in Paris training venues will be available from 9:00 to 21:50.

Training in Lille training venues will be available from 9:00 to 22:10.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The training slots will be predetermined by the team in charge of the basketball competition for Paris 2024, based on the competition schedule.

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (OIAC). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

For access to the training venues in the Olympic Village, “P” accredited persons will be given an additional dedicated access code (not OLV) allowing them to access the training venues in the Olympic Village for a given period of time and under strict control.

→ Food and beverage services

Given the short distance between the Olympic Villages and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Villages. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

Closing of the Olympic Village

3X3 BASKETBALL COMPETITION

The 3x3 Basketball competition at the Paris 2024 Olympic Games will be held from Tuesday 30 July to Monday 5 August at the La Concorde venue in Paris. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 8-team tournament

WOMEN (1)

→ 8-team tournament

A total of 64 athletes, 32 men and 32 women, may take part in the 3x3 Basketball competition, with each team composed of a maximum of four (4) players. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Olympic 3x3 Basketball competition for both men and women will begin with a preliminary pool phase (qualifications) where the eight (8) teams will play each other in a round. Teams ranked seventh and eighth at the end of the pool phase will be eliminated from the competition.

For this qualifications phase, the two (2) best-placed teams once all pool games have been played will qualify directly to the semifinals while the teams ranked third to sixth will qualify for the play-ins – qualifying games for the two (2) remaining semifinal spots. For both pool standings and overall competition standings (apart from places 1-4 decided in medal games), the following classification rules shall apply. If teams that have reached the same stage of the competition are tied with the same percentage of victories, the steps to break the tie shall be applied in the following order:

- head-to-head comparison (only taking win/loss into account within the pool)
- most points scored on average (without considering winning scores in forfeits)

If teams are still tied after those two (2) steps, the team(s) with the highest seeding win(s) the tie-breaker. The two winners of the semifinals play for the gold

medal and the semifinal losers contest the bronze medal game.

A draw is not possible in 3x3 Basketball. The winning team takes the gold medal, the second team the silver medal, and the third team the bronze medal.

A summary of the competition schedule is given below. For the detailed table, see “Competition schedule” below.

→ Tuesday 30 and Wednesday 31 July 2024

The women’s and men’s teams will begin their pool games on Tuesday 30 July with two (2) sessions of four (4) games, one (1) late afternoon and one (1) the evening. The second day of competition, Wednesday 31 July shall be similar.

→ Thursday 1 and Friday 2 August 2024

The women’s and men’s pool games will continue over the next two days, with four (4) sessions instead of two (2).

→ Saturday 3 and Sunday 4 August 2024

The last pool games and the women's play-ins will be held on Saturday 3 August with two (2) sessions, one (1) late afternoon and one (1) the evening.

The competition shall be similar (pool games and play-ins) on Sunday 4 August for the men's teams.

→ Monday 5 August 2024

The 3x3 Basketball competition will end on Monday 5 August with the men's and women's semifinals and finals in two (2) sessions, one (1) in late afternoon (semifinals) and one (1) in the evening (final and game for the Bronze medal). These will be followed by the victory ceremonies for both women and men competitions.

RULES

The 3x3 Basketball competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **FIBA Official 3x3 Basketball Rules** (<https://fiba3x3.com/docs/fiba-3x3-basketball-rules-full-version.pdf>)

→ **IOC Olympic Charter** (<https://olympics.com/ioc/olympic-charter>)

In accordance with Rule 46 of the IOC Olympic Charter, FIBA will be responsible for the control and direction of the 3x3 Basketball competition at Paris 2024.

→ Duration

In accordance with FIBA regulations, 3x3 Basketball games for both men and women at Paris 2024 will be one (1) period of 10 minutes. However, games can be over before the end of regular playing time if a team scores 21 points or more. If the score is tied at the end of playing time, an extra period will be played. The first team to score two (2) points in overtime wins the game.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the 3x3 Basketball competition at the Olympic Games must comply with the following documents:

→ **FIBA Internal Regulations**, including team uniforms (available on the website <https://fiba3x3.com/docs/fiba-internal-regulations-competitions-book-2.pdf>)

→ **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [basketball-specific guidelines](#).

COMPETITION VENUE

→ La Concorde (LCO)

Place de la Concorde - 75008 Paris - France

In the heart of Paris, with the Grand Palais, the Eiffel Tower Stadium and Champ-de-Mars Arena, the La Concorde venue will temporarily be transformed into an urban park. This open stage is the perfect example of the determination of Paris 2024 to take urban sports out of traditional stadiums so that they can come into their own in their natural territory, at the heart of the city.

The La Concorde venue is located 20 kilometres from the Olympic Village and will be the heart of urban sports with the competitions of Breaking, BMX Freestyle, Skateboarding Park and Street.

→ Field of play

The field of play of the 3x3 Basketball competitions will contain one (1) court. The court and all equipment will be presented in accordance with the FIBA Official 3x3 Basketball Rules.

Facilities

The warm-up area will be located near the competition site and will contain two (2) courts. **The competition venue will also have the following services and equipment:**

- lounge for athletes
- lounge for officials
- call room
- catering services
- Internet access
- secure space for basketball equipment storage
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- toilet facilities

TRAINING VENUES

→ General information

Training for the 3x3 Basketball competition will take place at the competition venue, Place de la Concorde, and at the Poissonniers Sports Centre. The training facilities at La Concorde and at the Poissonniers Sports Centre each contain two (2) courts. All training equipment will be approved by FIBA and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

At the La Concorde venue, the equipment for athletes' training will be identical to that used during the competitions. The training and familiarisation sessions at the La Concorde venue will be scheduled in advance by the team responsible for the 3x3 Basketball competition with the agreement of FIBA, then communicated to the team managers. At the Poissonniers Sports Centre, the sports floor and balls will be the same as those used for the Olympic competition.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Poissonniers Sports Centre	2 rue Jean Cocteau, 75018 Paris	4.5km//12 min	23/07 to 05/08
La Concorde	Place de la Concorde, 75008 Paris	20km	27/07 to 05/08

Training in Poissonniers Sports Centre will be available from 9:00 to 18:45.

Training in La Concorde will be available:

- from 11:00 to 19:00 on 27/07 and 28/07
- from 8:45 to 13:25 on 30/07 and 31/07
- from 9:20 to 12:35 on 3/08, 4/08 and 5/08

Please note that this schedule may change on some training days.

There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (OIAC). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Villages. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

BEACH VOLLEYBALL COMPETITION

The beach volleyball competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 10 August at the Eiffel Tower Stadium in Paris. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 24-Team tournament

WOMEN (1)

→ 24-Team tournament

A total of 96 athletes, 48 men and 48 women, may take part in the beach volleyball competition, with numbers limited to two (2) players per team. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The beach volleyball competition will consist of two (2) events: the men's tournament, which will be conducted from 27 July to 10 August 2024, and the women's tournament from 27 July to 9 August 2024. Each event will involve a total of 54 matches and will consist of a preliminary round, a lucky loser round and a single elimination phase.

An NOC representative and both players of each team must be present at the Preliminary Inquiry scheduled on 23 and 24 July 2024 and the General Technical Meeting on 25 July 2024.

The Preliminary Inquiry and the General Technical Meeting will be carried out in accordance with FIVB regulations.

A summary of the competition schedule is given below. For the detailed table, see "Competition schedule" below.

Saturday 27 July 2024 to Friday 2 August 2024

The competitions will begin with the preliminary round, for which the 24 teams will be divided into six (6) pools of four (4) teams each. Seedings and pool allocations will be determined by the drawing of lots, upon the definition of the qualified teams. This draw will be conducted by FIVB according to their regulations no later than one (1) week before the start of the competition.

Each team will play the three (3) other teams in its pool. The ranking of teams within their pools will be determined by the total number of match points, with the following points awarded per match to each team.

Match won	2 points
Match lost	1 point
Match forfeited	0 point; 21-0, 21-0

In case teams are tied on match points within pools during the preliminary round, the following ranking rules will apply:

→ Tie between two (2) teams: the team with the higher rally points ratio in matches between all teams in the pool is ranked higher. If a tie still exists the teams will have the same ranking.

- Tie between three (3) teams: the teams are ranked by the higher rally points ratio in matches between the three tied teams. If a tie still exists then the tied teams are ranked by rally points ratio between all teams in the pool. If a tie still exists the teams will have the same ranking.
- Tie between four (4) teams: the ranking is determined by the points ratio between all teams in the pool. If a tie still exists, then the teams have the same position in the ranking.

After all pool matches have been played, rankings in each pool will be determined by the total number of match points. If two (2) or more teams are tied after all the pool matches have been played, the following rules will apply:

- Tie between two (2) teams: the team with the higher rally points ratio in matches between all teams in the pool is ranked higher. If a tie still exists the winner of the head-to-head match is ranked higher.
- Tie between three (3) teams: the teams are ranked by the higher rally points ratio in matches between the three tied teams. If a tie still exists the teams are ranked by the rally points ratio between all teams in the pool. If a tie still exists the rankings are determined by the tournament seeding established at the General Technical Meeting (the better seed of the tied teams is ranked higher e.g. seed 15 is ranked higher than seed 18).

The first two (2) ranked teams from each pool, and the best two (2) third-ranked teams in their respective pools (first by match points, then by set ratio, then by rally point ratio and lastly by tournament seeding established at the General Technical Meeting), will advance automatically to the final phase.

→ Saturday 3 August 2024

The four (4) remaining third-ranked teams in each pool will play a two-match lucky loser round (3rd ranked v 6th ranked and 4th ranked v 5th ranked); the two (2) winning teams in the lucky loser round will also qualify for the final phase, making a total of 16 teams.

→ Sunday 4 August to Saturday 10 August 2024

The final phase will be conducted according to a single-elimination format, with the seedings carried out in accordance with FIVB regulations. The eight (8) winning teams in the round of 16 will qualify for the quarterfinals, and the four (4) winning teams in the quarterfinals will qualify for the semifinals.

The two (2) winners of the semifinals play for the gold and silver medals and the losers of the semifinals play for the bronze medal.

RULES

The beach volleyball competition will be held in accordance with the editions of the following documents that are in force at the time of the Games.

- **FIVB Rules of the Game** – Official Beach Volleyball Rules 2021-2024*: https://www.fivb.com/en/beachvolleyball/thegame_bvb_glossary/officialrulesofthegames (in case of disagreement on an interpretation of FIVB regulations, the English version will prevail)
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, FIVB will be responsible for the control and direction of the beach volleyball competition at the Paris 2024 Olympic Games..

→ Scoring

Beach volleyball matches are played to a best-of-three (3) sets format. The first two (2) sets are played to 21 points. In case of a tie (1-1), the third set is played to 15 points. All sets require a two (2)-point advantage to win.

Beach volleyball uses the Rally Point System (RPS) where the team winning a rally scores a point regardless of which team is serving. When a team wins a rally, it gains a point and the right to serve.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the volleyball competition must comply with the following documents:

- **FIVB Rules of the Game** – Official Beach Volleyball Rules 2021-2024: https://www.fivb.com/en/beachvolleyball/thegame_bvb_glossary/officialrulesofthegames
 - Particular reference to Chapter 1: Facilities and Equipment, and to Chapter Two: Participants
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [volleyball-specific guidelines](#).

COMPETITION VENUE

→ Eiffel Tower Stadium (EIF)

Tour Eiffel - 5 avenue Anatole France - 75007 Paris - France

At the heart of Paris, alongside the Grand Palais and Champs-de-Mars Arena, the Eiffel Tower Stadium will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer. For Parisians, the Champ-de-Mars is a place to meet up and celebrate, regularly attracting thousands of people, from the traditional 14 July firework displays to a Football World Cup Final. On a daily basis, people meet up there to enjoy some sport, take in the views or simply walk around the vast alleyways and lawns of this magnificent site, which is now one of Paris' most iconic public gardens.

Between the Ecole Militaire's impressive facade to the south and the equally impressive Eiffel Tower on the River Seine side, the Champ-de-Mars will once again be a community space for meeting up during the Paris 2024 Games, enabling everyone to enjoy this venue's magical setting.

The Eiffel Tower Stadium will be a temporary venue set up at the foot of the Eiffel Tower and will have a capacity of more than 14,000. It will be located 18 kilometres south of the Olympic Village.

The venue will also host the blind football events during the Paralympic Games at the Eiffel Tower Stadium.

The wrestling, judo and Para judo and wheelchair rugby events will be held nearby at Champs-de-Mars Arena.

→ Field of play

The beach volleyball field of play will contain one (1) competition court and two (2) warm-up courts adjacent to the field of play. The field of play will be presented in accordance with FIVB technical specifications: a playing court (16m x 8m) and a 6m free zone surrounding the entire playing court area. In addition, there is a free passageway around this area and the immediately adjacent areas bounded by the first row of spectators or other seating for persons not involved in the running of the event. Paris 2024, in cooperation with FIVB, will control access to the competition area.

Artificial lighting of no less than 1,500 lux average measured at 1m from the court surface, will be available for night matches. The quality and depth of sand on all courts will meet FIVB specifications. For clarity, the sand will be at least 40 cm deep.

Facilities

The warm-up area will be located near the field of play and will contain two (2) courts. The competition venue will also have the following services and equipment:

- changing rooms (separate men's and women's)
- lounges for athletes and officials
- catering services
- Internet access
- secure beach volleyball sport equipment storage
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUES

→ General information

Training for the beach volleyball competition will take place at two (2) venues, at the competition venue at the Eiffel Tower Stadium, with two (2) training courts and the possibility to use the two (2) warm-up courts, and at the Jules Ladoumègue venue in Paris' 19th arrondissement with two (2) courts.

VENUE NAME	ADDRESS	DISTANCE FROM THE VILLAGE	OPENING DATES
Centre sportif Jules Ladoumègue	37 Rte des Petits Ponts 75019 Paris	8km//25min	22/07 to 08/08
Eiffel Tower Stadium	Place Jacques Rueff 75007 Paris	18km//40min	20/07 to 10/08

Training at the Centre sportif Jules Ladoumègue will be open as follows.

- 23 to 25 July from 14:00 to 23:00
- 26 July from 9:00 to 14:00
- 27 July to 5 August from 8:00 to 23:00
- 6 to 8 August from 21:00 to 23:00

Training in the Centre sportif Jules Ladoumègue until 11 August for beach volley training is under review and will be confirmed at a later date.

Training at the Eiffel Tower Stadium will be open from as follows.

- 20 July to 5 August from 9:00 to 23:00
- 6 August to 8 August from 9:00 to 19:30
- 9 August from 9:00 to 15:00 and from 22:30 to 23:30
- 10 August from 9:00 to 15:00

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony. The training end time indicated for that day will be confirmed later.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

All training equipment will be approved by FIVB and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Access to Training Venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas.

For more information, see [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOC Accreditation Update](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venues, and the limited time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

BOXING COMPETITION

The boxing competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 10 August at the North Paris Arena in Villepinte and at Roland-Garros Stadium in Paris. This competition will consist of the following 13 events:

→ Medal Events

Total number of medal events: 13

MEN (7)

→ Men's 51kg

→ Men's 57kg

→ Men's 63.5kg

→ Men's 71kg

→ Men's 80kg

→ Men's 92kg

→ Men's +92kg

WOMEN (6)

→ Women's 50kg

→ Women's 54kg

→ Women's 57kg

→ Women's 60kg

→ Women's 66kg

→ Women's 75kg

A total of 248 athletes, 124 men and 124 women, may take part in the Boxing competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The boxing competition will begin on Saturday 27 July at North Paris Arena which will host the round of 32, round of 16 and quarterfinals in all categories, as well as part of the semifinals until Sunday 4 August.

The competition will then move to Roland-Garros Stadium, on the Philippe Chatrier court, where the remaining semifinals and the finals for all weight categories will be held from Tuesday 6 August to Saturday 10 August. The finals will be followed by the victory ceremonies.

The boxing competition in all weight categories will be run in a standard single-elimination format.

The winners of the semifinals in each weight category will contest for the gold medal; the losers of each semifinal will be awarded bronze medals.

A seeding system will be used during the boxing competition. There will be a maximum of four (4) seeds in each men's weight and two (2) seeds in each women's weight category.

Draw

The competition draws will be conducted by OMEGA right after the Technical Meeting on 25 July 2024 at the competition venue, North Paris Arena.

A maximum of two (2) representatives from each NOC will be invited to attend the draws.

→ Daily medical examination and weigh-in

The daily weigh-ins will be conducted at the Olympic Village between 07:00 and 08:00 for the first nine (9) days of competition, then from 8:15 to 09:15 for the last five (5) days.

Boxers will be required to undergo a medical examination and weigh-in on each day they are scheduled to compete. Boxers will also undergo medical examinations immediately after each bout.

A detailed table of the competition schedule is given further below.

RULES

The boxing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **Event Regulations for the Olympic Boxing Qualifying Tournaments and the Boxing Competition at the Olympic Games Paris 2024** (<https://olympics.com/athlete365/app/uploads/2023/04/PARIS-2024-BOXING-UNIT-EVENT-REGULATIONS-VERSION-1.0.pdf>)
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>

→ Duration and scoring

All bouts in the men's and women's boxing competition will consist of three (3) rounds of three (3) minutes each. In both men's and women's bouts, there will be a rest time of one (1) minute between rounds.

A total of five (5) independent judges placed around the ring score the fight and decide the winner after the allotted number of rounds. Judges are on the lookout for quality blows on target but also technique, tactics, competitiveness and dominance. Fights can end before the end of the three (3) rounds in case of knockout or technical knockouts. Referees may end a bout if they deem one of the opponents unfit to continue.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the boxing competition must comply with the following documents:

- **Event Regulations for the Olympic Boxing Qualifying Tournaments and the Boxing Competition at the Olympic Games Paris 2024** (<https://olympics.com/athlete365/app/uploads/2023/04/PARIS-2024-BOXING-UNIT-EVENT-REGULATIONS-VERSION-1.0.pdf>)
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Boxing-specific guidelines](#).

COMPETITION VENUE

→ North Paris Arena (NPA)

Parc des Expositions de Villepinte - Hall 8
ZAC Paris Nord 2 - 93420 Villepinte

PRELIMINARY ROUNDS: 27 JULY TO 4 AUGUST 2024.

Hall 8 at Villepinte exhibition centre (North Paris Arena) will be turned into a large modular sports facility called “the North Paris Arena” for the Games. In addition to the preliminary rounds of the boxing competition, the venue will host the fencing ranking round of the modern pentathlon during the Olympic Games, as well as the sitting volleyball events during the Paralympic Games.

Set up in Hall 8 of Paris’s largest exhibition facility, the Arena is located less than 100m from the RER B station that takes spectators from Paris to the venue in less than 25 minutes from Gare du Nord.

The venue will have a gross capacity of 7,000 for the boxing competition at Paris 2024.

Roland-Garros Stadium

2 avenue Gordon Bennett - 75016 Paris

FINAL PHASES: 6 TO 10 AUGUST 2024.

Situated on the edge of Boulogne, near the Parc des Princes, Roland-Garros Stadium hosts the only Grand Slam tournament on clay each year.

An icon of world tennis, Roland-Garros Stadium is not only the theatre of the tennis and wheelchair tennis competitions at the Paris 2024 Olympic and Paralympic Games, but it will also host the boxing events as well.

The boxing finals will take place in the evening within this legendary home of French tennis and the competition will be held on the Philippe Chatrier central court with its retractable roof closed.

The venue will have a gross capacity of 15,000 for the boxing competition at Paris 2024.

→ Field of play

The competition venues will contain one (1) ring positioned centrally within the square field of play.

→ Sport equipment

Individual equipment such as gloves, hand wraps and headguards will be provided by Adidas/DoubleD, and the ring by SportCom.

→ Facilities

The two (2) warm-up areas (red and blue) at the two (2) venues will each contain punch bags and training equipment and will be located next to the field of play. Other facilities at the competition venue will include:

- changing rooms and showers (separate men’s/ women’s)
- lounges for athletes and officials
- catering services
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station

TRAINING VENUE

→ General information

Training for the boxing competition will be held at the Gymnase Max Rousié, accessible by shuttle buses every hour. The venue will contain eight (8) training spaces for delegations and an aerobic training room with bikes and treadmills. Training rings and bags will be provided by SportCom and all training equipment will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter. Individual sport equipment, such as gloves, hand wraps and headguards, will not be provided for training.

VENUE NAME	ADDRESS	DISTANCE FROM THE VILLAGE	VENUE OPENING DATES
Gymnase Max Rousié	30 rue André Bréchet, 75017 Paris	4km//15min	20/07 to 09/08

Training at the Gymnase Max Rousié will be open from 8:00 to 21:00.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Access to the training venue

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the PBU. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venue, and the limited time spent by athletes at the venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

BREAKING COMPETITION

The breaking competition at the Paris 2024 Olympic Games will be held from Friday 9 August to Saturday 10 August at the La Concorde venue in Paris. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ B-Boys' event

WOMEN (1)

→ B-Girls' event

A total of 32 athletes, 16 men and 16 women, may take part in the breaking competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The breaking competition consists of individual battles. B-Boys and B-Girls will go face to face in battles, improvising and adapting their moves to the beat of the DJ's tracks to secure the votes of the nine (9) official judges.

The breaking competition will begin with a round robin qualification phase during which athletes will be divided into four (4) groups of four (4). Each athlete will take on the three (3) other athletes in their group in a two (2)-round battle. The top two (2) athletes in each group, ranked by the number of rounds won (then by the number of judges' votes received if there is a tie and lastly by their rank at the WDSF official ranking on 31 December 2023 if the tie remains), will advance to the finals (Top 8 Finals).

The final phases will consist of quarterfinals, semifinals, bronze medal finals and gold medal finals. Battles will follow a knock-out format with three (3) rounds per battle.

Two (2) DJs (International Technical Officials) mix beats and tracks with soul, funk and rap musical influence and take turns throughout the session (the same DJ mixes for all of the rounds in a single battle). Two (2) MCs (International Technical Officials), the Master of Ceremonies for the battles, present and set the rhythm of the battles.

The women's competition will be held on Friday 9 August in two (2) sessions, the qualification session (round robin) late afternoon and the final with the eight (8) top-ranked B-Girls in the evening.

The men's competition will be held on Saturday 10 August in two (2) sessions, the qualification session (round robin) late afternoon and the final with the eight (8) top-ranked B-Boys in the evening.

RULES

The breaking competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **WDSF Constitution (Statutes)** and Regulations available on the website <https://www.worlddancesport.org/rule/all>.
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, WDSF will be responsible for the control and direction of the breaking competition at the Paris 2024 Olympic Games.

→ Judging system

Athletes' performance is evaluated by nine (9) judges (International Technical Officials) who compare athlete A with athlete B for each round based on five (5) criteria:

- Technique (including body control, form – lines, angles, shapes – , athleticism and spatial control)
- Vocabulary (variation and quantity of moves; ability to avoid repetition)
- Execution (quality; cleanliness consistency of flow; minimal slips, crashes or falls).
- Musicality (ability to improvise in synchronisation to the music and beats chosen by the DJs)
- Originality (athletes' creativity; stage performance; personality; ability to improvise while maintaining technique and clean moves).

Each athlete is allocated a colour before the start of the battle – blue or red – by draw. Coloured markings will be indicated on the field of play for the exact position of athletes.

Athlete evaluation is comparative: the judges move the slider on the blue or red side using the judging system interface, with a minimum of three (3) criteria per round in order to determine at the end of each round which athlete gave the best performance overall.

→ Clothing and equipment

Clothing and equipment used by B-Boys and B-Girls and other participants in the breaking competition must comply with the following documents:

- **WDSF Constitution and Regulations** (available on the website <https://www.worlddancesport.org/rule/all>)
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>) in particular *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#).

BKG04	20:00 – 22:00	2:00	B-Boys Finals B-Boys Victory Ceremony

COMPETITION VENUE

→ La Concorde (LCO)

Place de la Concorde - 75008 Paris - France

In the heart of Paris, with the Grand Palais, the Eiffel Tower Stadium and Champ-de-Mars Arena, the La Concorde venue will temporarily be transformed into an urban park. This open stage is the perfect example of the determination of Paris 2024 to take urban sports out of traditional stadiums so that they can come into their own natural territory, at the heart of the city.

The La Concorde venue is located 20 kilometres from the Olympic Village and will be the setting for this urban park, also hosting the 3x3 basketball, BMX freestyle, street skateboarding and park skateboarding events.

→ Field of play

The field of play at La Concorde 1 (breaking field of play) will consist of one (1) cypher, a circular dancefloor on which the battles take place. The cypher and all equipment will be presented in accordance with the WDSF Official Rules.

Facilities

The warm-up area will be located near the field of play and will contain one (1) cypher.

The competition venue will also have the following services and equipment:

- lounge for athletes
- lounge for officials
- call room
- catering services
- Internet access
- secure space for breaking equipment storage
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- toilet facilities

BREAKING TRAINING

Training for the breaking competition will take place at the competition venue, La Concorde, and at the Gymnase Pablo Neruda. The training facilities at La Concorde and at the Gymnase Pablo Neruda each contain one (1) cypher.

All training equipment will be approved by WDSF and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

At the La Concorde venue, the dancefloor for athlete training will be identical to that used during the competitions. The familiarisation sessions at the La Concorde site will be scheduled in advance by the Paris 2024 breaking competition management team with the agreement of WDSF, then communicated to the heads of delegations.

At the Gymnase Pablo Neruda, the dancefloor will be the same as the one used for the Olympic competition.

VENUE NAME	ADDRESS	DISTANCE FROM THE VILLAGE	VENUE OPENING DATES
Gymnase Pablo Neruda	Rue Marcel Cachin, 93400 Saint-Ouen	0.5km // 2min (walk)	27/07 to 10/08 matin
La Concorde	Place de la Concorde, 75008 Paris	20km // 40min	07/08 to 10/08

Training at the Gymnase Pablo Neruda will be held:

- From 27 July to 3 August 2024 (official pre-training phase): from 14:00 to 18:00, subject to booking by the delegations (conditions to be confirmed by Paris 2024).
- From 4 August to 10 August 2024 (official training phase): from 09:00 to 18:00, according to familiarisation and competition times at la Concorde (slots allocated by gender, assigned by Paris 2024 with the agreement of WDSF).

Familiarisation at the La Concorde competition venue will take place on 7 August for B-Girls and on 8 August for B-Boys.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Access to the training venue

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas.

For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venues, and the limited time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

CANOE SPRINT COMPETITION

The Paris 2024 Olympic Games canoe sprint competition will take place from Tuesday 6 August 2024 to Saturday 10 August 2024 at the Vaires-sur-Marne Nautical Stadium – Flat water stadium. This competition will consist of the following 10 events:

→ Medal Events

Total number of medal events: 10

MEN (5)

- Kayak Single (K1) 1000m
- Kayak Double (K2) 500m
- Kayak Four (K4) 500m
- Canoe Single (C1) 1000m
- Canoe Double (C2) 500m

WOMEN (5)

- Kayak Single (K1) 500m
- Kayak Double (K2) 500m
- Kayak Four (K4) 500m
- Canoe Single (C1) 200m
- Canoe Double (C2) 500m

A total of 236 athletes, 118 men and 118 women, may take part in the canoe sprint competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The canoe sprint events will take place in head-to-head races in eight (8) lanes. Depending on the number of entries, each event will consist of four (4) successive phases:

- Heats
- Quarterfinals
- Semifinals
- Final

The number of heats in each phase and the progression between phases will depend on the number of boats registered for the event.

In all the events, the gold medal, silver medal and bronze medal will be awarded in the final which will also determine the ranking from 4th to 8th place.

For events with more than 12 boats competing, a final B will be organised to determine the ranking from the 9th to 16th place.

RULES

The canoe sprint competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ ICF Canoe Sprint Competition Rules

<https://www.canoeicf.com/rules#sprint>

→ IOC Olympic Charter available on the website

<https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the ICF will be responsible for the control and direction of the canoe sprint competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the canoe sprint must comply with the following documents:

→ ICF Canoe Sprint Competition Rules

<https://www.canoeicf.com/rules#sprint>

→ IOC Olympic Charter (available on the website

<https://olympics.com/ioc/olympic-charter>) in particular

Rule 50: Advertising, Demonstrations, Propaganda

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [canoe-specific guidelines](#).

COMPETITION VENUE

→ Vaires-sur-Marne Nautical Stadium – Flat water stadium (VNS)

**Stade nautique olympique d'Île-de-France - Route de Torcy
77360 Vaires-sur-Marne - France**

The canoe sprint will be held at the brand-new Vaires-sur-Marne Nautical Stadium, inaugurated in 2019 and located 48 kilometres to the south-east of the Olympic Village.

It will host the Olympic canoe and rowing and Paralympic Para rowing and Para canoe events. It will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer.

During the Olympic Games, the flat-water stadium will have a gross capacity of 24,000 spectators of which 12,000 in temporary stands.

→ Field of play

The Vaires-sur-Marne Nautical Stadium field of play for canoe sprint events is a 2,200-metre lake with eight (8) lanes.

The competition area and all the equipment will be installed in accordance with current ICF international rules. The warm-up and recuperation areas are situated along the south side of the competition lake.

Venue facilities

The competition venue will also have the following services and equipment:

- NOC rest areas
- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- secure space for canoe sprint equipment storage
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- a living area for the canoe sprint athletes in the first week during the rowing competitions will be situated to the south of the competition venue enabling access to the water course.

TRAINING VENUES

→ Personal training before the Olympic period

The Vaires-sur-Marne Nautical Stadium will be accessible every day for training sessions that must be booked and paid for with the venue operator by each NOC (and/or its national canoe federation) according to commercial availability.

Bank transfer: All bank transfer charges must be included in each payment.

If the bank on an NF or NOC country does not make transaction with French banks, the full invoice can be paid at the venue (cash or credit card). A special request must be made in advance to the venue operator and the ICF.

Contacts:

→ Website:

<https://vaires-torcy.iledeloisirs.fr/stade-eaux-vives/>

→ Email: a.levert@vaires-torcy.iledeloisirs.fr

→ Official training during the Olympic period

Each NOC may drop off sport equipment from 26 July 2024 (timetable to be confirmed).

Official training will start on 27 July 2024.

During the rowing competitions, the training slots and rules for using the water course must be scrupulously observed.

CANOE SLALOM COMPETITION

The Paris 2024 Olympic Games canoe slalom competition will be held from Saturday 27 July 2024 to Monday 5 August 2024 at the Vaires-sur-Marne Nautical Stadium – White water stadium. This competition will consist of the following six (6) events:

→ Medal Events

Total number of medal events: 6

MEN (3)

- Kayak Single (MK1)
- Canoe Single (MC1)
- Kayak Cross (MX1)

WOMEN (3)

- Kayak Single (WK1)
- Canoe Single (WC1)
- Kayak Cross (WX1)

A total of 82 athletes, 41 men and 41 women, may take part in the canoe slalom competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The canoe slalom competition includes two types of events:

- **Canoe and kayak** reintroduced on the Olympic Games programme in 1992 after a first appearance in 1972 in Munich.
- **Kayak cross** which will make its first appearance on the programme in Paris.

→ “Canoe and Kayak” events

Each **canoe and kayak** event will start with a qualification phase. All the athletes will compete in two (2) heat runs on the qualification course. The results of the best of these two (2) runs will determine which athletes will qualify for the semifinal. Based on the results of the semifinal round, the 12 best athletes will advance to the final.

For the two (2) qualification runs, athletes will start in reverse order to their position in the ICF World Rankings. In the semifinal, athletes will start in reverse order of the rank achieved in the qualification heats. In the final, athletes will start in reverse order of the rank achieved in the semifinal.

→ “Kayak Cross” events

Each **kayak cross** event will start with a time trial heat to establish the seeding of athletes in the qualification phase races.

THE QUALIFICATION PHASE IS HELD IN TWO (2) STAGES:

- First stage: A first round where the first two (2) in each race will qualify for the elimination phase and the remainder for the second stage.
- Second stage: A repechage round where, depending on the number of participants, the first two (2) or the first of each race will qualify. Still depending on the number of entries, lucky losers designated according to their results in time trial could progress to the elimination phase.
- Depending on the number of participants, the qualification phase will take place in head-to-head in races with four (4), three (3) or two (2) athletes.

THE ELIMINATION PHASE:

Each stage of the elimination phase will then take place in one (1) heat with races between four (4) athletes (except for a race with three [3] athletes in the knock-out heats if there are 33 registered for one event, or less). Each time, the top two (2) will advance to the next stage.

The stages are:

- Heats
- Quarterfinals
- Semifinals
- Small final (the 3rd and 4th in the semifinals) to award the 5th to 8th places
- Final to award the gold medal, silver medal, bronze medal and 4th place

RULES

→ Competition rules

The canoe slalom competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ ICF Canoe Slalom Competition Rules

→ Appendices to the ICF Canoe Slalom Competition Rules

These documents are available on <https://www.canoeicf.com/rules#slalom>

→ **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the ICF will be responsible for the control and direction of the canoe slalom competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the canoe slalom competition must comply with the following documents:

→ **ICF Canoe Slalom Competition Rules** <https://www.canoeicf.com/rules#slalom>

→ **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>) in particular *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [canoe-specific guidelines](#).

COMPETITION VENUE

→ Vaires-sur-Marne Nautical Stadium – White water stadium (VNS)

**Stade nautique olympique d'Île-de-France - Route de Torcy
77360 Vaires-sur-Marne - France**

The canoe slalom competition will be held at the brand-new Vaires-sur-Marne Nautical Stadium, inaugurated in 2019 and located 48 kilometres to the south-east of the Olympic Village. It will host the Olympic canoe and rowing and Paralympic Para rowing and Para canoe events. It will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer.

The white-water site includes a competition course, a training course and a warm-up area on calm water.

During the Olympic Games, the competition course will be equipped with temporary stands with a gross capacity of 12,000 spectators.

→ Fields of play and training and warm-up areas

The competition course has the following characteristics:

- Length: 210m
- Water flow: 13 cubic metres per second
- Drop on the course from the start line to the finish line: 3.6m

- Average slope: 1.7%
- 50 gates (for the canoe and kayak events) installed for official training
- 10 gates (for the kayak cross events) installed for official training

The competition area and all the equipment will be installed in accordance with current ICF international rules.

The training course has the following characteristics:

- Length: 160m
- Water flow: 10 cubic metres per second
- 40 gates (for the canoe and kayak events) installed for official training
- 10 gates (for the kayak cross events) installed for official training

The warm-up area will be situated in the calm-water lake and will have the following characteristics:

- Length: 160m
- Smooth current
- 40 gates installed for official training

→ Venue facilities

The competition venue will also have the following services and equipment:

- NOC rest areas
- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- secure space for canoe slalom equipment storage
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- Technical Video Signal (TVS) broadcasting room – files downloaded for athletes' competition analysis only

TRAINING VENUES

→ Personal training before the Olympic period

The Vaires-sur-Marne Nautical Stadium will be accessible every day for training sessions that must be booked and paid for with the venue operator by each NOC (and/or its national canoe federation) according to commercial availability.

Bank transfer: All bank transfer charges must be included in each payment.

If the bank on an NF or NOC country does not make transaction with French banks, the full invoice can be paid at the venue (cash or credit card). A special request must be made in advance to the venue operator and the ICF.

Contacts:

→ website: <https://vaires-torcy.iledeloisirs.fr/stade-eaux-vives/>

→ email: a.levert@vaires-torcy.iledeloisirs.fr

→ Official training before the Olympic period

ICF, Paris 2024 and the venue operator have blocked off training periods reserved exclusively for NOCs taking part in the Olympic Games:

	START	END	BOOKING DEADLINE
Period #1	Friday 27 September 2023	Sunday 30 September 2023	1 July 2024
Period #2	Monday 9 October 2023	Friday 13 October 2023	
Period #3	Monday 20 May 2024	Sunday 26 May 2024	15 March 2024
Period #4	Tuesday 18 June 2024	Friday 12 July 2024	

LICF will define the programme between kayak cross and canoe & kayak at a later stage.

During these periods, the following services will be put in place by the venue operator for participants:

- two (2) one-hour training slots per day on the competition course
- the competition course equipped with at least 50 functional training gates
- the warm-up area equipped with at least 40 functional training gates
- a secure storage area for boats and trailers
- a daytime car park for participants' vehicles
- men's and women's changing rooms with toilets and showers

ICF and Paris 2024 will set up groups and the detailed training schedule.

A news bulletin will be distributed via **NocNet** for each training period by Paris 2024 after validation by the ICF and the venue operator. **This bulletin will define the:**

- booking method
- price of an hour's training per athlete
- participants' payment method based on their booking
- cancellation policies

→ Official training during the Olympic period

Each NOC may drop off sport equipment and use the rest areas at the venue from 19 July 2020 (timetable to be confirmed).

Official training will start on 20 July 2020.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

Before the start of the competition, the teams will be allocated two (2) sessions of one (1) hour on the competition course.

After the start of the competition, the teams will be allocated sessions on the training course outside competition times.

The training course will be closed during the competitions.

DATE	TIME	SITE	REMARKS
20 July to 25 July	9:00 – 19:00	Competition course	Two sessions a day (*)
26 July to 1 August	9:00 – 13:00	Training course	One session a day (*)
2 August to 5 August	9:00 – 13:00	Competition course	One session a day (kayak cross)

(*) ICF will define the programme between kayak cross and canoe at a later stage.

SPORT CLIMBING COMPETITION

The Sport Climbing competition at the Paris 2024 Olympic Games will be held from Monday 5 August to Saturday 10 August at the Le Bourget venue. This competition will consist of the following four (4) events:

→ Medal Events

Total number of medal events: 4

MEN (2)

- Speed
- Boulder & Lead

WOMEN (2)

- Speed
- Boulder & Lead

A total of 68 athletes, 34 men and 34 women, may take part in the Sport Climbing competition. For details of the qualification system, see the [IOC website \(Boulder & Lead and Speed\)](#).

COMPETITION FORMAT

→ SPEED

For the first time in Olympic history, Speed is an event in its own right.

The Speed competition will consist of two (2) phases held over two (2) days for each category: one qualifying phase and one final phase.

Of the 14 athletes competing at the start of the competition, only the top eight (8) from the qualifying phase (the fastest) advance to the final phase.

→ BOULDER & LEAD

The Boulder & Lead competition will consist of two (2) phases held over four (4) days for each category: one semifinal phase and one final phase.

The ranking is based on a system of points obtained in each discipline. Of the 20 athletes competing at the start of the competition, only the top eight (8) from the semifinals (those with the most points for Boulder and Lead) advance to the final.

A summary of the competition schedule is given below. For the detailed table, see “Competition schedule” below.

→ Monday 5 August 2024 and Tuesday 6 August 2024

→ **The Boulder semifinals will be held on the first two (2) days of competition: Monday 5 August for the men’s semifinal and Tuesday 6 August for the women’s semifinal.**

The 20 athletes will take it in turns to complete four (4) boulders with a 5-minute time limit for each boulder and an unlimited number of attempts alternating with a 5-minute rest period (and a 15-second preparation period between each rotation). The goal is to go as high as possible with the least number of attempts possible. Each problem includes three (3) specific holds worth 5 points, 10 points and 25 points respectively designated low zone, high zone and final hold. Points for each hold are not added up. If the final hold is reached, 25 points are scored and 100 points correspond to the best possible performance (25 points on each of the 4 boulders). Each additional attempt subtracts 0.1 points. After taking on the four (4) boulders, the points are totalled, and the athletes ranked according to the number of points scored.

→ **The Speed qualifying events will also be held on the first two (2) days of competition:**

Monday 5 August for the women's qualifications and Tuesday 6 August for the men's qualifications.

These qualifying events are held in two (2) stages:

- **Seeding Heat:** The 14 competitors step up to the Speed wall two (2) by two (2) for a timed race on each of the two (2) routes (route A on the left and route B on the right). A ranking is established after these races according to the fastest time achieved from two (2) races.
- **Elimination Heat:** Seven (7) heats are held between the competitors: Competitors allocation is based on their ranking from the previous event. The fastest will be paired with the least fastest, the second fastest with the second least fastest and so on. The seven (7) winners of the heats will qualify directly for the finals phase. The eighth qualification spot is awarded to the losing competitor who achieved the fastest time from the qualification phase.

→ **Wednesday 7 August 2024 and Thursday 8 August 2024**

→ **The Women's Lead Semifinals will be held on Wednesday 7 August and the Men's on Thursday 8 August.**

The 20 athletes will each have a maximum of six (6) minutes on the Lead route.

The route is divided into four (4) sections representing four (4) stages. Each hold corresponds to a certain number of points. The value of these points increases with each stage as the athletes climb the route until the final hold worth 100 points and representing the best possible performance.

After each climb, the points gained on the Lead route are added to the Bouldering points, giving a general athlete ranking for the Boulder & Lead event.

→ **The Speed final events will also be held on the third and fourth days of competition: Wednesday 7 August for the women's finals and Thursday 8 August for the men's finals.**

According to the ranking from the qualification phases, the eight (8) athletes will go head to head in quarterfinal, semifinals, small final (for the bronze medal) and final elimination heats. The Olympic Speed champion will be determined after the final.

→ **Friday 9 August 2024 and Saturday 10 August 2024**

→ **The Men's Boulder & Lead events will be held on Friday 9 August and the Women's on Saturday 10 August.**

On the same day, the eight (8) qualifying athletes will take turns on the four (4) boulders with the same point system as the semifinals (5, 10 then 25 points per boulder) for a maximum total of 100 points. In the final, the climbing time will be four (4) minutes maximum, but unlike the semifinals phase, the athletes will have a collective observation time of eight (8) minutes.

After the Bouldering event, the climbers will have a rest period (approximately 25 minutes) before climbing a new Lead route with the same point system per hold and per stage and with a maximum of 100 points possible.

Following these climbs, the points achieved for the Boulder and Lead events on this finals day are totalled. The Olympic champion is the athlete who has achieved the most points in the two (2) events combined.

RULES

The Sport Climbing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **IFSC Rules** available on the website

<https://www.ifsc-climbing.org/index.php/world-competition/rules>.

→ **IOC Olympic Charter** available on the website

<https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the IFSC will be responsible for the control and direction of the Sport Climbing competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants during the Sport Climbing competition during the Olympic Games must comply with the following documents:

→ **IFSC Rules** www.ifsc-climbing.org/index.php/world-competition/rules

→ **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the **IOC website** along with the **Sport Climbing-specific guidelines**.

COMPETITION VENUE

→ Le Bourget Climbing Venue (LBO)

Parc Sportif du Bourget - 93350 Le Bourget - France

A new sport at Tokyo in 2021, Sport Climbing will be one of the four new sports at Paris 2024, alongside breaking, surfing and skateboarding. Both an urban and outdoor sport, Sport Climbing embodies the same image Paris 2024 seeks to convey for the Games – highlighting a modern sport, practised in a country with a young population, so as to boost its practice among the general population. Along with the Saint-Denis Aquatics Centre, the Le Bourget Climbing venue is the sole sports facility specifically built for Paris 2024. Because beyond the Paris 2024 Games, the gymnasium and its indoor facilities will provide a lasting legacy, in a department that has a major shortage of sports facilities. The venue will be used during the Games for athlete training and warm-up.

Located in Le Bourget, in Seine-Saint-Denis, the climbing venue will be 13 kilometres from the Olympic Village and near other competition venues including Stade de France, the Aquatics Centre and North Paris Arena. It will have a capacity of 6,937 spectators.

→ Facilities

Seven (7) climbing walls will be used during the Games, including four (4) training and warm-up walls (three [3] indoor and one [1] outdoor) and three (3) competition walls, located outside but protected against wind and weather.

Before competition, athletes will be able to prepare on the warm-up walls. Other facilities at the competition venue will include:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- Internet access
- catering services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

SPORT CLIMBING TRAINING

Training for the Sport Climbing competition will take place at the competition venue, in Le Bourget, from Monday 29 July to Sunday 4 August. The training facilities will be in the sports centre to the north of the site. 4 walls will be available: a bouldering wall, a lead wall and a 10-metre indoor speed wall as well as a 15-metre outdoor speed wall (official height).

A training day will also take place on the competition walls.

Training will be available from 9:00 to 16:00

Please note that this schedule may change on some training days.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking/modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

Team leaders will not need to book training sessions with the exception of speed if athlete numbers are too high at the venue.

All training equipment will be approved by IFSC and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

BMX FREESTYLE COMPETITION

The cycling BMX freestyle competition at the Paris 2024 Olympic Games will be held from Tuesday 30 July to Wednesday 31 July at the La Concorde venue in Paris. This competition will consist of a single medal event each for men and women.

→ Medal Events

Total number of medal events: 2

MEN (1)

→ Men's Park

WOMEN (1)

→ Women's Park

A total of 24 athletes, 12 men and 12 women, may take part in the cycling BMX freestyle competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

Cycling BMX freestyle at the Paris 2024 Olympic Games will consist of women's and men's park events. The number of riders for each gender is limited to 12, with a maximum of two (2) riders per NOC. The women's and men's events are divided into two (2) phases: qualification and final. During both the qualification and final phases, each rider makes two (2) runs. The time allocated for each run is one (1) minute. The purpose of the qualification phase is to determine the start order of the nine (9) riders who will compete in the final. The 12 riders competing in qualification will be divided into two (2) heats, the highest-ranked rider according to the UCI BMX Freestyle Park individual ranking starting last in the second heat.

A summary of the competition schedule is given below. For the detailed table, see "Competition schedule" below.

→ Tuesday 30 July 2024

The two (2) qualification rounds, one (1) each for the women's and men's event, shall be held on day 1 of the cycling BMX freestyle competition. The 12 riders per gender competing in qualification will be divided into two (2) heats, the highest-ranked rider according to the UCI BMX Freestyle Park individual ranking starting last in the second heat. During the qualification phase, the total score is calculated as the average score from both runs (average of official score run 1 and official score run 2). The top nine (9) riders will automatically qualify for the final.

→ Wednesday 31 July 2024

The two (2) finals, one (1) each for the women's and men's event, shall be held on day 2 of the cycling BMX freestyle competition. The top nine (9) riders in the finals will be divided into one (1) heat per gender. The ranking from the qualification phase shall determine the start order for the finals, the higher ranked rider starting last. During the final phase, the total score is calculated as the best score of one (1) of the two (2) runs (highest of official score run 1 and official score run 2).

RULES

The cycling BMX freestyle competition will be held in accordance with the Union Cycliste Internationale rules that are in force at the time of the Games:

- **UCI Constitution and Regulations** available on the website <https://www.uci.org/>.
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, Union Cycliste Internationale will be responsible for the control and direction of the cycling BMX freestyle competition at the Paris 2024 Olympic Games.

→ Scoring

Five (5) judges will score each rider between 0.00 and 99.99 points for each run. The official score for a run is calculated as the average of the scores given by each judge.

During the qualification phase, the total score is calculated as the average score from both runs (average of official score run 1 and official score run 2).

During the final phase, the total score is calculated as the best score of one (1) of the two (2) runs (highest of official score run 1 or official score run 2).

TIEBREAK RULES

In case of a tie, the judges shall decide which rider gave the best performance and the score shall be adjusted before being reported.

→ Penalties/disqualification rules

A rider may receive an official warning for certain types of misconduct. An official warning shall be noted on all start lists and results reported after the warning is given. Any further misconduct after an official warning shall result in the immediate disqualification of the rider.

Disqualified riders may no longer compete in the event and shall not be awarded a ranking.

PROTEST/RECOURSE

The decision of the jury is considered final and cannot be protested.

→ Clothing and equipment

Clothing and equipment used by riders and other participants in the cycling BMX freestyle competition must comply with the following documents:

- **UCI Rules** (available on the website) <https://www.uci.org/>
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [cycling-specific guidelines](#).

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENTS
Tuesday 30 July 2024 – La Concorde

COMPETITION VENUE

→ La Concorde (LCO)

Place de la Concorde - 75008 Paris - France

In the heart of Paris, with the Grand Palais, the Eiffel Tower Stadium and Champ-de-Mars Arena, the La Concorde venue will temporarily be transformed into an urban park. This open stage is the perfect example of the determination of Paris 2024 to take urban sports out of traditional stadiums so that they can come into their own in their natural territory, at the heart of the city.

The La Concorde venue is located 20 kilometres from the Olympic Village and will be the setting for this urban park, also hosting the 3x3 Basketball, Breaking, Street Skateboarding and Park Skateboarding events.

→ Field of play

The cycling BMX freestyle field of play will consist of multiple embankments and obstacles of varying shapes and sizes up to 6m high. The BMX field of play will be built on a 36 x 50m area.

→ Facilities

- warm-up area
- changing rooms (separate men's/women's)
- lounges for riders and officials
- catering services
- Internet access

- bike maintenance and repair – Shimano Neutral Service will be available on all training and competition days
- mixed zones where accredited media interview riders after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUE

→ General information

Training for the cycling BMX freestyle competition will be held at the competition field of play at the La Concorde venue.

All training equipment provided by Paris 2024 will be approved by UCI and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Training schedule

DATE	TIME	TRAINING	SITE	FORMAT
Friday 26 July 2024	09:00 – 10:30	Training	Cycling BMX Freestyle Field of Play	Women (divided into 2 groups)
Friday 26 July 2024	10:30 – 12:00	Training	Cycling BMX Freestyle Field of Play	Men (divided into 2 groups)
Saturday 27 July to Monday 29 July 2024	12:00 – 14:00	Training	Cycling BMX Freestyle Field of Play	Women (divided into 2 groups)
Saturday 27 July to Monday 29 July 2024	14:15 – 16:15	Training	Cycling BMX Freestyle Field of Play	Men (divided into 2 groups)

There will be no training on the afternoon of the Opening Ceremony.

→ Training venue service level

Given the distance between the Olympic Village and the training venue, and the limited time spent by athletes at the training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

TRANSPORT AND STORAGE OF BMX FREESTYLE EQUIPMENT

If riders and their equipment are transported in separate vehicles between the airport, the Olympic Village, the cycling BMX freestyle competition venue and other Olympic venues, the team may appoint a representative to accompany their equipment and ensure its integrity is maintained.

Daily shuttle buses will be put in place between the Olympic Village and Place de la Concorde, equipped to transport BMX bikes and other approved equipment.

BMX RACING COMPETITION

The BMX Racing competition will be held on 1 and 2 August 2024 at the Saint-Quentin-en-Yvelines BMX Stadium. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ Individuals

WOMEN (1)

→ Individuals

A total of 48 athletes, 24 men and 24 women, may take part in the Cycling BMX Racing competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The BMX Racing competition will start with three (3) quarterfinal runs for each gender that will serve as the women's and men's qualifications. The top 12 riders in the final ranking after the quarterfinal runs will qualify for the semifinals. Following this qualification, a single run, Last Chance Race (LCR) will give a second chance to riders that finished in positions 13 to 20 from the quarterfinals and who have not yet qualified. The top (4) finishers in the LCR will advance to the semifinals. After three (3) semifinal runs, the top eight (8) riders qualify for the final. The final will be a single-elimination heat to determine the Olympic podium places.

A summary of the competition schedule is given below. For the detailed table, see "Competition schedule" below.

→ Thursday 1 August 2024

On the first day of competition, riders will race in three (3) heats of three (3) quarterfinals runs. The riders starting order within each heat of each run will be different from the previous one based on the following allocation system.

→ For the first run, riders are seeded using the UCI BMX Racing Individual Rankings from 1st to 24th. Riders are then seeded using the zigzag system as follows:

RUN 1 – Seeding by UCI Individual Rankings

HEAT 1	HEAT 2	HEAT 3
1 st	2 nd	3 rd
6 th	5 th	4 th
7 th	8 th	9 th
12 th	11 th	10 th
13 th	14 th	15 th
18 th	17 th	16 th
19 th	20 th	21 st
24 th	23 rd	22 nd

→ For the second and third runs, riders are seeded in order of lap time from the last run from 1st to 24th. Riders are then seeded using the zigzag system as follows:

RUNS 2 & 3 – Seeding by lap time from last run

HEAT 1	HEAT 2	HEAT 3
1 st	2 nd	3 rd
6 th	5 th	4 th
7 th	8 th	9 th
12 th	11 th	10 th
13 th	14 th	15 th
18 th	17 th	16 th
19 th	20 th	21 st
24 th	23 rd	22 nd

After the three (3) runs, a ranking will be established by totalling each rider's results. The top twelve (12) riders will automatically qualify for the semifinals. Riders ranked 21st to 24th will be eliminated, while riders ranked 13th to 20th will go head-to-head in the Last Chance Race (LCR). The LCR consists of one (1) run of eight (8) riders in which the first four (4) qualify to join the other riders in the semifinals.

For all rounds, position at the starting gate is determined by the ranking by lap time from the last run (except for run 1 of the quarterfinals which will reflect the UCI Individual Rankings). Riders choose a position from 1 to 8,

position 1 corresponding to the inside line on the first bend and position 8 to the outside line on the first bend.

→ Friday 2 August 2024

On the second day of competition, riders will race in three (3) runs of two (3) semifinal heats. Each run will be different from the previous one based on the following allocation system. For the first run, riders will be seeded based on the ranking by lap time from the previous run, taking into account qualifying riders from the quarterfinals then qualifying riders from the LCR. Riders are then seeded using the zigzag system as follows:

RUN 1 – Seeding by lap time from previous run (1/4 then LCR)

HEAT 1	HEAT 2
1/4 – 1 st	1/4 – 2 nd
1/4 – 4 th	1/4 – 3 rd
1/4 – 5 th	1/4 – 6 th
1/4 – 8 th	1/4 – 7 th
1/4 – 9 th	1/4 – 10 th
1/4 – 12 th	1/4 – 11 th
LCR – 1 st	LCR – 2 nd
LCR – 4 th	LCR – 3 rd

For the second and third runs, riders are seeded in order of lap time from the previous run from 1st to 16th. Riders are then seeded using the zigzag system as follows:

RUNS 2 & 3 – Seeding by lap time from last run

HEAT 1	HEAT 2
1 st	2 nd
4 th	3 rd
5 th	6 th
8 th	7 th
9 th	10 th
12 th	11 th
13 th	14 th
16 th	15 th

After the three (3) runs, a ranking will be established by totalling each rider's results. The top eight (8) riders will automatically qualify for the final.

Unlike the other rounds, the final will be a single-elimination heat. A single race to determine the ranking from 1st to 8th and the Olympic podium places.

RULES

The BMX Racing competition will be held in accordance with the editions of the following documents that are in force during the period of the Olympic Games:

→ **UCI Constitution and Regulations** available on the website <https://www.uci.org/>

→ **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the UCI will be responsible for the control and direction of the BMX Racing competition at the Paris 2024 Olympic Games.

→ Ranking

During the heats, riders gain points corresponding to their finish position (excluding penalties). Riders with the lowest point total qualify for the next phase in accordance with the sequence below.

For each race, riders are ranked as soon as they cross the finish line. The finish occurs at the instant that the tyre of the leading wheel touches the vertical plane rising from the starting edge of the finishing line.

In the case of a tie during the final, the riders concerned shall share the place in question, and the place(s) below would not be allocated, for example, if there are two (2) first places (1st), second (2nd) place will not be allocated.

→ Clothing and equipment

Clothing, bikes and equipment used by riders and other participants in the BMX Racing competition must comply with the following documents:

→ **UCI Constitution and Regulations** (available on the website <https://www.uci.org/regulations/3MyLDDrwJCJJ0BGGOFzOat>)

- Part I – General organisation of cycling as a sport
- Part VI: BMX Racing
- Part XI: Olympic Games

→ **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), particularly *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#), along with the [cycling-specific guidelines](#).

COMPETITION SCHEDULE

Thursday 1 August 2024 – Saint-Quentin-en-Yvelines BMX Stadium			
BMX01	20:00 – 22:20	2:20	Men, Quarterfinals Women, Quarterfinals Men, Last Chance Race (LCR) Women, Last Chance Race (LCR)
Friday 2 August 2024 – Saint-Quentin-en-Yvelines BMX Stadium			
BMX02	20:00 – 22:30	2:30	Men, Semifinals Women, Semifinals Men, Final Women, Final Men, Victory Ceremony Women, Victory Ceremony

COMPETITION VENUE

→ Saint-Quentin-en-Yvelines BMX Stadium (VE2)

1 rue Laurent Fignon - 78180 Montigny-le-Bretonneux - France

Located in Yvelines, 39 kilometres from the Olympic Village, the Saint-Quentin-en-Yvelines BMX Stadium is close to the National Velodrome, with an existing track specially redesigned for the Games. The first fully covered and floodlit BMX Racing track in Europe, it regularly hosts international BMX Racing events while remaining a local facility, open to the public and offering initiation sessions. Stands will be temporarily set up for the Games with a gross capacity of 2,954 spectators.

Saint-Quentin-en-Yvelines National Velodrome will also host the Cycling Track events during the Olympic Games, and Para Cycling Track events during the Paralympic Games.

→ Field of play

Riders will compete on the BMX Racing track. From the eight (8) metre start ramp, riders will advance over the obstacles in the form of bumps along four (4) straights and three (3) corners in the track.

The second straight of the track is split into two (2) with a route per gender and more difficult obstacles for men.

→ Facilities

The warm-up area will be next to the field of play and will allow riders to warm up and recover between races. The competition venue will also have the following services and equipment:

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- bike maintenance and repair – Shimano Neutral Service will be available to competing athletes on all training and competition days
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

BMX RACING TRAINING

Training for the BMX Racing competition will take place on the track at the competition venue:

- Sunday 28 and Monday 29 July from 18:00 to 21:00
- Tuesday 30 and Wednesday 31 July from 19:30 to 22:30

Equipment for athlete training will be identical to that used during the competitions. Training times will be divided equally by gender (1 hour 30 minutes each per session).

All training equipment provided by Paris 2024 will be approved by UCI and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Team leaders will not need to book training sessions.

CYCLING BMX RACING EQUIPMENT TRANSPORT

Prior to each plane journey for outbound and inbound travel to and from the Games, teams are advised to inform the airline that they are transporting BMX Racing equipment. Equipment must be packed and placed in protective covers before a flight and must always be checked as hold baggage. If riders and their equipment are transported in separate vehicles between the airport, the Olympic Village, the BMX Racing competition venue and other Olympic venues, the team may appoint a representative to accompany their equipment and ensure its integrity is maintained.

CYCLING TRACK COMPETITION

The Cycling Track competition at the Paris 2024 Olympic Games will be held from Monday 5 August to Sunday 11 August 2024 at the Saint-Quentin-en-Yvelines National Velodrome in Montigny-le-Bretonneux. The competition will consist of 12 medal events, summarised below:

→ Medal Events

Total number of medal events: 12

MEN (6)

- Team Sprint
- Sprint
- Keirin
- Team Pursuit
- Omnium
- Madison

WOMEN (6)

- Team Sprint
- Sprint
- Keirin
- Team Pursuit
- Omnium
- Madison

A total of 190 athletes, 95 men and 95 women, may take part in the Cycling Track competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Olympic Cycling Track programme features six (6) events each for men and women, contested separately. The competition format for all events is the same for each gender unless stated otherwise.

→ Team Sprint

The Team Sprint event consists of three (3) phases: qualifying, first round and finals. The teams will be comprised of three (3) riders, each of whom must lead a lap.

The qualifying round determines the eight (8) best teams based on times, and these times are used to set the start lists for the first round.

The four (4) losing teams in the first round of competition shall ride the finals for places five (5) to eight (8). The teams having made the 5th and 6th fastest time shall ride the final for places 5–6 and the other two (2) teams shall ride the final for places 7–8.

The four (4) winning teams in the first round will qualify for the finals. The teams with the two (2) best times ride the final for gold, and the other two (2) teams compete for bronze.

In case of a tie (to the closest one thousandth of a second), the team with the fastest time over the last lap will be declared the winner.

→ Sprint

The Sprint competition consists of 10 phases: qualifying, 1/32 finals, 1/32 finals repechages, 1/16 finals, 1/16 finals repechages, 1/8 finals, 1/8 finals repechages, quarterfinals, semifinals and finals.

During the qualifying phase, all riders will complete a 200m flying start (time trial after two-and-a-half build-up laps) to determine the fastest 24 riders for the Sprint competition and the seeding order for the 1/32 finals.

In the case of a tie (to the closest one thousandth of a second) in the 200m flying start, the riders concerned will be classified according to the best time in the last 100m. If the last 100m time cannot be recorded or if the riders are still tied, the riders concerned will be classified by drawing lots.

From the 1/32 finals onwards it is a head-to-head competition. The winners proceed to the 1/16 finals while losers go to the 1/32 repechages for a second chance to compete in the next phase.

In the 1/16 finals, the winners of the eight (8) heats qualify for the 1/8 finals. The four (4) remaining 1/8 final places will be filled by the winners of the 1/16 repechages.

In the 1/8 finals, the winners of the six (6) heats qualify for the quarterfinals. The two (2) remaining quarterfinal places will be filled by the winners of two (2) 1/8 final repechages which will have three (3) riders each.

From the quarterfinals onwards, two-up matches over two (2) races (with a third deciding race, if necessary) will be held. Winners of the quarterfinals advance to the semifinals while losers ride for places 5–8.

Winners of the semifinals will compete for the gold medal while the losers ride for bronze.

→ Keirin

The Keirin event consists of five (5) stages: first round, first round repechages, second round (quarterfinals), third round (semifinals) and finals.

The Keirin is a race in which riders complete a three (3) lap sprint after first riding three (3) laps in a bunch behind a motorcycle pacer in order to progressively reach a specific speed. The pacer starts at 30km/h and gradually increases to 50km/h before leaving the track with three (3) laps remaining.

There are 30 riders in five (5) heats of six (6) riders, with 10 athletes (the first two [2] from each heat) qualifying for the second round. The 20 riders who do not qualify from the first round are divided into four (4) heats of five (5) riders for the first round repechages. The first two (2) of each heat join the other 10 riders in the second round.

In the second round, the 18 riders are divided into three (3) heats of six (6) riders each. The first four (4) athletes of each heat proceed to the semifinals.

The 12 riders in the semifinals are divided into two (2) heats of six (6) riders. The first three (3) athletes of each heat proceed to the final and the six (6) losers compete for places 7–12.

→ Team Pursuit

The Team Pursuit is raced by men and women over 4,000m.

The Team Pursuit will begin with a qualifying round. The eight (8) teams that record the best times in the qualifying rounds will be matched up in the first round as follows:

- **heat 1:** sixth fastest against seventh fastest
- **heat 2:** fifth fastest against eighth fastest
- **heat 3:** second fastest against third fastest
- **heat 4:** first fastest against fourth fastest.

The winners of heats three (3) and four (4) in the first round of competition then race in the final for the gold medal.

The remaining six (6) teams are ranked by times in the first round of competition and paired as follows:

- **two (2) fastest teams** ride for the bronze medal
- **next two (2) fastest teams** ride for fifth and sixth places
- **last two (2) teams** ride for seventh and eighth places

→ Omnium

The Omnium is a combined competition in which riders must compete in four (4) races in the following order: Scratch Race, Tempo Race, Elimination Race and Points Race.

For the first three (3) races, the winner of each race scores 40 points, the second 38, third 36 and so on. Riders start the fourth race (the Points Race) with all points gained over the first three (3) events. In addition, they have all points accrued in sprints or by taking/losing laps during the Points Race also totalled. The winner of the Omnium is the rider who has accumulated the most points overall.

- **Scratch Race:** A bunch race run over 10km for men and 7.5km for women.
- **Tempo Race:** Men cover 10km and women cover 7.5km. The placing is determined according to accumulated points won by riders:
 - After the first four (4) laps, sprints shall be conducted every lap. The first rider in each sprint shall be awarded one (1) point, including for the final sprint.
 - Any rider that gains a lap on the main field is awarded 20 points.
 - Any rider that loses a lap on the main field is deducted 20 points.
- **Elimination Race:** A bunch race during which the last rider crossing the line at each intermediate sprint (every two [2] laps) is eliminated.

- **Points Race:** Men cover 25km and women cover 20km. The final placing is determined according to accumulated points won by riders:
- Sprints occur every 10 laps, with points awarded as follows: five (5) points for first, three (3) points for second, two (2) points for third and one (1) point for fourth. Points awarded in the last sprint after the full distance are doubled (10 points, 6 points, 4 points, 2 points).
 - Any rider that gains a lap on the main field will be awarded 20 points.
 - Any rider that loses a lap on the main field will have 20 points deducted.
 - In the event of a tie in the final ranking, the places in the final sprint of the Points Race shall break the tie.

→ Madison

A relay race for teams of two riders competing over 50km (200 laps) for men and 30km (120 laps) for women. While one team member races, the other slows down, recovers and continues to circle above the uppermost blue marking on the track known as the Stayer's line.

The riders take turns to join hands and sling their teammate into the race. Teams score points in intermediate sprints held every 10 laps. The first team in each intermediate sprint is awarded five (5) points, second three (3) points, third two (2) points and fourth one (1) point. Final sprints are awarded double points. Teams gain 20 points for taking a lap and are deducted 20 points for losing a lap to the main group. The team with the most points accumulated at the finish wins.

RULES

All Cycling competitions will be held in accordance with the editions of the following documents that are in force at the time of the Games.

- **UCI Constitution and Regulations** available on the website <https://www.uci.org/>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the UCI will be responsible for the control and direction of the Cycling competitions at the Paris 2024 Olympic Games.

→ Clothing and equipments

Clothing, bikes and equipment used by riders and other participants in the cycling track competition must comply with the following documents:

- **UCI Constitution and Regulations** (available on the website <https://www.uci.org/regulations/3MyLDDrwJCJJ0BGGOFzOat>)
 - Part I – General organisation of cycling as a sport
 - Part III: Track races
 - Part XI: Olympic Games
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), particularly *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#), along with the [cycling-specific guidelines](#)

COMPETITION VENUE

→ Saint-Quentin-en-Yvelines National Velodrome

1 rue Laurent Fignon - 78180 Montigny-le-Bretonneux - France

Located in Montigny-le-Bretonneux, 39 kilometres from the Olympic Village, the Saint-Quentin-en-Yvelines National Velodrome is already built and has been operational for over 10 years. Created specifically with a view to staging international competitions, it has successfully hosted the main events on the UCI calendar. For the Paris 2024 Olympic Games, the gross capacity will be approximately 5,000 spectators.

→ Facilities

The competition venue will have the following services and equipment:

- lounge for athletes including refreshments, Internet access (Wi-Fi), chairs, tables, sofas and a television
- changing rooms including toilets and showers (separate facilities for women and men)
- bike maintenance and repair – Shimano Neutral Service will be available to competing athletes on all training and competition days
- doping control station
- medical services
- sport information desk
- catering services

- team cabins – each NOC will be allocated a spot in the track centre, water, tables and chairs and a limited number of rollers and turbo trainers
- team storage cabins – each NOC will be allocated a lockable exterior container
- mixed zone where accredited media interview athletes after competition
- facilities for team meetings
- massage room

CYCLING TRACK TRAINING

Training for the Cycling Track competition will also take place at the Saint-Quentin-en-Yvelines National Velodrome, which will be open for training from Wednesday 31 July to Sunday 4 August 2024.

Training sessions will be held from 9:30 to 17:00.

Please note that this schedule may change on some training days.

All training equipment provided by Paris 2024 will be approved by UCI and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Facilities during training sessions will include:

- lounge for athletes including permanent refreshments (hot and cold drinks), Internet access (wired and wireless), chairs, tables, sofas and a television
- changing rooms including toilets and showers (separate facilities for women and men)
- bike maintenance and repair – Shimano Neutral Service will be available to competing athletes on all training and competition days
- medical services
- massage room
- sport equipment storage

→ “P” access to training venues

The IOC has rethought the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the location of the Saint-Quentin-en-Yvelines National Velodrome as well as the limited time spent by athletes at the training site, a lunch-box catering service will be offered to athletes, to be ordered 48 hours in advance. In addition, cold drinks (water and isotonic drinks supplied by Coca-Cola) and hot drinks (tea and coffee), as well as light refreshments (fruit and cereal bars) will be provided in the athletes’ lounge.

CYCLING ROAD COMPETITION

The cycling road competition at the Paris 2024 Olympic Games will be held on Saturday 27 July, Saturday 3 and Sunday 4 August 2023. The individual time trial event will start from Invalides and the finish shall be judged on Pont Alexandre III Bridge. The road race event will start from Pont d'Iéna bridge (opposite the Eiffel Tower) and the finish shall be judged at Trocadéro. The competition will consist of the following four (4) events:

→ Medal Events

Total number of medal events: 4

MEN (2)

→ Individual Time Trial

→ Road Race

WOMEN (2)

→ Individual Time Trial

→ Road Race

A total of 180 athletes, 90 men and 90 women, may take part in the cycling road competition. A quota of four (4) women and four (4) men maximum will represent their NOC, of which a maximum of two (2) athletes per gender for the individual time trial events. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The cycling road competition is a mass start event.

The first rider to cross the finish line in each event is declared the winner. For the individual time trial, riders set off at staggered times. The fastest rider in each event is declared the winner.

→ Individual Time Trial

The men's and women's time trial events will be held on Saturday 27 July. The race will start from Invalides and the riders will cover 32.4km before arriving at Pont Alexandre III.

The course will be relatively flat (+150m) crossing the centre and east of Paris, the Bois de Vincennes and the surrounding communities in the Val-de-Marne department.

The course will include few technical sections, primarily on wide, smooth roads. The first five (5) and last five (5) kilometres will be a round trip.

The riders will pass by numerous iconic sites in Paris, including the Saint-Germain-des-Prés neighbourhood, Place de la Bastille, Vélodrome Jacques Anquetil in the Bois de Vincennes, the Château de Vincennes, Insep (National Institute of Sport, Expertise, and Performance) and Place de la Nation.

→ Road race

MEN'S COURSE

The men's road race will cover a total distance of 273km and will consist of the following elements:

- A 5.2km neutralised parade.
- A large 225km loop which will cross Paris' left bank and the Hauts-de-Seine, Yvelines and Essonne departments before returning to Paris's right bank.
- This loop will include the following ascents: Côte des Gardes (1.9km at 6%), Côte de Saint-Germain-en-Laye (1km at 5.5%), Côte des Mesnuls (1.1 km at 6.1%), Côte de Port-Royal (1km at 5%), Côte de Senlisse (1.3km at 5.3%), Côte d'Herbouvilliers (850m at 5.7%), Côte de Saint-Rémy-lès-Chevreuse (1.3km at 6.3%), Côte de Châteaufort (900m at 5.7%), Côte de Bièvres (1.2km at 6.5%), Côte du Pavé des Gardes (1.3km at 6.5%).
- Two (2) laps of an 18.4km loop in the north and east of Paris including the ascent of Montmartre Hill at 6.5% over 1km.
- A third ascent of Montmartre hill, the summit of which is 9.5km from the finish line.

The finish will be judged at the exit of Pont d'Iéna, at the end of a 233m finishing straight.

The course will have an uphill climb of +2,800m and will pass by numerous iconic sites in Paris and the Paris

Region: banks of the Seine, Latin Quarter, Place d'Italie (Paris left bank), Observatoire de Meudon (Hauts-de-Seine), Château de Versailles, Château de Saint-Germain-en-Laye, Plaine de Versailles, Mauldre Valley, Forest of Rambouillet, Vélodrome National de Saint-Quentin-en-Yvelines, Abbaye des Vaux-de-Cernay, Chevreuse Valley (Yvelines), Louvre Palace, Opéra Garnier, Butte Montmartre, Sacré Cœur Basilica, Canal Saint-Martin (Paris Right Bank).

WOMEN'S COURSE

The women's road race will cover a total distance of 158km and will consist of the following elements:

- A 5.2km neutralised parade.
- A large 110km loop which will cross Paris' left bank and the Hauts-de-Seine, Yvelines and Essonne departments before returning to Paris' left then right bank.
- This loop will include the following ascents: Côte des Gardes (1.9km at 6%), Côte de Port-Royal (1km at 5%), Cernay-la-Ville (1.1km at 3.9%), Côte d'Herbouvilliers (1.1km at 3.9%), Côte de Saint-Rémy-lès-Chevreuse (1.3km at 6.3%), Côte de Châteaufort (900m at 5.7%), Côte du Pavé des Gardes (1.3km at 6.5%).
- Two (2) laps of an 18.4km loop in the north and east of Paris including the ascent of Montmartre Hill at 6.5% over 1km.
- A third ascent of Montmartre hill, the summit of which is 9.5km from the finish line.

The finish will be judged at the exit of Pont d'Iéna, at the end of a 233m finishing straight.

The course will have an uphill climb of 1,700m and will pass by numerous iconic sites in Paris and the Paris Region: banks of the Seine, Latin Quarter, Place d'Italie (Paris Rive gauche), Observatoire de Meudon (Hauts-de-Seine), Versailles, Golf National de Guyancourt, Forest of Rambouillet, Abbaye des Vaux-de-Cernay, Chevreuse Valley (Yvelines), Louvre Palace, Opéra Garnier, Butte Montmartre, Sacré Cœur Basilica, Canal Saint-Martin (Paris Right Bank).

The technical meetings and riders' confirmation will be held in the days before the competition. The dates and times will be confirmed at a later date.

RULES

The cycling road competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **UCI Statutes and Regulations** available on the website <https://www.uci.org/>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the UCI will be responsible for the control and direction of the cycling road competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by cyclists and other participants in the cycling road competition must comply with the following documents:

- **UCI Statutes and Regulations** (available on the website <https://www.uci.org/regulations/3MyLDDrwJCJJ0BGGOFzOat>)
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>) in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [cycling-specific guidelines](#).

Sunday 4 August 2024 – Start and Finish: Trocadéro			
CRD03	14:00 – 18:45	4:45	Women's Road Race Women's Road Race Victory Ceremony

COMPETITION VENUES

→ Invalides (INV)

Esplanade des Invalides - 75007 Paris - France

The Esplanade des Invalides will be the starting point for the men's and women's individual time trial event.

The Esplanade des Invalides is a vast green space in Paris' 7th arrondissement, opposite the magnificent Hôtel des Invalides. The elegant Pont Alexandre III bridge links it to the Grand Palais on the right bank of the Seine. Its spectacular gardens surround the Hôtel des Invalides, built during the reign of Louis XIV in 1687 as a military hospital and retirement home for war veterans and now home to the French military history museums and monuments, as well as the tomb of Napoleon Bonaparte.

At the heart of Paris, alongside the Grand Palais, the Eiffel Tower and Champ-de-Mars Arena, the Invalides venue will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over summer 2024.

The Invalides venue is located 18 kilometres from the Olympic Village and will have a gross capacity of 1,300.

The Esplanade des Invalides will also host the archery competition and be the finish line for the women's and men's marathons and the mass participation marathon during the Olympic Games. The venue will be the stage for the Para archery events and the finish line of the Para marathon during the Paralympic Games.

FACILITIES

The start shall be taken from a starting ramp at the centre of the Esplanade des Invalides, on Avenue du Maréchal Gallieni.

The competition venue (start) will also have the following services and equipment:

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- athlete preparation tents and equipment storage (competition day)
- warm-up area with home trainer
- bike maintenance and repair – Shimano Neutral Service will be available to competing athletes on all training and competition days
- sport information desk
- medical services and facilities
- doping control station

→ Pont Alexandre III (ALX)

Pont Alexandre III - 75007/75008 Paris - France

Pont Alexandre III Bridge will be the finishing point for the men's and women's individual time trial event.

Pont Alexandre III, connecting the Grand Palais and Invalides, was inaugurated for the Paris 1900 Exposition Universelle. The 45-metre metal bridge has a single 107-metre arch and three hinges, enabling it to span the Seine in a single unbroken curve. It is a tourist attraction in its own right and will offer spectators of the Games a fantastic vantage point for the competitions and a view of some of Paris's most stunning monuments. It will be at the heart of an area dedicated to the Paris 2024 Games, near the Invalides, Grand Palais, Champs-Élysées, Place de la Concorde, Eiffel Tower, Champ-de-Mars Arena and Pont d'Iéna competition venues.

Pont Alexandre III venue is located 18 kilometres from the Olympic Village and will have a gross capacity of around 550.

Pont Alexandre III will also host the triathlon and marathon swimming events during the Olympic Games and Para triathlon event during the Paralympic Games.

FIELD OF PLAY

The finish will be judged at the exit of Pont Alexandre III, at the end of a 110m-finishing straight

FACILITIES

The competition venue (finish) will have the following services and equipment:

- athlete changing rooms
- Internet access
- mixed broadcasting zone where accredited media interview athletes after competition
- sport information desk
- medical station for athletes
- athletes' recovery area with bike trainers
- doping control station

→ Trocadéro (TRO)

At the Trocadéro venue, races will start and finish on Pont d'Iéna bridge. At the foot of the Eiffel Tower, 155m in length and 35m in width, Pont d'Iéna was built between 1808 and 1814 by engineer Lamandé. It is one of the 37 bridges crossing the River Seine in Paris. The bridge connects Quai Jacques Chirac, Champ-de-Mars and the Eiffel Tower on the left bank to the Trocadéro gardens on the right bank.

Trocadéro (and its esplanade) will be one of the major Olympic Games venues, hosting important events including the Opening Ceremony and three sporting events – start and finish of the cycling road events, the race walk event and the marathon – as well as celebrations.

The Trocadéro venue is located 18 kilometres from the Olympic Village and will have a gross capacity of around 920.

FACILITIES

The competition venue (start/finish) will also have the following services and equipment:

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- athlete preparation tents and equipment storage (competition day)
- warm-up area with home trainers
- bike maintenance and repair – Shimano Neutral Service will be available to competing athletes on all training and competition days
- sport information desk
- medical facilities
- mixed zone where accredited media interview athletes after competition
- doping control station

TRAINING VENUES

→ General information

Training for the cycling road competition (individual time trial and road race) will take place at the Polygone venue in the Bois de Vincennes, in Paris' 12th arrondissement.

The cycling ring covers a distance of 3.13km, with top-quality asphalt surfacing. The circuit is entirely flat and does not present any difficulties.

VENUE NAME	ADDRESS	DISTANCE FROM THE VILLAGE	OPENING DATES
Polygone de Vincennes	1 Route de la Pyramide 75012 Paris	17km//30min	20/07 to 03/08

Training will be held from 10:00 to 12:00.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

The facilities and changing rooms at the Plaine du Polygone are reserved for athletes during the slots booked.

Located 17km from the Olympic Village (30 min), the venue will be serviced by Paris 2024 shuttle buses for athletes residing in the Olympic Village and their staff. Their bikes and equipment will be transported by Paris 2024 logistics resources.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information

Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Facilities

Facilities at the training venue will include:

- changing rooms including toilets and showers (separate facilities for women and men)
- lounge for athletes
- massage area
- medical area
- shuttle/athlete drop-off and pick-up zone (from/to the Olympic Village)

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venue, and the limited time spent by athletes at the training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues.

TRANSPORT AND STORAGE OF CYCLING ROAD EQUIPMENT

Prior to each flight for outbound and inbound travel to and from the Games, teams are advised to inform the airline they are travelling with that they are transporting cycling road equipment. Equipment must be protected in hard-sided cases/protective covers before a flight and must always be checked as hold baggage.

If riders and their equipment are transported in separate vehicles between the airport, the Olympic Village, the cycling road competition venue and other Olympic venues, the team may appoint a representative to accompany their equipment and ensure its integrity is maintained.

CYCLING MOUNTAIN BIKE COMPETITION

The Cycling Mountain Bike competition at the Paris 2024 Olympic Games will be held on Sunday 28 July and Monday 29 July at the Elancourt Hill venue in the department of Yvelines. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ Cross-country

WOMEN (1)

→ Cross-country

A total of 72 athletes, 36 men and 36 women, may take part in the Cycling Mountain Bike competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Cycling Mountain Bike events for both men and women are mass start events. Riders will be seeded into a starting grid according to their UCI ranking at the time of the competition and will then complete one (1) start loop, as well as a specified number of laps of the course. The first rider across the finish line will be declared the winner. The number of laps for each event will be confirmed at the Team Managers' meeting in order to ensure a winning time of between 1hr 20mins and 1hr 40 min. The number of laps may be changed up to two (2) hours before the start of the race, depending on the track and weather conditions.

A summary of the competition schedule is given below. For the detailed table, see "Competition schedule" below.

→ Sunday 28 July

The women's event will take place on Sunday 28 July and will be contested in one session. The event will be preceded in the morning by women's then men's training sessions. The women's event will start in the early afternoon and will be followed by the victory ceremony.

→ Monday 29 July 2024

The men's event will take place on Monday 29 July and will be contested in one session. The event will be preceded in the morning by men's training sessions. The men's event will start in the early afternoon and will be followed by the victory ceremony.

RULES

The Cycling Mountain Bike competition will be held in accordance with the editions of the following documents that are in force during the period of the Games:

- **UCI Constitution and Regulations** available on the website <https://www.uci.org/regulations/3MyLDDrwJCJJ0BGGOFzOat#part-iv-mountain-bike>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the UCI will be responsible for the control and direction of the Cycling Mountain Bike competition at the Paris 2024 Olympic Games.

→ Winner/allocation of medals

After a mass start, riders will cycle a specified number of laps. The track is a hilly circuit designed to produce a specific winning time (between 1hr 20mins and 1hr 40mins) and not a specific distance.

The first rider to cross the finish line is declared the winner. The final ranking follows the same rationale.

The first three (3) athletes to cross the finish line will earn a spot on the podium. Tied riders will remain unchanged if the electronic timing system and photo finish do not break the tie.

→ Clothing and equipment

Clothing, bikes and equipment used by athletes competing in the Cycling Mountain Bike competition must comply with the following documents:

- **UCI Constitution and Regulations** (available on the website <https://www.uci.org/regulations/3MyLDDrwJCJJ0BGGOFzOat>)
 - Part I: General organisation of cycling as a sport
 - Part IV: Mountain bike
 - Part XI: Olympic Games
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [cycling-specific guidelines](#).

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENTS
Sunday 28 July 2024 – Élancourt Hill			
MTB01	14:00 – 16:30	2:30	Women's Cross-country Women's Cross-country Victory Ceremony
Monday 29 July 2024 – Élancourt Hill			
MTB02	14:00 – 16:30	2:30	Men's Cross-country Men's Cross-country Victory Ceremony

COMPETITION VENUE

→ Élancourt Hill (ELA)

Avenue Georges Cuvier - 78190 Trappes - France (spectators access)

Situated to the west of Paris in the department of Yvelines, 44 kilometres from the Olympic Village, Elancourt Hill is the highest point in the Paris Region, climbing to an altitude of 231 metres. The venue will host the Cycling Mountain Bike events at the Paris 2024 Olympic Games and will have a gross capacity of 15,000 spectators.

The choice of Elancourt by Paris 2024 will further strengthen and support an existing sports activity, while improving the venue's ecological benefits.

With Saint-Quentin-en-Yvelines National Velodrome and the BMX track nearby, Saint-Quentin-en-Yvelines will become a leading destination for cycling, enabling communities cut off from sport to benefit from access to a strong legacy, while making it possible to improve and promote the area's biodiversity.

→ Field of play

The cross-country track is a varied and comprehensive course that crosses Elancourt Hill to exploit its reliefs and favour the most technically and physically accomplished athletes. 4.4km long and including a 2.2km start loop, the track has different technical stretches spread throughout the course corresponding to current cross-country standards such as rock gardens, jumps, technical singletrack, etc. The elevation is 110m per lap and the track width varies between 10m maximum and 1m minimum.

→ Facilities

The competition venue will also have the following services and equipment:

- lounge for athletes – including refreshments, Wi-Fi access, chairs, tables, sofas and televisions
- sports information desk
- bike wash station with high-pressure hoses and washers located in the athletes' area
- changing rooms with toilets and showers (separate men's/women)
- bike maintenance and repair – Shimano Neutral Service will be available to competing athletes on all training and competition days
- mixed zone where accredited media interview athletes after competition
- doping control station
- medical services
- team tents – each NOC will be allocated a 5m x 5m lockable tent, with access to power, water, tables and chairs
- a limited number of rollers will also be available

CYCLING MOUNTAIN BIKE TRAINING

Cycling Mountain Bike training will take place at the competition venue, on Elancourt Hill. All training equipment will be approved by the UCI and comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter. Equipment for athlete training will be identical to that used during the competitions.

→ Training schedule

The training session schedule is as follows:

DATE	TIME	TRAINING	AREA	FORMAT
Wednesday 24 July	11:30 – 16:30	Official cross-country training	Elancourt Hill	11:30 > 13:30 – Women 13:30 > 14:30 – Women & Men 14:30 > 16:30 – Men
Thursday 25 July	11:30 – 16:30	Official cross-country training	Elancourt Hill	11:30 > 13:30 – Men 13:30 > 14:30 – Women & Men 14:30 > 16:30 – Women
Friday 26 July	09:00 – 13:00	Official cross-country training	Elancourt Hill	09:00 > 10:30 – Women 10:30 > 11:30 – Women & Men 11:30 > 13:00 – Men
Saturday 27 July	11:30 – 16:30	Official cross-country training	Elancourt Hill	11:30 > 13:30 – Men 13:30 > 14:30 – Women & Men 14:30 > 16:30 – Women
Sunday 28 July	11:00 – 13:00	Official cross-country training	Elancourt Hill	11:00 > 12:00 – Men 12:00 > 13:00 – Women
Monday 29 July	12:00 – 13:00	Official cross-country training	Elancourt Hill	12:00 > 13:00 – Men

There will be no training on the afternoon of the Opening Ceremony. The training end time indicated for that day will be confirmed later.

TRANSPORT AND STORAGE OF CYCLING MOUNTAIN BIKE EQUIPMENT

Prior to each plane journey for outbound and inbound travel to and from the Games, teams are advised to inform the airline they are travelling with that they are transporting Cycling Mountain Bike equipment.

Equipment must be packed and placed in protective covers before a flight and must always be checked as hold baggage.

If riders and their equipment are transported in separate vehicles between the airport, the Olympic Village, the Cycling Mountain Bike competition venue and other Olympic venues, the team may appoint a representative to accompany their equipment and ensure its integrity is maintained.

DRESSAGE COMPETITION

The dressage competition at the Paris 2024 Olympic Games will be held from Tuesday 30 July to Sunday 4 August at the Château de Versailles venue in Île-de-France.

This discipline will be concluded with two (2) medal events:

MIXED

- Team Final Grand Prix Special
- Individual Final Grand Prix Freestyle

A total of 60 athletes and 60 horses may take part in the dressage competition, with a maximum of three (3) athlete/horse combinations authorised for each NOC.

Each team is allowed one (1) reserve athlete and one (1) reserve horse. A maximum of 15 horses will be allowed to enter in the Olympic stables for substitution reasons, as indicated in the qualification process. For details of the qualification system, see the *Dressage Qualification System*, accessible via the [Official FEI Regulations for the Paris 2024 Olympic Games](#) and the [IOC website](#).

COMPETITION FORMAT

The dressage competition will unfold as follows:

1. The “Grand Prix” test, to which all athletes must participate; is the qualifying competition for the team competition (“Grand Prix Special”) and the individual competition (“Grand Prix Freestyle”). All teams are ranked after the “Grand Prix”, by adding the three (3) results for each team. The 10 best-placed teams (including the teams tied for the 10th position) are qualified for the team competition, the “Grand Prix Special”. Athletes compete in six (6) groups, with three (3) groups competing on the first day and the remaining three (3) groups on the second day.
2. The “Grand Prix Special” test is the team final. The “Grand Prix Special” is limited to and compulsory for the best 10 placed teams of the “Grand Prix”, including those tied for 10th place. No individual athletes are allowed. If a team drops out before the competition, it is replaced by the next placed team up to two (2) hours before the beginning of the “Grand Prix Special”. If more than 10 teams are qualified for the “Grand Prix Special”, because of a tie, if one team drops out before the competition starts, and 10 teams are still qualified, no additional team will be allowed to participate.
3. The “Grand Prix Freestyle” test is the individual final competition. It is open to the 18 combinations qualified after the “Grand Prix”, made of the two

(2) best teams in each of the six (6) groups and the six (6) next highest scores (best global results). If a combination athlete/horse qualified in the “Grand Prix” drops out, the available place goes to the next best ranked combination.

→ Scoring

In each test, combinations are scored by seven (7) judges who give a mark from zero (0) to 10 for each compulsory movement and a mark for general impression. The result of each athlete/horse combination is the sum of the marks of each of the seven (7) judges expressed as a percentage to three (3) decimals out of the maximum possible total (100%).

A Judges Supervisory Panel (JSP) composed of three (3) members may correct a judge’s mark for a technical fault not seen or not penalised, for example.

For the Grand Prix Freestyle test, judges award one (1) mark for each technical movement (16 required) and five (5) artistic marks, each between zero (0) and 10. The movements are performed in free sequence (pre-determined by the athlete) and the technical marks are adjusted according to the degree of difficulty presented by the competing athlete.

RULES

The dressage competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **FEI Dressage Rules**, accessible on <https://inside.fei.org/fei/disc/dressage/rules>;
- **FEI Regulations for Equestrian Events at the Olympic Games**, accessible on <https://inside.fei.org/fei/games/olympic/paris-2024>;
- **Olympic Charter**, accessible on <https://olympics.com/ioc/olympic-charter>;

In accordance with Rule 46 of the IOC Olympic Charter FEI will be responsible for the control and direction of equestrian events at Paris 2024.

→ Examinations and horse inspections

Each horse will be subject to a clinical veterinary examination upon arrival in the Château de Versailles stables. Before the start of the competition, the 60 horses (and a maximum of 15 reserve horses) will undergo a first inspection. A second inspection will take place before the Grand Prix Freestyle.

The aim of these inspections is to confirm the horse's physical fitness to compete.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the dressage competition at the Olympic Games must comply with the documents listed below:

- **FEI Rules for Dressage** (<https://inside.fei.org/fei/disc/dressage/rules>)
- **FEI Regulations** for Equestrian Events at the Olympic Games (<https://inside.fei.org/fei/games/olympic/paris-2024>)
- **Olympic Charter** (<https://olympics.com/ioc/olympic-charter>) in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [equestrian-specific guidelines](#).

Each horse must undergo a first horse inspection prior to the first day of competition, on 26 July 2024. In addition, horses will undergo a second horse inspection prior to the start of the Eventing jumping tests, on 29 July 2024. Both of these are intended to confirm the horse's fitness to compete.

COMPETITION VENUE

→ Château de Versailles (VER)

Château de Versailles - 78000 Versailles - France

The Château de Versailles, an iconic symbol recognised worldwide, illustrating France's global reputation, will welcome the Olympic and Paralympic Games in a magnificent setting with a rich history.

A temporary outdoor arena, flanked by three (3) stands, will be set up on the Etoile Royale esplanade, to the west of the Grand Canal, at the heart of the gardens of the Château de Versailles. This arena will stage the dressage test and jumping events, as well as the two (2) eventing tests. The third eventing test, cross country, will be held within the grounds of the Château de Versailles, alongside the Grand Canal.

The venue is located 35km from the Olympic and Paralympic Village and will have a capacity of 15,000 spectators for dressage and jumping, and 40,000 for the cross-country course.

The arena will also be the stage for the modern pentathlon events during the Olympic Games and the Para dressage events during the Paralympic Games.

After the Games, the temporary facilities will be dismantled without a trace. The Château de Versailles will remain a globally renowned cultural site welcoming millions of visitors every year.

→ Facilities

The training arenas will be located near the field of play and stables.

The venue will also have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- stabling
- field of play
- training areas
- judges' tower
- mixed zone where accredited media interview athletes after competition
- sport information desk
- veterinary clinic
- farrier station
- medical services
- doping control stations for athletes and horses

EQUESTRIAN TRAINING

Training for the equestrian competition will also take place at the Château de Versailles. Detailed training timetables will be drawn up by the FEI Chief Steward's office and will be conveyed to the NOCs ahead of the Games.

All training facilities will be approved by the FEI and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

There will be no training on the afternoon of the Opening Ceremony.

GROOMS' AND VETERINARIANS' ACCOMMODATION

The grooms' and veterinarians' accommodation will consist of two types of housing located near the venue of Versailles, where the equestrian and modern pentathlon competitions will be held. It will be open from 08:00 on 24 July 2024 until 18:00 on 7 August 2024:

- Huttopia resort for the grooms, located in proximity to the competition venue, just outside the security perimeter, 700 metres from the stables.
- Ibis Budget Versailles Château for the veterinarians, 2.5 kilometres from Huttopia resort.

EVENTING COMPETITION

The eventing competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Monday 29 July 2024 at the Château de Versailles venue. Eventing Dressage will be on 27 July, cross-country on 28 July and Eventing Jumping on 29 July.

This discipline will consist of two (2) medal events:

MIXED

- Eventing Team
- Eventing Individual

A total of 65 athletes and 65 horses may take part in the eventing competition with a maximum of 16 alternate athletes and 16 reserve horses.

For details of the qualification system, see the Eventing Qualification System, accessible via the [Official FEI Regulations for the Paris 2024 Olympic Games](#) and the [IOC website](#).

COMPETITION FORMAT

The Eventing competition consists of a team event and an individual event. Both the team and individual events include dressage, cross country and jumping tests, and the results of each test count toward both events.

In the team event, each team is composed of three (3) athlete/horse combinations and the team points are the sum of the points of the three (3) athletes in each test. The individual classification is then determined after an additional jumping test.

The individual jumping test will take place after the team event, on the same day. The best 25 athlete/horse combinations (including all athletes tied for 25th place after the team events) having completed all three tests qualify for the final.

Athletes ride the same horse throughout all three (3) tests for the individual final.

→ Dressage test

The Eventing Dressage test will be held on Saturday 27 August, the first day of competition, and will consist of compulsory movements to evaluate the horse's obedience, flexibility and harmony with the athlete. Judges award marks for each movement, and the total score is then converted into penalty points to which

the obstacle or time penalties of the cross-country and jumping tests are added.

→ Cross-country test

The Eventing Cross-country test will take place the next day, on Sunday 28 August, and will consist of a single test. Each athlete/horse must complete the course within a prescribed length of time without obstacle errors. The length of the course will be approximately 5,300m, with a maximum number of 38–42 efforts.

→ Jumping test

On Monday 29 August, the competition will continue with a first jumping test. This will determine the medal classification in the team event. This will be followed the same day by the individual final jumping test, in which the top-ranked 25 athletes from the first three (3) phases will participate. This final event will determine the individual classification and will determine the individual medal allocation.

Scoring

In the eventing dressage test, each athlete's marks awarded by the judges are converted into penalty points. In the cross-country and jumping tests, each athlete's penalties for faults at obstacles are added to the penalties that the athlete may have incurred for excess time. Penalty points incurred during the cross-country phase will be added to the dressage scores; to this total will then be added penalty points incurred during the jumping phase.

After the dressage test, the cross-country test and the first jumping test, the 25 best athletes (including all athletes tied for 25th place) having completed all three tests qualify for the individual final.

The final ranking of the athletes in the individual event will be determined by the combined points earned in all four (4) tests (dressage, cross country, team final jumping test, individual final jumping).

For the team classification, the following penalties will be allocated for the non-start/non-completion of a test for any reason: dressage = 100, cross country = 200 and jumping = 100. An athlete/horse combination may be substituted by a reserve combination for medical/veterinarian reasons in any of the three tests, from the moment the test has started. Only one (1) substitution per team is allowed and such substitution will incur a penalty for the team of 20 points. No substitution is permitted where the combination has been eliminated for dangerous riding, abuse of horse, or where the combination has been disqualified.

The winning team is the one with the lowest total number of penalty points, after adding together the final scores of the three best-ranked athletes in the team. In the event of equality between any two or more teams, the classification will be decided by:

1. The best combined highest three (3) placings
 - 1.1 Priority will be given to the team with three (3) same athletes/horse completing three (3) tests without substitution;
 - 1.2 then the team with two (2) athletes/horse completing three (3) tests without substitution;
 - 1.3 then the team with only one (1) athlete/horse completing the three (3) tests without substitution.
2. In the event of equality between two or more teams with the same number of substitutions, the classification will be decided by the best combined highest placings of the combinations having completed all three tests. For example, a team with athletes ranked individually second, eighth and twelfth (team total 22) will be placed higher than a team with athletes ranked first, seventh and fifteenth (team total 23).
3. If the tie remains, the classification will be decided by the best combined cross-country score (including faults at obstacles, time penalties and other penalties incurred) of the combinations within each team having completed all three (3) tests.
4. If the tie remains, the classification will be decided by the best combined team jumping test score (including faults at obstacles, time penalties) of the combinations within each team having completed all three (3) tests.
5. If the tie remains, the classification will be decided by the best combined dressage score of the combinations within each team having completed all three (3) tests.

6. If there is still equality the tie will remain in the final classification, by order of NOC codes.

In the individual event, the final classification will be determined by the total number of penalty points incurred in all four (4) tests and the athlete with the lowest total number of penalty points will be declared the winner.

In the event of a tie, classification will be decided by the following tiebreakers, in this order:

1. The best cross-country score including faults at obstacles and time penalties and other penalties incurred during the cross-country test.
2. If the tie remains, the classification will be decided in favour of the athlete with the best score in dressage.
3. If the tie remains, the classification will be decided by the cross-country time closest to the optimum time.
4. If the tie remains, the best individual final jumping score (time and obstacles).
5. If the tie remains, the athlete with best team competition jumping score (time and obstacles).
6. If the tie remains, the best time (fastest) in the individual final jumping test.
7. If the tie remains, the best overall impression mark in the dressage test.
8. If the tie remains, the tied athletes will remain in the final classification, by order of NOC codes.

RULES

The eventing competition will be held in accordance with the editions of the following regulations that are in force at the time of the Games:

- **FEI Eventing Rules**, accessible on <https://inside.fei.org/fei/disc/eventing/rules>;
- **FEI Regulations for Equestrian Events at the Olympic Games**, accessible on <https://inside.fei.org/fei/games/olympic/paris-2024>;
- **Olympic Charter**, accessible on <https://olympics.com/ioc/olympic-charter>;

In accordance with Rule 46 of the IOC Olympic Charter FEI will be responsible for the control and direction of equestrian events for Paris 2024.

→ Examinations and horse inspections

Each horse will be subject to a clinical veterinary examination upon arrival in the Château de Versailles stables.

Each horse must undergo a first horse inspection prior to the first day of competition, on 26 July 2024. In addition, horses will undergo a second horse inspection prior to the start of the Eventing jumping tests, on 29 July 2024. Both of these are intended to confirm the horse's fitness to compete.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the eventing competition at the Olympic Games must comply with the documents listed below:

- **FEI Rules for eventing** (<https://inside.fei.org/fei/disc/eventing/rules>)
- **FEI Regulations for Equestrian Events at the Olympic Games** (<https://inside.fei.org/fei/games/olympic/paris-2024>)
- **Olympic Charter** (<https://olympics.com/ioc/olympic-charter>) in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [equestrian-specific guidelines](#).

JUMPING COMPETITION

The jumping competition at the Paris 2024 Olympic Games will be held from 1 to 6 August 2024 at the Château de Versailles venue in Île-de-France.

This discipline will be concluded with two (2) medal events:

MIXED

→ Jumping Team

→ Jumping Individual

A maximum of 75 athlete/horse combinations may take part in the Jumping competitions at the Olympic Games. Of these, 60 athletes may be selected to take part in the jumping team competition (i.e. 20 teams of three [3] athlete/horse combinations) and all 75 athletes may be selected to take part in the jumping individual event (with a maximum of three [3] athletes per nation). For details of the qualification system, see the Jumping Qualification System, accessible via the [Official FEI Regulations for the Paris 2024 Olympic Games](#) and the [IOC website](#).

COMPETITIONS FORMAT

The Paris 2024 Jumping schedule will consist of two team events (qualifier and final) and two individual events (qualifier and final) in the following order:

→ Team events

The team qualifier will be held on Thursday 1 August, the first day of competition. The placing for the team qualifier is determined by adding the penalties and time incurred by the three (3) athletes in each team. Athletes who do not start, who withdraw, who are eliminated or who retire from the team qualifier will not be given a score.

The team final will be held on Friday 2 August and is open to the ten (10) best-placed teams and any teams tied on penalties and time for the last qualification place in the team qualifier, with three (3) athletes per team.

Teams are placed according to the combined penalties and time incurred by the three (3) athletes in each team in the team final. Athletes who do not start, who withdraw, who are eliminated or who retire from the initial round will not be given a score.

If teams are tied on penalties for first place, there will be a jump-off in which all three (3) athletes in each tied team shall take part. During the jump-off, the team placing is determined by adding the penalties and

time incurred by the three (3) athletes in each team. The team with the best score after the jump-off will be declared Olympic champion. If despite the jump-off, teams remain tied on penalties and time, they will be placed equal.

If there are no more than two (2) teams tied on penalties for first place and there are teams tied on penalties and time for third place, there will also be a jump-off against the clock for third place; this jump-off will take place before the jump-off for first place. If there are no teams tied on penalties for first place but there are teams tied on penalties and time for second or third place, there will be a jump-off against the clock to decide the respective medal placing.

Individual event

The individual events will start on Monday 5 August with the individual qualifier. It is open to the 75 athletes selected.

Athletes will be placed according to their penalties and time. Athletes with equality of penalties and time will be placed equal.

The individual final, held on Tuesday 6 August, is open to the 30 best-placed athletes (and any athletes tied on penalties and time for the last qualification place).

All athletes taking part in the individual final start with zero (0) penalties.

There will be a jump-off in case of athletes tied on penalties for first place. Athletes will be placed according to their penalties and time in the jump-off. The athlete with the best score after the jump-off will be declared Olympic champion. In case of athletes with equality of penalties and time in the jump-off, the athletes concerned will be placed equal.

If there are no more than two athletes tied on penalties for first place and there are athletes tied on penalties and time for third place, there will also be a jump-off for third place; this jump-off will take place before the jump-off for first place. If there are no athletes tied on penalties for first place but there are athletes tied on penalties and time for second place or third place there will be a jump-off to decide the respective medal placing.

RULES

The jumping competition will be held in accordance with the editions of the following regulations that are in force at the time of the Games:

- **FEI Jumping Rules**, accessible on <https://inside.fei.org/fei/disc/jumping/rules>;
- **FEI Regulations for Equestrian Events at the Olympic Games**, accessible on <https://inside.fei.org/fei/games/olympic/paris-2024>;
- **Olympic Charter**, accessible on <https://olympics.com/ioc/olympic-charter>;

In accordance with Rule 46 of the IOC Olympic Charter FEI will be responsible for the control and direction of equestrian events for Paris 2024.

→ Examinations and horse inspections

Each horse will be subject to a clinical veterinary examination upon arrival in the Château de Versailles stables.

Each horse must undergo a first horse inspection prior to the competition on the field of play, on 31 July 2024. In addition, horses for the individual competitions will be required to undergo a second horse inspection prior to the start of the individual competitions, on 3 August 2024. Both of these are intended to confirm the horse's fitness to compete.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the jumping competition at the Olympic Games must comply with the documents listed below:

- **FEI Rules for Jumping** (<https://inside.fei.org/fei/disc/jumping/rules>)
- **FEI Regulations for Equestrian Events at the Olympic Games** (<https://inside.fei.org/fei/games/olympic/paris-2024>)

WOMEN (6)

- Épée Individual
- Foil Individual
- Sabre Individual
- Épée Team
- Foil Team
- Sabre Team

A total of 212 athletes may take part in the Fencing competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

→ Individual events

All events will be fenced in a direct elimination format throughout.

Individual competitions at Paris 2024 will comprise a maximum of 37 fencers per weapon and will be run as an incomplete direct elimination tableau of 64.

The initial order of fencers will be established according to the updated FIE Official Ranking (www.fie.org/results-statistic/ranking). If there are fencers qualified who do not appear in the FIE Official Ranking, and/or if there are fencers equally ranked in the FIE Official Ranking, the FIE will carry out a preliminary drawing of lots as follows:

- a drawing of lots for any fencers equally ranked
- a drawing of lots for any fencers who do not appear in the FIE Official Ranking

Once all fencers have an initial ranking, there will be a drawing of lots in pairs to establish the direct elimination tableau.

→ Team events

All teams are composed of three (3) athletes and there can be a substitute. Teams will be seeded according to the FIE Official Team Ranking at each weapon

(www.fie.org/results-statistic/ranking). Where teams are equally ranked, a drawing of lots will be carried out.

Teams will be placed in a complete direct elimination tableau of eight (8) or an incomplete direct elimination tableau of 16, depending on the number of teams participating in the event. The teams will retain their initial ranking without a drawing of lots. If there is a host country team, it will be placed in the direct elimination tableau according to its place in the current FIE Official Team Ranking at the weapon concerned.

All team events will be run by direct elimination format throughout. Places five (5) to eight (8) will be fenced.

→ Duration and scoring: individual events (épée, foil and sabre)

All bouts in the individual events will consist of three (3) periods of three (3) minutes, with one (1) minute between periods, or until one fencer has scored 15 hits. As an exception, in the sabre events, the first period will end when one fencer's score reaches eight (8) hits. If the third period is completed before either fencer has scored 15 hits, the fencer with the most hits will be declared the winner.

If the scores are tied after the third period, there will be one (1) further minute of Fencing time. One fencer will be randomly selected through an electronic draw and given priority. The winner will be the first fencer to score a valid hit; if no hits are scored, the winner will be the fencer with priority.

→ Duration and scoring: team events (épée, foil and sabre)

In the team events, each match will consist of nine (9) bouts, to a maximum of 45 hits. Each bout will last at least three (3) minutes, or until one team's score has reached the next multiple of five (5) hits: a score of five (5) hits after the first bout, a score of 10 hits after the second bout, a score of 15 hits after the third bout and so on. If the ninth bout is completed before either team has scored 45 hits, the team with the most hits will be declared the winner.

If the scores are tied after the ninth bout, there will be one (1) further minute of Fencing time. One fencer will be randomly selected through an electronic draw and given priority. The winning team will be the one whose fencer scored first a valid hit; if no hits are scored, the winning team will be the one with priority.

RULES

The Fencing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **FIE Statutes and Rules** (www.fie.org) – available in French, English and Spanish.
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the FIE will be responsible for the control and direction of the Fencing competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by fencers and other participants in the Fencing competition must comply with the following documents:

- **FIE Statutes and Rules** (www.fie.org) – available in French, English and Spanish
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), particularly *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Fencing-specific guidelines](#).

COMPETITION VENUE

→ Grand Palais (GRP)

3 avenue du Général Eisenhower - 75008 Paris - France

At the heart of Paris, alongside Invalides, the Eiffel Tower Stadium and Champ-de-Mars Arena, the Grand Palais will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer.

In the 8th arrondissement, the Grand Palais is 35 minutes by car from the Olympic Village. In 2024, it will host 7,485 people.

The Grand Palais will be the competition venue for taekwondo during the Olympic Games and Para taekwondo and wheelchair fencing during the Paralympic Games.

→ Field of play

The field of play will include five (5) pistes. The pistes and all equipment will comply with FIE regulations.

→ Facilities

The warm-up areas will be located near the field of play and will contain 16 pistes. The competition venue will also have the following services and equipment:

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUES

→ General information

Fencing training will take place at the dedicated venue, in the Olympic Village. The facilities will be located in Studios 1 and 2. They will contain 16 pistes. All training equipment will be approved by FIE and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

VENUE	OLYMPIC VILLAGE	OPENING DATES OF THE STUDIOS	OPENING HOURS
Studio 1	Olympic Village	20/07 to 03/08	9:15 to 20:15
Studio 2			

Training will be available from 9:15 to 20:15

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking/modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (OIAC). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

For access to the training venues in the Olympic Village, “P” accredited persons will be given an additional dedicated access code (not OLV) allowing them to access the training venues in the Olympic Village for a given period of time and under strict control.

→ Food and beverage services

No food service will be offered in the Studios, which are located within the Olympic Village and therefore near all the catering areas or take-away services. Cold drinks (water and isotonic drinks provided by Coca-Cola) will be available in the Studios.

FOOTBALL COMPETITION

The football competition at the Paris 2024 Olympic Games will be held from Wednesday 24 July to Saturday 10 August in seven (7) cities in France: Bordeaux, Lyon, Marseille, Nantes, Nice, Paris and Saint-Étienne. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 16-team tournament

WOMEN (1)

→ 12-team tournament

A total of 504 athletes, 288 men and 216 women, may take part in the football competition. This total includes 16 men's teams and 12 women's teams. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

Both the men's and the women's tournaments will begin with a group stage. The teams will be divided into groups by FIFA through a combination of seeding and a public draw (explained further below): four (4) groups of four (4) teams for the men's tournament, and three (3) groups of four (4) teams for the women's tournament. Each team will play every other team in its group once: three (3) points will be awarded for a win, one (1) point for a draw and none (0) for a defeat.

In the men's tournament, the top two (2) teams in each group will progress to the quarter-finals, with the other eight (8) teams eliminated from the competition. In the women's tournament, the top two (2) teams in each group and the two (2) best third-ranked teams will progress to the quarter-finals, with the other four (4) teams eliminated from the competition.

From this stage, both tournaments will be played according to a knock-out system. The winners of the quarter-finals will progress to the semi-finals, with the losers eliminated from the competition. The winners of the semi-finals will play in the gold medal match, with the losing semi-finalists playing in the bronze medal match.

→ Team rankings

If two (2) or more teams in the same group are equal on points after the completion of the group stage, the following criteria, in the order below, shall be applied to determine the ranking:

STEP 1

1. Greatest number of points obtained in all group matches
2. Superior goal difference in all group matches
3. Greatest number of goals scored in all group matches

STEP 2

If two (2) or more teams in the same group are still equal on the basis of the above three (3) criteria, their rankings will be determined as follows:

4. Greatest number of points obtained in the group matches between the teams concerned
5. Superior goal difference resulting from the group matches between the teams concerned
6. Greatest number of goals scored in all group matches between the teams concerned
7. Highest team conduct score relating to the number of yellow and red cards obtained in all group matches:
 - Yellow card = minus 1 point

- Indirect red card (as a result of two [2] yellow cards) = minus 3 points
- Direct red card = minus 4 points
- Yellow card and direct red card = minus 5 points
- Only one of the above deductions shall be applied to a player in a single match. The team with the highest number of points shall be ranked highest.

8. Drawing of lots by FIFA

→ Draw

The draw for the football competition will be organised by Paris 2024 and conducted by officials from FIFA on a date to be confirmed. The FIFA Organising Committee for the Olympic Tournaments will divide the teams into groups between seeds and draw lots. FIFA will release the draw procedures, including sporting and geographic factors, in the upcoming months.

RULES

The football competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **IFAB Laws of the Game** (<https://www.theifab.com/>)

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter)

In accordance with Rule 46 of the IOC Olympic Charter, FIFA will be responsible for the control and direction of the football competition at Paris 2024.

→ Duration

In accordance with the IFAB Laws of the Game, matches will be 90 minutes in length, consisting of two (2) periods of 45 minutes with a 15-minute half-time interval. If a match during the knock-out stage of the competition is level after 90 minutes, then extra time, consisting of two (2) periods of 15 minutes, will be played. If the match remains level at the end of extra time, the winner will be determined by kicks from the penalty mark in accordance with the IFAB Laws of the Game.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the football competition at the Olympic Games must comply with the documents listed below:

→ **IFAB Laws of the Game** (<https://www.theifab.com/>)

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter) in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [football-specific guidelines](#).

COMPETITION VENUES

The football competition will take place in seven (7) French cities and will enable several regions to share in the jubilation of the Games, thanks to this very popular sport.

→ Parc des Princes, Paris

- **Capacity:** around 48,000 seats
- **Department:** Paris (75)
- **City:** Paris
- **Distance from the Olympic and Paralympic Village:** 20km

Parc des Princes is an iconic venue in the history of French sport, located in the City of Light's 16th arrondissement. It stands out in the Porte de Saint-Cloud landscape with its iconic concrete columns that crown its roof. Built in its current form in 1972, and designed by the architect Robert Taillibert, who was also behind Montreal's Olympic Stadium, the "Parc" was the country's largest stadium until the Stade de France was built in 1998. This stadium is ideally positioned to host the Paris 2024 Games.

→ Bordeaux Stadium

- **Capacity:** around 42,000 seats
- **Department:** Gironde (33)
- **City:** Bordeaux
- **Distance from Paris:** 2 hours 10 min by train

Bordeaux Stadium was built for France to hold the Euro 2016 Football Championship. It was completed in 2015, between the Parc Floral gardens and Bois de Bordeaux forest, to become the main sports showcase for the world's wine capital. Designed by the architects Herzog & De Meuron, who were also behind Beijing's Olympic Stadium, Bordeaux Stadium stands out with its spectacular design and its spectator experience, with fully covered stands.

→ Lyon Stadium

- **Capacity:** around 59,000 seats
- **Department:** Rhône (69)
- **City:** Décines
- **Distance from Paris:** 2 hours by train

Lyon Stadium is a recent, ultramodern venue, owned by its resident football club, Olympique Lyonnais, which plays in Ligue 1 and has won the French league seven (7) times. It was built to stage certain matches for Euro 2016, and was inaugurated at the start of 2016 in Décines-Charpieu, near Lyon. Previously the capital of the Gauls, the city now has a brand-new multifunctional venue, the third largest in France in terms of capacity, that can host major international events all year round, which will represent an additional asset for welcoming spectators for the Olympic Games in 2024.

→ Marseille Stadium

- **Capacity:** around 67,000 seats
- **Department:** Bouches-du-Rhône (13)
- **City:** Marseille
- **Distance from Paris:** 3 hours 10 min by train

The legendary Marseille Stadium is France's second largest and has been the stage for the European and national achievements of Olympique de Marseille, its resident club, since it was built. Built in 1937, Stade Vélodrome underwent several renovations through to its most recent one, designed by the architects SCAU, which was completed in 2014. Following this renovation, the Stade Vélodrome has a very modern new look, thanks to the new roof that now covers its curved stands, as well as increased capacity.

→ La Beaujoire Stadium, Nantes

- **Capacity:** around 37,000 seats
- **Department:** Loire-Atlantique (44)
- **City:** Nantes
- **Distance from Paris:** 2 hours by train

La Beaujoire Stadium, the mythical home of FC Nantes football club since it was built in 1984, was created for France to stage the Euro 1984 Football Championship. As the city's main sports venue, the Beaujoire hosts a number of high-level matches for major competitions held in France. It was renovated in 1998 for the organisation of the Football World Cup in France.

→ Nice Stadium

- **Capacity:** around 36,000 seats
- **Department:** Alpes-Maritimes (06)
- **City:** Nice
- **Distance from Paris:** 1 hour 10 min by plane

Nice Stadium is an ultramodern venue, located close to the Mediterranean, built in 2013 to replace the city's previous facility, the ageing and outdated Stade du Ray. Home to the football club OGC Nice, this new stadium with its magnificent architecture includes more than 10,000 sq m of exhibition space and has been designed in line with environmentally responsible standards, illustrated by its 7,000 sq m of rooftop solar panels and its system for harvesting and reusing rainwater.

→ Geoffroy-Guichard Stadium, Saint-Étienne

- **Capacity:** around 42,000 seats
- **Department:** Loire (42)
- **City:** Saint-Étienne
- **Distance from Paris:** 3 hours by train

Saint-Étienne Stadium is one of France's most iconic stadiums, and has been the stage for some of the greatest moments in the history of French football with AS Saint-Étienne, the legendary club. Since it was built in 1931, the "Chaudron" Stadium has been renovated several times to welcome the major sports competitions organised in France in the 20th century. In 2024, it will be welcoming the Olympic Games!

→ Facilities

All competition venues will include the following facilities:

- changing rooms and showers (separate men's/women's)
- snacks and drinks
- mixed zones where accredited media interview athletes after the competition
- medical services
- doping control station

TRAINING VENUES – FOOTBALL

Football training will be available from 18 July to 10 August, in venues close to the competition venues.

The list of the different training venues will be provided later. There will be at least three (3) competition-size training pitches in every city that is hosting matches for the football competition. In cities with a high number of matches, an additional training venue will be provided. Time slots for training will be allocated on a rotational basis. The names and locations of training venues will be provided to teams at the Team Workshop, which will take place following the draw.

The training venues will contain changing rooms and showers (separate men's/women's).

FOOTBALL HOTELS

Hotel accommodation has been secured in each of the football co-host cities to meet the needs of football athletes and team officials.

For more details, please refer to the “General Information” part of this *Sport Guide*.

GOLF COMPETITION

The Golf competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 10 August at Le Golf National venue in Guyancourt. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ Individual

WOMEN (1)

→ Individual

A total of 120 athletes, 60 men and 60 women, may take part in the Olympic Golf competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Golf competition consists of a 72-hole individual stroke play for both men and women (four (4) rounds scheduled over four (4) consecutive days). Scores are cumulative from round to round. The player with the lowest score wins. The men's competition will be held from Thursday 1 August to Sunday 4 August and the women's from Wednesday 7 August to Saturday 10 August.

For all rounds, the intention is to play in groups of three (3) athletes. The starting time format for each group will be as follows: depending on the final competition schedule and pending confirmation from the Olympic Broadcasting Services, groups will start from tee 1 only. Such determination will be made well in advance of the Paris 2024 Olympic Games. However, due to weather or other unforeseen circumstances, play could be in groups of two (2) or three (3) athletes and/or starting on tee 1 and tee 10 for any or all of the competition rounds.

→ Tiebreak rules

In the event of a tie for first, second or third place at the conclusion of 72 holes of stroke play (or a lesser number according to the Bad Weather Guidelines), a play-off or multiple play-offs shall be conducted for the purpose of determining the gold, silver and bronze medal winners.

Such play-offs shall be on a hole-by-hole basis immediately following the conclusion of the final round, or on the following day if the IGF Chief Referee determines that darkness, weather or other conditions preclude conducting a play-off on the day of the final round. The play-off shall commence on a sequence of holes as approved by the IGF Chief Referee and identified prior to the competition beginning.

If two (2) players are tied for the first position, a play-off will be conducted to determine the gold and silver medals. If three (3) or more players are tied for the first position, a play-off will be conducted to determine the gold, silver and bronze medals. If two (2) or more players are tied for second position, a play-off will be conducted to determine the silver and bronze medals. If two (2) or more players are tied for third position, a play-off will be conducted for the bronze medal. In any case, only one gold, one silver and one bronze medal will be awarded.

At the conclusion of each play-off hole, players will be grouped according to score on that hole if it is necessary to play another hole to determine a medal.

For any one (1) play-off, players will play in one (1) or more groups at the discretion of the IGF Chief Referee.

RULES

The Paris 2024 Golf competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **IGF Olympic Games Regulations for Paris 2024**
- **Rules of Golf (<https://www.randa.org/rog/the-rules-of-golf>)**
- **Olympic Charter (www.olympic.org/documents/olympic-charter)**

In accordance with Rule 46 of the IOC Olympic Charter, IGF will be responsible for the control and direction of the Golf competitions at Paris 2024.

The Olympic Golf Competition will be conducted in accordance with these regulations and its appendices, and the Rules of Golf. Any modification to the Rules of Golf contained in the IGF's Local Rules and Terms of Competition for the Olympic Golf Competition will be made available to athletes prior to their starting times.

CLOTHING AND EQUIPMENT

Clothing and equipment for the athletes and other staff participating in the competition shall be in conformance with the following documents:

- **IGF Olympic Games Regulations for Paris 2024**
- **Rules of Golf (<https://www.randa.org/rog/the-rules-of-golf>)**
- **Olympic Charter (www.olympic.org/documents/olympic-charter)**, in particular *Rule 50 Advertising, Demonstrations, Propaganda*.

Bye-Law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Golf-specific guidelines](#).

CADDIES

All athletes in the Olympic Games shall employ caddies for all practice and competition rounds. A caddie is not required to be of the same nationality as the athlete they are employed by. Payment of the caddies is the sole responsibility of the athlete and they shall be paid promptly.

The IGF assumes no responsibility for the payment of caddies. The fee is to be resolved prior to the competition between the athlete and caddie. In the event of illness or injury to a caddie during the round, the athlete may replace the caddie with anyone who is properly accredited for field of play access.

Athletes shall be responsible for the conduct and behaviour of their caddies and subject to penalty for any breach of the rules by their caddie as detailed in the Rules of Golf. Caddies are not eligible to receive a medal/diploma. Caddies shall adhere to the IGF Olympic Golf Regulations and its appendices.

Caddies will be provided with Olympic Identity and Accreditation Cards through their athlete's NOC which will act as an entry visa into France and allow access to Le Golf National. To access any other venue, a ticket will need to be purchased. Caddies will be accommodated in the Olympic Village and will have access to the athlete transport system provided between the Olympic Village and Le Golf National.

Caddies are entitled to eat at the Olympic Village restaurant, and caddies will share a lounge with the athletes at Le Golf National.

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENTS

COMPETITION VENUE

→ Le Golf National (LGN)

2 avenue du golf - 78280 Guyancourt - France

The Paris 2024 Golf competition will be held on the “Albatros” course (par-71 for men and par-72 for women) at Le Golf National, the most complex and competitive course at this prestigious 139-hectare golf site. The club was designed by architects Hubert Chesneau and Robert van Hagge and opened in October 1990. The Albatros course was renovated by EGD (European Golf Design) under the supervision of Hubert Chesneau in 2016.

Le Golf National has hosted numerous tournaments including the Ryder Cup in 2018 and the World Amateur Team Championships in 1994 and 2022.

For Paris 2024, Le Golf National will be an independent venue and used for both competition and training. It will have a gross capacity of 30,000.

→ Facilities

Practice facilities will be available for training and warm-up at Le Golf National. Facilities at the venue will also include:

- changing rooms and showers (separate facilities for men and women)
- lounge for athletes, caddies and officials
- catering services
- Internet access
- gym
- mixed zone where accredited media interview athletes after competition
- IGF registration desk

- sport information desk
- medical services
- doping control station

TRAINING VENUE

Training for the Golf competition will also take place at Le Golf National, from 27 July to 10 August.

Training will be available from 7:00 to 18:30.

Please note that this schedule may be subject to change at any times.

All training equipment will be approved by IGF and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Training schedule

The following schedule outlines the permitted dates and times for access to the practice areas and course:

DATE	TIME	AREA	FORMAT
24 July	Official practice starts		
27 July – 29 July	7:00 – 18:30	Range, practice putting greens, chipping greens, practice bunkers. Playing the course is permitted.	Men Women
30 July – 31 July	7:00 – 18:30	Range, practice putting greens, chipping greens, practice bunkers. Playing the course is permitted.	Men
		Range, practice putting greens, chipping greens, practice bunkers. Walking the course (i.e. no strokes made) is permitted.	Women
1 August – 4 August (men's competition)	7:00 – 18:30	Range, practice putting greens, chipping greens, practice bunkers.	Men
	13:30 – 18:30	Range, practice putting greens, chipping greens, practice bunkers. In the event that space availability becomes limited on practice areas during these hours, women competitors may be asked to temporarily move to a specific area for practising until space becomes available.	Women
5 August – 6 August	7:00 – 18:30	Range, practice putting greens, chipping greens, practice bunkers. Playing the course is permitted.	Women
7 August – 10 August (women's competition)	7:00 – 18:30	Range, practice putting greens, chipping greens, practice bunkers.	Women

→ Access to training venues

The IOC has rethought the concept of specific passes for training venues.

This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that, for golf, the maximum quota of “P” accredited personal coaches has been defined by the IOC as one (1) per athlete and that the choice to use this accreditation rests entirely with the athlete. “P” accreditations for golf are outside the calculation of ex-quota accreditations granted to each eligible NOC.

→ Food and beverage services

Given the Golf National’s location catering services will be provided on training days and on competition days and will take place in the joint athletes, caddies and ITO lounge in the main club-house building.

GOLF EQUIPMENT STORAGE

The Golf competition venue will have secure storage spaces where athletes can store their equipment after training or competition.

The venue’s secure storage spaces will open and close according to training and competition times.

ARTISTIC GYMNASTICS COMPETITION

The Artistic Gymnastics competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Monday 5 August at Bercy Arena.

Artistic Gymnastics comprises individual apparatus competitions, as well as individual and team competitions on all apparatus. There will be four (4) competition phases in the Artistic Gymnastics competition: qualification, team final, all-around final and apparatus final.

All gymnasts follow an Olympic rotation order. The different apparatus, listed in Olympic order, each require specific qualities and are as follows: floor exercise, pommel horse, rings, vault, parallel bars and horizontal bar for men, as well as vault, uneven bars, balance beam and floor exercise for women. In these spectacular different exercises, the figures and routines require strength, agility, coordination and speed from athletes.

This competition will consist of the following 14 events:

→ Medal Events

Total number of medal events: 14

MEN (8)

- Team
- Individual All-Around
- Floor
- Pommel Horse
- Rings
- Vault
- Parallel Bars
- Horizontal Bar

WOMEN (6)

- Team
- Individual All-Around
- Vault
- Uneven Bars
- Balance Beam
- Floor

A total of 192 athletes, 96 men and 96 women, may take part in the Artistic Gymnastics competition. For details of the qualification system, see the [IOC website](#) and [the FIG website](#).

COMPETITION FORMAT

During qualifications, all the gymnasts compete as part of a team of five (5) gymnasts and/or as individuals. The results obtained on qualification day will rank the teams and individual athletes for all finals. No scores will be carried over to the finals from the qualifications.

Following the qualification events, the eight (8) top-ranked men's and women's teams will advance to the team finals (including all teams tied for eighth place after Olympic tie-breaking rules have been applied). In the team final, only three (3) of the five (5) members of each team may compete on each apparatus. The team ranking will be based on the sum of the three (3) scores obtained on each apparatus by the members of the same team.

The 24 top-ranked men and women from the qualifications proceed to the individual all-around final (including all gymnasts tied for 24th place after Olympic tie-breaking rules have been applied), to a maximum of two (2) per NOC. The gymnasts will perform again on all pieces of apparatus and will be ranked on their total individual score.

The eight (8) top-ranked men and women on each apparatus in the qualifications will proceed to the apparatus finals (including all gymnasts tied for eighth place after Olympic tie-breaking rules have been applied), to a maximum of two (2) per NOC. The gymnasts will perform the exercises on the apparatus for which they have qualified and will be ranked according to their individual marks.

A detailed table of the competition schedule is given further below.

RULES

The Artistic Gymnastics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ FIG Rules

- Statutes
- Technical Regulations
- Apparatus Norms
- Code of Points MAG 2022-2024 and relevant newsletters
- Code of Points WAG 2022-2024 and relevant newsletters
- specific to Artistic Gymnastics, relevant newsletters and helpdesk 2022-2024 – 2nd edition
- Codes of Ethics, Conduct and Discipline
- Judges' Rules (general and men and women Artistic Gymnastics-specific versions)
- License Rules
- Subsequent decisions of the FIG Executive Committee and Technical Committees

All of the above-mentioned documents are available by clicking on the following link:

<https://www.gymnastics.sport/site/rules/rules.php>

→ Olympic Charter:

<https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the FIG will be responsible for the control and direction of the Artistic Gymnastics competition at the Paris 2024 Olympic Games.

→ Judges and scoring

The jury is composed of nine (9) execution and difficulty judges and other technical officials are included in the jury. The judges are divided into panels in order to calculate the final score ("F") as follows:

$F = D + E - \text{Penalty (neutral deductions)}$

The Difficulty Panel, made up of two (2) judges, calculates the "D" score, which is based on the content of the routine. The Execution Panel, made up of seven (7) judges, is responsible for the "E" score, which is determined by the gymnast's execution of the routine. The "E" score is calculated by dropping the two (2) highest and lowest E judges' scores and averaging the three (3) remaining scores. This average is then subtracted from 10.00 points.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Gymnastics competitions at the Olympic Games must comply with the documents listed below:

→ FIG Technical Regulations

→ FIG Code of Points (discipline-specific versions)

→ Rules Competition Clothing and Advertising

(All of the above-mentioned documents are available at the address <https://www.gymnastics.sport/site/rules/>)

→ Olympic Charter

(<https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Gymnastics-specific guidelines](#).

COMPETITION VENUE

→ Bercy Arena (BCY)

**Accor Arena Paris Bercy - 8 boulevard de Bercy
75012 Paris - France**

Bercy Arena is an iconic venue for culture and sport in Paris and across France, recognisable with its pyramid design that stands out from the landscape of Paris' 12th arrondissement. Built in 1984, the venue is located 21 kilometres from the Olympic Village and close to various tourist sites including Notre-Dame de Paris Cathedral, the Hôtel de Ville and the Latin Quarter.

Its 15,000 spectator capacity allows Bercy Arena to host high-level sports events, such as the Paris Masters, an international men's tennis tournament from the ATP Tour, and the final rounds of the 2018 European women's handball championship.

It will be the venue for Artistic and Trampoline Gymnastics, as well as for the Olympic Basketball finals and the Wheelchair Basketball events during the Paralympic Games.

Renovated between 2014 and 2015 to modernise its infrastructure, Bercy Arena ticks all of the boxes today for hosting major competitions and cultural events. Bercy has nothing left to prove: since it was inaugurated, this multi-sports venue has already welcomed more than 30 million spectators at hundreds of events, from athletics to basketball, ice hockey and motocross.

→ Field of play

QUALIFICATION PHASE

The field of play will vary according to the event. During the men's qualifications, the men's apparatus will be installed, and during the women's qualifications, the men's apparatus will be removed to install the women's.

FINAL PHASE

For the Artistic Gymnastics women's all-around competition, the field of play will comprise a vault, uneven bars, a balance beam and a floor. For the Artistic Gymnastics men's all-around competition, the field of play will comprise a floor, a pommel horse, rings, a vault, parallel bars and a horizontal bar.

During the apparatus final, only the competition apparatus will be installed. The only exception is the floor, which shall remain in place at all times except during the trampoline competitions. The apparatus for the competition discipline will be installed on podiums accessed by stairs for the athlete's mount and dismount.

→ Facilities

Two (2) warm-up areas will be located on the ground floor. A warm-up area for women and a warm-up area for men situated opposite each other.

The competition venue will also have the following services and equipment:

- changing room and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

ARTISTIC GYMNASTICS TRAINING

The Artistic Gymnastics training will take place at the International Broadcast Centre (IBC), in Le Bourget from 20 July to 5 August.

Training sessions will also be held on the competition site, at the Arena Bercy. This is known as “podium training”. For the men, this will be on 24 July. For the women, it will be on 25 July. This also corresponds to the three (3) days of the apparatus finals, during which athletes have the opportunity to train on the competition site for one (1) hour before the start of the finals.

TRAINING VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
International Broadcast Centre (IBC)	Parc des expositions Paris Le Bourget Place Charles Lindbergh 93350 Le Bourget	15km // 20min	20/07 to 05/08
Arena Bercy	8 boulevard de Bercy 75012 Paris	21km // 30min	24/07 to 25/07 03/08 to 05/08

Training hours may vary on some training days. There will be no training in the afternoon of the opening ceremony.

The training venue at the IBC will be divided into two (2) halls, one containing the women’s apparatus and the other containing the men’s apparatus. The women’s training hall will be divided into two (2) training gyms and the following apparatus will be installed in each: 1 vault, 2 uneven bars, 2 balance beams and 1 floor plus one warm-up area. The men’s training hall will be divided into two (2) training gyms and the following apparatus will be installed in each: 1 floor, 2 pommel horses, 1 rings, 1 vault, 2 parallel bars and 1 horizontal bar plus one warm-up area.

All training equipment will be approved by the FIG and will comply with Rule 50 and By-law to Rule 50 of the IOC Olympic Charter. Equipment for athlete training and warm-up will be identical to that used during the competitions.

→ Access to training venues

The training venues will only be accessible to holders of a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received and FIG’s rules as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

RHYTHMIC GYMNASTICS COMPETITION

The Rhythmic Gymnastics competition at the Paris 2024 Olympic Games will be held from Thursday 8 August to Saturday 10 August at Porte de La Chapelle Arena.

This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

WOMEN (2)

→ Individual All-Around

→ Group All-Around

A maximum of 94 female athletes may take part in the Olympic Rhythmic Gymnastics competition. This figure comprises 24 individual gymnasts, as well as 14 groups (five (5) gymnasts per group). For details of the qualification system, see the [IOC website](#) and the [FIG website](#).

COMPETITION FORMAT

The sequence of routines for individual gymnasts shall be: hoop, ball, clubs, ribbon.

The sequence of routines for groups shall be: hoop, ribbon and ball.

The individual all-around event begins with qualifications. Individual gymnasts will perform a routine with each apparatus. The 10 top-ranked gymnasts based on the sum of the results of the four (4) routines (including all gymnasts tied for 10th place after Olympic tie-breaking rules have been applied) from the initial 24 advance to the final.

The group event also begins with qualifications. Groups will perform two (2) routines. In the first routine, the five (5) gymnasts in the group will perform the routine with their hoop. For the second routine, three (3) members of the group will begin the routine with a ribbon and the two (2) other members of the group will begin with a ball. During the routine the gymnasts will exchange apparatus multiple times. The eight (8) top-ranked groups (including all groups tied for eighth place after Olympic tie-breaking rules have been applied) from the initial 14 advance to the final.

The individual qualifications will be held on Thursday 8 August in two (2) sessions: the morning session dedicated to the ribbon and ball routines and the afternoon session dedicated to the clubs and hoop. The

individual finale will be in the afternoon of Friday 9 August, and will be followed by a victory ceremony.

The group qualifications will be held in the morning of Friday 9 August, while the Group All-Around final will be on Saturday 10 August in the afternoon, followed by a victory ceremony.

For more information, see the detailed table in “Competition schedule” below.

RULES

The Rhythmic Gymnastics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ FIG Rules

- Statutes
- Technical Regulations
- Apparatus Norms
- RG Code of Points 2022-2024
- Codes of Ethics, Conduct and Discipline
- Judges' Rules
(general and Rhythmic Gymnastics-specific versions)
- License Rules
- Subsequent decisions of the FIG Executive Committee and the RG Technical Committee

All of the above-mentioned documents are available by clicking on the following link:

<https://www.gymnastics.sport/site/rules/rules.php>

→ Olympic Charter:

<https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the FIG will be responsible for the control and direction of the Rhythmic Gymnastics competition at the Paris 2024 Olympic Games.

→ Judges and scoring

There is one (1) jury in Rhythmic Gymnastics, composed of 3 panels of judges: Panel D evaluating Difficulty, Panel A evaluating Artistry and Panel E evaluating Execution. Each of these panels is composed of four (4) judges and the panel evaluating Difficulty is divided into two (2) subgroups, subgroup DA and subgroup DB.

DB1 and DB2 judges evaluate the number and technical value of Body Difficulties for the entire exercise independently, without conferring, and then determine one single common score. DA1 and DA2 judges evaluate the number and technical value of Apparatus Difficulties for the entire exercise independently, without conferring, and then determine one single common score. D-score will be the sum of the two (2) partial D-scores (DB+DA).

The four (4) judges composing Panel A evaluate the Artistic penalties by deduction and independently. The highest and lowest scores are dropped, then the final score A is determined by averaging the two (2) remaining scores A. The average is then subtracted from 10.00 points.

The four (4) judges composing Jury E evaluate the Technical penalties by deduction and independently. The highest and lowest scores are dropped, then the final score E is determined by averaging the two (2) remaining scores E. The average is then subtracted from 10.00 points.

The final score is calculated as follows: $F = D + A + E - \text{penalties (neutral deductions)}$.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Gymnastics competitions at the Olympic Games must comply with the documents listed below:

→ FIG Technical Regulations

→ FIG RG Code of Points

→ Rules Competition Clothing and Advertising

(All of the above-mentioned documents are available at the address <https://www.gymnastics.sport/site/rules/>)

→ Olympic Charter

(<https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Gymnastics-specific guidelines](#).

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENTS
Thursday 8 August 2024 – Porte de La Chapelle Arena			
GRY01	10:00 – 13:00	3:00	Individual All-Around Qualification – Part 1 of 2 (hoop and ball)
GRY02	15:00 – 18:00	3:00	Individual All-Around Qualification – Part 2 of 2 (clubs and ribbons)
Friday 9 August 2024 – Porte de La Chapelle Arena

Saturday 10 August 2024 – Porte de La Chapelle Arena			
GRY05	14:00 – 15:45	1:45	Group All-Around Final Group All-Around Victory Ceremony

COMPETITION VENUE

→ Porte de La Chapelle Arena

**Arena Porte de la Chapelle - Avenue de la Porte de la Chapelle
75018 Paris - France**

An eco-design venue thought out for a legacy to benefit neighbouring communities well beyond the Games, Porte de La Chapelle Arena will be a new cultural hub to the north of Paris, hosting a range of cultural and sporting events each day. As soon as it opens in 2024, it will be home to Paris Basketball as its resident club.

The Arena is located near remarkable tourist sites including Sacré-Cœur Basilica and the famous Montmartre District, as well as being just 9 kilometres from the Olympic and Paralympic Village. Porte de La Chapelle Arena will host the Badminton and Rhythmic Gymnastics events during the Olympic Games and the Para Badminton and Para Powerlifting during the Paralympic Games. The venue will have a capacity of 7,000 spectators for the Rhythmic Gymnastics events.

→ Field of play

The field of play will be equipped with floor mounted on an 80cm raised podium. The arena will be equipped with an audio system for gymnasts' routine music. All equipment will comply with FIG regulations.

The competition mat is 14x14 m (field of play 13 x 13m). Replacement apparatus supplied by the Organising Committee are available to gymnasts. When a gymnast releases their apparatus outside the field of play, they may use a replacement apparatus to finish their routine.

→ Facilities

A warm-up area will be installed on the fourth floor accessible via a lift and will be equipped with a stretching area and two (2) floors.

The competition venue will also have the following services and equipment:

- changing rooms with showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- internet access
- mixed zones where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

RHYTHMIC GYMNASTICS TRAINING

→ General information

Training for Rhythmic Gymnastics will take place at two (2) different training venues, as well as in the competition venue. The first venue is the Grande Nef at the Complexe sportif Île-des-Vannes. The training areas will be equipped with five (5) floors and audio systems to allow athletes to train to their music.

Training sessions will also be held on the competition site, at the Arena de la Porte de la Chapelle. This is known as “podium training”.

All training equipment provided by Paris 2024 will be approved by FIG and will comply with Rule 50 and Bye-law to Rule 50 of the Olympic Charter.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Complexe sportif de l'Île-des-Vannes	Grande Nef de l'Île-des-Vannes 11-15 boulevard Marcel Paul 93450 L'Île-Saint-Denis	0.5 km // 5 min	23/07 to 11/08
Stade Pierre de Coubertin	88 avenue Georges Lafont 75016 Paris	15 km // 30 min	01/08 to 10/08
Arena de la Porte de la Chapelle	Avenue Porte de la Chapelle, 75018 Paris	9 km // 20 min	07/08

Training in Stade Pierre de Coubertin will be available from: 08:30 to 20:00 and from 8:15 to 21:45 in Complexe sportif de l'Île-des-Vannes.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking/modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

→ Access to Training Venues

The training venues will only be accessible to holders of a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has reviewed the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and Beverage Services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

TRAMPOLINE GYMNASTICS COMPETITION

The Trampoline Gymnastics competition at the Paris 2024 Olympic Games will be held on Friday 2 August 2024 at Bercy Arena. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ Trampoline Qualification and Final

WOMEN (1)

→ Trampoline Qualification and Final

A total of 32 athletes, 16 men and 16 women, may take part in the Trampoline Gymnastics competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Trampoline Gymnastics competition will be held on a single day, Friday 2 August. The women's event will take place during the first session, with qualifications and finals. The 16 athletes will present one or two (2) sequences during qualifications and the top eight (8) athletes advance to the final, followed by a victory ceremony. The Trampoline Gymnastics competition will continue with the men's events in the same format as the women's competition.

The 16 athletes will present one or two (2) sequences during qualifications and the top eight (8) athletes advance to the final, followed by a victory ceremony.

A detailed table of the competition schedule is given further below.

RULES

The Trampoline Gymnastics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ FIG Rules

- FIG Statutes
- FIG Technical Regulations
- FIG Apparatus Norms
- Codes of Ethics, Conduct and Discipline
- FIG Code of Points specific to Trampoline Gymnastics, relevant newsletters and helpdesk
- FIG Judges' Rules (general and Trampoline Gymnastics-specific versions)
- FIG License Rules
- Subsequent decisions of the FIG Executive Committee

All of the above-mentioned documents are available by clicking on the following link:

<https://www.gymnastics.sport/site/rules/rules.php>

→ Olympic Charter:

<https://olympics.com/ioc/olympic-charter>

In accordance with Rule 46 of the IOC Olympic Charter, the FIG will be responsible for the control and direction of the Trampoline Gymnastics competition at the Paris 2024 Olympic Games.

→ Judges and scoring

The jury will be composed of one (1) Chair of Judges' Panel, six (6) Judges for Execution and six (6) Judges for Difficulty.

A routine on the trampoline is characterised by high, continuously rhythmic, feet-to-feet and feet-to-back, front or seat rotational jumping elements, without hesitation or intermediate straight bounces.

A trampoline routine should be planned to demonstrate a variety of forward and backward twisting or non-twisting elements.

It should show good control, form, execution, height and maintenance of height. The evaluation of Execution (E), Difficulty (D) and Horizontal Displacement (H) is done in tenths of a point. The time of flight (T) is evaluated in 1/1000 of a second rounded down to 5/1000 of a second.

The final score (F) is calculated as follows:

$$F = E (\text{max. 20 points}) + H (\text{max. 10 points}) + D + T - \text{Penalty}$$

Judges must write their deductions independently of one another. The CJP controls all aspects of the competition; makes decisions on all matters other than execution, difficulty, horizontal displacement and time scores; and acts on and communicates these decisions to all relevant officials.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Gymnastics competitions at the Olympic Games must comply with the documents listed below:

- **FIG Technical Regulations**
- **FIG Code of Points (discipline-specific versions)**
- **FIG Apparatus Norms**
- **Rules Competition Clothing and Advertising**

(All of the above-mentioned documents are available at the address <https://www.gymnastics.sport/site/rules/>)

- **Olympic Charter** (<https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Gymnastics-specific guidelines](#).

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENTS
Friday 2 August 2024 – Bercy Arena			
GTR01	12:00 – 14:30	2:30	Women's Qualification & Final Women's Victory Ceremony
GTR02	18:00 – 20:30	2:30	Men's Qualification & Final Men's Victory Ceremony

COMPETITION VENUE

→ Bercy Arena (BCY)

8 boulevard de Bercy - 75012 Paris - France

Bercy Arena is an iconic venue for culture and sport in Paris and across France, recognisable with its pyramid design that stands out from the landscape of Paris' 12th arrondissement. Built in 1984, the venue is located 21 kilometres from the Olympic Village and close to various tourist sites including Notre-Dame de Paris Cathedral, the Hôtel de Ville and the Latin Quarter.

Its 15,000-spectator capacity allows Bercy Arena to host high-level sports events, such as the Paris Masters, an international men's tennis tournament from the ATP Tour, and the final rounds of the 2018 European women's handball championship. It will also be the venue for the Olympic Basketball finals as well as Artistic and Trampoline Gymnastics, and the Wheelchair Basketball events during the Paralympic Games.

Renovated between 2014 and 2015 to modernise its infrastructure, Bercy Arena ticks all of the boxes today for hosting major competitions and cultural events. Bercy has nothing left to prove: since it was inaugurated, this multi-sports venue has already welcomed more than 30 million spectators at hundreds of events, from athletics to basketball, ice hockey and motocross.

→ Field of play

The field of play will contain two (2) FIG-certified 505 x 291 cm trampolines mounted on a podium. Attached to the trampolines, safety platforms will extend the trampoline landing zone, providing greater security in case of a fall outside of the canvas. In addition to the trampolines and platforms, a safety area marked out by landing mats will surround the trampolines. Coaches will be based in this area to ensure athletes' safety.

→ Facilities

A warm-up area will be located on the ground floor. Some of the men's Artistic Gymnastics apparatus may be removed and replaced by four (4) trampolines.

On the field of play, all men's Artistic Gymnastics apparatus will be removed and replaced by four (4) trampolines.

The competition venue will also have the following services and equipment:

- changing room and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAMPOLINE GYMNASTICS TRAINING

Trampoline Gymnastics training will take place at Pierre de Coubertin Stadium. The training facilities will include four (4) trampolines.

Training sessions will also be held at the competition venue, Bercy Arena, the day before the competition. This corresponds to the familiarisation day, known as "podium training".

TRAINING VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Stade Pierre de Coubertin	88 avenue Georges Lafont 75016 Paris	15km // 30 min	26/07 to 31/07
Arena Bercy	8 boulevard de Bercy 75012 Paris	21km // 30min	01/08 to 02/08

Training in Stade Pierre de Coubertin will be available from: 08:30 to 19:00.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

All training equipment will be approved by FIG and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Equipment for athlete training will be identical to that used during the competitions.

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

HANDBALL COMPETITION

The handball competition at the Paris 2024 Olympic Games will be held from Thursday 25 July to Sunday 11 August at the South Paris Arena 6 in Paris and the Pierre Mauroy Stadium in Lille Métropole. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 12-team tournament

WOMEN (1)

→ 12-team tournament

A total of 336 athletes, 168 men and 168 women, may take part in the handball competition, i.e. 12 men's teams and 12 women's teams. Each team is limited to 14 players. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The same rules will apply to the men's and women's handball competitions. The tournament will begin with a preliminary round (group matches), for which the 12 teams will be divided into two (2) groups of six (6). Each team plays every other team in the group (single round robin), with two (2) points awarded for a win, one (1) point for a draw and zero (0) points for a loss.

The four (4) top teams in each group will qualify for the quarterfinals, while the remaining four (4) teams are eliminated from the competition.

During the preliminary round, the teams will be ranked according to the total number of points gained. If there is a tie, goal difference in all matches and then greater number of goals scored in all matches will serve to rank the teams. If still tied, all tied teams will share the same rank.

However, after the preliminary round, if two (2) or more teams are tied on points, ties will be broken as follows:

- points between the tied teams
- goal difference taking in consideration only the matches between the tied teams
- number of goals scored taking in consideration only the matches between the tied teams
- goal difference in all matches
- number of goals scored in all matches

If teams remain tied, a draw will decide. The IHF representative will execute the draw, if possible in the presence of the responsible team officials.

After the preliminary phases, the competition will follow with a straight knockout format, with quarterfinals, semifinals, a bronze medal match and a gold medal match. The winners of the quarterfinals will proceed to the semifinals, and the losers are eliminated. The winners of the semifinals will play for the gold and silver medals. The losers of the semifinals will play for the bronze medal.

There will be no classification matches to determine the rankings from fifth to 12th places. **The losers of the quarterfinals will be ranked from fifth to eighth based on the results of the preliminary round as follows:**

- rankings within their respective group
- total points awarded
- goal difference
- goals scored

If any ties remain after these tiebreakers, the rankings will be decided by a draw.

The teams ranked fifth in each preliminary round group will be ranked ninth and 10th place overall, with the teams ranked sixth in each preliminary round group ranked 11th and 12th place overall, according to the evaluation criteria listed above.

→ Competition Draw

The draw for the men's and women's handball competitions will be conducted by the IHF at the latest in May 2024.

The host country will have the choice of its preliminary round group within its performance row after the other rows which are drawn from the sixth to first row. The performance rows for the men's and women's Olympic tournaments are given in the table below:

1	World champion*	1 st team, IHF qualification tournament 1
2	1 st team, IHF qualification tournament 2	1 st team, IHF qualification tournament 3
3	2 nd team, IHF qualification tournament 3	2 nd team, IHF qualification tournament 2
4	2 nd team, IHF qualification tournament 1	Host country
5	Continental Qualification**	Continental Qualification**
6	Continental Qualification**	Continental Qualification**

* If the host country is the reigning world champion, the second ranked national team of the respective World Championship will take this place. In the event that the reigning world champion (or the host nation) wins the continental qualifying event, the second ranked team of the respective continental qualification event will obtain a quota place.

** The order of the continental representatives is determined in accordance with the continental confederations of the 2023 IHF World Championships.

RULES

The handball competition will be held in accordance with the editions of the following documents that are in force during the period of the Games:

→ **IHF Rules of the Game** (available on the website www.ihf.info/regulations-team-types/355)

→ **IOC Olympic Charter available on the website** <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the IHF will be responsible for the control and direction of the handball competition at the Paris 2024 Olympic Games.

→ Scoring

In accordance with the IHF Rules of the Game, handball competitions for both men and women at Paris 2024 will consist of two (2) 30-minute halves with a 15-minute halftime interval.

In case of a draw at the end of regulation time for the quarterfinals, semifinals, bronze medal match or gold medal match, there will be an extra-time period consisting of two (2) periods of five (5) minutes separated by a break of one (1) minute. There will be a five (5)-minute break between the end of regulation time and the overtime.

If the scores are tied at the end of this overtime, there will be a second period of overtime, following the same format.

If the score is still tied at the end of the second overtime, the winner will be decided by a seven-metre shoot-out competition, with five (5) players from each team taking alternate shots.

If the scores are tied after five (5) shots, the competition will continue with players from each team taking alternate shots in a sudden-death format. The winner is decided as soon as there is a goal difference after both teams have had the same number of throws.

The team that wins the gold medal match is ranked first, the loser is ranked second and wins the silver medal. The team that wins the bronze medal match is ranked third, and the loser is ranked fourth.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the handball competition at the Olympic Games must comply with the documents listed below:

→ **IHF Statutes and Regulations** (available on the website www.ihf.info/regulations-team-types/355)

- Rules of the Game IHF (<https://www.ihf.info/regulations-documents/361>)
- Regulations on Protective Equipment and Accessories (available on the website <https://www.ihf.info/regulations-documents/361>)

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [handball-specific guidelines](#).

COMPETITION VENUES

→ South Paris Arena 6 (SP6)

Place de la Porte de Versailles - 75015 Paris - France

The preliminary phases of the handball competition at the Paris 2024 Olympic Games will be held at South Paris Arena 6.

Located in the south of Paris, South Paris Arena 6 is part of Paris Expo, an exhibition and convention centre that is one of the most attractive in Europe and the most visited in France. Built in 1923 to host the Paris Trade Fair (Foire de Paris), the complex has been developed extensively over the years and can now adapt for a wide range of requirements and configurations. Across 35 hectares, 228,000 sq m of exhibition halls and eight (8) pavilions, Paris Expo welcomes 7.5 million visitors each year in Paris' 15th arrondissement.

With Halls 1, 4 and 6 hosting the volleyball (Hall 1), table tennis (Hall 4) and handball (preliminary round) and weightlifting (Hall 6) events, Paris Expo will be a major hub for the Paris 2024 Olympic Games. Paris Expo will also host the boccia, goalball and Para table tennis events for the Paralympic Games.

The competition venue is located 23 kilometres from the Olympic Village.

→ Field of play

The venue will contain one (1) competition court and one (1) warm-up court, which is located close to the competition court. The courts and all equipment will be presented in accordance with the IHF Rules of the Games.

→ Facilities

The warm-up courts for the preliminary phases will be located close to the field of play. The competition venue will also have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station

→ Pierre Mauroy Stadium (LIL)

261 boulevard de Tournai - 59650 Villeneuve-d'Ascq - France

The finals phases of the handball competition at the Paris 2024 Olympic Games will be held at Pierre Mauroy Stadium in Lille Métropole.

Located in Villeneuve-d'Ascq, Pierre Mauroy Stadium is a modular multi-sports showcase with a spectacular design, built in 2012 and equipped to host a range of cultural and sporting events throughout the year. It has notably hosted international competitions for several sports since it was built, including the European Basketball Championship in 2015 and the World Handball Championship in 2017.

It is located 3 kilometres from the Lille Métropole Olympic Village.

During the Olympic Games, the Pierre Mauroy Stadium will also host the preliminary phase of basketball competition.

→ Field of play

The venue will contain one (1) field of play. The court and all equipment will be in accordance with the IHF Rules of the Games.

→ Facilities

The competition venue will have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station

HANDBALL TRAINING

→ General information

Training for the handball competition will be held at several sites in Paris and Lille Métropole prior to and during the competition period, from Thursday 18 July to Sunday 11 August.

Each venue has a regulation-sized handball court. The Maurice Herzog and Pierre Mazeaud stadiums in Lille Métropole, as well as Prisme 1 and Prisme 2 in Paris, are contiguous and have one court each but are considered a single venue by Paris 2024.

All training equipment provided by Paris 2024 will be approved by IHF and will comply with Rule 50 and Bye-law to Rule 50 of the Olympic Charter.

HOST CITY	VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Paris	Gymnase des Poissonniers	2 rue Jean Cocteau 75018 Paris	4,5km // 12min	18/07 to 04/08
	Prisme 1	59 Rue Marcel Cachin 93000 Bobigny	10,4 km // 25 min	18/07 to 04/08
	Prisme 2			
	Arena Paris Sud 6 (warm-up)	Place de la Porte de Versailles 75015 Paris	23 km // 45 min	18/07 to 25/07
Lille Métropole	Stade Palacium	2 rue Breughel 59650 Villeneuve-d'Ascq	1 km // 5 min	04/08 to 11/08
	Stade Maurice Herzog	11 rue des Entrepreneurs 59700 Marcq-en-Barœul	7 km // 15 min	05/08 to 11/08
	Stade Pierre Mazeaud	9 rue des Entrepreneurs 59700 Marcq-en-Barœul	7 km // 15 min	04/08 to 11/08

During the pre-Games training period (18-24 July 2024), sessions of 1 hour 50 will initially be allocated to teams on a rotational basis. Teams may schedule combined training sessions to facilitate “friendly” matches against each other by arrangement with competition management. Training session times will be announced at a later date.

During the Olympic competition period, which begins on Thursday 25 July 2024, teams will be allocated training sessions of 1 hour 30.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

As of 4 August, the date of transfer to the Lille venue for the final phases of the competition, training sessions will also be moved to the Lille training venues. Training session times will be announced at a later date.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

→ Facilities

The training venue will have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- media stand
- sport information desk
- medical services

→ Venue familiarisation

Familiarisation sessions will be held at South Paris Arena 6 on Monday 22 July 2024 for the women's teams and on Tuesday 23 July 2024 for the men's teams. A 30-minute slot on the warm-up court followed by a second 50-minute training slot on the main court will be available to teams. There will not be any familiarisation session in Lille.

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the P accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Villages and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Villages. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

Closing of the Olympic Village

HOCKEY COMPETITION

The Hockey competition at Paris 2024 will be held from Saturday 27 July to Friday 9 August at Yves-du-Manoir Stadium in Colombes. This competition will consist of the following two (2) medal events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 12-team tournament

WOMEN (1)

→ 12-team tournament

A total of 384 athletes, 192 men and 192 women, may take part in the Hockey competition, with numbers limited to 16 players per team. For details of the qualification criteria, see the [IOC website](#).

COMPETITION FORMAT

The Men's and Women's Hockey competitions will both follow the same format. The 12 teams will be divided into two (2) pools of six (6) teams, and each team will play every other team in its pool. The structure of each pool will be as indicated in the table below. The seeds will be determined by the release of the FIH World Ranking Lists immediately following the FIH Olympic Qualifying Tournaments, scheduled early 2024.

→ Pool structure

POOL A	POOL B
Seed 1	Seed 2
Seed 4	Seed 3
Seed 5	Seed 6
Seed 8	Seed 7
Seed 9	Seed 10
Seed 12	Seed 11

The winners of a match will be awarded three (3) points, with one (1) point awarded to each team in the event of a draw and zero (0) for a loss. After all matches have been played, the ranking in each pool will be determined by total points, with ties broken by the total number of wins, then goal difference, then goals scored, then the result of the

match between the two (2) or more tied teams, then the number of field goals. If the teams remain tied after all these tiebreakers, a shoot-out competition will be held to determine the rankings.

The top four (4) teams in each pool will proceed to the quarter-finals with the teams ranked fifth and sixth in each pool eliminated from the competition. The winners of the quarter-finals advance to the semi-finals, and the losers are eliminated.

Quarter-finals ¹
1 st Pool A vs 4 th Pool B (QF1)
2 nd Pool B vs 3 rd Pool A (QF2)
2 nd Pool A vs 3 rd Pool B (QF3)
1 st Pool B vs 4 th Pool A (QF4)
Semi-finals ²
Winner QF1 vs Winner QF2
Winner QF3 vs Winner QF4

1. The order of matches will be confirmed on completion of pool phase.
2. The order of matches will be confirmed on completion of quarter-finals.

The winners of the semi-finals then play in the gold medal match with the semi-final losers playing for the bronze medal.

Notes: subject to the approval of the FIH, any match(es) may be rescheduled.

→ Duration

In accordance with FIH Competition Regulations for Games of the XXXIII Olympiad, matches for both men and women at Paris 2024 will be 60 minutes in length, divided into four (4) 15-minute quarters.

Breaks will occur between each quarter (2 minutes between Quarters 1 and 2 and Quarters 3 and 4; 10 minutes at half-time) and playing time will be stopped when penalty corners and penalty strokes are awarded, when a goal is scored and for video referrals. Stoppages for injuries will be in addition to these.

If a match is tied at the end of regulation time during the classification stages of the competition, a shoot-out competition will be used to establish an outright winner.

RULES

The Hockey competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ FIH Rules of Hockey

(<http://www.fih.ch/inside-fih/our-official-documents/rules-of-hockey>)

→ FIH Competition Regulations for the Games of the XXXIII Olympiad

(to be published) (<http://www.fih.ch>)

→ Olympic Charter

(<https://www.olympic.org/documents/olympic-charter>)

In accordance with Rule 46 of the IOC Olympic Charter, the FIH will be responsible for the control and direction of the Hockey competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Hockey competition at the Olympic Games must comply with following documents:

→ FIH Rules of Hockey

(www.fih.ch/inside-fih/our-official-documents/rules-of-hockey)

→ FIH Competition Regulations for the Games of the XXXIII Olympiad

(to be published) (<http://www.fih.ch>)

COMPETITION VENUE

→ Yves-du-Manoir Stadium

Yves-du-Manoir Stadium - 12 rue François Faber - 92700 Colombes - France

Situated in Colombes, in the north-west of Paris and 14km from the Olympic Village, for the second time in its history, Yves-du-Manoir Stadium will be abuzz with the world's most prestigious sporting event and provide a unique setting for the Olympic competitions during the summer.

In 2024, spectators will enter a venue steeped in history – the only venue to host the Olympic Games for the second time in France. A century ago, the opening ceremony for the Paris 1924 Games was held here, as well as the Athletics events.

The venue will include two (2) competition pitches and one (1) training pitch. The field of play and all the equipment will be presented in accordance with the FIH Rules of Hockey.

→ Field of play

The hockey competition will take place at the Yves-du-Manoir Stadium with a gross capacity of 14,500. The stadium comprises two (2) competition pitches and one (1) training pitch. Competition pitch 1 opposite the historic Yves-du-Manoir Stadium grandstand has a gross capacity of 10,200. Competition pitch 2 has a gross capacity of 4,300.

The field of play and all the equipment will be presented in accordance with the FIH Rules of Hockey.

The pitches will be certified to FIH Global Elite standard, with in-situ irrigation systems. The pitches will be blue in colour.

→ Facilities

Facilities at the competition venue will include:

- four (4) changing rooms with showers and ice baths for each pitch (separate men's/women's)
- lounges for athletes and officials
- catering services
- coaches seating on each pitch
- video referral room on each pitch
- mixed zones where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- Internet access

HOCKEY TRAINING

→ General information

Training for the Hockey competition will take place at the competition venue, Yves-du-Manoir Stadium, with three (3) Olympic standard training pitches. The training pitch will be dedicated to training sessions. The two (2) competition pitches will be used as training pitches ahead of the competition.

The venue will be open for training from Friday 19 July (afternoon) to Friday 26 July 2024. Training sessions will last 1 hour 30 min for each team each day, except on 19 and 26 July when sessions will be 1 hour.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

All equipment will be approved by FIH and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Other facilities at the training venue will include:

- changing rooms with showers and ice baths (separate men's/women's)
- sport equipment storage
- lounges for athletes and officials
- video referral room on each pitch
- sport information desk
- medical facilities

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the "P" accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of "P" accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. Pre-booked meal boxes can be ordered 48 hours in advance from the Olympic Village for collection on venue. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available in the athlete lounge.

JUDO COMPETITION

The Judo competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 3 August at Champ-de-Mars Arena in Paris. This competition will consist of the following 15 events:

→ Medal Events

Total number of medal events: 15

MEN (7)

- Extra Lightweight (-60 kg)
- Half-Lightweight (-66 kg)
- Lightweight (-73 kg)
- Half-Middleweight (-81 kg)
- Middleweight (-90 kg)
- Half-Heavyweight (-100 kg)
- Heavyweight (+100 kg)

WOMEN (7)

- Extra Lightweight (-48 kg)
- Half-Lightweight (-52 kg)
- Lightweight (-57 kg)
- Half-Middleweight (-63 kg)
- Middleweight (-70 kg)
- Half-Heavyweight (-78 kg)
- Heavyweight (+78 kg)

MIXED (1)

- Mixed Team

A total of 372 athletes, 186 men and 186 women, may take part in the Judo competition. The mixed team event involves three (3) men's weight categories (-73 kg, -90 kg, and +90 kg) and three (3) women's weight categories (-57 kg, -70 kg and +78 kg). In the mixed team event, athletes are entitled to compete in their own weight category or in the next highest category. The competition will be an elimination system with quarterfinal repechages. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

→ Individual events

The medal events are based on a direct elimination system. Repechage contests allow the losers of the quarterfinals a chance to compete for the bronze medals. The competitors will be divided into two (2) tables by means of a draw, and an elimination system will be used to produce two (2) finalists, who will compete for the gold medal. The competitors defeated in the quarterfinals will compete in the two (2) repechage contests. The winners of each of these two (2) repechage contests will compete in a bronze medal contest against the loser of the semifinal contest of the opposite table. The winners of the bronze medal contests are awarded the bronze medals, and the losers are placed equal fifth. The losers of the repechage contests are placed equal seventh. The top eight (8) judoka in each individual event from the World Ranking List, updated at the end of the qualification period, will be placed in each quarter table. All other judoka will be randomly drawn.

Mixed Team

The Mixed Team competition is based on a direct elimination system, in a quarterfinal repechage format, with the four (4) best teams seeded. The teams will be divided into two (2) tables by means of a draw, and an elimination system will be used to produce two (2) finalists, who will compete for the gold medal. Repechage contests allow the losers of the quarterfinals a chance to compete for the bronze medals. The teams defeated in the quarterfinals will compete in the two (2) repechage matches. The winners of each of these two (2) repechage matches will compete in a bronze medal match against the loser of the semifinal matches of the opposite table. The winners of the bronze medal matches are awarded the bronze medals, and the losers are placed equal fifth. The losers of the repechage matches are placed equal seventh.

→ Draw

The draw will be conducted by IJF officials on 25 July 2024 at 14:00.

Weigh-ins

The official weigh-ins will be conducted in the Team Processing Centre (TPC) at the Olympic Village under the supervision of officials appointed by the IJF. The official weigh-in for each weight category will take place from 16:00 to 16:30 on the day before the competition. Each athlete will be allowed only one (1) weight control during the official weigh-in and must weigh within the limits of the appropriate weight category. No tolerance will be allowed either above or below the weight category limits. Unofficial weigh-ins, held on the official scales, will be available to athletes from 15:30 to 16:00.

→ Unofficial weigh-in: 15:30 to 16:00

→ Official weigh-in: 16:00 to 16:30

On the day of the competition, four (4) athletes in each category competing that day will be drawn for the random weigh-in. If an athlete's weight is more than five (5) per cent over the maximum limit of the weight category, they will be excluded from the competition. The +78 kg and +100 kg are included in the random weigh-in.

→ Mixed teams official weigh-in

The athletes must be within the weight limits of the category in which they are inscribed.

-57kg	Women (-48kg, -52kg, -57kg*)	Up to and including 57kg
-73kg	Men (-60kg, -66kg, -73kg*)	Up to and including 73kg
-70kg	Women (-57kg, -63kg, -70kg*)	Up to and including 70kg
-90kg	Men (-73kg, -81kg, -90kg*)	Up to and including 90kg
+70kg	Women (-70kg, -78kg, +78kg*)	Over 70kg
+90kg	Men (-90kg, -100kg, +100kg*)	Over 90kg

*Athletes qualified only in these individual categories can take part in the mixed team category.

There is a +5% tolerance for athletes (except for athletes +70 kg and +90 kg categories) who competed in the preceding individual competition (they must have passed the official weigh-in for the individual competition). However, NO tolerance for athletes who did not pass the official weigh-in for the preceding individual competition.

There will be no random weigh-in for the mixed team event.

RULES

The Judo competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **IJF Sports and Organisation Rules**

(www.ijf.org/documents)

→ **IJF Event Organization Guide** (www.ijf.org/documents)

→ **Olympic Charter**

(www.olympic.org/documents/olympic-charter)

In accordance with Rule 46 of the IOC Olympic Charter, the IJF will be responsible for the control and direction of the Judo competition at Paris 2024.

→ Duration and scoring

INDIVIDUAL EVENTS

To win a contest in regular time (four [4] minutes), a technical score or scores (waza-ari or ippon) must be obtained. A penalty or penalties alone will not decide the winner, except for hansoku-make (direct or by accumulative shido). A penalty never corresponds to a score. When the time allotted for the contest ends (four [4] minutes for men and women) and both judokas have no technical score, or the technical scores are equal at the end of the regular contest time, the contest shall continue in Golden Score regardless of the number of shido given. The referee calls “Soremade” and the time clock will be reset. Any existing score(s) and/or numbers of shido from regular time are carried into the Golden Score period and will remain in all real time outputs such as scoreboards, TV captions, Real Time Display System (RTDS), etc. There will be no rest period between the end of the original contest and the start of the Golden

Score contest period. There is no time limit for Golden Score. Golden Score can only be won by a technical score (waza-ari or ippon) or hansoku-make (direct or by accumulative shido). If direct hansoku-make is given, the consequences are the same as those in regular time.

MIXED TEAM

If the number of wins for two (2) teams is equal at the end of the match, a draw is done from all categories, regardless of whether the team has a judoka or not (if neither team have a judoka in the same category, this category will not be included in the draw). The judoka in the drawn category will compete in a Decision Contest.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Judo competition must comply with the following documents:

→ **IJF Sports and Organisation Rules**

(www.ijf.org/documents)

→ **IOC Olympic Charter** (available on the website

<https://olympics.com/ioc/olympic-charter>), in particular

Rule 50: Advertising, Demonstrations, Propaganda

Byelaw to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [judo-specific guidelines](#).

Each athlete must provide two (2) compliant judogi, one white and one blue.

COMPETITION VENUE

→ Champ-de-Mars Arena (CDM)

7 Place Joffre - 75007 Paris

Designed by the architect Jean-Michel Wilmotte and spanning 10,000 sq m, the Arena's timber structure, with its harmonious curves and aesthetics reflecting the Grand Palais, was set up on the Champ-de-Mars at the start of 2021, opposite the Ecole Militaire. Aligned with this esplanade, it blends seamlessly into the urban landscape. Thanks to its use of sustainable materials and the building's structure, this project is fully aligned with the environmental standards required by Paris 2024.

Created to host the art, fashion and sports events usually organised in the Nave while the Grand Palais is being renovated, it will also be the stage for cultural events ranging from gastronomy to performing arts.

The competition venue is located 18 kilometres from the Olympic Village and has a gross capacity of 9,535.

Champ-de-Mars Arena will also host the Wrestling competition during the Olympic Games and the Wheelchair Rugby and Para Judo during the Paralympic Games.

→ Field of play

The field of play will contain two (2) competition areas for preliminary phases and one (1) competition area for finals. The competition areas and all equipment will be presented in accordance with the following documents:

→ IJF Sports and Organisation Rules (www.ijf.org/documents)

→ Facilities

The warm-up area will be next to the field of play. Other facilities at the competition venue will include:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access in designated areas
- weighing scales
- sewing services (judogi repair)
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station

The sewing room will be located in the Olympic Village.

TRAINING VENUE

→ General information

Training for the Judo competition will take place at the Parc des sports Auguste Delaune from Saturday 20 July to Friday 2 August 2024.

Sixteen (16) mats will be provided for athletes' training.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Parc des sports Auguste Delaune	5 rue du 19 mars 1962 93200 Saint-Denis	4.5km // 18mn	20/07 to 02/08

Training will be available from 09:00 to 17:45.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

All training equipment will be approved by IJF and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Facilities at the training venue:

- reception desk
- athletes' lounge
- changing rooms and showers (separate men's/women's)
- sport equipment storage room
- medical services
- weighing room (separate men's/women's)

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

Training sessions are open to the media unless they are declared closed by an NOC.

→ Food and beverage services

Given the short distance between the Olympic Villages and the training venue, as well as the limited time spent by the athletes on the training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

MODERN PENTATHLON COMPETITION

The Paris 2024 Olympic Games Modern Pentathlon competition will be held from Thursday 8 August to Sunday 11 August 2024 at two (2) venues: the North Paris Arena (Fencing Ranking Round) and the Château de Versailles (Riding, Fencing Bonus Round, Swimming and Laser Run). The competition will consist of two (2) medal events, summarised below:

→ Medal Events

Total number of medal events: 02

MEN (1)

→ Individual

WOMEN (1)

→ Individual

A total of 72 athletes, 36 men and 36 women, will take part in the Modern Pentathlon competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Modern Pentathlon is a five (5)-discipline sport comprising Riding, Fencing, Swimming and the combined Laser Run (running and shooting).

A total of 72 athletes (36 female and 36 male) compete in Semi-finals with 36 (18 / 18) reaching the Finals. The Fencing Ranking Round takes place on the first day of competition and determines an athlete's position in the Riding and Fencing Bonus Round. The semi-finals and finals of the competition follow the sequence: Riding, Fencing Bonus Round, Swimming and Laser Run. Athletes accumulate points in each event according to their performance.

In the last event, Laser Run, athletes will start with a handicap time based on the conversion of the total points from the first three (3) events into time (1 point = 1 second). The first athlete starts at time "0", the next one at time 0 plus the number of seconds difference. The first athlete to cross the finish line in the Laser Run wins the gold medal.

COMPETITION FORMATS PER DISCIPLINE

→ Fencing Ranking Round Thursday 8 August 2024

The Fencing Ranking Round is organised in an individual pool all each athlete fence against each other with an epee for one (1) hit within a time limit of one (1) minute. If a hit is not scored within the time, both competitors register a defeat. The target area is the whole body, including clothing and equipment. All athletes will be drawn into pairs of two (2) from a single NOC or mixed NOCs. The draw for the fencing pairs and assignment of pistes for each event will be made by the International Federation Technical Delegate during the Technical Meeting for each individual event. The Fencing competition will take place on nine (9) pistes as defined by UIPM rules.

Each of the 36 athletes takes part in 35 bouts. A total score of 70% victories (25 bouts won out of 35) equals 250 Modern Pentathlon (MP) points. Each victory above 25 bouts adds five (5) MP points to the athlete's total points. Each victory less than 25 means a five (5) MP point deduction.

→ Riding Friday 9, Saturday 10 and Sunday 11 August 2024

The Riding event is a jumping event, with a penalty scale specific to Modern Pentathlon, organised at a target speed of 350m/min in a 2,500 square metre maximum arena.

The Riding event is held on a course of 350m to 400m in length and consisting of 10 obstacles which must include two (2) combinations of two (2) elements (doubles). A minimum of five (5) obstacles must be set at the maximum height relevant to the status of the competition (1.10m).

Athletes are allocated horses by draw. The order to go is in reverse order to the overall ranking after the Fencing Ranking Round. The horse draw is done by the pentathlete ranked first at the end of the Fencing Ranking Round. This is followed by a general warm-up for the competition lasting one (1) hour. Athletes then may mount 20 minutes before the start time in the warm-up arena, where they can perform up to five (5) jumps to warm up.

In the semi-finals and finals, the Riding event must be organised in one (1) round.

The “time allowed” is the time taken by an athlete to complete the round. Times will be recorded in whole seconds, rounded down (e.g. 59.99 seconds becomes 59 seconds).

An athlete realising a clear round within the time allowed (defined by the length of the course and the target speed) earns 300 MP points. Any penalty points are deducted from this amount. “Time allowed” and “time limit” depend on the length of the course and arena size. Both times are defined by UIPM Riding Event Rules.

Infringements of the rules will be penalised by deduction of points, elimination or disqualification.

Time penalties are one (1) MP point for each second exceeding the time allowed and obstacle penalties are seven (7) MP points for each element knocked down. Other infringements including a refusal by the horse to jump can incur 10-point penalties.

→ Fencing Bonus Round Friday 9, Saturday 10 and Sunday 11 August 2024

A single fencing piste will be used for the bonus round. Each bout is played with one (1) hit and lasts 30 seconds. Athletes will be placed according to their position from the ranking round and points achieved in the ranking round are carried over to the bonus round.

Competition will be carried out in reverse order, with the last-placed athlete competing first against the next-placed athlete. The winner of the bout will then play the athlete ranked third to last, and so on until the athlete ranked first. In this way, athletes continue to advance as long as they continue to win bouts.

Athletes do not lose points if they are defeated. The bout winners receive two (2) MP bonus points for each bout they win. The winner pentathlete of the ranking round will receive a double bonus if they win their only bout in the Fencing Bonus Round (four [4] points). In the case of a double defeat (i.e. no hit is scored in 30 seconds), the winner of the bout is the athlete with the highest ranking.

Swimming

Friday 9, Saturday 10 and Sunday 11 August 2024

The Swimming event is a 200m freestyle race. Athletes may swim any stroke or style and are ranked in one (1) of the series according to their total results after the previous events. A time of 2 min 30 earns 250 MP points. Every half (0.5) of a second above or below this time is equal to plus or minus one (1) MP point.

→ Laser Run (running and shooting)

Friday 9, Saturday 10 and Sunday 11 August 2024

The climax of the modern pentathlon competition is the combined Laser Run event.

The athletes begin with a handicapped start calculated on the basis of the results after the previous events: one (1) second for each one (1) MP point obtained after three (3) completed events. Laser Run is a two (2)-discipline event where athletes run a total distance of 3,000m (5 x 600m).

The run is interspersed by four (4) sets of shooting. Competitors set up at the shooting range and shoot at electronic targets with a laser pistol. Only after five (5) valid hits in the black zone of the target in a maximum time of 50 seconds, but with an unlimited number of shots, can the competitor start each 600m running leg from the firing point.

An athlete earns 500 MP points for a time of 13 minutes and 20 seconds. Each one (1) second faster or slower than the prescribed time is equal to plus or minus one (1) MP point.

The first pentathlete to cross the finish line wins the gold medal.

→ Laser pistol control

Each Modern Pentathlon competitor can bring up to two (2) laser pistols into France.

The Paris 2024 Organising Committee will provide the necessary documentation for the entry and exit of laser pistols into and out of France once the respective NOC has submitted the relevant application forms.

RULES

The Modern Pentathlon competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ UIPM Modern Pentathlon Competition Rules

(www.uipmworld.org/uipm-rules-and-regulations)

→ Olympic Charter (www.olympic.org/documents/olympic-charter)

In accordance with Rule 46 of the IOC Olympic Charter, UIPM will be responsible for the control and direction of the Modern Pentathlon competition at Paris 2024.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Modern Pentathlon competition at the Olympic Games must comply with the documents listed below:

→ UIPM Modern Pentathlon Competition Rules

(www.uipmworld.org/uipm-rules-and-regulations)

→ Olympic Charter (www.olympic.org/documents/olympic-charter), particularly *Rule 50 Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Modern Pentathlon-specific guidelines](#).

COMPETITION VENUES

The Modern Pentathlon competition will be held at two (2) separate venues, summarised below.

→ North Paris Arena (NPA)

**Villepinte Exhibition Centre – Hall 8 -ZAC Paris Nord 2
93420 Villepinte, France**

With a net capacity of 5,000 spectators, Hall 8 of the Villepinte Exhibition Centre (North Paris Arena) will be converted into a large modular sports facility called “the North Paris Arena” for the Games. In addition to the Modern Pentathlon Fencing Ranking Round, this venue will host the preliminary rounds of the boxing events during the Olympic Games and the sitting volleyball events during the Paralympic Games.

North Paris Arena is located:

- 30 min from the Olympic & Paralympic Village by car
- 15 min from Paris-Charles de Gaulle Airport
- 30 min from the centre of Paris by public transport

→ Étoile Royale esplanade

Château de Versailles - 78000 Versailles, France

An iconic symbol recognised worldwide, illustrating France’s global reputation, the Château de Versailles will host the Olympic and Paralympic Games in a magnificent setting with a rich history.

A temporary stadium flanked by three (3) stands will be set up on the Étoile Royale esplanade which lies to the west

of the Grand Canal, at the heart of the Palace’s gardens. This stadium will host the five (5) Modern Pentathlon events. The equestrian and Para equestrian events will also take place at this competition venue.

The venue is located 35km from the Olympic and Paralympic Village and will have a capacity of 15,000 spectators, for the modern pentathlon events.

At the end of the Games, the temporary facilities will be dismantled without leaving a trace. The Château de Versailles will always be a world-famous cultural location, receiving millions of visitors each year.

→ Field of play

NORTH PARIS ARENA

The field of play will include nine (9) fencing pistes. The pistes and all equipment will be presented in accordance with UIPM Regulations.

CHÂTEAU DE VERSAILLES

A competition venue of around 8,000m² where the Riding, Fencing Bonus Round and Laser Run events will take place. The swimming will take place in a temporary 25m pool located a few metres from this area.

→ Facilities

The competition venues will also have the following services and equipment:

- warm-up areas close to the field of play
- changing rooms and showers (separate men’s/women’s)
- lounges for athletes and officials
- catering services
- Internet access
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUES

→ General information

Training for modern pentathlon will take place at three (3) separate venues: Centre sportif Bertrand Dauvin, the Olympic Village and a third venue to be determined.

All training equipment will be approved by UIPM and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

The venues will be open for training from 27 July to 9 August 2024.

VENUE	DISCIPLINE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Centre sportif Bertrand Dauvin	Swimming Laser run	12 rue René Binet 75018 Paris	4,5km // 10min	27/07 to 09/08
Olympic Village (Studio 1)	Fencing	In the Olympic Village		27/07 to 09/08
To be confirmed	Riding			27/07 to 06/08

→ Swimming and Laser Run training

The swimming and Laser Run training will take place at Bertrand Dauvin Stadium in the 18th arrondissement of Paris. **This is an existing location where renovations will be made, as part of the legacy left by the Games:**

- installation of a lift, improvement of the site's accessibility
- improvement of the public reception and sports spaces
- renovation of the swimming pool and facilities
- renovation of the athletics track

The modern pentathlon facilities at the venue will include:

- one 25m swimming pool
- one 600m running track on a pitch with 18 targets
- lounges for athletes
- changing rooms (separate men's/women's)
- sport equipment storage
- medical services

→ Fencing training

The fencing training will take place near the athletes, a stone's throw from the Olympic Village residential area in 'Studio 1'. The name is no mere coincidence – the venue is one of the Studios of the Cité du Cinéma. The training facilities will include eight (8) fencing pistes.

→ Riding training

The riding training venue for modern pentathlon is yet to be determined.

→ Training schedule

The training session schedule is as follows:

DATE	TIME	TRAINING	VENUE	FORMAT
27 July to 30 July	12:25 – 13:55 17:10 – 18:40	Fencing	Olympic Village	8 pistes/session
	09:00 – 10:00 10:10 – 11:10 11:20 – 12:20 12:30 – 13:30 13:40 – 14:40	Laser Run	Bertrand Dauvin Sports Centre	18 targets/session
		Swimming		6 lanes/session (2 athletes per lane)
		Riding		To be confirmed
31 July to 3 August	09:15 – 10:45 12:25 – 13:55 15:35 – 17:05	Fencing	Olympic Village	8 pistes/session
	09:00 – 10:00 10:10 – 11:10 11:20 – 12:20 12:30 – 13:30 13:40 – 14:40 14:50 – 15:50 16:00 – 17:00	Laser Run	Bertrand Dauvin Sports Centre	18 targets/session
		Swimming		6 lanes/session (2 athletes per lane)
		Riding		To be confirmed

DATE	TIME	TRAINING	VENUE	FORMAT
4 August to 9 August	09:15 – 10:45 10:50 – 12:20 12:25 – 13:55 14:00 – 15:30 15:35 – 17:05 17:10 – 18:40 18:45 – 20:15	Fencing	Olympic Village	8 pistes/session *There will be no training on the day of the Fencing Ranking Round competition (8 August)
	09:00 – 10:00 10:10 – 11:10 11:20 – 12:20 12:30 – 13:30 13:40 – 14:40 14:50 – 15:50 16:00 – 17:00	Laser Run	Bertrand Dauvin Sports Centre	18 targets/session
		Swimming		6 lanes/session (2 athletes per lane)
	9:00 – 9:45 10:00 – 10:45 to be confirmed	Riding	To be confirmed	4 horses/session * The last day of training will be 6 August

N.B. At the Bertrand Dauvin Sports Centre, the Swimming and Laser Run training venue, each athlete will sign up for one sport per session.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

For access to the training venues in the Olympic Village, “P” accredited persons will be given an additional dedicated access code (not OLV) allowing them to access the training venues in the Olympic Village for a given period of time and under strict control.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venues, as well as the limited time spent by the athletes on each training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on training venues.

ROWING COMPETITION

The Rowing competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 3 August at the Vaires-sur-Marne Nautical Stadium in the department of Seine-et-Marne (77), 48 kilometres from the Olympic Village. This competition will consist of the following 14 events:

→ Medal Events

Total number of medal events: 14

MEN (7)

→ Single Sculls

→ Double Sculls

→ Lightweight
Double Sculls

→ Pair

→ Quadruple Sculls

→ Four

→ Eight

WOMEN (7)

→ Single Sculls

→ Double Sculls

→ Lightweight
Double Sculls

→ Pair

→ Quadruple Sculls

→ Four

→ Eight

A total of 502 athletes, 251 men and 251 women may take part in the Rowing competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

All events that are part of the Olympic Rowing competition will be organised in a series of rounds (heats, repechages, quarter-finals, semi-finals and finals). The number of heats and the progression from the first-round heats to the finals will depend on the number of crews entered in the event. Racing will be conducted on a 2,000m course with a maximum of six (6) crews in each race.

Details of the events and progression according to the number of crews competing are available on [the World Rowing website](#) (from page 174).

→ Draw

The Rowing competition draw will be conducted at the Vaires-sur-Marne Nautical Stadium by World Rowing officials on 25 July 2024, two days before the first race of the competition.

As soon as the list of qualified crews is published, the World Rowing Executive Committee will appoint a Seeding Panel. This Panel will place up to two (2) crews in each heat to ensure that all the best crews start the competition competing in different heats. The seeding will only affect the first round and not the allocation of lanes which will remain random, nor the following stages of the competition.

RULES

The Rowing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Rowing Rule Book** and Appendices available on the website <https://worldrowing.com/technical/rules/2021-world-rowing-rule-book>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Rowing will be responsible for the control and direction of the Rowing competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by the rowers and coxes must comply with the following documents:

- **World Rowing Rule Book** and Appendices available on the website <https://worldrowing.com/technical/rules/2021-world-rowing-rule-book>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>, in particular *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [rowing-specific guidelines](#).

COMPETITION VENUE

→ Vaires-sur-Marne (VNS)

Vaires-sur-Marne Nautical Stadium - Route de Torcy
77360 Vaires-sur-Marne - France

In a haven of greenery linked to the capital by train, the Vaires-sur-Marne Nautical Stadium complex is structured around three core features of the Vaires-Torcy leisure base: the lake, the white-water stadium and the living area, whose buildings have a landscaped roof that can be accessed for walks. The 4,400m² sports centre comprises the new white-water stadium and its two (2) 300-metre and 150-metre courses, as well as the rowing and sprint canoe-kayak course over 2,200 metres equipped with a finishing tower.

The Vaires-sur-Marne Nautical Stadium will also host the canoe sprint and canoe slalom competitions of the Olympic Games and the Para Rowing and Para Canoe competitions during the Paralympic Games. It was chosen to host the 2023 World Rowing Under 19 Championships.

A FEW FIGURES:

- Distance from the Olympic & Paralympic Village: 48 kilometres
- Distance from central Paris: 30 kilometres
- Hosting capacity: 24,000 spectators of whom 12,000 seated

→ Field of play

The Vaires-sur-Marne Nautical Stadium field of play for the Rowing events will be a 2,000-metre course comprising eight (8) lanes. The course, facilities and equipment will be set up in accordance with the [World Rowing Rule Book](#) and its Appendices. The warm-up and cool-down areas will be situated along the competition course on the south side.

→ Facilities

The competition venue will have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- bags and equipment lockers
- warm-up area - ergometers and indoor bikes
- coaches viewing – a shuttle service will enable coaches to follow the races
- catering services
- medical services
- sport information desk
- doping control station
- mixed zone where accredited media interview athletes after competition
- two (2) boat and equipment repair areas
- boat washing and adjustment areas
- World Rowing office for officials and competition management operations
- spectator grandstands on the north bank of the course, with ancillary services
- outdoor and indoor storage facilities for boats and equipment

ROWING TRAINING

The competition venue will be available for training from 7:00 to 19:00 every day from Saturday 20 July until Friday 26 July 2024, the day before the start of rowing competition (different times on 26 July, day of Opening Ceremony).

On competition days, the teams may train on the course:

- from 6:45 to 8:45 when the session starts at 9:00 (days 1 and 2)
- from 7:15 to 9:15 when the session starts at 9:30 (days 3 and 8)
- after the end of the competition: training time slots will be shared with Canoe sprint (times to be confirmed)

Teams will not need to book training sessions in advance.

→ Facilities

During the training times, the competition venue will have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- athlete and team dining
- athletes' rest area
- bags and equipment lockers
- warm-up rooms – ergometers and bikes
- coaches viewing – the road on the northern bank will be open for coaches to follow the crews by bike, during training only catering services
- sport information desk
- medical services
- two (2) boat and equipment repair areas
- boat washing and adjustment areas
- World Rowing office for officials and competition management operations
- outdoor and indoor storage facilities for boats and equipment

RUGBY SEVENS COMPETITION

The Rugby Sevens competition at the Paris 2024 Olympic Games will be held from Wednesday 24 July to Tuesday 30 July 2024. All matches will take place at the Stade de France, located in the town of Saint-Denis. This competition will consist of the following two (2) medal events:

→ Medal Events

MEN (1)

→ 12-team tournament

WOMEN (1)

→ 12-team tournament

A total of 288 athletes, 144 men and 144 women, may take part in the Rugby Sevens competition with each team limited to 12 players. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Rugby Sevens competition consists of women's and men's events with 12 teams in each event. The same competition format and rules apply to both events, which comprise two (2) rounds: a pool round and a knock-out round.

→ Pool round

Teams are placed into three (3) pools of four (4) teams and play each other once – three (3) matches per team, six (6) matches in each pool. **Match points are awarded to teams after each pool match as follows:**

- Win = 3 points
- Draw = 2 points
- Loss = 1 points

→ Knock out Round

Following the completion of the pool round the following rules are used to populate the knock-out round brackets:

1. Teams are ranked in their pool according to their total number of match points.
2. If two (2) teams have equal total match points the winner of the match involving those two (2) teams will be ranked higher.

3. If the match between the two (2) teams was a draw, or if three (3) or four (4) teams have equal total match points the following criteria will determine pool ranking:
 - points margin
 - tries margin
 - points for
 - tries for
 - Olympic Games seeding

The top two (2) teams in each pool (A1, B1, C1, A2, B2, C2) are then placed in pre-determined slots in the knock out round brackets.

The three (3) teams finishing third in their pools are ranked 7, 8 and 9 in a combined ranking list using the following criteria:

- total match points
- points margin
- tries margin
- points for
- tries for
- Olympic Games seeding

The three (3) teams finishing 4th in their pools are ranked 10, 11 and 12 in the same combined ranking list using the same criteria.

The quarter-final brackets are set as follows:

- A1 vs 8
- B2 vs C2
- C1 vs A2
- B1 vs 7

Winners of the quarter-final matches proceed to the semi-finals and the losers to placing matches 5-8 while winners of the semi-finals proceed to the gold medal match and the losers go to the bronze medal match.

The teams ranked as 9, 10, 11, 12 play in the placing 9-12 bracket and the matches are set out as follows:

- 9 vs 12
- 10 vs 11

The winners then play for placing 9-10 and the losers for placing 11-12.

RULES

The Rugby Sevens competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ World Rugby Laws of the Game

<https://laws.worldrugby.org/>.

→ IOC Olympic Charter available on the website

<https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Rugby will be responsible for the control and direction of the Rugby Sevens competition at the Paris 2024 Olympic Games.

→ Duration

The duration of all matches is 14 minutes; two (2) halves of seven (7) minutes each, counting down to zero, with a 2-minute halftime interval.

Extra time is required only for the knock-out round if matches end in a draw. After a break of two (2) minutes, during which the referee organises a toss with the team managers to decide which team will kick off from which end, the extra time is played in periods of five (5) minutes. The team which scores first in extra time will immediately be declared the winner without further play. If additional periods of extra time are required teams change ends without an interval.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Rugby Sevens competition must comply with the following documents:

→ World Rugby Laws and Regulations for Olympic Rugby Sevens Tournaments, Paris 2024 (available on the website <https://laws.worldrugby.org/>)

→ IOC Olympic Charter (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) as well as the [Rugby Sevens-specific guidelines](#).

COMPETITION VENUE

→ Stade de France (STA)

Stade de France - 93200 Saint-Denis - France

Built for the Football World Cup in 1998, the Stade de France is situated in the municipality of Saint-Denis, on the edge of Paris.

With a gross capacity of over 80,000 covered seats, the largest French stadium was built to host the biggest sporting events, including football, rugby and athletics, as well as major shows, from its inauguration.

The Stade de France will also host the athletics and Para athletics events and the Olympic Games and the Paralympic Games Closing Ceremonies.

→ Facilities

Facilities for the Rugby Sevens competition at the Stade de France will include:

- warm-up areas
- changing rooms with showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUE

→ General information

Training for the rugby sevens competition will take place at Parc départemental des sports de Marville from 18 to 27 July.

VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Parc départemental des sports de Marville	Avenue Romain Rolland 93210 La Courneuve	8km // 18min	18/07 to 27/07

Training will be available from 9:00 to 20:00, with 1 hour 25 min slots for one (1) of the four (4) pitches available.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

All training equipment provided by Paris 2024 will be approved by World Rugby and will comply with Rule 50 and By-law to Rule 50 of the Olympic Charter.

The training venue comprises four (4) rugby pitches with the same dimensions as the competition pitch, and the following facilities:

- changing rooms with showers (separate men's/women's)
- temperate swimming pool (depth between 80cm and 1.40m)
- recovery tubs for ice baths
- sports equipment storage space
- medical services

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (CIAO). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

Given the short distance between the Olympic Village and the training venue, as well as the limited time spent by the athletes on the training venue, no food service will be offered on site. A range of snacks to take away will be available at the Olympic Village. Additionally, cold drinks (water and isotonic drinks provided by Coca-Cola) as well as hot drinks (tea and coffee) will be available on the training venue.

SAILING COMPETITION

The sailing competition at the Paris 2024 Olympic Games will be held from Sunday 28 July to Thursday 8 August at Marseille Marina with a reserve day on Friday 9 August. This competition will consist of the following ten (10) events:

→ Medal Events

Total number of medal events: 10

MEN (4)

- Windsurfing
- Kite
- Dinghy
- Skiff

WOMEN (4)

- Windsurfing
- Kite
- Dinghy
- Skiff

MIXED (2)

- Mixed Dinghy
- Mixed Multihull

A total of 330 athletes, 165 men and 165 women, may take part in the sailing competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The sailing competition at the Paris 2024 Olympic Games will comprise 10 medal events with athletes sailing in one- or two-person boats. Races will be conducted around a course of buoys laid out by the Race Committee. There may be racing on up to four (4) different race areas at the same time with one (1) or two (2) events racing simultaneously on the same race area.

A race may consist of one (1), two (2) or three (3) laps, as decided by the Race Committee immediately prior to the start of the race. The Race Committee may alter the size of the course and the number of laps in order to have a race of a certain length of time.

COURSES AND RACES FORMAT

Each event consists of an opening series and a medal stage, specifically:

- A 20-race opening series including a marathon race plus a medal series, for the men's and women's windsurfing.
- A 16-race opening series plus a medal series, for the men's and women's kite.
- A 10-race opening series plus a medal race for the men's and women's dinghy and mixed dinghy.
- A 12-race opening series plus a medal race for the men's and women's skiff, and mixed multihull.

In each event, all the boats will take part in the opening series that uses a low point scoring system: the winner of each race will be allocated one (1) point, the boat that comes second (2nd) two (2) points and so on. If a boat is disqualified or unable to finish a race, they will receive one (1) point more than the total number of boats: for example, if there are 20 boats, a boat that does not finish the race or is disqualified will receive 21 points.

The top 10 athletes from the opening series will go to the medal stage.

RULES

The sailing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Sailing 2021 – 2024 Racing Rules of Sailing** (available on the website <https://www.sailing.org/inside-world-sailing/rules-regulations/racing-rules-of-sailing/>)
- **World Sailing Equipment Rules of Sailing** (available on the website <https://www.sailing.org/inside-world-sailing/rules-regulations/equipment-rules-of-sailing/>)
- **2024 Olympic Sailing Competition Documents** (available on the Official Notice Board <https://paris2024.sailing.org/notice-board/>)
- **The IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>)

In accordance with Rule 46 of the IOC Olympic Charter, World Sailing will be responsible for the technical control and direction of the sailing competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the sailing competition at the Olympic Games must comply with the documents listed below:

- **World Sailing 2021 – 2024 Racing Rules of Sailing** (available on the website <https://www.sailing.org/inside-world-sailing/rules-regulations/racing-rules-of-sailing/>)
- **World Sailing Equipment Rules of Sailing** (available on the website <https://www.sailing.org/inside-world-sailing/rules-regulations/equipment-rules-of-sailing/>)
- **2024 Olympic Sailing Competition Documents** (available on the Official Notice Board <https://paris2024.sailing.org/notice-board/>)
- **The IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), particularly *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [sailing-specific guidelines](#).

→ Sailing events

The sailing competition will feature 10 events, three (3) of which are new (men's and women's kite, and mixed dinghy) compared to Tokyo 2020 Olympic Games, and two (2) events (men's and women's windsurfing) will have new equipment (the iQFOiL).

Men's and women's windsurfing is using new windsurfing equipment where the main difference from the previous equipment is the replacement of the daggerboard to use a foil. The foil is a load-bearing surface that allows the board to fly above the water, greatly increasing speed. The format of windsurfing has also changed to include the traditional fleet racing by adding a marathon race and sprint slalom races. The medals are determined through a series of elimination races.

Men's and women's kite is a new Olympic event for Paris 2024.

It's a foiling board towed by a kite and is arguably the fastest event in the Games. The medals are determined in the finals using a first to three (3) wins system.

Men's and women's dinghy is the most universal of the Olympic equipment designed to be sailed by a single person. The ILCA 6 boat is used by women and the ILCA 7 boat by men.

Men's and women's skiff is an event where two (2) men or two (2) women sail on the same boat. This lightweight skiff sails at high speed and requires significant synchronised athleticism from the helm and crew.

Mixed dinghy is a two-person event consisting of one (1) man and one (1) woman, with a helm and a crew member sailing a 4.70-meter-long boat that uses a mainsail, jib and spinnaker. This boat is the oldest of the current set of Olympic equipment.

Mixed multihull is a two-person catamaran that has undergone several modifications in previous Olympiads. This event is sailed by a man and a woman on a boat that flies above the water thanks to its hydrofoils.

→ Weather

Marseille has an unparalleled natural asset recognised by the greatest sailors and racers as among the best in the world: its water conditions. With relatively constant winds and a coastal configuration that is correctly oriented in relation to the dominant winds, without any currents or tides, the Marseille Marina provides all the conditions for a high-quality sporting show.

According to recent statistics, the athletes can expect a high average daily wind speed of around 12 knots in the racing area. On average, the humidity varies around 60% during this period. The average monthly rainfall in August is 7 millimetres.

All weather information will be produced by a team of meteorological specialists working for Paris 2024. This team will provide detailed historical weather data for the area around each competition venue.

COMPETITION VENUE

→ Marseille Marina (MAM)

Promenade Georges Pompidou - 13008 Marseille

Through its location, the city of Marseille is naturally focused on the sea, with exceptional sailing conditions. Thanks to Marseille's internationally renowned expertise in hosting and organising boat-related events, the city and its Marina offer an ideal venue for the sailing competitions with the Paris 2024 Games. The existing site has been redeveloped by Paris 2024 and provides a gross capacity of 12,500.

→ Field of play

For the Olympic Games, the Roucas-Blanc Marina, a point of departure for boats, will be adapted to stage a competition on the scale of the Olympic Games. This basin has hosted water sports activities since the 19th century and the current nautical base was developed at the end of the 1970s, when the Prado water park was created.

→ Facilities

The programme includes plans for around 7,000 sq m of buildings and the reorganisation of 17,000 sq m of outdoor spaces. **The competition venue will also have the following services and equipment:**

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- secure boat park and container park
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUE

Training for the sailing competition will take place at the competition venue, Marseille Marina. The site will be open for official training from Sunday 21 July to Saturday 27 July between the hours of 10:00 and 19:00.

Training schedule in the afternoon of the opening ceremony will be confirmed later.

TRAINING VENUE	ADDRESS	DISTANCE FROM VILLAGE	OPENING DATES
Marseille Marina	Promenade Georges Pompidou 13008 Marseille	0.5km // 5min walk (Nhow Hotel) 2,5km // 6min (Golden Tulip Villa Massalia Hotel)	21/07 to 27/07

All training equipment shall comply with the competition rules, including Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

The sailing facilities at Marseille Marina will include:

- changing rooms and showers (separate men's/women's)
- lounge area
- sport equipment storage
- light snacks and drinks
- medical facilities

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

SHOOTING COMPETITION

The Paris 2024 Olympic Games Shooting competition will be held from Saturday 27 July to Monday 5 August at the Châteauroux Shooting Centre. This competition will consist of the following 15 events:

→ Medal Events

Total number of medal events: 15

MEN (6)

- 50m Rifle 3 Positions
- 10m Air Rifle
- 25m Rapid Fire Pistol
- 10m Air Pistol
- Trap
- Skeet

WOMEN (6)

- 50m Rifle 3 Positions
- 10m Air Rifle
- 25m Pistol
- 10m Air Pistol
- Trap
- Skeet

MIXED TEAM

(comprising one man and one woman) (3)

- 10m Air Rifle
- 10m Air Pistol
- Skeet

A total of 340 athletes, 170 men and 170 women, may take part in the Shooting competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The shooting finals have a maximum of between 24 and 60 shots, with athletes who are ranked up to third place being eliminated at progressive stages during each final. The table below summarises the format of each Olympic Shooting event:

EVENT	QUALIFICATION	FINALS
10m Air Rifle Men	60 shots, 75 min	<p>The top eight (8) athletes from qualification advance to final which takes place as follows:</p> <ul style="list-style-type: none"> - two (2) series of five (5) shots each in 250 seconds per series; - 14 single shots, each fired in 50 seconds; - a total of 24 shots. <p>Scoring in finals is done with tenth-ring (decimal) scoring for the target concerned.</p> <p>The lowest ranking finalist is eliminated after twelve (12) shots and so on after every two shots until gold and silver medals are decided on shot number 24.</p>
10m Air Rifle Women	60 shots, 75 min	
10m Air Pistol Men	60 shots, 75 min	
10m Air Pistol Women	60 shots, 75 min	
50m Rifle 3 Positions Men	30 x 20 shots, 1 hour 30 min	<p>The top eight (8) athletes from qualification advance to final which takes place as follows:</p> <p>15 shots in each position: kneeling, prone and standing:</p> <ul style="list-style-type: none"> - 3 x 5 shots kneeling with a time limit of 200 seconds per series; - 3 x 5 shots prone with a time limit of 150 seconds per series; - 2 x 5 shots standing with a time limit of 250 seconds per series. <p>The two (2) lowest ranking finalists are eliminated after 10 (2 x 5) shots standing.</p> <ul style="list-style-type: none"> - Finals continue with five (5) single shots standing, each in 50 seconds, with the lowest ranking athlete being eliminated after each shot until two (2) athletes remain to fire the last shot and decide the gold medallist. <p>There is a total of 45 final shots.</p> <p>Scoring is done with tenth-ring (decimal) scoring.</p>
50m Rifle 3 Positions Women	30 x 20 shots, 1 hour 30 min	

EVENT	QUALIFICATION	FINALS
25m Rapid Fire Pistol Men	60 shots, 4s, 6s, 8s / 5-shot series	<p>The top six (6) athletes from qualification advance to final which takes place as follows:</p> <ul style="list-style-type: none"> - Eight (8) series of five (5) shots - Four (4) seconds per series <p>Elimination of the lowest scoring finalists begins after the fourth series and continues until the eighth series when the gold medallist is decided.</p> <p>All points are allocated according to success or “hit or miss”.</p> <p>Each hit counts as one (1) point.</p> <p>Each miss counts as zero (0) points.</p> <p>The hit zone is the zone with a value of 9.7 points or above.</p>
25m Pistol Women	<p>Precision stage:</p> <ul style="list-style-type: none"> - 30 shots of 6 five-shot-series in 5 mins <p>Speed stage:</p> <ul style="list-style-type: none"> - 30 shots of 6 five-shot-series in the rapid-fire programme 	<p>The top eight (8) athletes from qualification advance to final.</p> <p>The final consists of 10 five-shot rapid fire series.</p> <p>All points are allocated according to “hit or miss”.</p> <p>Elimination of the lowest scoring finalists begins after the fourth series and continues until the tenth series when the gold and silver medallists are decided.</p> <p>The hit zone is the zone with a value of 10.2 points or above.</p>
10m Air Rifle Mixed Team	30 shots per athlete, 30 min	<p>The top four (4) teams from qualification advance to final which takes place as follows:</p> <ul style="list-style-type: none"> - the teams ranked 3rd and 4th from qualification go head to head for the bronze medal; - the top two (2) teams from qualification go head to head for the gold medal. <p>Each stage of the final consists of a series of one-shot events, fired on command by each athlete. The highest combined score of the two (2) athletes in each series wins two (2) points. If there is a tie, each team receives one (1) point.</p> <p>The first team to reach 16 points wins the final.</p>
10m Air Pistol Mixed Team		

EVENT	QUALIFICATION	FINALS
Trap Men	Day 1: 3 rounds x 25 targets Day 2: 2 rounds x 25 targets	<p>The top six (6) athletes in the qualification advance to the final.</p> <p>Finals consist of the finalists firing at a series of targets, with progressive eliminations beginning after all finalists have fired at the required number of targets – 20 or 25 targets according to the event – and continuing until the gold and silver medallists are decided.</p> <p>Trap: finalists fire one shot only at each target. After all six (6) finalists have completed 25 targets, the lowest ranking athlete is eliminated. Elimination continues at each successive stage of five (5) targets, until the bronze medallist is decided. The gold and silver medallists are decided after they have fired at the last 10 targets.</p> <p>Skeet: finalists fire at double targets. All six (6) finalists fire successively at twenty (20) targets. Once the 6 finalists complete 20 targets, the sixth placed athlete is eliminated. Elimination continues at each successive stage of 10 targets, until the gold medallist is decided.</p>
Skeet Men		
Trap Women		
Skeet Women		
Skeet Mixed Team	3 rounds x 25 targets per athlete	<ul style="list-style-type: none"> - Top four (4) teams from qualification advance to the final. - the teams ranked 3rd and 4th from qualification go head-to-head for the bronze medal; - the top two (2) teams from qualification go head-to-head for the gold medal. <p>Each stage of the final consists of six (6) series of eight (8) shots (each athlete firing four [4] shots on two [2] double targets) from firing points in rotation.</p> <p>One (1) point per target hit in every case. After each series, the total targets hit by the two (2) athletes will determine the team's total. The team's total scores after each series are cumulative. After the sixth series, the team with the highest score is declared the winner.</p>

→ Rifle and pistol tiebreaking (to advance to finals from qualification)

All ties in the 50m, 25m and 10m pistol events will be broken by applying the following rules:

- The highest number of “bullseyes”.
- The highest score in the last 10-shot series (not bullseyes or decimals), working backward by 10-shot series to the tie. If any ties remain, scores will be compared on a shot-by-shot basis using bullseyes: a bullseye outranks a 10 that is not a bullseye, beginning with the last shot, then the next to last shot and so on.
- If any ties remain, scores will be compared on a shot-by-shot basis using decimal ring scores beginning with the last shot, then the next to last shot and so on.
- When decimal scoring is used for 10m air rifle qualification events, ties will be broken by the highest score of the last 10-shot series, and then by comparing decimal scores on a shot-by-shot basis beginning with the last shot, then the next to last shot and so on.

→ Shotgun tiebreaking

When there are more than six (6) eligible athletes for the final due to a tie, more tied athletes than corresponding places, the ties for the last place(s) in the final must be broken by a shoot-off in accordance with the ISSF Rules for Trap or Skeet.

Any athlete who is not in their assigned position and ready to shoot at the official starting time of the shoot-off will not be allowed to participate and will automatically be given the lowest place in the shoot-off using their qualification score.

- Insofar as possible, shoot-offs before the finals should take place on a range other than the one to be used for the finals.
- After a shoot-off to determine the six (6) athletes in the final, the shoot-off result will determine the ranking of all athletes who participated in this shoot-off. Any remaining athletes with the same shoot-off result must have their rankings determined according to the ISSF count back rule.

→ Count back rule

Any ties to be broken by this method must be decided as follows:

- The scores of the last round of 25 targets must be compared, and the winner is the athlete with the highest score in that round.
- If the tie is still not broken, the round before last must be compared and, if it is still not broken, the round before that, and so on.
- If the results of all the rounds are still equal, ties must be decided by counting forward from the last shot of the last round and, if necessary, the next to last round and so on, until a zero (0) is found. The athlete with the most hits in succession before the zero (0) will be allocated the highest place.

→ Draws

The draws for the qualification rounds in all events will be conducted by computer before the Technical Meeting.

After the end of qualifications, the draws and allocation of shooting points for the finals will be generated randomly by the RTS system, in accordance with the ISSF rules.

RULES

The Paris 2024 Shooting competition will take place in accordance with the editions of the following documents that are in force at the time of the Games:

→ **ISSF Official Statutes:** Rules and Regulations

(www.issf-sports.org/theissf/rules.ashx)

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter)

In accordance with Rule 46 of the IOC Olympic Charter, the ISSF will be responsible for the control and direction of the Shooting competitions at Paris 2024.

→ Scoring

In all rifle and pistol events, shots are fired at 10-ring targets; scoring is done electronically by measuring the distance between the centre of the shot hole and the centre of the target.

Qualification scores entitle a place in the final but do not carry forward. Finals scoring starts from zero (0). For finals, the 10 scoring rings are subdivided into 10 “decimal” score zones from 10.0 to a maximum 10.9.

In the Rapid-Fire Pistol Men event, competitors aim at larger targets with five (5) scoring rings (5-10).

At Paris 2024, the 25m Rapid Fire Pistol Men and 25m Pistol Women finals will be decided by “hit or miss” shots. The “hit” zone within the target for the 25m Pistol Women event is 7.9cm in diameter; the “hit” zone for the 25m Rapid Fire Pistol Men is 13cm in diameter.

In the 10m Air Rifle Men and Women and 50m Rifle prone events, decimal scoring is used for the qualification and final events.

In shotgun events, the shot is declared “hit” when at least one (1) visible piece detaches and is seen to fall by the referee, and for the finals if powder emerges from the target after a shot.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Shooting competition at the Olympic Games must comply with the documents listed below:

→ **ISSF Official Statutes:** Rules and Regulations

(www.issf-sports.org/theissf/rules.ashx)

→ **Olympic Charter**

(available on www.olympic.org/documents/olympic-charter), in particular *Rule 50 Advertising, Demonstrations, Propaganda*.

Bye-Law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Shooting-specific guidelines](#).

COMPETITION VENUE

→ Châteauroux (CTX)

Châteauroux Shooting Centre -36130 Déols -France

The Shooting competition will be held at the Châteauroux Shooting Centre, located 290 kilometres to the south of Paris and 6 kilometres to the east of Châteauroux. The shooting ranges are permanent and already constitute a world-ranking shooting venue for the Olympic disciplines. The gross capacity of the venue for the Shooting competitions at Paris 2024 will be 2,500, made up of 2,400 for rifle and pistol, according to the session (600 for the rifle and pistol finals range, 800 for the 25m qualification range and 500 for the 10m/50m qualification ranges) and 2,400 for shotgun.

→ Field of play

The venue will contain the following competition areas:

- One (1) 10m Air Rifle and Air Pistol qualification range. There will be 60 targets available.
- One (1) 50m Rifle qualification range. There will be 60 targets available.
- One (1) for 25m Pistol qualification range. There will be 40 targets available.
- One (1) Rifle and Pistol finals range. There will be 10 targets available for the 10m/50m finals and 15 targets available for the 25m finals.
- Three (3) combined shotgun ranges for Trap and Skeet, including a shotgun range for the finals.

All competition areas and all equipment will comply with the ISSF technical Rules and Regulations. The rifle and pistol shooting ranges are equipped with the latest Suis AG electronic targets and the shotgun ranges are equipped with the latest Laporte target launchers.

→ Facilities

The Châteauroux shooting ranges will have the following facilities:

- changing rooms (separate men's/women's)
- break room for athletes (rifle and pistol area + shotgun area)
- lounge for officials (rifle and pistol area + shotgun area)
- catering services
- Internet access
- rifle, pistol and shotgun armoury
- equipment storage for athletes
- dry fire area
- service industry work area
- mixed zones where accredited media interview athletes after competition
- medical services
- doping control station
- sport information desk

SHOOTING TRAINING

Training for the Shooting competition will also take place at the Châteauroux Shooting Centre. The venue will be open for training from 20 to 26 July 2024, during the periods indicated below in the training schedule.

Please note that this schedule may change on some training days. There will be no training in the afternoon of the opening ceremony.

The Châteauroux shooting range facilities for training will include:

- changing rooms
- armoury
- lounge area
- area for team physiotherapists
- sport equipment storage
- catering services
- medical facilities

All equipment will be approved by ISSF and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

FIREARMS AND AMMUNITION TRANSPORTATION AND SECURITY

The Paris 2024 Games will be held in a secure environment in France, supported by the application of the necessary rules and regulations concerning firearms and ammunition. Athletes who participate in the Shooting competitions must comply with French law and adhere to the procedures aiming to guarantee respect for the law. Paris 2024 will provide services and logistics support to athletes and teams to ensure that these rules are observed. Teams and athletes are strongly advised to refer to the Firearms and Ammunition Guides published in the Paris 2024 Customs and Freight Guide and the Chefs de Mission Guide, published on [NOCnet](#).

Below is a non-exhaustive list of the legal regulations on firearms and ammunition:

- Only athletes who have received permission can possess, store, carry or transport their firearms and ammunition.
- Permitted firearms and ammunition cannot be shared with another individual.
- Permission is required to:
 1. import or export firearms and ammunition,
 2. acquire, transfer or dispose of ammunition.
- Firearms and ammunition must be within the reach of the athlete who has received permission unless they are stored in the armoury.
- The athlete must always be in possession of this permit:
 - if they use the Paris 2024 official firearms and ammunition transport to the Châteauroux Shooting Centre
 - or if they transport the firearms and ammunition to the Châteauroux Shooting Centre themselves

- To receive Paris 2024 logistics support for the import, export and transport of firearms and ammunition, NOCs must submit the required information regarding arrivals and departures, firearms and ammunition of their athletes to Paris 2024 by a date that will be confirmed by Paris 2024 in the Firearms and Ammunition Guide. Paris 2024 will then ask the respective government authorities for the import/export and transport permits on behalf of the athletes.

For athletes to qualify for Paris 2024 support, they must meet the following conditions:

- Firearm ammunition must be used for the Games and transported by the athletes themselves.
- If an athlete does not meet the above criteria, they must import, export, transport and store firearms and ammunition on their own according to French legislation. In this case, the teams and athletes are responsible for obtaining all required permits from the relevant government authorities, and for transporting the firearms and ammunition to the armoury at the Châteauroux Shooting Centre at an agreed time and date.

Taking firearms or ammunition to the Olympic Village is strictly prohibited.

The Fédération Française de Tir (FFTir – French Shooting Federation) will act as an agent appointed on behalf of Paris 2024 to provide the ammunition sales service at the Châteauroux shooting ranges, for the competition and training. The details of the nature of the ammunition and the sales prices will be distributed to the teams at the beginning of 2024.

SKATEBOARDING COMPETITION

The Skateboarding competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Sunday 28 July for Street, and from 6 August to 7 August 2024 for Park at the La Concorde venue in Paris. These competitions will consist of the following four (4) events:

→ Medal Events

Total number of medal events: 4

MEN (2)

- Men's Street
- Men's Park

WOMEN (2)

- Women's Street
- Women's Park

A total of 88 athletes, 44 men and 44 women, may take part in the Skateboarding competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Street Skateboarding competition begins with preliminary phases to determine the eight (8) finalists. Each athlete will perform two (2) 45-second runs, with freedom of choice across the entire skatepark, to obtain the best possible score out of 100, which shall be used for the final score. Skaters will then have five (5) attempts to obtain the best two (2) scores possible on the obstacles of their choice. These two (2) scores are added to the best run score to give a final score out of 300. The top eight (8) athletes qualify for the final, which will follow the same format.

The Park Skateboarding competition begins with qualification phases to determine the eight (8) finalists. Each athlete will perform three (3) 45-second runs, with freedom of choice across the entire skatepark, to obtain the best possible score out of 100. The top eight (8) athletes qualify for the final, which will follow the same format.

A summary of the competition schedule is given below. For the detailed table, see “Competition schedule” below.

The Street competition shall begin on Saturday 27 July with the men's qualification phase. The 22 athletes are divided into two (2) heats of six (6) and two (2) heats of five (5). Following the format indicated above, the top eight (8) athletes qualify for the final.

Finalists compete in a single heat of eight (8) following the same format.

The women's Street competition will be held on Sunday 28 July in the same format as the men's competition.

The Park competition shall begin on Tuesday 6 August with the women's qualification phase. The 22 athletes are divided into two (2) heats of six (6) and two (2) heats of five (5). Following the format indicated above, the top eight (8) athletes qualify for the final.

Finalists compete in a single heat of eight (8) following the same format.

The men's Park competition will be held on Wednesday 7 August in the same format as the women's competition.

RULES

The Skateboarding competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Skate Constitution and Regulations** available on the website <https://www.worldskate.org/skateboarding/about/regulations.html>
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Skate will be responsible for the control and direction of the Skateboarding competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Skateboarding competition must comply with the following documents:

- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Skateboarding-specific guidelines](#).

COMPETITION SCHEDULE

COMPETITION VENUE

→ Place de la Concorde (LCO)

Place de la Concorde - 75008 Paris - France

In the heart of Paris, with the Grand Palais, the Eiffel Tower Stadium and Champ-de-Mars Arena, the La Concorde venue will temporarily be transformed into an urban park. This open stage is the perfect example of the determination of Paris 2024 to take urban sports out of traditional stadiums so that they can come into their own natural environment, at the heart of the city. La Concorde will also host the Breaking, BMX Freestyle and 3x3 Basketball competitions.

The La Concorde venue is located 20 kilometres from the Olympic Village and will have a gross capacity of around 6,000 spectators.

→ Field of play

The field of play for the Street Skateboarding and Park Skateboarding competitions will include all the equipment needed for the smooth running of the competitions in accordance with the Official World Skate Rules.

→ Facilities

The warm-up area will be next to the field of play, and the competition venue shall also have the following services and equipment:

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access

- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- toilet facilities

SKATEBOARDING TRAINING

Skateboarding training will take place from 23 to 27 July for Street and from 2 to 6 August for Park, at the competition venue and on the training, facilities installed south of the field of play, within a 500 sqm area.

Training on the competition site in La Concorde will be available:

- From 8:00 to 19:15 from 23 to 27 July (Street) and from 2 to 4 August (Park)
- From 8:00 to 11:55 on 26 July (Street) and on 5 August (Park)
- From 8:30 to 10:20 on 27 July (Street) and on 6 August (Park)

Please note that this schedule may change on some training days.

There will be no training in the afternoon of the opening ceremony.

All training equipment will be approved by World Skate and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Team leaders will not need to book training sessions.

SURFING COMPETITION

The surfing competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Monday 5 August, including the waiting period. These dates are subject to change depending on weather conditions and swell. If conditions allow, the competition can be completed in four (4) days, but it is possible more time could be required. All contests will take place at the Hava'e reef pass in Teahupo'o, located on the west shore of Tahiti.

→ Medal Events

The Olympic surfing competition will consist of the following two (2) medal events:

Total number of medal events: 2

MEN (1)

→ Individual shortboard

WOMEN (1)

→ Individual shortboard

A total of 48 athletes, 24 men and 24 women, may take part in the surfing competition.

For details of the qualification system, see the [IOC website](#).

SURFING COMPETITION FORMAT

The surfing competition at the Paris 2024 Olympic Games will consist of two (2) individual events: men's shortboard surfing and women's shortboard surfing.

The surfing competition will open with two (2) Initial Rounds which will determine which athletes advance to the main rounds.

→ Round 1

In round 1, 24 athletes will be seeded into eight (8) heats of three (3) athletes. Athletes are seeded into the heat draw based on their original qualification seeding (WSL, ISA) for the Paris 2024 Olympic Games. The winner of each heat will advance directly to round 3 and the second and third placed surfers advance to round 2. No athletes will be eliminated at this stage.

From round 2 onwards, all heats will consist of two (2) surfers, with the losing surfer being eliminated.

→ Round 2

In round 2, the 16 athletes who placed 2nd and 3rd respectively in round 1 will have another opportunity to advance. They will be divided into eight (8) heats of two (2) athletes each. The winner of each heat will advance to round 3 and will join the athletes advancing from round 1, while the losing athlete will be eliminated from the competition and will be ranked 17th.

→ Round 3

Round 3 will consist of eight (8) heats of two (2) athletes each. The winner of each heat will advance to the quarterfinals while the losing athlete will be eliminated from the competition and will be ranked 9th.

Quarterfinals: At this stage, the competition will consist of four (4) heats of two (2) athletes. The winner of each heat will advance to the semifinals while the losing quarterfinalist will be eliminated from the competition and will be ranked 5th.

Semifinals: The semifinals will consist of two (2) heats of two (2) athletes. The winner of the heat will advance to the gold-medal heat and the losing semifinalist will advance to the bronze-medal heat.

→ Bronze-medal heat

The two (2) losing semifinalists will compete in one heat. The winner of the heat will be awarded the bronze medal and the losing athlete will be ranked 4th.

→ Gold-medal heat

The two (2) winners of the semifinals will compete in one heat. The winner of the heat will be awarded the gold medal and the losing finalist will be awarded the silver medal.

A summary of the competition schedule is given below. For the detailed table, see “Competition schedule” below.

The competition schedule depends on the quality of the swell and weather conditions on the field of play, therefore the event may be delayed or postponed to a later date within the waiting period which runs from 27 July to 5 August.

The men’s and women’s competitions may be held on the same days, with one (1) session for men and another for women, and will open on Saturday 27 July with round 1. They may continue on Sunday 28 July with round 2, and on Monday 29 July with round 3.

The competition will culminate on Tuesday 30 July, when the quarterfinals, semifinals and finals of the women’s and men’s competitions will be held.

Any delay or postponement in the schedule will move the competition to the next day within the waiting period.

RULES

The surfing competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **International Surfing Association Rules** (available on the website <https://isasurf.org/about-isa/isa-rulebook/>)

→ **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>)

In accordance with Rule 46 of the IOC Olympic Charter, ISA will be responsible for the technical control and direction of the surfing competition at the Paris 2024 Olympic Games.

→ Heat duration

The duration of each heat may be 25, 30, 35, or 40 minutes. The final decision on heat duration for each phase will be made by the IF Technical Director in advance of each competition day based on the wave and swell conditions.

→ Judging and scoring

In each heat, a surfer tries to maximise scoring potential by surfing closest to the judging criteria on the best waves possible within the time limit. Each heat is judged by a panel of five (5) judges, who each score the waves taken by each athlete on a scale of 0.1 to 10 points. For each wave scored, the highest and lowest scores (of the five [5] judges) are discarded, keeping the average of the remaining three (3) scores as the final wave score. The two (2) best scoring waves are added together to become the heat total (out of a possible 20 points).

→ Number of waves

A wave limit of up to 25 waves will be defined by the IF Technical Director for each competition day. This defines the maximum number of waves that a surfer can ride during a heat.

→ Priority

The priority of surfers in the water is determined by a priority judge. The surfer with the higher priority has unconditional right of way on their chosen wave. If they ride a wave or paddle and miss a wave, then priority passes to the surfer with the next highest priority. If a surfer with a lower priority interferes upon a surfer with higher priority, then a penalty may be given by the judges.

→ Tiebreak rules

If two (2) or more surfers are tied at the end of a heat, ties will be broken as follows:

- Using the highest single wave score during the heat
- Using the highest total of three (3) wave scores during the heat (then four [4] waves, five [5] waves, etc.)
- Using the average of the two (2) best scores of the five (5) judges to break the tie. If tie still occurs, then use one best score, three (3) best scores, four (4) best scores, and so on until tie is broken.
- If a tie cannot be broken, then a re-surf involving the tied surfers will be required

→ Penalties and disqualification rules

In surfing, an interference is called when the majority of the judging panel feel that there has been a hindrance of scoring potential for a surfer with right of way. This may occur in a riding or paddling situation.

A surfer may be penalised with an interference by the judges during a heat as follows:

- **Interference Penalty 1:** The value of the interfering surfer's second-highest scoring ride will be halved. This involves a non-priority situation.
- **Interference Penalty 2:** The interfering surfer's second-highest scoring ride will tally as a zero. This involves a priority situation.
- **Interference Penalty 3:** The interfering surfer's highest scoring ride will tally as a zero. This involves a priority interference in the last five (5) minutes of the heat.
- **Disqualification:** The surfer will be disqualified from the heat. This usually involves unsportsmanlike conduct from an athlete.

When an interference is called on a surfer while paddling to catch a wave or while riding a wave, the ride of the interfering surfer will be scored as zero points.

Where any surfer incurs two (2) interferences they must immediately leave the competition area, furthermore:

- If both interferences are in a non-priority situation then Interference Penalty 1 will apply to the highest and second-highest scoring rides.
- If the first interference is in a non-priority situation and the other in a priority situation, regardless of the order, then Interference Penalty 1 will apply to the surfer's highest scoring ride and Interference Penalty 2 will apply to the second highest scoring ride.
- If both interference penalties are in a priority situation, or one of the penalties is in the last five (5) minutes of the heat, then the surfer will be disqualified from the heat.

→ Protests and appeals

Any competitor, manager or coach has the right to protest the result of a heat due to different reasons (e.g. heat timing, interference, missed wave, etc.), however, no protest can be lodged against a scoring decision.

Protests must be in writing and must be submitted to the IF Contest Director by the team manager or team coach within 15 minutes of the heat results being posted.

If a protest is successful, the results of the heat may be amended, or the heat may be re-surfed.

Clothing and equipment

Clothing and equipment used by athletes and other participants in surfing competition at the Olympic Games must comply with the documents listed below:

- **International Surfing Association Rules** (available on the website <https://isasurf.org/about-isa/isa-rulebook/>)
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*.

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [surfing-specific guidelines](#).

→ Weather

Weather conditions information will be produced by the Météo France team. The swell and wave condition information will be covered by a team of meteorological and forecasting specialists working for ISA as International Technical Officials (ITOs). Among other information, the teams will be provided detailed historical weather and wave data for the area around the competition venue.

The venue configuration and the geological characteristics of the surrounding area may bias forecasts and call for constant extra vigilance on the part of the meteorological teams.

Weather and wave information during the Olympic Games will be available on the official website and applications on a regular and daily basis.

Further details will be provided at a later date.

COMPETITION SCHEDULE

SESSION	TIME	DURATION	EVENTS
Saturday 27 July 2024 – Teahupo'o (Tahiti)			
SRF01	07:00 – 16:30	09:30	Men's Round 1 (8 heats) Women's Round 1 (8 heats)

	07:00 – 16:30	09:30	Waiting period

COMPETITION VENUE

→ Hava'e Channel – Teahupo'o

Teahupo'o associated commune - 98723 Taiarapu-Ouest - Tahiti

At the far end of Tahiti Iti in Taiarapu-Ouest, Teahupo'o and its legendary wave will be showcasing the world's most prestigious sporting event. It will be hosted over two weeks, offering a unique and spectacular setting for the Olympic surfing competition. Tahiti has been a major name on the surfing stage for the past 25 years with the incredible wave of Teahupo'o selected as one of the most intense venues in the world. The island's beautiful green backdrops and crystal-clear water over the colourful coral reefs will undoubtedly allow Paris 2024 to place the spotlight on the beautiful environment found in the French overseas territories.

→ Field of play

The field of play will be located in the Passa Hava'e, 700m off the coast (Pointe Fare Mahora). It is only accessible by boat or jet-ski for people who are accredited for the event. A judging tower will be used by the technical officials for timing and scoring and the broadcast team for event production, and will be located above the water just inside the reef in front of the field of play.

Due to the location's specific characteristics, the presence of spectators on the water surface is still under discussion. Nevertheless, a dedicated fan zone on PK.0 beach will allow for 600 people to watch the competition from afar along with broadcast images on a giant screen.

Services and facilities

The field of play being remotely located, transfer services by boat and jet skis will be provided for the athletes and FOP-accredited persons to access it. In addition to it, specific services will be provided within the field of play according to the following conditions:

Athlete Priority Boat Guidelines	<ul style="list-style-type: none"> → One (1) Paris 2024 Athlete Priority Boat will be located on the front water line. → Athletes getting ready for their upcoming heat (30min prior) will have priority. → A maximum of one (1) accompanying FOP-accredited person will be allowed access to the Athlete Priority Boat to assist the athlete preparing for his/her heat. → Equipment will be allowed on board (max of three [3] to four [4] surfboards per athlete).
Athlete Shared Boats Guidelines	<ul style="list-style-type: none"> → Two (2) Paris 2024 Athlete Shared Boats will be located on the front water line. → Athletes getting ready for the upcoming heat (120min prior) will have priority. → A maximum of 1 x accompanying FOP-accredited person will be allowed access to the Athlete Shared Boats to assist the athlete preparing for his/her heat. → Equipment will be allowed on board (max of three [3] to four [4] surfboards per athlete).
Additional Athlete Boats Guidelines	<ul style="list-style-type: none"> → Three (3) Paris 2024 Additional Athlete Boats will be located on the front water line. → Team members of athletes currently competing or competing in the following heat will have priority. → Important to note: Rotations and priorities on those boats are subject to change. → Equipment will be allowed on board (max of three [3] to four [4] surfboards per athlete).
Additional Paris 2024 Jet Ski services	<ul style="list-style-type: none"> → Three (3) Paris 2024 Athlete Jet Skis will always be available for rotations on demand within the FOP only – To note, priority will be given to athletes getting ready for the upcoming heat. → Three (3) Paris 2024 Water Line Jet Skis will be available on demand if additional needs show up.

As the competition venue is on the water, the services and facilities will be limited to the following:

- one (1) shuttle boat for transfers between the field of play and dry land
- four (4) shuttle jet skis for transfers between the field of play and dry land
- Live competition feed and refreshment services will be provided on the priority boat and the two (2) shared athlete boats

The following services are available on dry land, spread between the mixed zone and the athlete base accessible by boat from the field of play in a maximum of two (2) minutes to reach the coast:

- secure base to store equipment in athlete lockers
- equipment repair services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station
- changing rooms and showers (separate men's/women's)
- outdoor showers
- fully equipped gym
- lounges for athletes and officials
- catering services
- Internet access

TRAINING VENUE

→ General information

Training for the surfing competition will be held at the competition venue, Passa Hava'e – Teahupo'o, a commune of Taiarapu-Ouest, Tahiti. The venue will be open for official training from Sunday 21 July to Saturday 26 July.

All training equipment will be approved by ISA and comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

The facilities and services will be identical to those available during the competition (see above).

→ Training schedule

From the beginning of the training days to the end of the surfing competition, the field of play is reserved exclusively for accredited athletes.

There will be a total of six (6) training days beginning on 21 July 2024 and ending on 26 July 2024.

Training for all days will begin at 6:00 and end at 17:00 (except on Day 6).

On Day 6 the field of play will be closed for training in the morning as athlete presence will be required at the Opening Ceremony. The FOP will reopen to athletes after the Ceremony.

On 20 July 2024 a training schedule will be produced for the six (6) days of training based on predicted swell and weather conditions.

The training schedule will be subject to change if necessary.

Training groups are to be defined at the discretion of the ISA and Paris 2024 and may include the possibility for open training, training groups based on gender, or assigned groups based on NOC.

A training schedule during potential lay days is currently under review.

It is important to note that Paris 2024's priority is to guarantee fair access to the field of play for official training as best as possible. NOCs and National Delegations will be updated as further details are confirmed.

TAEKWONDO COMPETITION

The Taekwondo competition at the Paris 2024 Olympic Games will be held from Wednesday 7 August to Saturday 10 August at the Grand Palais venue in Paris. This competition will consist of the following eight (8) medal events:

→ Medal Events

Total number of medal events: 8

MEN (4)

- -58kg
- -68kg
- -80kg
- +80kg

WOMEN (4)

- -49kg
- -57kg
- -67kg
- +67kg

A total of 128 athletes, 64 men and 64 women may take part in the Taekwondo competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The Taekwondo competition in each weight category will consist of a single-elimination tournament with repechage. The winner of the final will be awarded the gold medal, with the loser receiving the silver medal.

Competitors who lose against either of the two (2) finalists at any stage of the competition enter the repechage phase. The two (2) semifinal losers are seeded directly to the two (2) bronze medal contests where they will meet the two (2) winners of the two (2) repechage rounds.

A detailed table of the competition schedule is given further below.

→ Competition Draw

The draw for the Taekwondo competition will be conducted on 5 August 2024 – two (2) days before the start of the competition – by WT officials. All ranked athletes will be seeded in each weight category, with the seedings determined by the WT Olympic Rankings published on 1 June 2024.

→ Weigh-ins

The Taekwondo weigh-ins will take place at the Olympic Village. The general weigh-in will be held the day before the competition for each medal event:

DATE	CATEGORIES	TIME
6 August 2024	Women -49kg Men -58kg	10:00 – 12:00
7 August 2024	Women -57kg Men -68kg	10:00 – 12:00
8 August 2024	Women -67kg Men -80kg	10:00 – 12:00
9 August 2024	Women +67kg Men +80kg	10:00 – 12:00

A random weigh-in will also take place at the Grand Palais on the morning of the competition. For the random weigh-in, four (4) athletes from each weight category will be randomly selected by computerised system. It will be conducted with up to plus five (5) per cent tolerance of the athlete's weight category.

All athletes who passed the general weigh-in must be present for the random weigh-in at least one (1) hour before the start of competition. Should an athlete fail to appear for the random weigh-in, they will be disqualified.

The random weigh-in process must be completed at least 30 minutes prior to the start of competition.

RULES

The Taekwondo competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **WT Constitution and Regulations** available on the website

<http://www.worldtaekwondo.org/rules-wt/rules.html>

→ **IOC Olympic Charter** available on the website

<https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the WT will be responsible for the control and direction of the Taekwondo competition at the Paris 2024 Olympic Games.

→ Duration and scoring

In accordance with WT rules, Taekwondo contests for both men and women at Paris 2024 will consist of a “best of three (3)” system. This system means the athletes will take part in three (3) rounds, with a one (1) minute break between rounds. The competitor that wins two (2) rounds is declared the winner. If the scores are tied after a round, the winner of the round shall be decided by superiority according to various criteria.

Taekwondo uses the Protector and Scoring System (PSS) and an Instant Video Replay (IVR) system to assist with scoring and “deduction points” are added to the opponent’s score rather than deducted from the score of the penalised competitor. Competition is managed by one (1) referee, two (2) judges, one (1) review jury and one (1) technical assistant.

The match score is the sum of the number of rounds won out of the three (3) rounds.

The valid points are as follows:

- one (1) point for a valid punch on the trunk protector
- two (2) points for a valid kick to the trunk protector
- four (4) points for a valid turning kick to the trunk protector
- three (3) points for a valid kick to the head protector
- five (5) points for a valid turning kick to the head protector
- one (1) point is awarded for every Gam-jeom given to the opponent

In the event of a 12-point difference between the competitors during a round, the referee shall stop the contest and declare the winner of the round by point gap. However, win by point gap shall not apply in semifinals and all medal contests.

→ Clothing and equipment

Clothing and equipment used by contestants and other participants in the Taekwondo competition must comply with the following documents:

→ **WT Constitution and Regulations** (available on the website

<http://www.worldtaekwondo.org/rules-wt/rules.html>)

→ **IOC Olympic Charter** (available on the website

<https://olympics.com/ioc/olympic-charter>),

in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Taekwondo-specific guidelines](#).

COMPETITION VENUE

→ Grand Palais (GRP)

3 avenue du Général Eisenhower - 75008 Paris - France

At the heart of Paris, alongside Invalides, the Eiffel Tower Stadium and Champ-de-Mars Arena, the Grand Palais will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer.

At the heart of Paris, in the 8th arrondissement, the Grand Palais is 35 minutes by car from the Olympic Village. In 2024, it will have a gross capacity of 7,809 spectators.

The Grand Palais will be the competition venue for fencing during the Olympic Games and Para taekwondo and wheelchair fencing during the Paralympic Games.

→ Field of play

The field of play for the Taekwondo competition at the Grand Palais will contain one (1) competition court comprised of a contest area and a safety area. The competition area will be a square no smaller than 10m x 10m and no larger than 12m x 12m. At the centre of the competition area will be the 8m x 8m octagonal-shaped contest area. The competition area and all equipment will be presented in accordance with WT rules.

→ Facilities

The competition venue will have a warm-up area consisting of four (4) matted spaces close to the athletes' lounge and a second final warm-up area close to the first call room. Between the final warm-up area and competition area is the final call room, where athletes wait before entering the competition area. **Other facilities at the competition venue will include:**

- changing rooms (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access
- Taekwondo equipment storage space
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TAEKWONDO TRAINING

Taekwondo training will take place at Parc des sports Auguste Delaune. The training facilities will be located on the 2nd floor of the Palais des sports in two (2) different rooms. They will contain four (4) mats.

VENUE	ADDRESS	DISTANCE FROM OLYMPIC VILLAGE	OPENING DATES
Parc des sports Auguste Delaune	9 avenue Roger Sémat 93200 Saint-Denis	4.5km// 10min	27/07 to 09/08

Training will be held from 9:00 to 21:00 on the four (4) mats (A, B, C, D).

Please note that this schedule may change on some training days.

Team leaders will need to book training sessions.

The conditions for booking or allocating training slots are yet to be determined. The system for pre-booking / modifying training session slots will be available at the Sports Information Centre in the Olympic Village or at the Sports Information Desk located at the competition venue. In addition, Paris 2024 plans to set up a digital reservation platform.

All training equipment will be approved by WT and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Equipment for athlete training will be identical to that used during the competitions.

→ Taekwondo equipment available at the Parc des sports Auguste Delaune (ADE)

- mats
- training room
- training equipment

Other facilities will include

- reception
- athletes' lounge
- changing rooms and showers (separate men's/women's)
- training room
- sport equipment storage
- scale
- refreshment services
- medical services

→ Access to training venues

The training venues will only be accessible to holders of an identity document and a valid Olympic accreditation (OAI). NOC members will be granted access to one or more training venues according to the sport code(s) received as part of their mission and carried by their accreditation.

Furthermore, the IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games - Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

No food service will be offered in the Studios, which are located within the Olympic Village and therefore near all the catering areas or take-away services. Cold drinks (water and isotonic drinks provided by Coca-Cola) will be available in the Studios.

TABLE TENNIS COMPETITION

The table tennis competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Saturday 10 August at South Paris Arena 4.

This competition will consist of the following five (5) events:

→ Medal Events

Total number of medal events: 5

MEN

- Singles
- Team

WOMEN

- Singles
- Team

MEN/WOMEN

- Mixed Doubles

A total of 172 athletes, 86 men and 86 women, may take part in the table tennis competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The five (5) table tennis events will be run in a single-elimination format, the winner of each match advancing to the next stage. The winners of the two (2) semifinals in each event will compete for the gold medal, while the two (2) semifinal losers in each event will compete for the bronze medal.

All matches in the singles and mixed doubles events will be the best of seven (7) games, while all matches in the team events will be the best of five (5) games.

As a reminder, each game is won by the first individual or team to reach 11 points with a two-point margin over the opponent.

The men's singles competition will be held from Saturday 27 July to Sunday 4 August, and the women's singles competition from Saturday 27 July to Saturday 3 August.

The mixed doubles competition will open on Saturday 27 July and will end on Tuesday 30 July.

Matches in the team competition will consist of one doubles match and four (4) singles matches, all played to the best of five (5) games. Teams of three (3) athletes compete against each other and matches end once a team has won three (3) matches. The men's team competition will take place from 5 August to 9 August, and the women's team competition from 5 August to 10 August.

A detailed table of the competition schedule is given below.

RULES

The table tennis competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- ITTF Handbook: (www.ittf.com/handbook)
- ITTF Competition Format and Specific Regulations – Olympic Games Paris 2024 (www.ittf.com)
- Olympic Charter (www.olympic.org/documents/olympic-charter)

In accordance with Rule 46 of the IOC Olympic Charter, ITTF will be responsible for the control and direction of the table tennis competition at Paris 2024.

→ Clothing and equipment

Clothing and equipment used by players and other participants in the table tennis competition must comply with the documents listed below.

- ITTF Handbook (www.ittf.com/handbook)
- IOC Olympic Charter available on the website <https://olympics.com/ioc/olympic-charter>, in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [table tennis-specific guidelines](#).

Each player must have at least two (2) shirts of different colours.

The following equipment will be used for the table tennis competition:

- Tables: DHS
- Nets: Net/Support Set DHS
- Balls: Double Fish
- Court mats: Enlio

COMPETITION VENUE

→ South Paris Arena 4 (SPA 4)

Paris Expo – Porte de Versailles - 75015 Paris - France

South Paris Arena 4 is part of Paris Expo, one of the most attractive exhibition and convention centres in Europe and the most visited in France. Built in 1923 to host the Paris Trade Fair (Foire de Paris), the complex has been developed extensively over the years and can now adapt for a wide range of requirements and configurations. Across 35 hectares, 228,000 sq m of exhibition halls and eight (8) pavilions, Paris Expo welcomes 7.5 million visitors each year in Paris' 15th arrondissement.

With Halls 1, 4 and 6 hosting the volleyball (Hall 1), table tennis (Hall 4) and handball (preliminary phase) and weightlifting (Hall 6) events, Paris Expo will be a major hub for the Paris 2024 Olympic Games. Paris Expo will also host the boccia, goalball and Para table tennis events for the Paralympic Games.

South Paris Arena 4 is located 23 kilometres from the Olympic Village and will have a gross capacity of around 8,000 spectators.

→ Field of play

The tennis table field of play will contain 18 x 9m table tennis competition areas. Depending on the competition stage, four (4) competition areas, two (2) competition areas or one (1) competition area will be set up in South Paris Arena 4.

→ Facilities

The table tennis warm-up area will be next to the field of play and will contain eight (8) table tennis tables with 14 x 7m areas.

The competition venue will also have the following services and equipment:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- Internet access
- mixed zone where accredited media interview athletes after competition
- sport information desk
- racket control area
- medical facilities
- doping control station (located in Hall 6 of South Paris Arena)

TABLE TENNIS TRAINING

→ General information

Training for the table tennis competition will also be held at Paris Expo – Porte de Versailles. It will take place in Hall 5, near South Paris Arena 4.

The training facilities will consist of 16 table tennis tables with 14 x 7m areas. All training equipment will be approved by ITTF and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

The training facilities will also contain separate changing rooms for men and women, a medical service and physiotherapy area and a fitness area (free access).

Training in Hall 5 of Paris Expo will be open from 20 July to 10 August from 9:00 to 20:00.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony, 26 July.

Training table slots must be pre-booked and will be validated by the organising team of the Paris 2024 table tennis events.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venue, and the limited time spent by athletes at the training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at the training venue.

TENNIS COMPETITION

The Tennis competition at the Paris 2024 Olympic games will be held from Saturday 27 July to Sunday 4 August 2024 at Roland-Garros Stadium in Paris. This competition will consist of the following five (5) events:

→ Medal Events

Total number of medal events: 5

MEN (2)

→ Men's Singles

Men's Doubles

WOMEN (2)

→ Women's Singles

Women's Doubles

MIXED (1)

→ Mixed Doubles

A total of 172 athletes, 86 men and 86 women, will take part in the Tennis competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

All tennis events will be conducted in single-elimination format. The winners of the semifinals in each event will play for the gold and silver medals, with the semifinal losers playing for the bronze medal.

A detailed table of the competition is given below.

→ Competition Draw

The draw for the Men's Singles, Women's Singles, Men's Doubles and Women's Doubles will take place on 25 July 2024. The draws will contain 64 players for the Men's and Women's Singles. For the Men's and Women's Doubles, the draws will contain 32 teams.

The Mixed Doubles draw will take place at the same time as the draw for the other events, and 16 teams will take part in this event.

For each event, seedings will be determined by the world rankings as of 22 July 2024. There will be 16 seeded players in the Men's and Women's Singles, eight (8) seeded teams in the Men's and Women's Doubles and four (4) seeded teams in the Mixed Doubles.

Two (2) players/teams from the same NOC in the same events will be automatically drawn into different halves of the draw. If there are three (3) or four (4) players/teams from the same NOC, they will be drawn into different quarters of the draw.

RULES

The Tennis competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **ITF Rules of Tennis and ITF Olympic Tennis Event Regulations** available on the website <https://www.itftennis.com/en/about-us/governance/rules-and-regulations/>.

→ **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the ITF will be responsible for the control and direction of the Tennis competition at the Paris 2024 Olympic Games.

→ Scoring

→ Men's Singles and Women's Singles: best of three (3) sets with a tiebreak (first to seven [7] points) in every set.

→ Men's Doubles, Women's Doubles and Mixed Doubles: best of three (3) sets with a tiebreak (first to seven [7] points) in the first two (2) sets. The last set is played as a match tiebreak played to 10 points.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Tennis competition must comply with the following documents:

→ ITF Rules of Tennis and ITF Olympic Tennis Event Regulations (available on the website <https://www.itftennis.com/en/about-us/governance/rules-and-regulations/>)

→ IOC Olympic Charter (available on the website <https://olympics.com/ioc/olympic-charter>), in particular Rule 50: Advertising, Demonstrations, Propaganda

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [Tennis-specific guidelines](#).

The tennis competition schedule is subject to change.

COMPETITION VENUE

→ Roland-Garros Stadium (RGA)

2 avenue Gordon Bennett - 75016 Paris - France

Situated on the edge of Boulogne, near the Parc des Princes, Roland-Garros Stadium hosts the only Grand Slam tournament on clay each year.

An icon of world tennis, Roland-Garros Stadium will not only be the stage of the tennis and wheelchair tennis competitions at the Paris 2024 Olympic and Paralympic Games but will also host the Olympic boxing finals phases as well.

Extended and modernised over the years, Roland-Garros Stadium is now spread over 12 hectares and has 18 clay courts. 12 of these courts will be used for the Tennis competition events and six (6) for training.

After installing a retractable roof with a revolutionary design over the Philippe-Chatrier Court and building a court integrated into the Serres d'Auteuil Gardens, the Suzanne-Lenglen Court will be modernised as part of the Paris 2024 Games with the installation of a mobile cover that may be used for the very first time at Roland-Garros 2024.

→ Field of play

The venue has 18 clay courts. 12 of these courts will be used for the competition.

The three (3) main courts have a gross capacity of:

- 14,897 for the Philippe-Chatrier Court
- 9,829 for the Suzanne-Lenglen Court
- 5,260 for the Simone-Mathieu Court

The venue hosts around 30,000 spectators simultaneously at day sessions and approximately 15,000 at evening sessions.

→ Facilities

The competition venue, which will also be the training venue, will include the following facilities:

- changing rooms (separate men's/women's) equipped with showers, ice baths and individual lockers
- lounge for athletes and technical officials
- dining room
- massage rooms
- gym/warm-up areas
- medical services
- racket re-stringing
- Internet access
- sport information desk
- doping control station
- mixed zone where accredited media interview athletes after competition

TRAINING VENUE

The training venue for the tennis events is located at the competition site, at Roland-Garros Stadium. Six (6) training courts will be available. It will be open from Saturday 20 July to Sunday 4 August inclusive. A further 12 match courts will be available for training prior to the start of competition and once the competition is finished on these courts.

From 20 to 26 July inclusive, training sessions may be booked on a first come, first served basis. Each NOC will have a maximum number of training sessions according to the number of athletes taking part in the competition.

From 27 July to 4 August, it will be possible to adjust training slot bookings according to the day's schedule and the use of the courts for the competition.

The system for pre-booking / modifying training session slots will be available at the Practice Court Booking Desk located at the competition venue or by telephone. The conditions for booking or allocating training slots are yet to be determined.

Training hours will be as follows:

- Saturday 20 and Sunday 21 July: 9:00 – 17:00
- Monday 22 and Tuesday 23 July: 9:00 – 19:00
- Wednesday 24 and Thursday 25 July: 9:00 – 21:00

Training time and services on 26 July are currently being finalised.

During the competition, the schedule will be the following, but could be subject to change depending on the competition:

- Saturday 27 July to Friday 2 August included: 8:00 – 20:00
- Saturday 3 August and Sunday 4 August: 8 :00 – 17 :00

All training equipment will be approved by the ITF and comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

→ Access to training venues

The IOC has rethought the concept of specific passes for training venues. This access pass will no longer exist for the Paris 2024 Olympic Games, but the requirements will be integrated into the “P” accreditation quotas. For more information, please refer to the [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and to [Paris 2024 NOC Accreditation Update](#) (published in April 2023) available on [NOCnet](#).

Please note that the maximum quota of “P” accredited coaches allowed per venue is currently being defined with the International Federations. Information will be communicated to the NOCs once the quotas have been confirmed.

→ Food and beverage services

During the training period, prior to the competition, a reduced catering offer will be available on site. From the start of the competition, athletes in training will have access to the same catering services as athletes in competition. Cold drinks (water and isotonic drinks provided by Coca-Cola), hot drinks (tea and coffee), fruits and snacks will be available all day throughout training and competition days.

TRIATHLON COMPETITION

The triathlon competition at the Paris 2024 Olympic Games will be held on Monday 30 for men's and Tuesday 31 July for women's individual races and on 5 August for the mixed relay competition. The competition will start and finish at Pont Alexandre III in Paris. This competition will consist of the following (3) events:

→ Medal Events

Total number of medal events: 3

MEN (1)

→ Individual

WOMEN (1)

→ Individual

MIXED (1)

→ Mixed Relay (teams of 2W/2M)

A total of 110 athletes, 55 men and 55 women, may take part in the individual competitions. Between 18 and 20 teams (TBC) will compete in the mixed relay competition. The teams will consist of two (2) female and two (2) male athletes from the same NOC.

For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The triathlon competition starts directly with the medal races without prior qualification or knock-out events during the Olympic Games.

A summary of the competition schedule is given below. For a detailed table, see "Competition schedule" below.

→ Monday 30 July 2024: men's triathlon events

The men's triathlon competition will take place over the Olympic/standard distance:

- Swimming: 1,500m in 2 laps with a start on the pontoon – (1 lap of 910m and 1 lap of 590m)
- Cycling: 40km – 7 laps of 5.715km
- Running: 10km – 4 laps of 2.5km

→ Tuesday 31 July 2024: women's triathlon events

The women's triathlon competition will take place over the Olympic/standard distance:

- Swimming: 1,500m in 2 laps with a start on the pontoon – (1 lap of 910m and 1 lap of 590m)
- Cycling: 40km – 7 laps of 5.715km
- Running: 10km – 4 laps of 2.5km

→ Sunday 5 August 2024: triathlon mixed relay events

The mixed relay triathlon competition will take place with each athlete from a team completing a "super sprint" distance race:

- Swimming: 300m in 1lap
- Cycling: 5.8km – 2 laps of 2.9km
- Running: 1.8km – 2 laps of 900m

The mixed relay teams will comprise two (2) female athletes and two (2) male athletes starting, after Tokyo 2021, in this order: M/W/M/W.

RULES

The triathlon competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Triathlon Competition Rules** available on the website <https://triathlon.org/>.
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, World Triathlon be responsible for the control and direction of the triathlon competition at the Paris 2024 Olympic Games.

→ Scoring

There are no qualifications or knock-out phases in triathlon.

The triathlon events are continuous, with no breaks in competition, even during the transitions.

The event ranking – individual or relay – will be in order of arrival.

→ Clothing and equipment

Clothing and equipment used by participants in the triathlon competition must comply with the following documents:

- **World Triathlon Competition Rules** (available on the website <https://triathlon.org/>)
- IOC Olympic Charter (available on the website <https://olympics.com/ioc/olympic-charter>)
in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [triathlon-specific guidelines](#).

COMPETITION VENUE

→ Pont Alexandre III (ALX)

Pont Alexandre III - 75007/75008 Paris - France

Pont Alexandre III will be the start and finish line of the triathlon events.

Pont Alexandre III, connecting the Grand Palais and Invalides, was inaugurated for the Paris 1900 Exposition Universelle. The 45-metre metal bridge has a single 107-metre arch and three hinges, enabling it to span the Seine in a single unbroken curve. It is a tourist attraction in its own right and will offer spectators of the Games a fantastic vantage point for

the competitions and a view of some of Paris' most stunning monuments. It will be at the heart of an area dedicated to the Paris 2024 Games, near the Invalides, Grand Palais, Champs-Élysées, Place de la Concorde, Eiffel Tower, Champ-de-Mars Arena and Pont d'Iéna competition venues.

Pont Alexandre III venue is located 18 kilometres from the Olympic Village and will have a gross capacity of around 3,300 spectators.

Pont Alexandre III will also host the marathon swimming event during the Olympic Games and Para triathlon event during the Paralympic Games.

→ Course

The swimming, cycling and running courses provide a picture-postcard of Paris. After a start and transitions on the majestic Pont Alexandre-III, the athletes will pass between the Grand Palais and Petit Palais and on to the Champs-Élysées with the Arc de Triomphe in their sights. There is no time for the athletes to stop on Avenue Montaigne to do any shopping before they reach the Pont des Invalides via Rue François 1er and Place du Canada. It is then back to the Left Bank and Invalides, the Assemblée Nationale and Place de la Concorde opposite, then the famous Boulevard Saint-Germain before a return to the quays of the River Seine via Rue du Bac with the Louvre in the background. Just time to glance at the Musée d'Orsay before regaining Pont Alexandre III for crossing the finish line.

→ Field of play

The triathlon field of play is arranged around a transition area in which the athletes drop off their equipment and move from one discipline to another. Swimming in the Seine, with a dive start from the banks and returns against the current will be a big first. The stairs up from swim exit to transition is also a first time at the Olympics.

The cycling and running courses have been designed with the following objectives:

- Courses that are interesting from a sports perspective and that meet the athletes' expectations while guaranteeing their safety.
- Courses that highlight Paris, its history, architecture and values and create "spectacular images."
- That have the least impact possible in terms of building works (urban furniture, resurfacing, etc.) and spectator travel.

- Courses that meet the International Federation specifications, in particular in terms of road width and risk management.
- Finally, courses that meet various constraints and are entirely aligned within the general organisation of the Paris Centre venues while enabling access to a large number of spectators.

→ Facilities

The competition venue will also have the following services and equipment:

- lounges for athletes
- sport information desk
- secure space for storing bikes and sports equipment
- bike repair service
- internet access
- changing rooms (separate men's/women's)
- lounge for Technical Officials and the International Federation
- starting pontoon
- transition area
- finish line and area
- first aid station (after the finish)
- mixed zone where accredited media interview athletes after competition
- athlete recuperation spaces
- doping control room

TRIATHLON TRAINING

Triathlon training will take place at three dedicated training venues.

All training equipment will be approved by World Triathlon and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

VENUE NAME	ADDRESS	DISCIPLINE	DISTANCE FROM THE VILLAGE	OPENING DATES
Polygone de Vincennes	1 route de la Pyramide, 75012 Paris	Cycling	17km // 30min	23/07 to 05/08
Parc des sports Auguste Delaune	9 avenue Roger Semat, 93200 St Denis	Running	4,5km // 15min	
Piscine Georges Vallerey	148 avenue Gambetta, 75020 Paris	Swimming	10km // 20min	

Triathlon cycling training will be open from 08:00 to 10:00 in the morning and from 16:00 to 17:00/19:00 to 20:00 in the afternoon/evening.

Triathlon swimming training will be open from 07:00 to 12:00 in the morning and 16:00 to 20:00 in the afternoon/evening.

Triathlon running training will be open from 8:00 to 9:30 and from 17:00 to 18:30.

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the Île-des-Vannes and the Piscine George Vallerey training venues and the limited time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Villages to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at training venues. Fruits will be provided for athletes at the Polygone de Vincennes.

VOLLEYBALL COMPETITION

The volleyball competition at the Paris 2024 Olympic Games will be held from Saturday 27 July to Sunday 11 August at South Paris Arena 1. This competition will consist of the following two (2) events:

→ Medal Events

Total number of medal events: 2

MEN (1)

→ 12-Team tournament

WOMEN (1)

→ 12-Team tournament

A total of 288 athletes, 144 men and 144 women, may take part in the volleyball competition, with each team limited to 12 players. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

The men's and women's volleyball competitions will each consist of a preliminary round and a single-elimination phase, for a total of 26 matches.

→ Preliminary round

The competitions will begin with the preliminary round, for which the 12 teams per gender will be divided into three (3) pools (A, B and C) of four (4) teams each. Each team will play the three (3) other teams in its pool.

In order to establish the ranking of teams after the preliminary round, the following criteria should be implemented: number of victories (matches won, matches lost among teams of the same pool).

In the case of equal number of victories, rankings of teams will be established as follows:

1. NUMBER OF POINTS GAINED

If two (2) or more teams have the same number of victories (matches won, matches lost), they will be classified in descending order by the points gained by each team per match.

Match won 3-0 or 3-1	3 points
Match won 3-2	2 points
Match lost 2-3	1 point
Match lost 0-3 or 1-3	0 points
Match forfeited	0 points, 25-0, 25-0, 25-0

2. SET QUOTIENT

If two (2) or more teams are tied on the number of points gained, they will be classified in descending order by the quotient resulting from the division of the number of all sets won by the number of all sets lost.

3. POINTS QUOTIENT

If the tie still persists based on the set quotient, teams will be classified in descending order by the quotient resulting from the division of all points scored by the total of points lost during all sets.

4. HEAD-TO-HEAD

If the tie continues to persist based on the point quotient, the priority will be given to the team which won the last match between them. When the tie in point quotient is between three (3) or more teams, new classification of these teams under the terms of points 1 to 3 above will be made taking into consideration only the matches involving the teams in question.

→ Final Phase

The two (2) best-ranked teams in each pool will advance to the quarterfinals, as well as the top two (2) third-placed teams, for a total of eight (8) teams. From this point the competitions will follow a single-elimination format. The four (4) winners of the four (4) quarterfinals per gender will qualify for the semifinals. The winners of the two (2) semifinals per gender will play for the gold medal, and the losers of the two (2) semifinals per gender will play for the bronze medal.

The four (4) teams that do not qualify to the quarterfinals will be ranked from ninth to twelfth as per the Teams Ranking System. If a tie remains unbroken, the pool ranking will be used to break the tie. If the pool ranking does not break the tie, the original seeding used for the team distribution will be used to rank the tied teams. The losers of the quarterfinals will be ranked from fifth to eighth according to the Team Ranking System applied throughout the competition (including the result of the preliminary round). If a tie remains unbroken, the pool ranking from the preliminary round will be used to break the tie. If the pool ranking does not break the tie, the original seeding used for the team distribution will be used to rank the tied teams.

→ Draw

The 12 teams per gender will be seeded into three (3) pools. After completion of the Olympic Qualifying Tournament, the spots of the host country and the two (2) best-ranked teams that qualified in the three (3) preliminary pools for the men's and women's tournaments will be allocated using the FIVB World Ranking. Lots are drawn for the remaining teams in their group position based on their FIVB World Ranking. This process will end on 25 June 2024 for women and on 2 July 2024 for men.

RULES

The volleyball competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **FIVB Rules of the Game – Official Volleyball Rules 2021-2024***, available on the website https://www.fivb.com/en/volleyball/thegame_glossary/officialrulesofthegames (in case of disagreement on an interpretation of FIVB regulations, the English version will prevail)
- **IOC Olympic Charter** available on the website <https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, FIVB will be responsible for the technical control and direction of the volleyball competition at the Paris 2024 Olympic Games.

→ Scoring

Volleyball matches are played to a best-of-five (5) sets format.

Each of the first four (4) sets is played to 25 points, with the fifth set played to 15 points. All sets require a two (2)-point advantage to win.

Volleyball uses the rally point system where the team winning a rally scores a point regardless of which team is serving. When a team wins a rally, it gains a point and the right to serve.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the volleyball competition must comply with the following documents:

- **FIVB Rules of the Game – Official Volleyball Rules 2021-2024*** (available on the website https://www.fivb.com/en/volleyball/thegame_glossary/officialrulesofthegames)

Particular reference to Chapter 2 (Participants) and Chapter Six (The Libero Player)

- **FIVB Event Regulations** (available on the website www.fivb.org/EN/FIVB/Legal.asp)
- **IOC Olympic Charter** (available on the website <https://olympics.com/ioc/olympic-charter>), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Bye-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [volleyball-specific guidelines](#).

COMPETITION VENUE

→ South Paris Arena 1 (SP1)

1 place de la Porte de Versailles - 75015 Paris - France

South Paris Arena 1 is part of Paris Expo, an exhibition and convention centre that is one of the most attractive in Europe and the most visited in France. Built in 1923 to host the Paris Trade Fair (Foire de Paris), the complex has been developed extensively over the years and can now adapt for a wide range of requirements and configurations. Across 35 hectares, 228,000 sq m of exhibition halls and eight (8) pavilions, Paris Expo welcomes 7.5 million visitors each year in Paris' 15th arrondissement.

With Halls 1, 4 and 6 hosting the volleyball (Hall 1), table tennis (Hall 4) and handball (preliminary phase) and weightlifting (Hall 6) events, Paris Expo will be a major hub for the Paris 2024 Olympic Games. Paris Expo will also host the boccia, goalball and Para table tennis events for the Paralympic Games.

South Paris Arena 1 is located 23 kilometres south of the Olympic Village and will have a capacity of more than 12,000 for the volleyball competition.

→ Field of play

The field of play area in the volleyball competition venue will be composed of a competition area in accordance with the FIVB technical specifications: playing court (18m x 9m) and the free zone around the playing court (5m from side lines and 6.5m from end lines), plus the free passage-way around the free zone (minimum 2m wide and minimum 4.5m wide) on the game jury table side. The three (3) areas – playing court, free zone and free passage-way – make up the competition control area.

→ Facilities

There will be two (2) warm-up courts at the venue, both of which will be close to the field of play.

Other facilities at the competition venue will include:

- changing rooms (separate facilities for each team)
- lounges for athletes and officials
- catering services
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station
- Internet access

VOLLEYBALL TRAINING

→ General information

Training for the volleyball competition will be held in close proximity to the competition venue, at South Paris Arena 5, part of the Paris Expo complex.

The three (3) courts will be scheduled to be open for training from Saturday 20 July to Saturday 10 August 2024.

Training slots will need to be booked. One slot comprises two (2) hours, of which 90 minutes on the court and 30 minutes in the fitness area.

A familiarisation slot at South Paris Arena 1 will also be open to all teams. This slot comprises two (2) hours, of which one (1) hour on the warm-up court and one (1) hour on the competition court.

Training at South Paris Arena 5 will be open from 08:30 to 23:00 from 20 July to 10 August.

Familiarisation at South Paris Arena 1 will be open as follows:

- 23 July from 13:00 to 21:00
- 24 July from 10:00 to 21:00
- 25 July from 10:00 to 18:00

Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

All training equipment will be approved by FIVB and will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

Other facilities at the training venue will include:

- three (3) courts
- one (1) fitness area
- changing rooms (separate facilities for each team)
- medical services

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into

the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

→ Training venue service level

Given the distance between the Olympic Village and the training venues, and the limited time spent by athletes at each training venue, no catering services will be provided. Light food options will be available in the Village to take away. Additionally, cold drinks (water and sports drinks supplied by Coca-Cola) and hot drinks (tea and coffee) will be available at the training venue.

WEIGHTLIFTING COMPETITION

The Weightlifting competition at the Paris 2024 Olympic Games will be held from Wednesday 7 August to Sunday 11 August at South Paris Arena 6. This competition will consist of the following 10 events (bodyweight categories):

→ Medal Events

Total number of medal events: 10

MEN (5)	WOMEN (5)
→ 61kg	→ 49kg
→ 73kg	→ 59kg
→ 89kg	→ 71kg
→ 102kg	→ 81kg
→ +102kg	→ +81kg

A total of 120 athletes, 60 men and 60 women, may take part in the Weightlifting competition. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

Each competition consists of two (2) parts – the Snatch and the Clean & Jerk – with a 10-minute break between each discipline. Each athlete may take three (3) attempts in both parts of the competition unless they fail to record a valid lift in the Snatch, in which case they are eliminated and cannot compete in the Clean & Jerk.

The calling order of the athletes is determined by four (4) factors in the following order of priority: the weight of the barbell (lightest weight first), the number of the attempt (lowest number first), the order of the athletes' previous attempt(s) (the athlete who lifted earliest is called first); and the start number of the athlete (lowest first).

Athletes are allowed one (1) minute between the calling of their names and the start of each attempt, or two (2) minutes if they are taking consecutive attempts. Three (3) referees adjudicate each lift, with the lift's validity decided on majority. The best results in each type of lift (measured in kilograms) are added together to give a total for each athlete, which determines the competition rankings. If there is a tie, the athlete who achieved the total first will win.

→ Weigh-ins

Weightlifting weigh-ins will be conducted by IWF Technical Officials at the South Paris Arena 6 competition venue two (2) hours before the start of each session and will last one (1) hour. Athletes will have access to the test scales prior to the official weigh-in. The test scales will be located close to the Official Weigh-In Room. If any athlete fails to make the bodyweight of the category in which they are officially entered, they will be excluded from the competition. Scales will also be available at the Weightlifting training venue and at the gym in the Olympic Village.

DATE	WEIGHT CATEGORIES	WEIGH-IN TIMES
7 August 2024	Men's 61kg Women's 49kg	13:00 – 14:00 17:30 – 18:30
8 August 2024	Women's 59kg Men's 73kg	13:00 – 14:00 17:30 – 18:30
9 August 2024	Men's 89kg Women's 71kg	13:00 – 14:00 17:30 – 18:30
10 August 2024	Men's 102kg Women's 81kg Men's +102kg	09:30 – 10:30 14:00 – 15:00 18:30 – 19:30
11 August 2024	Women's +81kg	09:30 – 10:30

Competing athletes in Weightlifting and their accompanying Team Officials (maximum three [3] Team Officials per athlete) will have access to a hot meal in the Athletes' Lounge after their weigh-in without needing to book Athlete Venue Meals (AVMs). Only athletes with an Athlete Pass and Team Officials with a Warm-Up Pass for the relevant session will be able to access the Athletes' Lounge and hot meal.

RULES

The Weightlifting competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **IWF Technical and Competition Rules & Regulations**
(<https://iwf.sport/downloads/?did=598>)

→ **IOC Olympic Charter** available on the website
<https://olympics.com/ioc/olympic-charter>.

In accordance with Rule 46 of the IOC Olympic Charter, the IWF will be responsible for the control and direction of the Weightlifting competition at the Paris 2024 Olympic Games.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Weightlifting competition at the Olympic Games must comply with the documents listed below:

→ **IWF Technical and Competition Rules and Regulations**
(www.iwf.net/downloads/?did=598) with particular reference to Section 4: Athletes' Outfit.

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

By-law to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the **IOC website** along with **the weightlifting-specific guidelines**.

→ South Paris Arena 6

Place de la Porte de Versailles - 75015 Paris - France

Located in the south of Paris, South Paris Arena 6 is part of Paris Expo, an exhibition and convention centre that is one of the most attractive in Europe and the most visited in France. Built in 1923 to host the Paris Trade Fair (Foire de Paris), the complex has been developed extensively over the years and can now adapt to a wide range of requirements and configurations. Across 35 hectares, 228,000 sq m of exhibition halls and 8 pavilions, Paris Expo welcomes 7.5 million visitors each year in Paris' 15th arrondissement.

With Halls 1, 4 and 6 hosting the volleyball (Hall 1), table tennis (Hall 4) and handball (preliminary phase) and weightlifting (Hall 6) events, Paris Expo will be a major hub for the Paris 2024 Olympic Games.

Paris Expo will also host the boccia, goalball and Para table tennis events for the Paralympic Games.

South Paris Arena 6 is located 23 kilometres south of the Olympic Village.

→ Field of play

The field of play (FOP) for the Weightlifting competition at South Paris Arena 6 will contain one (1) competition platform and a warm-up area located behind the competition area. The competition area and all equipment will be presented in accordance with IWF rules.

→ Facilities

Facilities at the competition venue will include:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access in designated areas
- athlete rest areas
- sauna
- scales (official and test scales)
- mixed zone where accredited media interview athletes after competition
- sport information desk
- medical facilities
- doping control station

TRAINING VENUE

Training for the weightlifting competition will take place at the Olympic Village, in Studio 4.

The weightlifting training facilities at the Olympic Village will include twenty-four (24) platforms. All training equipment will be approved by IWF and will comply with Rule 50 and By-law to Rule 50 of the IOC Olympic Charter.

VENUE NAME	ADDRESS	OPENING DATES
Studio 4	Olympic Village	27/07 to 10/08

Training slots will be pre-allocated by Paris 2024 on a rotational basis. Each NOC will be allocated one training slot per day.

The training schedule is currently being finalised and will be announced at a later date.

→ Access to Training Venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

For access to training venues in the Village, “P” accredited personnel will be allocated an additional dedicated (and not OLV) code granting them access to the training venues in the Olympic Village for a given time period and under strict control.

→ Food and beverage services

No food service will be offered in the Studios, which are located within the Olympic Village and therefore near all the catering areas or take-away services. Cold drinks (water and isotonic drinks provided by Coca-Cola) will be available in the Studios.

WRESTLING COMPETITION

The Wrestling competition at the Paris 2024 Olympic Games will be held from Monday 5 August to Sunday 11 August at Champ de Mars Arena in Paris. This competition will consist of the following 18 medal events, summarised below:

→ Medal Events

Total number of medal events: 18

MEN

FREESTYLE GRECO-ROMAN

→ 57KG → 60KG

→ 65KG → 67KG

→ 74KG → 77KG

→ 86KG → 87KG

→ 97KG → 97KG

→ 125KG → 130KG

WOMEN

FREESTYLE

→ 50KG

→ 53KG

→ 57KG

→ 62KG

→ 68KG

→ 76KG

A total of 288 competitors may take part in the Olympic Wrestling competition. This figure comprises 192 men and 96 women. For details of the qualification system, see the [IOC website](#).

COMPETITION FORMAT

All medal events will be run based on a direct elimination system. Competitors in each weight category will be drawn against opponents and the elimination system will be used to determine the two (2) finalists who will compete for the gold medal. Losing semifinalists will go to the bronze medal matches while a repechage contest will allow the athletes who lost to the two (2) finalists during the elimination phase a chance to compete for bronze medals.

Repechage matches will begin with the wrestlers who lost against either of the two (2) finalists (from qualification matches and up to and including semifinal losers). The two (2) winners of the repechage process will then wrestle against the semifinal losers, with the winners each awarded a bronze medal.

The two (2) losers of the bronze medal contests will be placed equal fifth.

Competition in each weight category will be over two (2) days and will take place in the following manner:

- preliminary rounds, 1/4 finals and semifinals (Day 1)
- Repechages (Day 2 – morning)
- Finals 1-2, 3-5 (Day 2 – evening)

→ Draws

Draws for each weight category will be held at Champ de Mars Arena on the day before competition in each of the respective weight category events. Team leaders will be required to attend each draw. The first draw will be held on Sunday 4 August, with all subsequent draws being held directly after the morning session, in the competition venue.

→ Medical control and weigh-ins

The weigh-in rooms and saunas will be located in the Olympic Village. Initial weigh-ins will be held on the morning of the day of each competition and will last 30 minutes. However, because competition in each weight category will be held over two (2) days, wrestlers who have qualified for finals, bronze-medal matches and repechage matches will have to undergo an additional weigh-in on the morning of their second day of competition.

One weigh-in procedure (15 minutes) will be held for athletes continuing their competition from the day before and a separate weigh-in procedure (30 minutes) will be held for those beginning competition that day.

For weigh-in days, one training venue will be opened from 6:30 to 7:30.

RULES

The Wrestling competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **UWW International Wrestling Rules**
(<https://uww.org/governance/regulations-olympic-wrestling>)

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter)

In accordance with Rule 46 of the IOC Olympic Charter, UWW will be responsible for the control and direction of the Wrestling competition at Paris 2024.

→ Duration and scoring

The contests will consist of two (2) periods of three (3) minutes with a 30-second break between periods for both men and women (actual time), in accordance with UWW rules. The timing displayed on the scoreboards will start from six (6) and go to zero (0) minutes.

The winner is declared by the addition of points at the end of the regular time in both periods. Evident technical superiority of eight (8) points for men's Greco-Roman Wrestling and ten (10) points for men's and women's Freestyle Wrestling automatically leads to victory.

In the event of a fall, the match will be stopped automatically, whatever the period.

→ Clothing and equipment

Clothing and equipment used by athletes and other participants in the Wrestling competition at the Olympic Games must comply with the documents listed below:

→ **UWW Updated Uniform Guidelines 2017** (https://uww.org/sites/default/files/media/document/uniform_guidelines_2017v2.pdf)

→ **Olympic Charter** (www.olympic.org/documents/olympic-charter), in particular *Rule 50: Advertising, Demonstrations, Propaganda*

Byelaw to Rule 50: The IOC Guidelines Regarding Authorised Identifications for the Games of the XXXIII Olympiad, Paris 2024 (distributed by the IOC to all NOCs) are accessible on the [IOC website](#) along with the [wrestling-specific guidelines](#).

COMPETITION VENUE

→ Champs-de-Mars Arena (CDM)

7 Place Joffre - 75007 Paris - France

Designed by the architect Jean-Michel Wilmotte and spanning 10,000 sq m, the Arena's timber structure, with its harmonious curves and aesthetics reflecting the Grand Palais, was set up on the Champ de Mars at the start of 2021, opposite the Ecole Militaire. Aligned with this esplanade, it blends seamlessly into the urban landscape. Thanks to its use of sustainable materials and the building's structure, this project is fully aligned with the environmental standards required by Paris 2024.

Created to host the art, fashion and sports events usually organised in the Nave while the Grand Palais is being renovated, it will also be the stage for cultural events ranging from gastronomy to performing arts.

The competition venue is located 18 kilometres from the Olympic Village and will have a gross capacity of 9,535.

Champs-de-Mars Arena will also host the Judo competition during the Olympic Games and the Wheelchair Rugby and Para Judo during the Paralympic Games.

→ Field of play

The field of play for the Wrestling competitions at Champ de Mars Arena will consist of a raised platform 0.8m high with a sponge-floor surface. On the platform, there will be three (3) octagonal mats located adjacent to one another, each with the dimensions of 12m x 12m and a combat circle 9m in diameter. The competition area and all equipment will be presented in accordance with UWW rules.

→ Facilities

The warm-up area will be in a separate hall near the field of play inside the competition venue and will consist of four (4) square mats. Other facilities at the competition venue will include:

- changing rooms and showers (separate men's/women's)
- lounges for athletes and officials
- catering services
- Internet access in designated areas
- athletes' cubicles
- mixed zones where accredited media interview athletes after competition
- sport information desk
- medical services
- doping control station

TRAINING VENUES

→ General information

Training for Wrestling will take place from 27 July to 10 August at three (3) different training venues: Gymnase Pablo Neruda, Village Studio 3 and Village Studio 7. Gymnase Pablo Neruda has four (4) training mats, Studio 3 has five (5) mats and Studio 7 has three (3) mats.

All training equipment will comply with Rule 50 and Bye-law to Rule 50 of the IOC Olympic Charter.

VENUE NAME	ADDRESS	DISTANCE FROM THE VILLAGE	OPENING DATES
Gymnase Pablo Neruda	Rue Marcel Cachin, 93400 Saint-Ouen	0.5km // 10min walk	27/07 to 10/08
Studio 3	Olympic Village	0min	
Studio 7		0min	

Training at the training venues will be open from 9:00 to 21:00.

The number of mats and the length of training sessions will be determined by the number of wrestlers per discipline in each team.

Training sessions will be available in 30-minutes slots up to a maximum of two (2) hours (120 minutes). Note that times may change according to training days.

There will be no training on the afternoon of the Opening Ceremony.

Training slot allocation and booking conditions are yet to be determined. Training session slots can be booked and modified at the Sport Information Centre in the Olympic Village or at the Sport Information Desk at the competition venue. Paris 2024 will also put in place an online booking platform.

→ Access to training venues

Only holders of a valid Olympic Identity and Accreditation Card shall have access to the training venues. NOC members will be granted access to one or more training venue(s) according to the sport code(s) received as part of their missions and indicated on their accreditation. Additionally, the IOC has revised the concept of specific passes for training venues.

This access pass will not be used at the Paris 2024 Olympic Games, but needs will be incorporated into the “P” accreditation quotas. For more information, see [Accreditation at the Olympic Games – Detailed Specifications](#) (published in March 2023) and [Paris 2024 NOCAccreditationUpdate](#) (published in April 2023), available on [NOCnet](#).

Note that the maximum quota for “P” accredited coaches per venue is currently being determined with the International Federations. Information shall be sent to NOCs once the quotas have been confirmed.

For access to training venues in the Village, “P” accredited personnel will be allocated an additional dedicated (and not OLV) code granting them access to the training venues in the Olympic Village for a given time period and under strict control.

→ Food and beverage services

No food service will be offered in the training venues, which are located within or near the Olympic Village and therefore near all the catering areas or take-away services. Cold drinks (water and isotonic drinks provided by Coca-Cola) will be available in the Studios.
